I thought you did a great job when I ran for office of helping us stay in compliance. My only complaint was when we went from paper to electronic filing it "double reported" and that we needed to buy a new computer in order to use your program.

My son's FAFSA report, done just a few months earlier did not necessitate a newer system. The reality is you need to spend money in order to be viable, but the expenditures should not be just to download the FEC reports.

Thank you again for all of the help you gave us to stay compliang
