Record Description:

US government human and animal surveillance program. This program was detailed in a 1989 government report, the program was carried out by the EPA. It is the official United States government offsite monitoring project for detection of radioactive contamination for nuclear testing at the Dept. of Energy's Nevada Test Site.

Preferred Form or Format: e-mail pdf file or send doc copy

Type of Requester (if provided):

A representative of the news media affiliated with History Channel and the request is made as part of news gathering and not for commercial use.

Type of Media (if provided):

Other: Cable television

Fees and Fee Waivers:

I agree to pay up to a specified amount for fees. Enter amount $ 25

Waiver or Reduction of Fees Factors (if provided):

Expedited Processing:

I believe a compelling need exists to warrant expedited processing because there is:

an urgency to inform the public concerning actual or alleged Federal Government activity exists (this option available ONLY for requesters primarily engaged in disseminating information)

Specific Justification for Expedited Processing:

I am producing a program for History Channel and I am operating on a tight deadline and need to see if this is a reality or a relevant story line...
