DTIC® Online Access Controlled (DOAC)
The Power of One

Register at https://www.dtic.mil

DTIC Online Access Controlled (DOAC) provides registered DTIC customers access to Department of Defense (DoD) scientific, technical, research and engineering information. DOAC accesses a wealth of data with direct benefits for the defense community. This tool searches simultaneously or individually in over 30 different collections and DTIC/DoD pages and services.

Search a variety of databases including

Research Development Test & Evaluation (RDT&E) Information

- ✓ DTIC Technical Reports (TRs)
- ✓ Information Analysis Centers (IACs)
- ✓ Technical Reports from TEMS (Total Electronic Migration System)
- ✓ Research in Progress - Unified Research & Engineering Database (URED), Research Summaries (RS) and Research & Engineering (R&E)
- ✓ DTIC Search Tools

Financial Information

- ✓ Research & Development Descriptive Summaries (RDDS)

Defense Planning Documents

- ✓ Basic Research Plans, etc.

Plus Web sites and other Sources

- Service Organizations
- DoD-wide Science and Technology Web sites
- Aristotle
- Biomedical Research Database
- DoD Standards & Directives
- Journals, Articles & Conference Proceedings
- DoDTechipedia
- Congressional Budget Information
- And so much more!

Next steps

- Once the search results meet your needs, save your strategy with options to modify, run, or schedule a search
- Schedule a saved search to run periodically as an alert to find recent updates
- Create a bibliography with selections from multiple searches and mark by selecting individual records or add all with one click. View records in your bibliography and, when complete, export your bib, select a format then view/save in HTML or PDF
- Download digitized documents

DTIC® is a registered service mark of the Defense Technical Information Center.

DTIC Collections Search

TECHNICAL REPORTS

Public release, limited distribution, and sanitized citations to classified documents
Citation/metadata search for precise results
Download Full Text at no charge, request a digitization document, or contact the IAC

DTIC: Technical reports collection: *Over 2 million citations+600,000 FT*

- Research reports, journal articles, conference papers, etc.

TEMS: IAC technical reports: *Over 1 million citations*

- Technical reports collection for the 10 Information Analysis Centers (IACs)
- Coming soon: search citation (metadata) or full text and limit to individual IAC

RESEARCH IN PROGRESS

Research Summaries: *Almost 320,000 records*

- Comprehensive scientific and technical DoD project information summaries
- Technical content, performers, monitors, and funding
- Available to DoD and U.S. Government scientists, engineers, and managers, as well as to their contractors in industry and academia
- Contributors include major tri-service organizations with contributions from the Federally Funded Research and Development Centers (FFRDCs) as well as other non DoD activities

Egov/R&E Database: Almost 40,000 annual records

- Project data from DoD programs mandated by the E-Government Act of 2002

Independent Research and Development (Proprietary): *Over 175,000 R&D project descriptions*

- Initiated by DoD contractors but not performed under contract
- DoD encouraged industry exploration of new technologies with potential for military systems
- Projects improve existing DoD products, meet dual use demands, or address known or potential DoD requirements.
- Pinpoints contractors with expertise in DoD interest areas and avoids duplication of effort

BUDGET INFORMATION: Research, Development, Test and Engineering (RDT&E) Budget Data Web site

- Funding information on Program Objective Memorandum (POM), Budget Estimate Submission (BES), and Program Budget Review (PBR) budget cycles, includes: Budget Activity: FY1990 to the present and appropriations beginning with FY1962
- Export results to an Excel spreadsheet

Congressional Budget Queries:

- Used by Assistant Secretary of Defense, Research and Engineering ASD(R&E) resource managers to respond to changes proposed by Congress to the (RDT&E) budget, and includes:
  - Total Authorization/Appropriation by Service/Agency and Budget Activity
  - House and Senate Armed Services Committee Conference Reports
  - House and Senate Appropriation Committees Conference Reports
  - Authorization/Appropriation by Program Element (PE)

DEFENSE PLANNING DOCUMENTS:

Includes the Basic Research Plan (BRP), Defense Science & Technology Plan (DSTP) and more
