FLOATING PROPERTY HISTORY

INSTRUCTIONS

The State of Oregon Marine Board Oregon Law, ORS 830.850 requires all Floating Homes and Boathouses be titled and have an identifying plate. There is a $20 fee for the title and plate, which are valid until your unit changes location, the plate is lost or there is a change in ownership.

If the home has been owned for you for several years but never titled, complete the Application for Floating Home Title and this form. Provide a copy of your county property tax statement and forward them to the Marine Board with the $20 fee. If you have any questions about titling, please contact Karen Hull, Floating Home Coordinator at (503) 378-2517.

Please explain below a full detail of the history of the floating property. Include how you obtained the property, where it has been located, why it was never titled or registered, etc.

By signature below, I hereby declare that I am the owner of the floating property described above and that the statements made are true and correct to the best of my knowledge.
