

Chemicals and Health Impacts

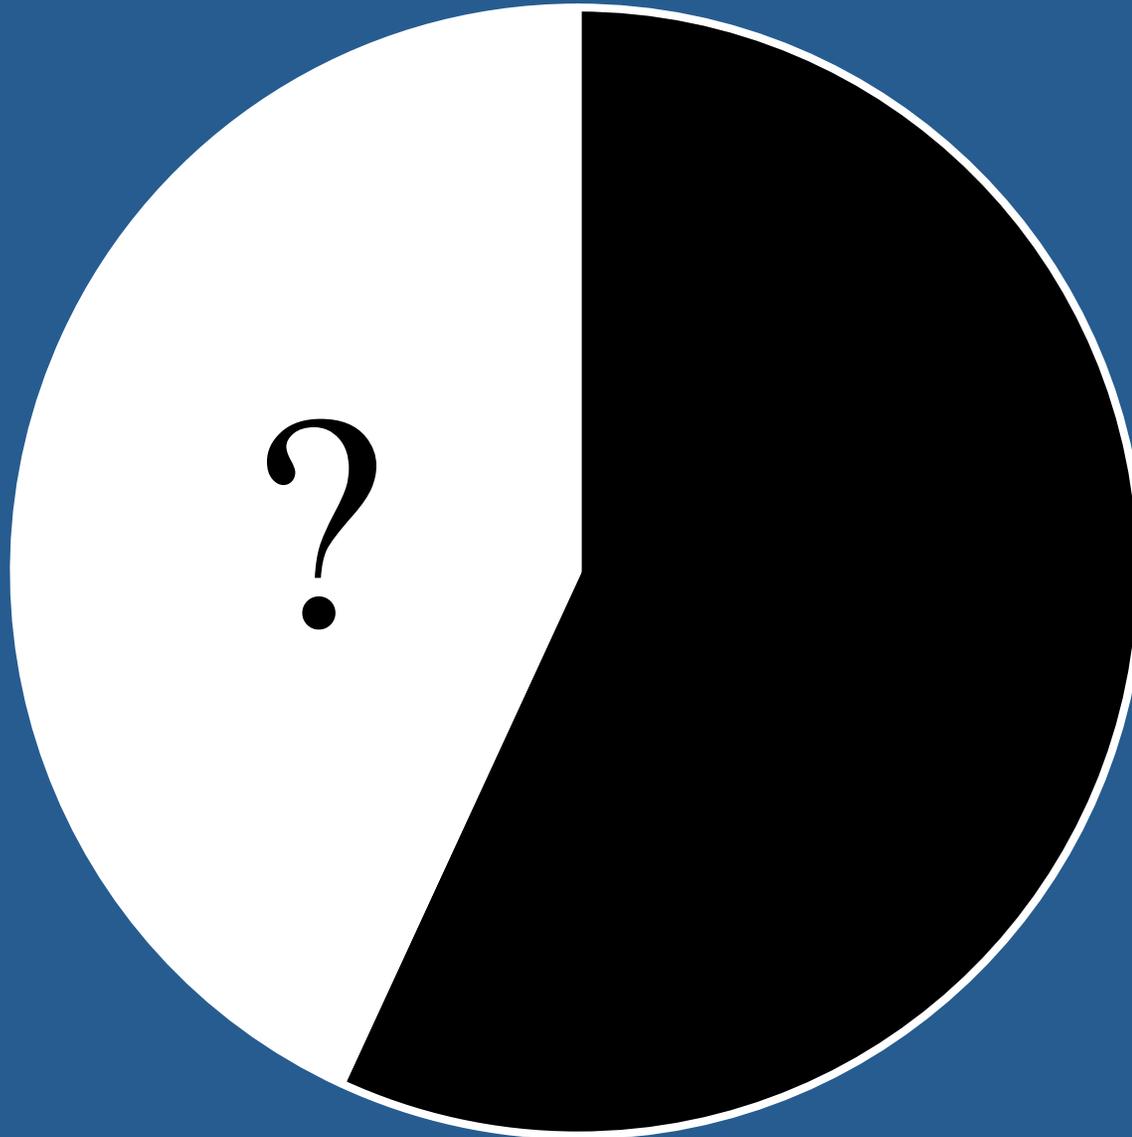

Theo Colborn, PhD
TEDX
The Endocrine
Disruption Exchange

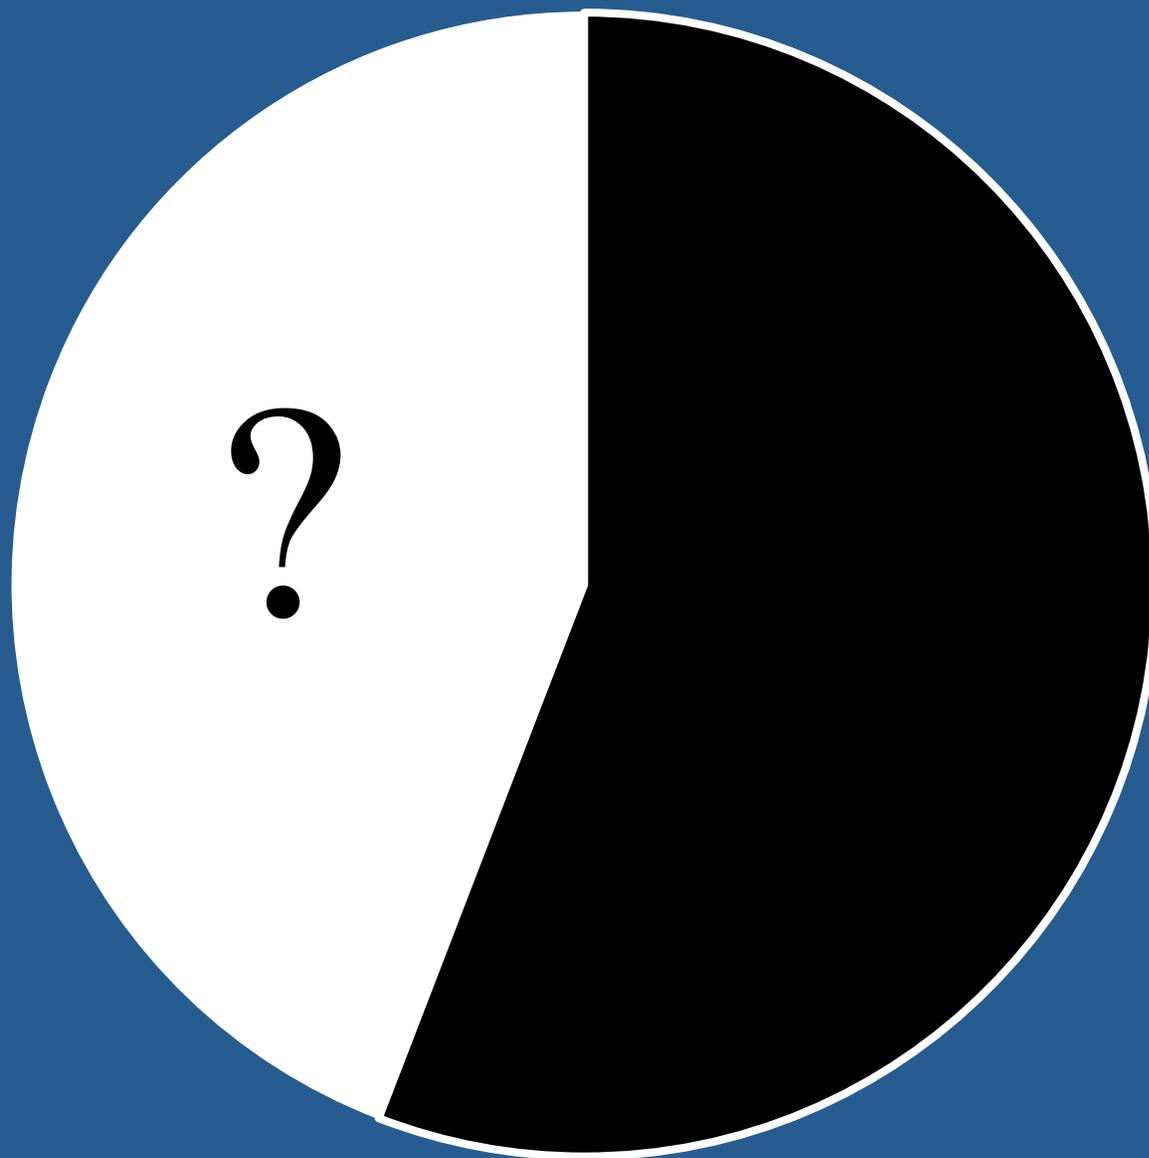

- Full disclosure?
- Is dilution the solution?
- A lost cohort

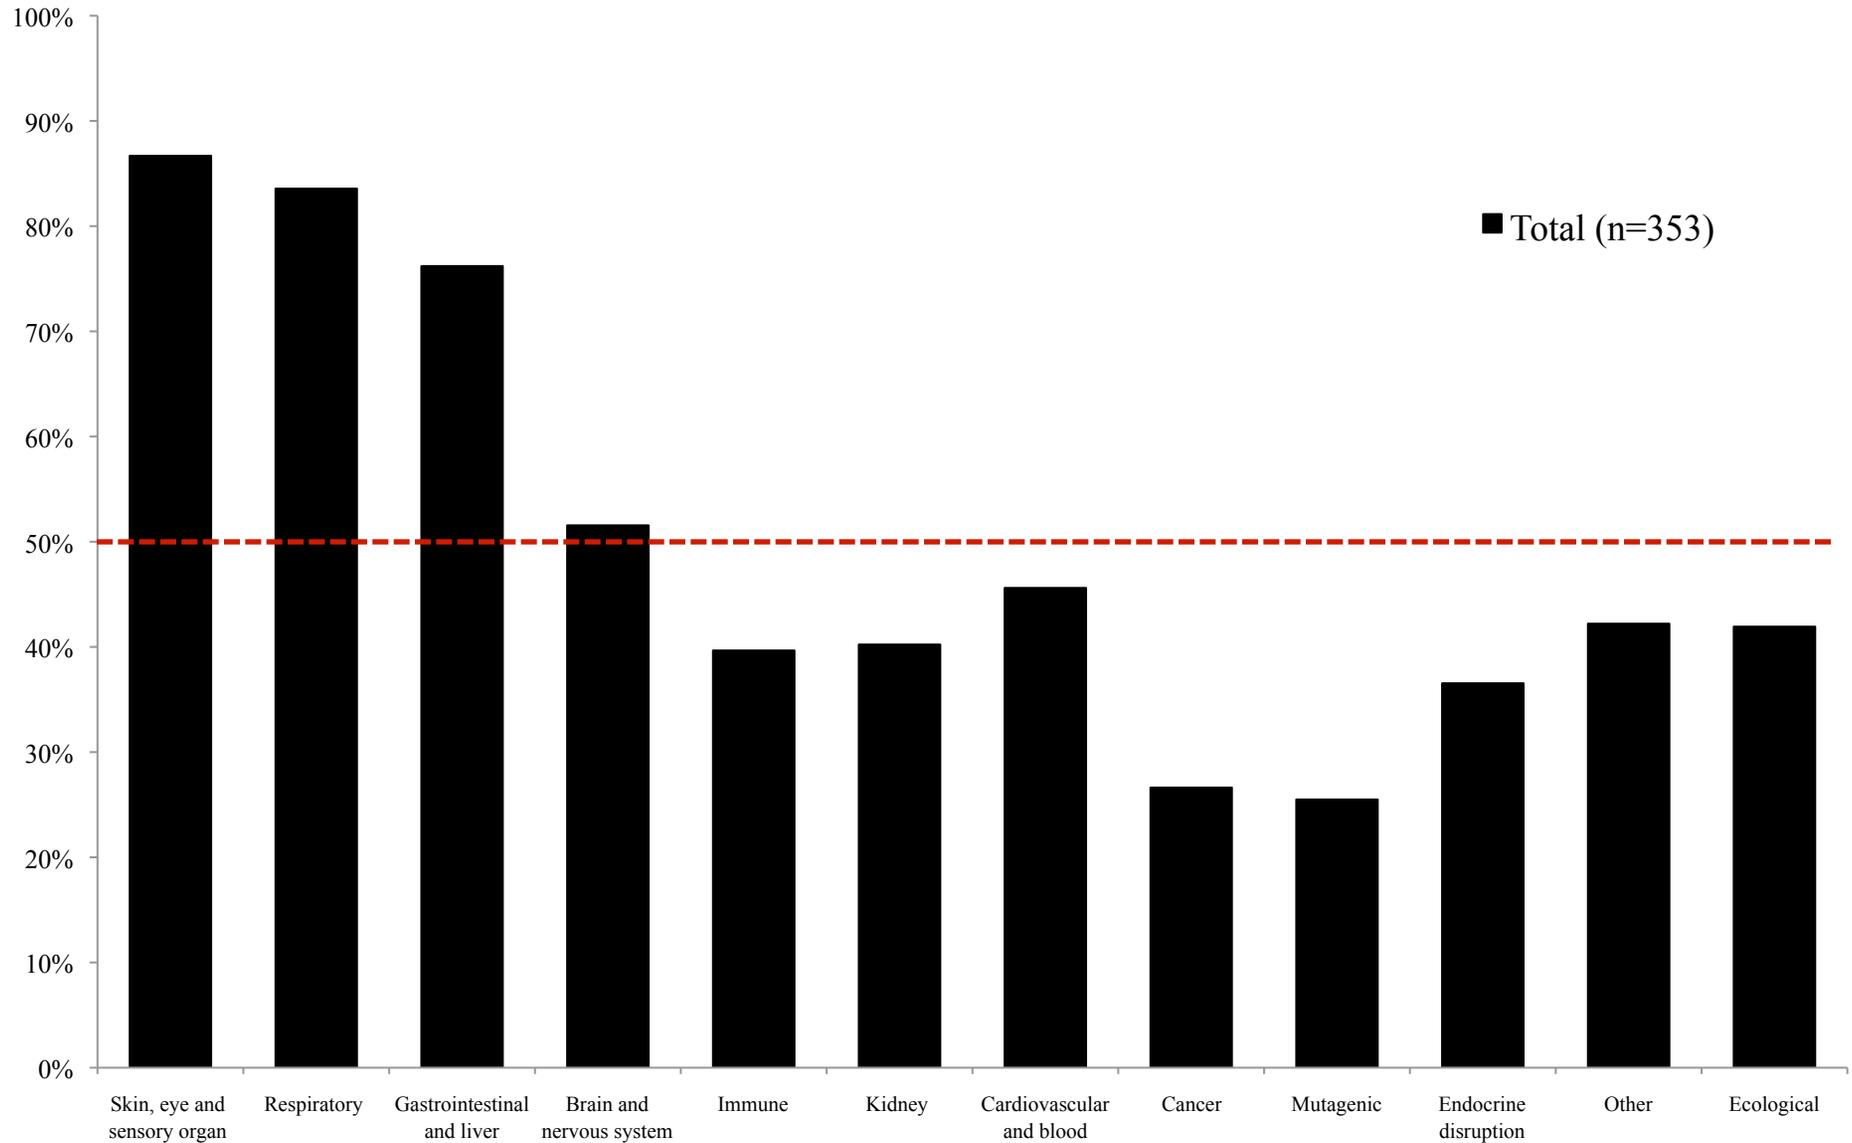

944 Products

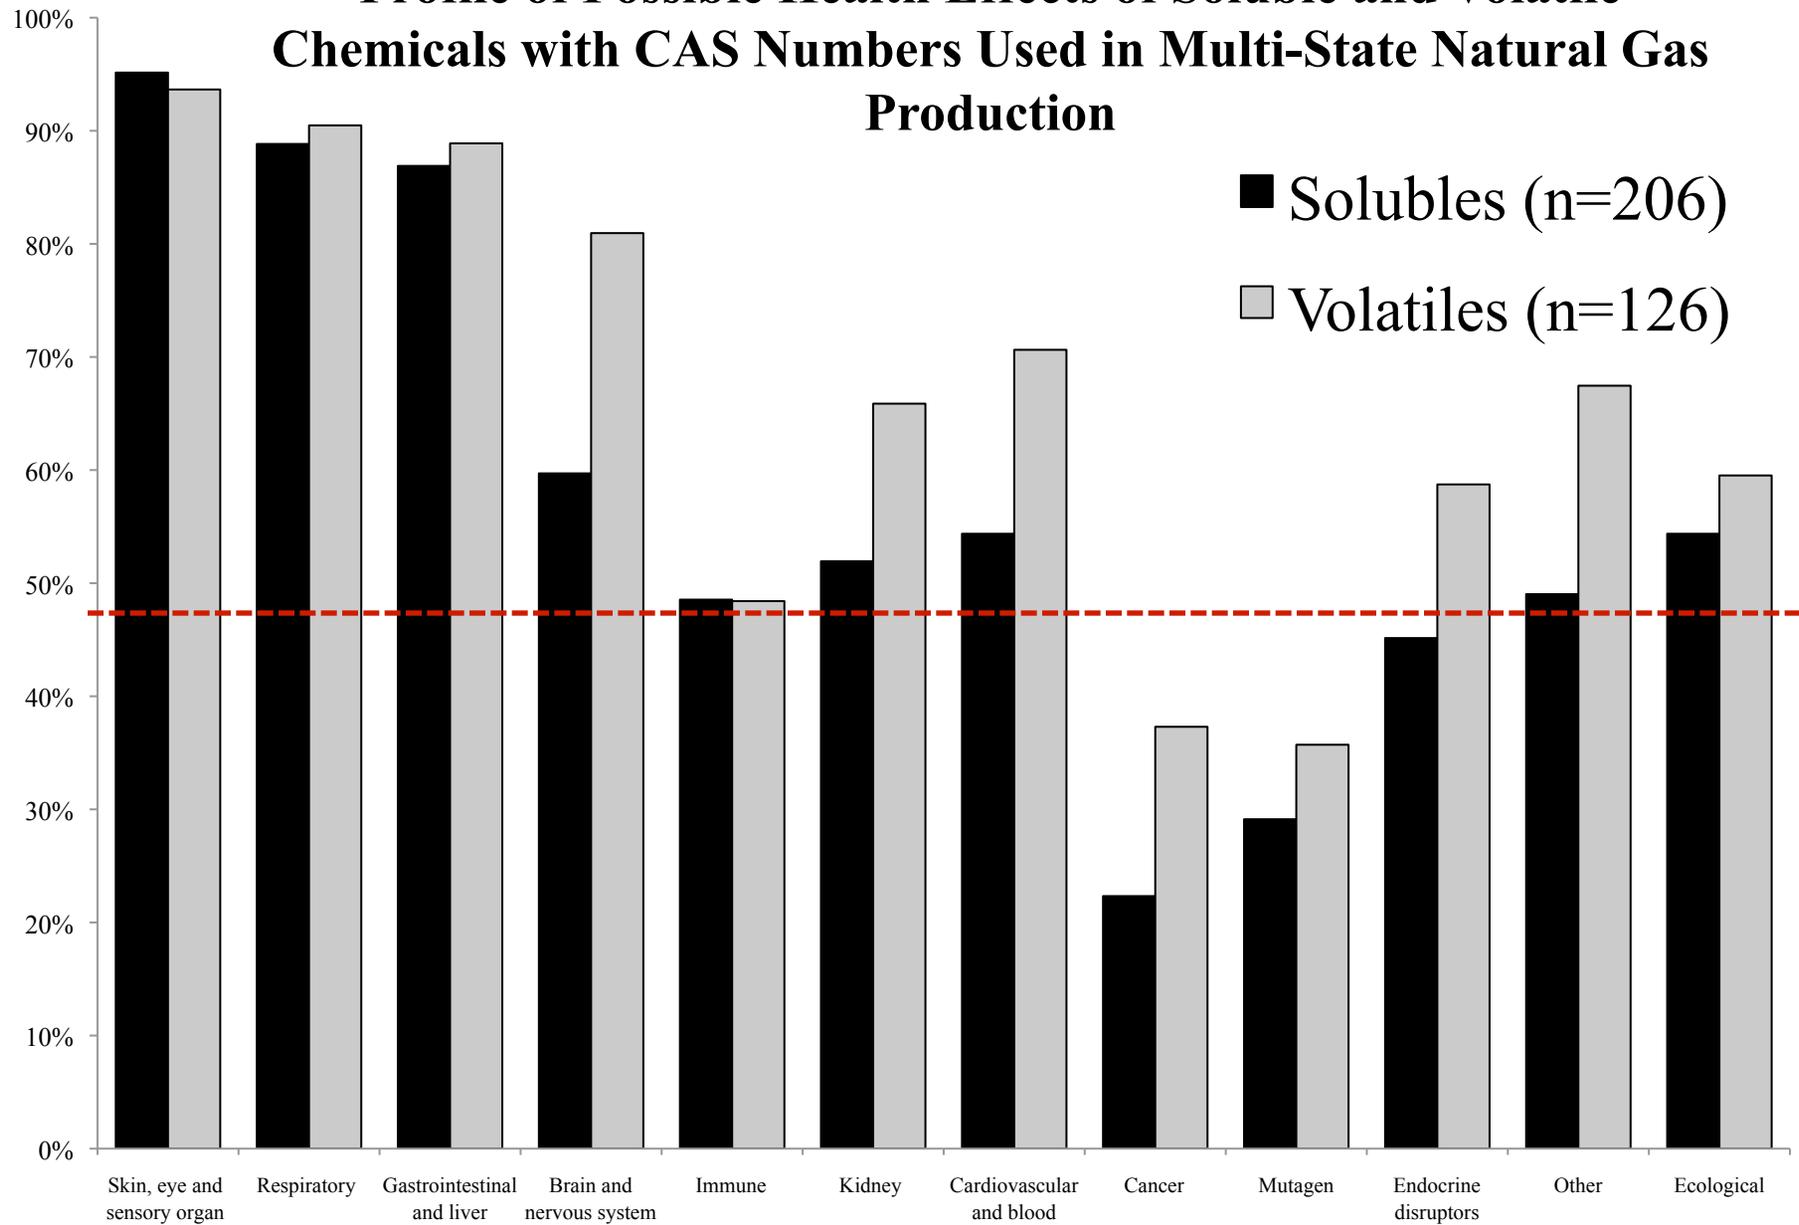

632 Chemicals

Profile of Possible Health Effects of Chemicals with CAS Numbers Used in Multi-State Natural Gas Production

Profile of Possible Health Effects of Soluble and Volatile Chemicals with CAS Numbers Used in Multi-State Natural Gas Production

Low
concentrations
can be harmful

2-BE :

Not for internal
or external use

Chemicals that
should remain
underground

Dilution is not
the solution

The lost cohort: Off-site workers
