MEMORANDUM FOR CHAIR TECHNICAL JOINT CROSS SERVICE GROUP

From: COL Walter Hamm, IAT Technical Team Lead

Subj: BRAC 2005 SCENARIO DATA CALL DATA REFRESH

Encl: (1) TECH-0005 Update Data, 21 March
(2) TECH-0006 Update Data, 21 March

The certified information provided by Department of the Navy (DON) activities and their respective intermediate supervisory organizations in response to the BRAC 2005 Scenario Data Calls has been updated in accordance with the DON Data Issue Resolution Process.

Through the Data Issue Resolution process, a number of corrections have been incorporated in the DoN BRAC Information Transfer System (DONBITS), as noted in the enclosure (1-2). All data corrections incorporated into DONBITS are based on properly certified data.

The refreshed data is provided to the Technical JCSG via posting to the portal.
