1.1.B.-(DoD585) If you are a USN/USMC activity/installation, are you a host command? A host command is an activity that provides facilities for its own functions and the functions of other (tenant) activities. A host has accountability for Class 1 (land), and/or Class 2 (buildings, structures, and utilities) property, regardless of occupancy. A Host Command may also be a tenant at other host activities.

Blount Island is recognized by DoD, the Joint Staff and the commanders-in-chief as a vital national strategic asset, through its role in support of the Marine Corps' Maritime Prepositioning Force (MPF) program. Since 1986, the MPF Maintenance Cycle for prepositioned equipment and supplies has been conducted at Blount Island. Blount Island is part of the Strategic Enabler entitled "Strategic Mobility," and is an asset critical to worldwide application of U.S. military power as outlined in the National Military Strategy of Forward Presence and Crisis Response. The MPF program provides rapid and efficient strategic deployment options through strategic sites around the globe. This enables MPF to be responsive to regional crises and disaster relief. As LOGCOM's Logistics Program Manager, the Blount Island Command plans, coordinates and executes the logistics efforts in support of the Maritime Prepositioning Ship (MPS) and the Geographic Prepositioned Force (formerly the Norway GeoPrepositioning Program) Programs. These two prepositioning programs support the rapid deployment of personnel and equipment with prepositioned equipment and supplies embarked aboard MPS vessels or stored in Norwegian cave sites. The Command focuses on the attainment, sustainment and maintenance of enough prepositioned equipment and supplies to sustain 58,000 Marines and Sailors for 30-days of combat without reinforcement. The Command also provides MEF Commanders with technical expertise for all aspects of prepositioning planning. Personnel from the Blount Island Command have deployed with the operating forces during Operations Desert Storm, Restore Hope, Enduring Freedom and Iraqi Freedom. The Blount Island Command provides the rapid logistics support that makes the Marine Corps the nation's 911 force.

that is located on your installation, excluding the Pentagon Reservation, complete the following table by occupant per building. Include each occupant's name/UIC or department equivalent and which building(s) they occupy (building number, name, address), as well as the GSF (Gross Square Feet) and personnel breakdown (authorized and on-board/detailees) per occupant per building. Provide the projected number of ADDITIONAL personnel and space needed to meet any surge requirements. NOTE - there can and should be multiple entries for the SAME building IF it contains more than one occupant. Space/buildings occupied by DoD Defense Agencies should NOT be included, but all other DoD space should be reported. In the final column answer this yes/no questions: If additional personnel ARE required under operational and/or contingency plans to perform administrative functions, do you have sufficient administrative space to accommodate the surge?
