SUBJECT. PSS-SPR Task/Action #31 - Force Structure of Finance Organizations

ISSUE. Are finance organizations properly structured?

1. A study of the theater-level finance organization is being conducted by the Directorate of Combat Developments, Soldier Support Center. This study will be completed by April 1987. It will provide a recommended force structure and missions to be accomplished at theater level.

2. As a result of decisions made at the TAA 93 Force Structure Conference II, MACOM conferences, the General Office Steering Committee meeting and the 18 August 1986 briefing of the VCSA, Finance Groups (FGs) will be allocated on the basis of one per Corps and Theater Army Area Command (TAACOM). The commander of the FG maintains command and operational control of all finance organizations in the Corps/TAACOM areas. The FG commander also serves as the finance staff officer on the Corps/TAACOM commander's staff. Military pay functions are not accomplished at the FG level.

3. In addition, each Finance Support Unit (FSU) will be collocated with a Personnel Support Company (PSC) and provides finance services to the population in an assigned area. FSUs are assigned to an FG in the Corps or TAACOM area. They are structured as follows, based on population served:

Type	Population Served
A	5,000
B	10,000
C	13,000
D	16,000
E	20,000
F	25,000

Services provided include military pay, currency conversion, cashing negotiable instruments, reimbursement of imprest fund cashiers, funding agent officers, combat payments to soldiers, local procurement payments, cashing treasury checks and money orders, receipt of cash collections, and internal controls. Travel functions are not performed at the FSU level.

SUBJECT: C2 of AG/FI Structure for TAA 93

ISSUE: Develop solution for C2 of AG/FI structure for TAA 93 Force Structure Conference in August 1986.

FACTS.

The Soldier Support Center (SSC) presented a review to the VCSA on 18 August 1986 of personnel service support (AG and FI) which included the C2 of AG/FI units on the battlefield. The following C2 decisions were reached:

a. The Personnel Group and the Finance Group will be separate command and control headquarters in each Corps/TAACOM. The Personnel Group commander and the Finance Group commander will be dual-hatted as the Corps AG and Corps Finance Officer, respectively.

b. The concept of TDA theater level commands for personnel and finance is approved for study.

c. The P&A battalions will not be an intermediate HQS between the personnel group and the PSC's, replacement companies, and postal companies. We are studying the possible conversion of the reserve component P&A battalions to personnel replacement battalions with the mission of operating the CONUS replacement centers.

d. We have incorporated the structural changes into TAA 93.
