Requirement:

Required Contract Provisions: PBM - The Part D sponsor¿s written contracts with PBMs must comply with all CMS requirements.

Reference:

42 CFR § 423.505(e)(2); § 423.505(g)(1)(i); § 423.505(i)(2-5); PDP Solicitation

Deficiencies:

Contract between FutureScripts Secure and Argus does not meet all of the CMS requirements.

Corrective Action Required:

In the contract between FutureScripts Secure and Argus, the CMS required provision that states "if the subcontractor will establish the pharmacy network or select pharmacies to be included in teh network, the contract must contain language that the Part D sponsor retains the right to approve, suspend or terminate any arrangement with a pharmacy" is written in a way that FutureScripts Secure or CMS may make this determination instead of the Part D sponsor (reference Appendix 1 to Exhibit J section 6). In addition, the contract submitted was not signed by authorized representatives from either party to the agreement.
