ENFORCE ELECTION LAWS! STOP BUYING ELECTIONS BY CANDIDATES!

02/12/09

"The flood of money gushes into politics today is a pollution of democracy" - Theodore H. White.
"Garbage is a garbage, and is in a house, in the White House, in the US House and Senate." - Me, Pavel Goberman.

On 02/10/09 I wrote letter to your office. It is addition to the Public Hearing:

No one politician but me says: "I'm honest, incorruptible, with Faith, Integrity and High Moral Principles".
As we see now that a huge amount of money flows into candidates pocket. They are paying the media mafia, which talks and promote who pays more. It is election for sale. Candidates are buying elections and elected who pays, invest big money in election

process. It is not democracy: it is a rape of our Constitution.
And who is looser? Our country, we, the People, because some corrupted idiots get elected.
I do NOT accept any "donation, contribution" from no one, and it is very possible be elected by honest way. And there is no need big money in election if the Public Broadcast Service (PBS) would pay back to taxpayers for $500 million funding each year by US government.

Also, the media, many institutions, funded by US government / taxpayers and etc are violating the Constitution of the USA: USC T 47, Section 315, Equal Time / Rule Law, refused to invite on debates / forums all candidates running for President and US Congress.

FEC and FCC: the PBS must pay back to taxpayers, to the People for funding: must inform and educate the voters, the People about candidates running for President of the USA, US Senate and US House.
The FEC, FCC and etc, support the Constitution of the USA, enforce our laws: stop selling our democracy, stop buying elections by candidates.

Pavel Goberman
