Re: FOIA-2009-000288

Dear Mr. Stokes:

This is in response to the request for information that you sent to the Department of Energy (DOE) under the Freedom of Information Act (FOIA), 5 U.S.C. 552. You asked for a color image of the Tightrope test that took place 2 miles SW of Johnston Island of November 4, 1962.

In a letter to you dated April 24, 2009, I informed you that your request was sent to the Office of History and Heritage Resources in the Office of the Executive Secretariat to conduct a search of its files for responsive documents. That office has informed me that any documents responsive to the request, should they exist, are under the jurisdiction of the National Nuclear Security Administration (NNSA) Service Center in Albuquerque. For this reason, I have transferred the request to the FOIA Officer at that location to search for documents responsive to your request and provide a response to you.

If you have any questions about the processing of the request, you may contact Ms. Carolyn Becknell, U.S. Department of Energy, NNSA Service Center Albuquerque, P.O. Box 5400, Albuquerque, NM 87185-5400. She also can be reached on (505)845-4869.

I appreciate the opportunity to assist you with this matter. If you have any questions about this letter you may contact Ms. Sheila Jeter of my staff on (202) 586-5061.

Sincerely,

Alexander C. Morris
