

## District 1 Youth Council Application

The District 1 Youth Council is being formed by City Council Member Kevin Roden with the hopes of bringing our younger citizens into the process of local governance. The council will meet once a month to advise Council Member Roden on issues that concern them within the city. There will also be an educational component – through guest speakers, site visits, and projects, the students involved will learn more about their city and gain a greater sense of social and civic responsibility. The Youth Council is open to students in 5<sup>th</sup> grade through 12<sup>th</sup> grade. Although the focus of the group will be toward the needs of District 1, students living outside the district are welcome to apply.
