The last election prooved that the political parties and specifically the Obama Campaign parties committed election fraud in knowingly receiving fraudulent and bogus identification of donors to the campaign under fictitious names and even cartoon characters. This was done to hide the massive fraud the Obama campaign parties committed and in essence "bought" the election.

Deliberate violation of the 1st amendment in the complete conspiracy and colusion by the so-called public media (ABC, NBC, CBS, CNN etc.,) with the Obama camp provided much more positive coverage and distinctly unfair advantage to Obama, resulting in his winning having come from literally no where.

Speedy arrest and conviction of wrong doers is the only way it will even slow down such practices.
