Hello [redacted] -

Thank you again for the time you took away from your hectic schedule last Thursday to meet with me! I know how busy you are and it meant a lot that you were willing to step away from your other work so we could chat on Via Verde issues before my return to Florida that afternoon. We also wanted to thank you and [redacted] for putting together the second PDT meeting with the other agencies. These meetings are quickly becoming an excellent forum to keep everyone on track and fully informed of the important issues we must work on.

At our meeting Thursday you mentioned you would send the contact information for the Federal projects/lands that we need to work on. If you get a chance and can send that by email it would help me move out on that important action.

Best regards.
