# JOINT DEPLOYMENT

*Program of study with emphasis on JOPES and the Joint Deployment Process*

The JDTC Joint Deployment program of study provides members of the Joint Planning and Execution Community, Joint Professional Military Education institutions and combatant commands conducting joint exercises with relevant functional training, education, and support on the Joint Operation Planning and Execution System (JOPES) and the joint deployment process.

Students receive instruction from veteran JOPES subject matter experts on tools that allow them to deploy and re-deploy joint forces, equipment and supplies around the globe.

**Joint Deployment Courses and Briefs**

- JOPES Executive Presentation
- JOPES Overview
- JOPES Support Personnel Course
- JOPES Action Officer Course
- JOPES Functional Manager Course

**INSTRUCTION VENUE OPTIONS**

- Resident Training (RT) – Hands-on instruction at JDTC's Fort Eustis, VA facilities
- Mobile Training Team (MTT) – Customer Requested Instruction/Support at or near the student/organization's
- Virtual Campus (VC) – Self-paced or instructor-led online instruction via JDTC's Learning Management System or Defense Connect Online (DCO)

**CUSTOMER REQUESTED INSTRUCTION (CRI)**

JDTC can provide, upon government request, tailored instruction, customized to specific training needs, requirements, or schedules.

**CUSTOMER REQUESTED SUPPORT (CRS)**

JDTC can provide, upon government request, subject matter expert support to meet exercise, in-theater, or short-notice deployment requirements.

**To register for individual instruction or to request CRI/CRS for your unit or organization, visit JDTC at http://www.jdtc.eustis.army.mil**

# JOPES Executive Presentation (JEP)

JD2301

**Objective**

JEP provides senior military and civilian personnel with an understanding of the purpose of the Joint Operation Planning and Execution System (JOPES), its processes, and components

**Prerequisites**

Final U.S. Secret security clearance [if JOPES application demonstrations are requested as a part of the presentation]

**Recommended Participants**

Senior military & civilian personnel in the Joint Planning & Execution Community (JPEC)

**Major Topics**

- The Joint Planning & Execution Community (JPEC)
- The doctrine and guidance used in JOPES
- Contingency, Crisis Action, and Exercise planning
- Communications [Global Command and Control System-Joint (GCCS-J)]
- Information technology applications
- Time-Phased Force Deployment Data (TPFDD)
- Adaptive Planning and GFM Overview

**Joint Qualified Officer (JQO) point value**

0

**Length**

1-4 Hours

**Tools & Applications**

- JOPES Editing Tool (JET)
- Rapid Query Tool (RQT)

**Venue Options**

- Resident Training (RT) – Hands-on instruction at JDTC's Fort Eustis, VA facilities
- Mobile Training Team (MTT) – Customer Requested Instruction/Support at or near the student/organization's
- Virtual Campus (VC) – Online JDTC instruction via Learning Management System or Direct Connect Online

# Joint Operation Planning and Execution System (JOPES) Overview

JD1101

**Objective**

JOPES Overview provides joint personnel with an overview of JOPES foundational elements (e.g. driving policies, procedures, and personnel) with a primary focus on the GCCS-J programs designed to assist the JOPES process.

**Prerequisites**

Final U.S. Secret security clearance

**Recommended Participants**

Military or civilian personnel at all levels who perform JOPES duties

**Major Topics**

- Terminology
- System
- Contingency Planning
- Crisis Action Planning
- Situational Awareness
- Adaptive Planning
- JOPES Orders
- Introduction to Joint Planning and Execution Community
- Supported Commander
- JOPES Web sites
- Newsgroups
- Force Module(s) (FM)
- JOPES Instruction

**Joint Qualified Officer (JQO) point value**

0

**Length**

1-2 Hours

**Tools & Applications**

Microsoft Internet Explorer®

**Venue Options**

- Virtual Campus (VC) – Online JDTC instruction via Learning Management System or Direct Connect Online

# JOPES Support Personnel Course (JSPC)

JD1102

**Objective**

JSPC provides joint personnel with extensive hands-on instruction on the Joint Operation Planning and Execution System (JOPES), and its foundational processes and capabilities.

**Prerequisites**

- JD1101 - Joint Operation Planning & Execution System (JOPES) Overview
- Final U.S. Secret security clearance

**Recommended Participants**

Command level military & civilian Joint Planning & Execution Community (JPEC) members

**Major Topics**

- The role and use of the Joint Operation Planning & Execution System (JOPES) application in support of the Crisis Action Planning (CAP)
- Build, Edit, and Source Time-Phased Force & Deployment Data (TPFDD) requirements
- Build and Modify TPFDD Queries and Reports
- TPFDD Validation and Movement Scheduling process

**Joint Qualified Officer (JQO) point value**

.5

**Length**

Resident - 5 Days, Virtual Campus - Self-Paced

**Tools & Applications**

- Learning Management System (LMS)
- JOPES Web Applications
- JOPES Editing Tool (JET)
- Rapid Query Tool (RQT)
- Web Browser
- Newsgroups

**Venue Options**

- Resident Training (RT) – Hands-on instruction at JDTC's Fort Eustis, VA facilities
- Mobile Training Team (MTT) – Customer Requested Instruction/Support at or near the student/organization's
- Virtual Campus (VC) – Online JDTC instruction via Learning Management System or Direct Connect Online

# JOPES Action Officer Course (JAOC)

JD2101

**Objective**

JAOC provides joint personnel with extensive hands-on instruction; covering Command relationships, joint operational planning, adaptive planning, global force management, the roles and responsibilities of Action Officers/planners, and Joint Operation Planning and Execution System (JOPES) guidance.

**Prerequisites**

- JD1102 - JOPES Support Personnel Course (JSPC) or pass JD2201 (JAOC-Entrance Exam)
- Final U.S. Secret security clearance

**Recommended Participants**

- Action Officers, senior enlisted personnel, and civilian personnel involved in:
- Planning and executing joint operations and exercises
- Supervising personnel who use JOPES Information Technology (IT) applications
- Advising and assisting senior decision-makers on JOPES processes and applications

**Major Topics**

- Joint Operational Planning
- JOPES AO/Planner Duties
- Time-Phased Force Deployment Data (TPFDD) guidance
- TPFDD Editing and Analysis
- Finding/correcting errors in the TPFDD
- The JOPES Validation process
- Support Planning
- Force tracking using JOPES applications
- Joint Reception, Staging, Onward Movement, and Integration
- In-Transit Visibility systems

**Joint Qualified Officer (JQO) point value**

.5

**Length**

5 Days

**Tools & Applications**

- JOPES Editing Tool (JET)
- Rapid Query Tool (RQT)
- CJCS TPFDD LOI and Supported CCDR Supplemental Instructions
- Global Transportation Network (GTN)/IGC
- Single Mobility System (SMS)
- Global Combat Support System (GCSS)

**Venue Options**

- Resident Training (RT) – Hands-on instruction at JDTC's Fort Eustis, VA facilities
- Mobile Training Team (MTT) – Customer Requested Instruction/Support at or near the student/organization's

# JOPES Functional Manager Course (JOPES FM)

JD3101

**Objective**

JOPES FM provides Joint Operation Planning and Execution System (JOPES) functional managers with hands-on instruction in supporting and managing the JOPES database and user accounts.

**Prerequisites**

- Must be recommended by Combatant Command or subordinate JOPES Functional Manager
- JD1102 - JOPES Support Personnel Course (JSPC) or equivalent experience
- Final U.S. Secret security clearance

**Recommended Participants**

Military or civilian personnel at all levels who perform JOPES Functional Management duties

**Major Topics**

- JOPES Permissions (JPERMS) - Hands-on
- Time-Phased Force Deployment Data (TPFDD) Management Tool (TMT) - Hands-on
- JOPES Synchronization Processor (JSP) – Introduction
- JOPES Monitoring (JMON) - introduction
- Transitional Interface to External Systems (TIES) - Introduction
- Auditing via Rapid Query Tool (RQT) - Hands-on

**Joint Qualified Officer (JQO) point value**

.5

**Length**

4 Days

**Tools & Applications**
