<u>RATE COMP. ID</u>	<u>DESCRIPTION</u>
527008	<p>FIRM TRANSPORTATION SERVICE: Each month for the term of the contract, Shipper shall pay the greater of the Demand Charge or the Alternate Charge for original Firm Capacity reserved on transporter's pipeline, plus the Additional Charge (when applicable), plus applicable Fuel. The monthly Demand Charge applies to bi-directional firm transportation between the US border and King Ranch and is derived from a rate of \$0.0645 cents per MMBtu on Shipper's reserved Firm Capacity and is calculated as follows: \$392,375 system transportation Demand Charge per month X 82.5% intrastate service equals \$323,709 current Demand Charge per month. This charge is a minimum monthly charge and will be remitted whether or not Shipper has delivered gas to transporter. The Alternate Charge applies to bi-directional firm transportation between the US border and Banquete area and is derived from a rate of \$0.0745 cents per MMBtu on Shipper's reserved Firm Capacity. When services utilizing both Demand and Alternate Charges occur in the same month, the final monthly charge is a summation of the Alternate Charge for each day of the month, calculated per the following formula: Alternate Charge equals (C X \$0.0645 + K X \$0.0645 + B X \$0.0745) X 82.5% where C is equal to daily contract quantity less the total of K + B, K is equal to MMBtus transported between the US border and King Ranch, B is equal to MMBtus transported between the US border and the Banquete area and 82.5% is equal to the portion of intrastate service. Effective 12/01/2007, Shipper reserved Additional Firm Capacity for remaining term of contract. Monthly Demand Charge for Additional Firm Capacity in addition to the monthly Charge for original Firm Capacity will apply and be determined: Each month for remaining term of contract, Shipper shall pay the greater of the Additional Demand Charge or Additional Alternate Charge for Additional Firm Capacity reserved on pipeline, + Additional Charge (when applicable), + applicable Fuel (no provision for firm commodity charge). Monthly Additional Demand Charge applies to bi-directional firm transportation between the US border and King Ranch pursuant to Additional Firm Capacity and is derived from a rate of \$0.055 per MMBtu on Shipper's reserved Additional Firm Capacity and is calculated: \$167,292 system transportation Additional Demand Charge per month x 82.5% intrastate service equals \$138,016 Additional Demand Charge per month is a minimum monthly Charge and will be remitted whether or not Shipper has delivered gas to transporter. Additional Alternate Charge applies to bi-directional firm transportation between the US border and Banquete area pursuant to the Additional Firm Capacity and derived from rate of \$0.065 per MMBtu on Shipper.s reserved Additional Firm Capacity. When services utilizing both Additional Demand and Additional Alternate Charges occur same month, the final monthly Charge for Additional Firm Capacity is summation of the Additional Alternate Charge for each day of the month, calculated: Additional Alternate Charge equals (C1X\$0.055+K1X\$0.055+ B1X\$0.065) X 82.5% where C1 is equal to the Additional Firm Capacity - the total of K1+B1, K1 is equal to MMBtus transported between the US border and King Ranch pursuant to the Additional Firm Capacity, B1 is equal to MMBtus transported between the US border and Banquete area pursuant to Additional Firm Capacity and 82.5% is equal to portion of intra service. INTERRUPTIBLE TRANSPORTATION SERVICE: Interruptible rates apply to MMBtus per day that exceed firm contract quantities at rates of \$0.055 cents per MMBtu for gas transported from the US border to King Ranch and \$0.065 cents per MMBtu for gas transported from the US border to the Banquete area. ADDITIONAL CHARGE: An Additional Charge of \$0.0208 cents will be charged to Shipper for all MMBtus entering the pipeline at Gilmore and LaGloria. FUEL RETAINED: Fuel is retained at the following points at the percentages: Tennessee Zim, Starr County 0.87%, NGPL at Thompsonville 0.85%, Midcon Texas, Leyendecker 0.82%.
