City of Denton, Texas Proposed Annual Program of Services

In April 2011, the City of Denton adopted a new strategic plan. The strategic plan is organized into five Key Focus Areas (KFAs) and the major goals and objectives of the plan are described in the following pages. Below are the vision, mission, and values that have provided a framework for the strategic plan.

VISION

"Destination Denton"

Denton is an identifiable and memorable destination and a community of opportunities. We achieve this by providing high quality of life through excellence in education, entertainment, and employment; neighborhood vitality and sustainability; environmental and financial stewardship; and superior public facilities and services.

MISSION

"Dedicated to Quality Service"

The City of Denton will foster an environment that will deliver extraordinary quality services and products through stakeholder, peer group, and citizen collaboration; leadership and innovation; and sustainable and efficient use of resources.

VALUES

"We Care"

We care about our people, our community, and our work. We do this with integrity, respect, and fairness.

KFA 1: ORGANIZATIONAL EXCELLENCE

Goal 1.1. Manage fir	nancial resources in a responsible manner.
Objective 1.1.1.	Utilize benchmarking, performance measurement, and progress evaluation to
Objective 1.1.2.	Develop and implement long-range strategic plans.
Objective 1.1.3.	Provide timely, accurate, and relevant financial information.
Objective 1.1.4.	Ensure adequate internal controls are in place to prevent waste, fraud, and abuse.
Objective 1.1.5.	Manage enterprise funds to achieve financial self-sufficiency.
Objective 1.1.6.	Minimize fees and rates that are charged to our citizens and customers.
Goal 1.2. Develop a	high performance work force.
Objective 1.2.1.	Create succession and workforce management strategy to ensure organizational sustainability and continuity.
Objective 1.2.2.	Attract, retain, and motivate qualified and diverse staff to ensure consistent implementation of established vision.
Objective 1.2.3.	Establish a culture where employees feel valued and respected.
Objective 1.2.4.	Facilitate open inter- and intra-departmental communication and collaboration.
Objective 1.2.5.	Establish a culture of accountability at all levels of governance.
	ffective internal and external communication.
Objective 1.3.1.	Maintain on-going staff communication with City Council, Boards, and Commissions.
Objective 1.3.2.	Utilize both traditional and non-traditional forms of communication to disseminate accurate information.
Objective 1.3.3.	Actively seek feedback from citizens and employees, in order to identify and implement programmatic changes, as appropriate.
Goal 1.4. Provide ex	remplary customer service.
Objective 1.4.1.	Ensure all customer interactions are conducted in a professional and courteous manner.
Objective 1.4.2.	Respond to customer inquiries in a timely fashion.
Objective 1.4.3.	Provide convenient methods of conducting business with the City.

Goal 1.5. Utilize technology to enhance efficiency and productivity.

Reduce reliance on paper-based systems.

Objective 1.5.1. Objective 1.5.2.

Objective 1.5.3.

Develop Information technology systems to automate routine processes.

Utilize data analysis to make informed management and operational decisions.

KFA 2: PUBLIC INFRASTRUCTURE

Goal 2.1. Optimize resources to improve quality of City roadways.

Objective 2.1.1.	Manage City street funding based on Overall Condition Index (OCI) methodology.
Objective 2.1.2.	Develop a long-range strategy to transition street funding to achieve the OCI criteria
Objective 2.1.3.	Improve the design criteria for all dedicated roadways.
Objective 2.1.4.	Maintain an acceptable level of service on all City roadways.
Objective 2.1.5.	Design and construct all capital street projects on a 40-year design life.
Objective 2.1.6.	Update the Mobility Plan every five years.
Goal 2.2. Seek solu	utions to mobility demands and enhance connectivity.
Objective 2.2.1.	Coordinate with DCTA to provide effective multi-modal connectivity.
Objective 2.2.2.	Coordinate with TxDOT to maintain and enhance the state road network.
Objective 2.2.3.	Improve walkability/pedestrian access.
Objective 2.2.4.	Encourage and improve bicycle mobility.
Objective 2.2.5.	Enhance aviation infrastructure at the Denton Airport.
Goal 2.3. Promote	superior utility services and facilities.
Objective 2.3.1.	Plan for long-term resource acquisition and development.
Objective 2.3.2.	Assure regulatory compliance and legislative oversight.
Objective 2.3.3.	Protect public health and provide reliable service.
Objective 2.3.4.	Ensure operational and environmental sustainability.
Objective 2.3.5.	Effectively maintain and operate municipal facilities.
Objective 2.3.6.	Develop and support rates to provide funding for strategic objectives.
Goal 2.4. Manage	drainage infrastructure.

Objective 2.4.1. Require new drainage infrastructure to design 100-year flood protection, based on

Objective 2.4.1.	Require new dramage infrastructure to design 100-year mood protection, based on
	fully developed conditions.
Objective 2.4.2.	Rehabilitate existing drainage system in compliance with 100-year flood protection
	criteria.
Objective 2.4.3.	Develop funding mechanism to rehabilitate inadequate drainage system components
	over a 20-year period.
Objective 2.4.4.	Require finished floor elevation certification on studied and unstudied drainage
Objective 2.4.5.	Maintain street sweeping in compliance with the municipal good housekeeping management practices associated with storm water regulations.
	management practices associated with storm water regulations.

Goal 2.5. Develop Capital Improvement Program (CIP) based on community needs.

- Objective 2.5.1. Manage existing and future infrastructure needs to meet projected growth trends.
- Objective 2.5.2. Develop and implement financing plans for identified infrastructure needs.

KFA 3: SUSTAINABLE ECONOMIC DEVELOPMENT & ENVIRONMENTAL STEWARDSHIP

Goal 3.1. Manage growth, development, and redevelopment opportunities.		
Objective 3.1.1.	Update Comprehensive Plan.	
Objective 3.1.2.	Execute Downtown Implementation Plan (DTIP).	
Objective 3.1.3.	Promote Smart Growth/Infill initiatives in assessing development projects.	
Objective 3.1.4.	Preserve and maintain historic structures and culture of Denton.	
Objective 3.1.5.	Encourage environmentally-sustainable development, business, and construction	

Goal 3.2. Encourage economic development.

Objective 3.2.1.	Create comprehensive Economic Development incentive policy to maximize Return
	on Investment to community.
Objective 3.2.2.	Develop marketing effort to build on existing assets.
Objective 3.2.3.	Create Industrial Park Master Plan, identifying challenges and opportunities for sound growth.
Objective 3.2.4.	Focus on economic development efforts that enhance the development of the
	University of North Texas Discovery Park.
Objective 3.2.5.	Increase growth of visitor industry in Denton.

Goal 3.3. Promote environmental sustainability.

Objective 3.3.1.	Establish sustainability goals and actions.
Objective 3.3.2.	Improve local and regional air quality.
Objective 3.3.3.	Manage natural resources responsibly.
Objective 3.3.4.	Provide public education and involvement opportunities.
Objective 3.3.5.	Ensure financial integrity of sustainability efforts.

KFA 4: SAFE, LIVABLE, and FAMILY FRIENDLY COMMUNITY

	_			_	
Goal 4 1	Enhance	nublic s	afety in	the c	ommunity.

- Objective 4.1.1. Expand departmental collaboration and community partnerships by increasing involvement, communication, education, and utilizing technology.

 Objective 4.1.2. Secure and deploy public safety resources in the most effective and efficient manner possible.

 Objective 4.1.3. Evaluate existing and future public safety facility needs in order to provide the most effective delivery of emergency response services.

 Objective 4.1.4. Focus on prevention programs to heighten awareness, minimize loss, and support a safer community.
- Objective 4.1.5. Maintain a high level of preparedness through planning, training, and the utilization of resources.

Goal 4.2. Seek clean and healthy neighborhoods in the City of Denton.

- Objective 4.2.1. Provide effective code enforcement services that meet community expectations.

 Objective 4.2.2. Promote positive environmental behaviors and practices for the City of Denton and its residents.

 Objective 4.2.3. Enhance the quality, livability, and sustainability of the neighborhoods in Denton.
- Objective 4.2.4. Support revitalization efforts of existing low-moderate income neighborhoods.

Goal 4.3. Provide quality, diverse, and accessible neighborhood services for the community.

- Objective 4.3.1. Meet customer needs through quality and diverse programs.
- Objective 4.3.2. Provide quality parks, libraries, and recreation services to promote leisure, cultural, and educational opportunities in the community.
- Objective 4.3.3. Promote a family friendly environment.
- Objective 4.3.4. Co-sponsor annual community events and festivals.

KFA 5: PARTNERSHIPS AND REGIONAL LEADERSHIP

Goal 5.1. Actively participate in regional, state, and federal initiatives.

Objective 5.1.1.	Maintain dialogue with state and federal delegation and agencies.
Objective 5.1.2.	Promote bi-annual legislative agenda and congressional priorities.
Objective 5.1.3.	Pursue effective representation at the state and federal levels.

Goal 5.2. Maintain visible and effective relationships with governmental and non-governmental

dour old Plantain visible and encetive relationships with governmental and non governmental		
Maintain dynamic presence at the local Chambers of Commerce.		
Participate in regional, state, national, and international coalitions (RTC, NCTCOG, TML, NLC, ICMA, etc).		
Support staff participation in regional, state, national, and international professional organizations.		
Build relationships with key organizations to enhance community and social services.		
Cultivate mutually beneficial relationships with local educational and governmental institutions.

July 26, 2013

TO THE HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL:

Pursuant to provisions of the City Charter and on behalf of the staff, I respectfully submit to you the FY 2013-14 Proposed Budget. The Proposed Budget has been developed to accomplish the goals and objectives that were outlined in the City of Denton's Strategic Plan which was adopted in April 2011 and affirmed by the City Council during their annual planning retreat in 2012. The Strategic Plan addresses five Key Focus Areas (KFA's):

- 1. Organizational Excellence
- 2. Public Infrastructure
- 3. Sustainable Economic Development and Environmental Stewardship
- 4. Safe, Livable, and Family Friendly Community, and
- 5. Partnerships and Regional Leadership.

In May 2013, the City Council discussed the Strategic Plan and priorities for the FY 2013-14 budget. As a result of this discussion, the FY 2013-14 Strategic Plan and performance indicators have been prepared to accompany this budget recommendation. This document serves as a foundation for the development of this budget, and accordingly, enhancements to programs and/or funding is specifically discussed in the context of the Strategic Plan.

While this budget continues to make strides to implement the Strategic Plan, there are many objectives which will take several years to achieve. As such, the FY 2013-14 Proposed Budget continues to allocate available resources according to the City's long-term financial plan to achieve our goals. While revenues continue to grow, the pace of growth in the General Fund for FY 2013-14 is slightly slower than in recent years. Sales tax revenues are expected to be approximately 1.3% above the prior fiscal year for FY 2012-13 and estimated to grow at a rate of 4.2% for FY 2013-14. Franchise fees are expected to grow by 4.4% or \$624,339 in FY 2013-14, and all of this growth is proposed to be transferred to the Street Improvement Fund. Property values continue to recover from recessionary levels with an increase of 3.81% over the prior year tax roll. Together, with the expenditure reductions and cost containment strategies that have been made in prior years, the City of Denton continues to make positive progress on implementing our Strategic Plan.

This budget continues to give top priority to increasing funding for maintaining and repairing streets throughout the City. In 2011, the Strategic Plan specifically identified improving our street infrastructure as a major goal. In response to this goal, the FY 2011-12 Adopted Budget created the Street Improvement Fund to provide a dedicated mechanism to account for street maintenance and improvement activities. Additionally, the 2012 Bond Election for street maintenance was approved by the voters and the first \$4.0 million of this \$20.4 million authorization was issued in 2013. The total operating funding for street maintenance has increased from \$4.36 million in FY 2008-09 to a proposed \$7.90 million for FY 2013-14. Compared to FY 2012-13, revenue is proposed to increase by \$745,429 from \$7,158,774 to \$7,904,203 in the Street Improvement Fund for FY 2013-14.

Additionally, the five-year financial plan estimates an increase in the total operating maintenance funding for the City's Street Improvement Fund to approximately \$12.6 million by FY 2017-18. The combination of increased operating funding along with the issuance of debt related to the 2012 Bond Election shows the strong commitment to improving our streets in the community. In the future, the City will need to provide for annual increases in funding for street maintenance activities along with potential future debt issuance for street reconstruction to stabilize the condition of the City's streets over the long term.

In addition to improving the City's street infrastructure, the enhancement of public safety in the community is also identified in the Strategic Plan as a major initiative. Accordingly, the FY 2013-14 Proposed General Fund budget recommends \$377,621 in funding enhancements for public safety programs. This budget includes the addition of four police officers to assist during times of peak demand, one additional parking enforcement staff, and an Auto Theft Task Force Grant to fund an additional administrative staff member. The proposed General Fund budget includes \$359,341 in enhancements to Neighborhood Services with the necessary funding of maintenance for the Vela Soccer Complex and improvements at the Emily Fowler Library and Natatorium. Transportation funding is proposed to increase by \$198,234 for LED light replacements, additional pavement markings and traffic signal battery backups.

Administrative, and City Council suggestions for new programs, are funded at \$233,878 in the General Fund with an additional Deputy City Attorney, funding for ADA compliance improvements in City Facilities, additional Economic Development programming, community market enhancements, restoration of City Council contingency funds and full funding of the Human Services Advisory Committee request. In addition, funding for a "Maker Space" is recommended to provide programming enhancements in the Library and address the City Council suggestion for a "Collaborative Co-Working Space" for entrepreneurs in the community. Lastly, requests totaling \$647,850 are recommended to be funded from available resources in the current year. These include major initiatives such as a Public Art Master Plan, office improvements for the Municipal Court, the development of a Municipal Settings Designation to further enhance Downtown development, and the Denton County Historic Bridge project.

The proposed budget also includes a new internal service fund for Engineering Services. The engineering functions that were budgeted in the Water, Wastewater, and General Fund are being reorganized and consolidated into the Engineering Services and Development Services Fund. This fund will combine our Capital Engineering, Development Review Engineering (DRC), Contract Engineering, Public Works Inspections and Real Estate functions under one umbrella.

This new department will report to an Assistant City Manager, but will not include the engineering functions of DME. Three new positions including a Director of Engineering, Administrative Assistant, and a DRC Administrator are included in this budget. The restructuring and alignment of engineering services is recommended to enhance response times and to promote maximum efficiency and coordination among all of our service delivery departments. This change is being made in order to ensure that no momentum is lost with regard to either capital project needs or development review, especially as the pace of growth and development increases over the next few years.

The City also continues to strive to contain costs while providing essential services to the community. Over the past several fiscal years, the City has maintained a "managed vacancies" program. Throughout the fiscal year, as position vacancies and attrition rates dictate, vacant positions are evaluated by City management and according to the needs of the organization, positions are filled or left vacant. For FY 2013-14, the managed vacancy program will be continued, and the savings budgeted for the upcoming fiscal year is \$1.0 million.

The overall FY 2013-14 Proposed Budget for all funds is \$825.4 million and includes 1,449.79 Full-Time Equivalent positions (FTEs). A comprehensive summary of the budget is provided in the Budget Overview section of this document. The key elements of the proposed budget include the following:

- No tax rate increase. The total tax rate is maintained at \$0.68975 per \$100 of assessed valuation. Of this amount, \$0.47480 is provided for operations and maintenance, and \$0.21495 is provided for debt service. While the total rate remains the same, the proportion of the rate for debt service has been reduced from \$0.21887 to \$0.21495 and the rate of \$0.00392 is shifted to maintenance and operations which will provide more revenue to the general fund in the upcoming year. The effective tax rate is estimated at \$0.68876.
- As detailed in the Budget Overview section of this document, a combined net increase of 47.96 FTEs for all funds compared to the FY 2012-13 estimate including:
 - o 2.46 FTEs in Neighborhood Services
 - o 6.0 FTEs in Public Safety
 - o 1.0 FTEs in Administrative and Community Services
 - o 3.0 FTEs in the Street Improvement Fund
 - o 21.0 FTEs in the Electric Fund
 - o 3.0 FTEs in the Water Fund
 - o 2.5 FTEs in the Wastewater Fund
 - o 2.0 FTEs in the Solid Waste and Recycling Fund
 - o 3.0 FTEs in the Engineering and Development Service Fund
 - o 2.0 FTEs in Materials Management
 - o 2.0 FTEs in Technology Services
- A base rate increase of 2.5% for our Electric customers.
- An average rate increase of 4.0% for our Water customers.
- An average rate increase of 9.0% for our Wastewater customers.

- An increase in the monthly standard refuse cart fee with recycling from \$25.25 to \$26.00 and other Solid Waste fee changes as detailed in the Budget Overview section of this document.
- ➤ A 3% average merit increase for non-civil service employees.
- ➤ Pay adjustments for Police and Fire civil service employees in accordance to their meet and confer agreements to reach the market average plus 5%, and normally programmed step increases.
- In addition, funding has been included for equity pay adjustments for employees whose salary is below the market rate for their positions.

The FY 2013-14 Proposed Budget has been developed within the context of a five-year financial plan and the long term infrastructure needs of the community. The purpose of this approach is to provide a long-term and financially sustainable perspective for decisions in the coming fiscal year. As we develop future forecasts, we will continue to evaluate our ability to fund our strategic priorities and maintain a balance between revenues and expenditures.

Each utility budget is also developed within the context of a long-range financial plan and is based on various financial strategies that support and strengthen the financial health of each utility. Additional rate increases are planned in the future to address aging infrastructure issues and ensure that adequate working capital and rate stabilization reserves are maintained. The Five-Year Financial Forecast will be reviewed and revised annually as necessary to support these utility financial objectives, and the key assumptions for these plans are described in this document.

The proposed budget includes a recommended five-year general Capital Improvement Program (CIP) of \$88.3 million. The first year of this program is recommended at \$12.5 million for street reconstruction, traffic signals, reconstruction of fire station 2, civic center pool improvements, vehicle replacement, and the facility maintenance program. The five-year general government CIP includes unidentified future projects from a potential November 2014 bond election. The preliminary size of this authorization election is \$50 million over six years from FY 2014-15 through FY 2019-20. This \$50 million program is anticipated to require an increase in the debt service tax rate in FY 2015-16 under current growth assumptions. Additional information will be presented to City Council at an October meeting to discuss this potential election.

I sincerely thank the members of the Denton City Council for their hard work and dedication to the Citizens of Denton. The input of the City Council and Public Utilities Board has been invaluable in the preparation of the FY 2013-14 Proposed Budget, Capital Improvement Plan (CIP), and Five Year Financial Forecast. Appreciation is also expressed to members of the professional staff, particularly in the Finance Department for their diligence in the preparation of the Proposed Budget.

It is an exciting time for the City of Denton. The Rayzor Ranch project is nearing completion on the northern section of the development, and the southern section of the project is planned to begin in the near future. The redevelopment of the Golden Triangle Mall is changing the landscape of this shopping venue with a planned grand reopening scheduled for late this year. Residential building permits are again on the rise, adding new residents to shop and dine at these

City of Denton, Texas Proposed Annual Program of Services

new establishments. The Denton Plan 2030 continues to progress toward completion in FY 2013-14, bringing the plan for the next decades of positive growth for Denton closer to reality.

With significant investments in our organization, people, and infrastructure, I am confident that this Proposed Budget prepares the City of Denton for future success as well. With your support, and the dedication of our capable staff, we will ensure that quality services are provided to the citizens of Denton.

I look forward to a much more detailed presentation and discussion of this budget with City Council on August 1, 2013. I appreciate your willingness to explore the issues, programs, and funding; and to provide further City Council direction in the development of the budget scheduled for adoption on September 17, 2013.

Sincerely,

George C. Campbell, City Manager

September 17	City Council adopts Annual Program of Services. City Council adopts first year of Capital Improvement Program budget. City Council approves tax rate. City Council approves utility rates. City Council approves the 2013 tax roll.

READER'S GUIDE 2013-14 ANNUAL PROGRAM OF SERVICES (OPERATING BUDGET)

The Reader's Guide provides an overview of the City of Denton's budget process and budget documents. The City of Denton has prepared a budget designed to meet the highest standards of performance in municipal budgeting. This document provides a summary of all budgeted funds, including both revenue and expenditure summaries. Major budget documents, the budget process, and organization of the budget itself are described below.

MAJOR BUDGET DOCUMENTS

The City of Denton's budget process includes the production of five key documents. It is important to understand the timing and purpose of these documents in order to fully understand the process itself.

1. The Budget Instruction Manual - March

Prior to budget development and training of departmental support staff, the Budget Instruction Manual is drafted and completed in March. This document serves as a development guide and includes sections on annual budget highlights and specific development instructions, as well as, appendices with rate calculations, format examples, and supplemental forms.

2. Long-Range Financial Forecast - June

In June, the City Council meets to discuss the preliminary Long-Range Financial Forecast for the city. After this meeting, staff prepares a five-year forecast to address key service areas. The forecast is finalized at the end of July and included in the proposed budget document.

3. The Budget Overview and Manager's Message - Late July

The Budget Overview and Manager's Message is submitted to the City Council in late July as part of the proposed budget. This report summarizes and identifies key issues with regard to revenues and expenditures for the coming year.

4. The Proposed Budget - Late July

The proposed budget is submitted to the City Council in late July of each fiscal year. This document represents a balanced version of departmental budget requests versus projected resources. The proposed budget is a product of policy as expressed by the City Council and is prepared by the City Manager.

5. The Adopted Budget - September

The adopted budget represents a modified version of the proposed budget after public hearings and City Council review in August/September. Any changes deemed necessary by City Council to funding levels or revenue projections are reflected in the adopted budget. Revisions may also be made to reflect any updates to budget information.

THE BUDGET PROCESS

The City of Denton uses a program-oriented budgeting process. Each budgeting unit or division is given a "baseline" funding level based upon the previous year's funding level. Any funding request that represents new expenditures and programs, or that is in excess of adjusted baseline funding, must be submitted as a separate request or "package."

1. Budget Training for Support Staff/Budget Guideline Review

March is the time when existing budget guidelines, procedures, and forms are reviewed. Changes may be made to the budget process in order to make budget development more efficient and address format changes.

Preliminary budget training for departments is available prior to budget kickoff. During preliminary training, staff is informed of budgeting concepts and the budget process, as well as, given a quick introduction to the City's budget forms.

During budget kickoff, departments receive the budget instruction manual so that they may have specific instructions and a review of any changes to the budget process.

2. Long-Range Financial Forecast

A workshop is held in June with the City Council to discuss the preliminary Long-Range Financial Forecast for the city. After this meeting, staff refines the forecast to address key service areas. The recommended version of the forecast is included in the proposed budget document that is submitted to the City Council in July.

3. Revenue Projection

The budget revenue projections for the new fiscal year begin early in the current fiscal year. The projections are made by the departments responsible for the revenues with help from the Finance Department staff. Projections are based upon consultations with state and local agencies, trend analysis, anticipated changes in the local and regional economy, and discussions with directly associated staff members. Although revenue projections are prepared early in the budget process, the budget revenue analysis continues with departmental budget development and extends until the budget is adopted based upon any new information.

4. Proposed Budget Development

During budget development, the Finance Department staff work with departments to analyze requests, provide advice, and lend assistance. Budget requests are based upon a baseline funding level, and any additional funding is made in the form of supplemental requests.

5. Proposed Budget Analysis/Compilation

Once division and departmental budget requests are completed, the Finance Department reviews and compiles a preliminary draft of departmental budgets to present to the Management Team, which is comprised of the City Manager and Assistant City Managers.

A total recommended funding level is determined from both baseline and proposed supplemental packages. At this time, the funding level is weighed against available resources. A tax rate increase may or may not be recommended depending upon City Council program priorities and issues previously expressed in the budget process.

6. City Council Budget Study

The proposed budget, including the Budget Overview, is compiled as soon as possible after final appraised property value and other data are received. This report highlights and summarizes funding requirements, major changes in programs, and alternatives for funding.

A budget work session is held with the City Council to review and discuss the proposed budget. Discussions and study may follow at subsequent work sessions until budget adoption.

7. Public Hearing/Budget Adoption

A public hearing on the budget and two public hearings on the tax rate (if necessary) are held in September prior to final budget consideration. At the public hearings, citizens may make formal comments concerning the proposed budget and tax rate.

Budget adoption occurs in September after City Council deliberations and the public hearings. City Council may take action to modify the proposed budget. The City Council also adopts a tax rate to support adopted funding levels. Pursuant to City Charter, the proposed budget as submitted by the City Manager becomes the adopted budget if no City Council action is taken before the end of the fiscal year, September 30.

8. Compilation of Adopted Budget/Budget Maintenance

An adopted budget is compiled and published during the first months of the new fiscal year. The adopted budget in the form of an amended proposed budget is available for public inspection in December.

Budget maintenance is a year-round activity of the organization. Spending controls consist of budget holds, position control reviews, and budget transfer authorizations for unbudgeted expenses. Additional spending control mechanisms include monthly review of expenditures by the Finance Department.

During the budget process, departments make revenue and expenditure estimates for the current year.

Finally, program goals, objectives, and measures are evaluated during budget development to determine effectiveness of program activities and levels of appropriate funding for subsequent years.

ORGANIZATION OF THE BUDGET

Included in the Financial Summary section is a schedule entitled "Projected Appropriable Fund Balances." This schedule provides the projected appropriable fund balances anticipated at the end of each fiscal year. The 2013-14 fiscal year-end fund balance is based on proposed 2013-14 revenue and expenditures. This information will be most helpful in determining whether fund balances are too high or too low with regard to goals set forth by the City Council. The General Fund Revenue Summary in the Financial Summary section describes the major revenue categories for the City of Denton, as well as, the various individual sources of those revenues.

BUDGETARY POLICIES

The City of Denton has developed administrative policies, which govern the formulation and administration of the annual budget. These administrative policies are incorporated within the City's Administrative Policies and Procedures Manual.

FINANCIAL STRUCTURE

The financial structure of the budget is organized by funds. A fund is generally defined as a fiscal and accounting entity which has its own self-balancing set of accounts for recording cash and other financial resources, as well as, any liabilities or residual equities or balances. Normally, funds are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. However, when appropriate, funds are made up of departments. The two types of funds utilized in this budget are Governmental and Proprietary. The specific funds that make up the Governmental Fund type are General Fund, Recreation Fund, Street Improvement Fund, General Debt Service Fund, Tourist and Convention Fund, Police Confiscation Fund, Traffic Safety Fund, Non-Airport Gas Wells Fund, Parks Gas Well Fund, Tree Mitigation Fund, Public Education Government (PEG) Fund, McKenna Trust Fund, Park Land Dedication and Development Trust Funds, Downtown Tax Increment Reinvestment Zone (TIRZ) Fund, Westpark Tax Increment Reinvestment Zone (TIRZ) Fund, and Miscellaneous Special Revenue Funds. The Proprietary Fund types are Electric Fund, Water Fund, Wastewater Fund, Solid Waste Fund, Airport Fund, Materials Management Fund, Fleet Management Fund, Technology Services Fund, Engineering and Development Services Fund, Risk Retention Fund, and the Health Insurance Fund. Each of the above-mentioned funds operates separately and independently from one another; therefore, they are budgeted separately and include separate financial statements.

BUDGETED FUNDS

The City of Denton's budget consists of various funds. Each fund represents a specific function and maintains individual objectives. The City of Denton's budget includes the following funds:

General Fund – The General Fund reflects the City's general service operations such as public safety, libraries, and parks. The General Fund's two major revenue sources are sales and ad valorem taxes.

Debt Service Fund – The Debt Service Fund is used to record and control the accumulation of resources for payment of general obligation long-term debt principal and interest. The City issues debt to acquire or construct capital assets such as roads or parks for the general benefit of Denton citizens. Resources include an applicable portion of the ad valorem tax levy and related interest income usable from debt service.

Special Revenue Funds – Special Revenue Funds are used to account for the receipt of specific revenue sources that are restricted for expenditures for a specified purpose. Included in the special revenue funds are: the Recreation Fund, Street Improvement Fund, Tourist and Convention Fund, Police Confiscation Fund, Traffic Safety Fund, Non-Airport Gas Wells Fund, Parks Gas Well Fund, Tree Mitigation Fund, Public Education Government (PEG) Fund, McKenna Trust Fund, Park Land Dedication and Development Trust Funds, Downtown Tax Increment Reinvestment Zone Fund, Westpark Tax Increment Reinvestment Zone Fund, and Miscellaneous Special Revenue Funds.

<u>Recreation Fund</u> – The Recreation Fund is used to account for the Parks and Recreation programs, such as children's programs and recreation center programs, which are self-supporting.

<u>Street Improvement Fund</u> –The purpose of the fund is to provide a dedicated mechanism to account for street maintenance and improvement activities. The fund will receive revenue from a portion of the franchise fees previously accounted for in the General Fund, as well as, street cut reimbursements. Additionally, interest cost savings associated with the sale of Certificate's of Obligation in lieu of Revenue Bonds will also be recorded as revenue.

<u>Downtown Tax Increment Reinvestment Zone Fund</u> – The Downtown TIRZ Fund will be used for downtown development projects, and it accounts for the tax revenues that are collected above the FY 2010-11 level in the downtown area.

City of Denton, Texas Proposed Annual Program of Services

<u>Tourist and Convention Fund</u> –This fund reports the receipt and distribution of the City's Hotel Occupancy Tax, which is levied at 7% of room rental rates. Each October the City Council enters into contracts with various organizations that will promote tourism and the convention and hotel industry in Denton.

<u>Police Confiscation Fund</u> – The Police Confiscation Fund is used to record the receipt and expenditure of confiscated contraband that is used in the commission of a variety of criminal offenses. Expenditures from this fund are allocated to the Police Department for materials, supplies, and operations costs.

<u>Traffic Safety Fund</u> – The Traffic Safety Fund is used to record the receipt of citations from red light camera violations. Revenues from this fund are used for materials to enhance traffic safety operations in the Police Department and Traffic Department.

<u>Non-Airport Gas Wells Fund</u> – The Non-Airport Gas Wells Fund is used to record the receipt of royalty, pooling, tax, and lease revenue related to gas wells. Expenditures from this fund will be used for projects with no ongoing costs.

<u>Parks Gas Well Fund</u> - The Parks Gas Well Fund was established to record the receipt of restricted gas well revenues on park property. Expenditures from this fund will be used for park system projects.

<u>Tree Mitigation Fund</u> – The Tree Mitigation Fund is used to purchase, plant, and maintain trees on public property, to preserve wooded property that remains in a naturalistic state in perpetuity, to perform and maintain a citywide tree inventory, and to educate citizens and developers on the benefits and value of trees.

<u>Public Education Government (PEG) Fund</u> – The PEG Fund provides for the acquisition of production equipment, capital, and other lawful PEG purposes. PEG fees are remitted to the city on a quarterly basis from cable subscribers.

<u>McKenna Trust Fund</u> – The McKenna Trust Fund is used to account for interest received from the George McKenna Trust, which was established in 1958 and is currently managed by JP Morgan Chase Bank. One half of the net income from this trust is distributed to Cook Children's Hospital in Fort Worth and one half of the net income is distributed to the City of Denton for use only in maintaining, developing, preserving, and improving the George McKenna Park in the City.

Park Land Dedication and Development Trust Funds – The Park Land Dedication and Development Trust Funds are funds received from developers. These fees provide for neighborhood parks and projects within ½ to 1 mile radius of the development. The Park Land Dedication funds will be used on Owsley Park, Milam Park, Carl Young Park and Mack Park. The Park Development projects include neighborhood parks at Owsley Park, McKamy-Evers Park and North Pointe Park.

<u>Westpark Tax Increment Reinvestment Zone Fund</u> – The Westpark TIRZ Fund will be used for development projects and to account for the tax revenues that are collected above the FY 2012-13 level in the Westpark area, located near the Denton Enterprise Airport.

<u>Miscellaneous Special Revenue Funds</u> – The Miscellaneous Special Revenue Funds are comprised of the Animal Control Donation Fund, Police Donation Fund, and Fire Donation Fund.

Enterprise Funds – Enterprise funds are used to account for governmental activities that are similar to those found in private businesses. The City budget includes Electric, Water, Wastewater, Solid Waste, and Airport Enterprise Funds. Each fund reflects the services denoted in the title of each fund. The major revenue source for these enterprise funds is the rate revenue generated from the customers who receive the services provided.

Internal Service Funds – Internal Service Funds are used to account for the financing of goods or services provided by one department to another department within the same government organization. Financing is based on reimbursement of actual costs. The internal service funds are Fleet Management, Technology Services, Materials Management, Engineering and Development Services, Risk Retention, and Health Insurance. Each internal service fund listed is funded through payments from various City departments for the actual services received from the specific fund.

<u>Fleet Management Fund</u> - The Fleet Management Fund accounts for the maintenance and repair of the City's vehicle and equipment fleet.

<u>Technology Services Fund</u> – The Technology Services Fund provides computer services such as programming, support, training, and maintenance of the City's computer resources and telephone maintenance.

<u>Materials Management Fund</u> – The Materials Management Fund is comprised of purchasing and warehouse operations. This internal service fund is responsible for procuring goods and services for City departments and the warehouse maintains an inventory of materials and supplies used by City departments.

<u>Engineering and Development Services Fund</u> – The Engineering and Development Services Fund is comprised of the following operations: Engineering, Real Estate, Public Works Inspections, and Development Review. This internal service fund is responsible for providing the above services primarily to internal city departments although some services are provided to external entities.

<u>Risk Retention Fund</u> – The Risk Retention Fund records the activities associated with providing general liability insurance coverage and self funded activities for City operations.

<u>Health Insurance Fund</u> – The Health Insurance Fund accommodates self-insurance operations.

BUDGET BASIS

The budget for the General, Special Revenue, Debt Service, and Capital Improvement Program (CIP) Funds are prepared on the modified accrual basis of accounting. Under this basis of accounting, revenues are recognized when they become both "measurable" and "available" to finance expenditures of the current period except where the accrual basis is specified by generally accepted accounting principles. Expenditures are recognized when the related fund liability is incurred, except for (1) inventories of material and supplies which may be considered expenditures either when purchased or when used; (2) prepaid insurance and similar items which need not be reported; (3) accumulated unpaid vacation, sick pay, and other employee benefit amounts which need not be recognized in the current period; (4) interest on special assessment indebtedness which may be recorded when due rather than accrued, if approximately offset by interest earnings on special assessment levies; and (5) principal and interest on long-term debts which are generally recognized when due. Budgets for the Enterprise and Internal Service Funds are prepared on the full accrual basis of accounting under which transactions are recognized when they occur regardless of timing or related cash flows.

ORGANIZATIONAL RELATIONSHIPS

A department is a major administrative segment of the City, which indicates overall management responsibility for an operation or a group of related operations within a functional area. The smallest organizational unit budgeted is the division. The division indicates responsibility for one functional area, and in many cases these functional areas are put together to demonstrate a broader responsibility. When this is done, the divisions are combined to make up a department.

FY 2013-14 Budget Overview

STRATEGIC PLAN

The City of Denton uses a Strategic Plan as a roadmap to achieve long-term goals and objectives that capture the City's Vision, Mission, and Value statements. The Strategic Plan is a product of the input generated from the 2008/2009 Citizen Survey, two City Council Planning Sessions, two Leadership Retreats, a special appointed Strategic Planning Steering Committee, and various City Council discussions. The Strategic Plan was formally approved by the City Council in April 2011, and in January 2012, the Strategic Plan was reviewed and affirmed by the City Council during their annual planning retreat. In May 2013, the City Council discussed the Strategic Plan and priorities for the FY 2013-14 Budget. As a result of this discussion, the FY 2013-14 Strategic Plan and associated key performance indicators have been prepared, and the City Council will be asked to approve the plan in September along with the budget itself.

The Strategic Plan serves as the basis for resource allocation decisions that are used in the development of the FY 2013-14 Proposed Budget. The Strategic Plan is organized into five Key Focus Areas (KFAs) and major goals associated with each KFA are also identified below.

Key Focus Area 1: Organizational Excellence
Goal 1.1 Manage financial resources in a responsible manner.
Goal 1.2 Develop a high performance work force.
Goal 1.3 Promote effective internal and external communication.
Goal 1.4 Provide exemplary customer service.
Goal 1.5 Utilize technology to enhance efficiency and productivity.
Key Focus Area 2: Public Infrastructure
Goal 2.1 Optimize resources to improve quality of City roadways.
Goal 2.2 Seek solutions to mobility demands and enhance connectivity.
Goal 2.3 Promote superior utility services and facilities.
Goal 2.4 Manage drainage infrastructure.
Goal 2.5 Develop Capital Improvement Program (CIP) based on community needs.
Key Focus Area 3: Sustainable Economic Development & Environmental Stewardship
Goal 3.1 Manage and facilitate growth, development, and redevelopment opportunities.
Goal 3.2 Encourage economic development.
Goal 3.3 Promote environmental sustainability.
Key Focus Area 4: Safe, Livable and Family Friendly Community
Goal 4.1 Enhance public safety in the community.
Goal 4.2 Seek clean and healthy neighborhoods in the City of Denton.
Goal 4.3 Provide quality, diverse, and accessible neighborhood services for the community.
Key Focus Area 5: Partnerships and Regional Leadership
Goal 5.1 Actively participate in regional, state, and federal initiatives.
Goal 5.2 Maintain visible and effective relationships with governmental and non-

In addition to the above KFAs and goals, the Strategic Plan also identified a number of specific and actionable objectives for the organization. The complete version of the strategic plan is provided in the introductory section of this document. In addition, specific performance indicators have been developed to track the City's

governmental organizations.

progress in accomplishing the goals and objectives identified. The performance indicators are published quarterly in the City's quarterly financial report.

The matrix below organizes the Key Focus Areas (KFAs) by service area in the organization. While every department has some level of responsibility for each KFA, the matrix is intended to only highlight the primary departments responsible for each KFA.

GENERAL FUND

RESERVE LEVEL

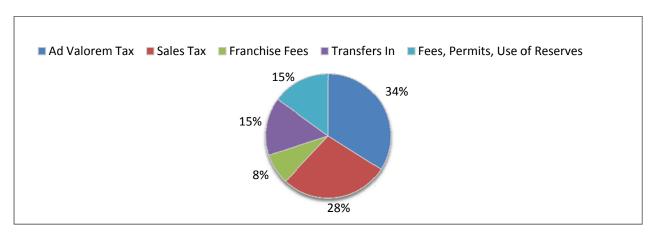

The City of Denton maintains a General Fund reserve balance for unanticipated expenditures, unforeseen revenue fluctuations, or other adverse circumstances. To ensure that resources are available for these types of issues, the City of Denton maintains a fund balance equivalent to 20% of budgeted expenditures, which is commensurate with cities similar to our size. The fund balance level, however, may be reduced to the equivalent of 15% of budgeted expenditures in unusual financial circumstances. If such a situation occurs, the City will implement necessary corrective action within a five-year plan to restore the fund balance to the equivalent of 20% of budgeted expenditures.

The estimated ending reserve balance of \$25,200,242 at the end of FY 2012-13 represents approximately 26.9% of estimated expenditures and is well above the targeted goal of 20%. The chart below provides a listing of the ending fund balances for the past two years, an estimated balance for the fiscal year ending September 30, 2013, and the projected balance for the fiscal year ending September 30, 2014. As detailed in the chart, the City has continued to maintain strong reserve balances over the past several years. Going forward, the City is forecasting to drawdown reserves for expenditures over the next five years. While the financial forecast projects the fund balance level will be below 20% beginning in FY 2015-16, this should only be interpreted as a planning estimate based on information available at this time. City Management will continue to monitor our financial performance, and make appropriate expenditure and/or revenue adjustments as necessary to maintain the 20% fund balance level.

	As of 9/30/11	As of 9/30/12	Estimated 9/30/13	Projected 9/30/14
Ending Balance	\$24,424,003	\$25,836,079	\$25,200,242	\$23,858,203
% of Total Expenditures	27.1%	29.6%	26.9%	24.1%
Target Goal %	20%	20%	20%	20%

REVENUES

The key General Fund revenue sources are discussed below. The chart below shows the source of our major revenues for FY 2013-14:

Property Tax

Approximately one-third of the total General Fund revenue is generated from ad valorem taxes. As shown below, the 2013 certified value increased by 3.91% or \$262,512,906 from the 2012 certified value. Analysis of the increase shows there was approximately \$174 million in new value added to the appraisal roll due to new growth and construction. Below is a chart with a detailed breakdown of certified values:

	2012 Certified Assessed Value	2013 Certified Assessed Value	Increase (Decrease)	Percent Change	New Value
General Government	\$6,706,462,587	\$6,962,293,178	\$255,830,591	3.81%	\$170,523,567
Downtown TIRZ	\$10,248,781	\$16,931,096	\$6,682,315	6.52%	\$3,855,976
	\$6,716,711,368	\$6,979,224,274	\$262,512,906	3.91%	\$174,379,543

The chart below provides a 10-year historical trend on property tax growth by percent.

In 2009, the City Council approved an increase in the over age 65 property tax exemption in \$5,000 increments over a five-year period until a \$50,000 exemption level is reached. The current exemption level is \$45,000 and, the Proposed Budget includes an increase in this exemption level to \$50,000 in FY 2013-14.

The FY 2013-14 Proposed Budget does not include any adjustment to the total tax rate. The proposed tax rate of \$0.68975 per \$100 of assessed valuation is above the estimated effective tax rate of \$0.68876. Of this amount, \$0.47480 is provided for operations and maintenance, and \$0.21495 is provided for debt service. While the tax rate remains the same, the proportion of the rate for debt service has been reduced from \$0.21887 to \$0.21495 and the rate of \$0.00392 is shifted to maintenance and operations which will provide more revenue to the general fund in the upcoming year. On the following page is a 10-year history of certified assessed values and tax rates.

Certified Values and Tax Rate History

Fiscal Year	Certified Assessed Value	Operations and Maintenance Tax Rate	Debt Service Tax Rate	Total Tax Rate
2004-05	\$ 4,374,943,831	\$ 0.39928	\$ 0.19887	\$ 0.59815
2005-06	\$ 4,789,376,811	\$ 0.42928	\$ 0.17887	\$ 0.60815
2006-07	\$ 5,441,228,909	\$ 0.44765	\$ 0.17887	\$ 0.62652
2007-08	\$ 6,089,499,775	\$ 0.44765	\$ 0.21887	\$ 0.66652
2008-09	\$ 6,291,359,112	\$ 0.44765	\$ 0.21887	\$ 0.66652
2009-10	\$ 6,327,909,022	\$ 0.44765	\$ 0.21887	\$ 0.66652
2010-11	\$ 6,230,117,958	\$ 0.47088	\$ 0.21887	\$ 0.68975
2011-12	\$ 6,412,375,004	\$ 0.47088	\$ 0.21887	\$ 0.68975
2012-13*	\$ 6,716,711,368	\$ 0.47088	\$ 0.21887	\$ 0.68975
2013-14*	\$ 6,979,224,274	\$ 0.47480	\$ 0.21495	\$ 0.68975

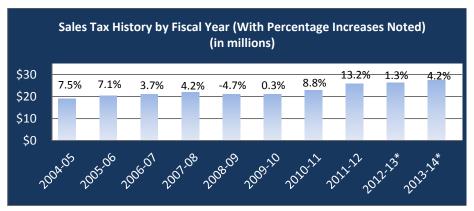

^{*}Certified Assessed Value includes \$10,248,781 for FY 2012-13 and \$16,931,096 for FY 2013-14 for the Downtown TIRZ.

Sales Tax

The second largest revenue source in the General Fund is sales tax. The FY 2012-13 year-end estimate of \$26,216,107 is \$250,000 or 1% less than the original budgeted amount but 1.3% or \$329,167 more than was received in FY 2011-12.

The FY 2013-14 Proposed Budget projects that sales tax will be \$27,326,141 which is 4.2% above the FY 2012-13 estimated amount. The five-year financial forecast projects a 3% increase in base sales tax receipts annually. The forecast also projects additional collections related to the Rayzor Ranch development and Golden Triangle Mall in FY 2013-14. The City has economic development agreements with Denton Crossing, Unicorn Lake, Golden Triangle Mall and Rayzor Ranch for sales tax rebates, which are shown as expenses in the Economic Development Department's proposed budget.

The following chart illustrates a 10-year history of sales tax collections:

*Sales Tax is an Estimated Amount

Franchise Fees

Approximately 8% of the General Fund's revenues are related to franchise fees. Typically assessed as a percentage of gross revenues, the purpose of the franchise fee is to provide compensation to the City in return for allowing utilities to access the City's rights-of-way. The FY 2013-14 Proposed Budget includes \$14,778,948 (\$7,592,570 in the General Fund) in franchise fees from various utilities operating in the City, including city-owned utilities. The total estimated franchise fee contribution to the Street Improvement Fund in FY 2013-14 is \$7,186,378. Since franchise fees are generally considered to be compensation for the use of the city-owned rights-of-way, the City is designating a portion of the franchise fees received in FY 2013-14 to the Street Improvement Fund, which was created in FY 2011-12. By doing so, this better establishes the linkage between the payment of franchise fees and the use of these funds on street maintenance activities. With this in mind, however, it is important to also note that the City is not required to spend franchise fees on street maintenance or any other specific activity. Rather, franchise fees are meant to be a General Fund resource, and as such, they may be spent on any activity deemed appropriate by the City Council. Additional details regarding the franchise fee allocation to street maintenance activities are contained in the Street Improvement Fund section of this document.

Other Major Revenues

The Proposed Budget also includes a \$150,000 increase in revenue related to building inspection/permit fees. The exact fee structure is still under development and staff will be providing additional details regarding the proposed fees over the coming weeks. In addition, the proposed budget reflects \$455,158 in new revenue associated with the Reprographics Division. This function was previously accounted for in the Technology Services Fund, but it is proposed in the General Fund in order to improve service delivery.

EXPENDITURES

Over several past fiscal years, various expenditure reductions were implemented, and the majority of these reductions will be maintained for FY 2013-14. One such measure is the managed vacancy program, which began in FY 2010-11. Under this plan, savings are achieved by establishing a target level of savings and monitoring vacancies to achieve this objective. As personnel turnover and attrition occur in the organization, vacant positions are evaluated to determine if they need to be filled or kept vacant according to the organization's priority needs. This approach allows the City to respond to service demands while continuing to properly manage resources.

The managed vacancy program is proposed again for the upcoming fiscal year, and the targeted savings is projected at approximately \$1,000,000. By maintaining the reductions implemented in prior years, and continuing the vacancy management program, enhanced programming is possible for FY 2013-14.

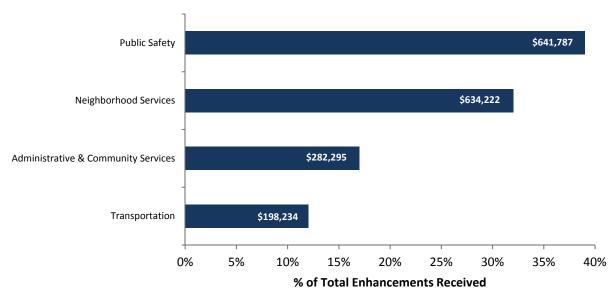

General Fund Expenditure Enhancements

In accordance with priorities established through the Strategic Plan, several General Fund expenditure enhancements are recommended for funding. The FY 2013-14 Proposed Budget recommends \$1,641,538 (\$1,169,074 net cost after applying associated revenues and cost offsets) in funding for program enhancements in the General Fund. In addition, \$115,000 in savings from various capital improvement projects has been identified for engineering, refurbishment and relocation costs associated with two Denton County Historic Bridges. Combined with \$250,000 in funding from FY 2012-13, the total cost of the project for the two Denton County Historic Bridges is \$365,000.

Enhancements in other funds totaling \$2,882,416 are also being recommended and are detailed in each fund's section in this document.

The chart below illustrates the funding amounts and the percentage of total enhancements recommended by service category:

For each respective service area identified in the Strategic Plan, a summary of the major funding enhancements proposed for FY 2013-14 are shown on the following pages. Additionally, the primary Key Focus Area (KFA) for each of these service areas is also identified.

PUBLIC SAFETY (\$641,787 in Total Enhancements) KEY FOCUS AREA 4: SAFE, LIVABLE, & FAMILY-FRIENDLY COMMUNITY

Police

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$621,127	\$0	\$621,127

Four new patrol officers are recommended for funding in the Police Department to enhance police patrols and response times in the community. An additional parking enforcement officer is also recommended for the department. The department has also applied for an auto theft task force grant to fund a full time civilian position and to offset existing resources dedicated to auto theft prevention. Award of the grant is pending and the hiring of the civilian position is contingent upon award of the grant. In addition, the proposed budget recommends funding the increased "fair share" amount of \$17,931 for the Children's Advocacy Center. This amount increases the total proposed budget from \$101,210 in FY 2012-13 to \$119,141 in FY 2013-14 which is included in the Police Department's proposed budget.

Municipal Court

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$20,660	\$0	\$20,660

The Municipal Court is proposing to convert to a new internet payment system (Insite Suite) which improves compatibility with its court system (Incode) and increases payment options for customers.

NEIGHBORHOOD SERVICES (\$634,222 in Total Enhancements)

KEY FOCUS AREA 3: SUSTAINABLE ECONOMIC DEVELOPMENT & ENVIRONMENTAL STEWARDSHIP;
KEY FOCUS AREAS 4: SAFE. LIVABLE. & FAMILY-FRIENDLY COMMUNITY

Library

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$93,000	\$0	\$93,000

A new Americans with Disabilities Act (ADA) ramp in the Emily Fowler Library is recommended for funding in the FY 2013-14 Proposed Budget. The ramp is needed to increase accessibility to the 2nd floor of the library due to reliability issues with the library's elevator. In addition, a Maker Space program with a 3D printer and Adobe Software Package is recommended for the North Branch Library. This space is recommended to provide programming enhancements in the Library and address the City Council suggestion for creating a "Collaborative Co-Working Space" for entrepreneurs in the community.

Planning

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$19,881	\$0	\$19,881

Additional funding is recommended for Human Services Agencies in the FY 2013-14 Proposed Budget. Details regarding the increased funding are provided in the Other Agency Contributions section of this document.

Parks and Recreation

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$406,341	\$115,000	\$521,341

In the Parks and Recreation Department, a variety of enhancements are proposed for FY 2013-14. Additional temporary personnel are proposed for various athletic programs in the department as well as funding for restocking of vending machines by staff. Two field service workers are proposed to be hired in July 2014 to assist with maintenance of the new Vela Soccer Complex. Various projects are recommended for the City's

Natatorium and Water Park with some of these items being eligible for reimbursement by the Denton ISD, including additional temporary personnel for concessions. In the Natatorium: the pool heater and locker floor/doors, LED lights, and the front desk are recommended to be replaced. In the Water Park: concessions and related equipment, and preventative maintenance of slides are recommended. Funding is also provided (\$115,000) for engineering, refurbishment and relocation costs associated with the Denton County Bridge project.

ADMINISTRATIVE & COMMUNITY SERVICES (\$282,295 in Total Enhancements)

KEY FOCUS AREA 1: ORGANIZATIONAL EXCELLENCE; KEY FOCUS AREA 2: PUBLIC INFRASTRUCTURE; KEY FOCUS AREA 3: SUSTAINABLE ECONOMIC DEVELOPMENT & ENVIRONMENTAL STWEARDSHIP

Facilities Management

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$75,000	\$0	\$75,000

In Facilities Management, funding is recommended for various projects to improve Americans with Disabilities Act (ADA) accessibility for city-owned facilities.

Legal

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$136,595	\$0	\$136,595

A new Deputy Assistant City Attorney is recommended in the Legal Department. This position will assist with the City's increased capital improvement program in order to obtain necessary rights-of-way and other real estate acquisitions.

Human Resources

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$30,000	\$0	\$30,000

Funding is recommended in the Human Services Department to create a Leadership Development Training Program. The goal of the program is to develop leadership and management competencies in employees and solve organizational challenges using alternative/innovative methods.

Economic **D**evelopment

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$20,000	\$0	\$20,000

Funding is recommended to provide resources for technical assistance/training and networking events for an Entrepreneurship and Small Business Development Program within the Economic Development Department.

City Manager's Office

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$20,700	\$0	\$20,700

Funding is recommended to restore the City Council's contingency funds for FY 2013-14. Each Council Member will have \$2,500 to be utilized on projects deemed, in consultation with the City's Legal Department, to have a public purpose. In addition, funding is also recommended for sanitation and handwashing enhancements at the Community Market.

TRANSPORTATION (\$198,234 in Total Enhancements)

KEY FOCUS AREA 2: PUBLIC INFRASTRUCTURE

Traffic

General Fund	Other Fund	Total Enhancement
Support	Support	Funding
\$198,234	\$0	\$198,234

In Traffic Operations, funding is recommended for LED light replacements, additional funding for pavement markings, and traffic signal battery backups.

Additionally, funding for traffic signal replacements are detailed in the Capital Improvement Program section of this document.

Other Expenditure Items

In addition to the funding recommendations for FY 2013-14, several items are proposed to be funded in FY 2012-13 from existing appropriations. In particular, the City is recommending \$238,000 to seek a Municipal Settings Designation ("MSD") for the downtown area. The MSD law sets conditions for properties that limit the requirements for contaminated groundwater to be remediated to drinking water standards. MSDs are considered applicable in cases where the designated groundwater is not currently used for potable water, and establish restrictive conditions that prohibit the future use of designated groundwater for potable purposes. The exact boundaries of this Municipal Setting Designation will be finalized via discussions with Council, but could include the central business district, Downtown Implementation Plan area, and selected adjacent properties. This Designation will help to minimize environmental liabilities and cleanup requirements associated with the shallow groundwater common to these areas. Minimizing shallow

groundwater cleanup requirements will reduce liabilities for municipal properties, help facilitate development in the downtown area by reducing costly remediation requirements, and will help ensure that contaminated properties are remediated.

To assist with the planning of future public arts projects, a Public Arts Master Plan (\$80,000) has been proposed in the Parks and Recreation Department. In August, staff will provide the City Council with more details on this project. In addition, potential amendments to the Public Art Policy will be presented for consideration as well.

In the Fire Department, funding is proposed to replace Honor Guard uniforms and equipment (\$8,600). The Honor Guard recently represented the City in ceremonies in West, Texas and members served as chaperones for various fallen first responders and their families throughout the State of Texas.

In the Municipal Court, funding is proposed for construction of staff and jury support offices (\$45,000) and installation of a courtroom recording and evidence system (\$10,000).

In Traffic Control, funding is proposed for maintenance expenses related to signalization (\$16,250).

Funding has also been set aside from savings in various capital improvement projects (\$250,000) for engineering, refurbishment and relocation costs associated with two Denton County Historic Bridges.

In summary, funding in the amount of \$647,850 is recommended in FY 2012-13 for the purposes mentioned above. Funding is primarily provided by the General Fund although \$260,000 of this amount is provided from other funding sources.

Compensation

For FY 2013-14, an average 3% merit increase for non-civil service employees is proposed and pay adjustments are recommended for civil service employees based on the meet and confer agreement. To address changing labor market conditions, the five-year financial forecast also includes an average 3% merit increase for employees in each year of the financial plan.

Compensation for positions in the City is organized by pay (market) bands. The pay bands identify a minimum, midpoint, and a maximum pay for each position classification in the City. The midpoint represents an estimate of the average wage for an equivalent position in the marketplace. Due to a number of factors, a large percentage of employees within the City continue to receive compensation below the marketplace average. As a result, it is recommended that employees be considered for an equity adjustment if their pay is below the midpoint and they are performing at a satisfactory level. The Proposed Budget also includes normally scheduled step increases for civil service public safety personnel.

The following charts are summaries of compensation increases for employees over the past four years:

Fiscal Year Compensation Equivalent (Non Civil Service) 2010-11 No Increase Recommended 2011-12 2% Average Merit Based Increase 2012-13 3% Average Merit Based Increase and Equity Pay Adjustments for affected employees 2013-14 3% Average Merit Based Increase and Equity Pay

Adjustments for affected employees

Compensation Increase History

Civil Service Compensation Increases History

Fiscal Year	Compensation Equivalent	
2010-11	No increase recommended but eligible step pay	
	increases for both Police and Fire civil service	
	positions were included.	
2011-12	2% Increase. Eligible step pay increases for both	
	Police and Fire civil service positions were included.	
2012-13	3% Increase. Eligible step pay increases for both	
	Police and Fire civil service positions also included.	
2013-14	Increases based on Meet & Confer Agreements.	
	Eligible step pay increases for both Police and Fire	
	civil service positions also included.	

Through deliberations, City Management and Police and Fire employee associations agreed to meet and confer agreements that include provisions for compensation. Both agreements apply to civil service employees only and include a similar pay philosophy. The goal of each compensation plan is to achieve a pay structure that is equal to the market survey averages plus 5% in each rank compared to twelve Metroplex police and fire agencies. As part of each agreement, the increases for Police and Fire civil service employees may be limited to an amount equal to the average compensation increases budgeted for civilian employees. After reviewing appropriate recommended compensation market data and the availability of financial resources, and in consideration of the above mentioned policy, increases in compensation for civil service employees will be based on the percentage needed to keep each position at 5% above the survey market average in FY 2013-14. In some cases, this will result in various ranks receiving different increases or some ranks receiving no increase. The proposed budget also includes normally scheduled STEP increases for civil service public safety personnel.

Other Agency Contributions

Other agency contributions represent allocations for the City of Denton to outside organizations for specific agreed upon purposes. The Human Services Committee received requests totaling \$511,829 for FY 2013-14. The Human Services Committee recommended total funding of \$317,000 which is a 6.7% increase from the FY 2012-13 funding level. This funding is split between support from the Community Development Block Grant (CDBG) of \$127,119 and \$189,881 from the General Fund. The General Fund's FY 2013-14 contribution is \$19,881 more than in FY 2012-13. The total support provided in the General Fund (compared to 2010 census population of 113,383) is approximately \$1.67 per capita compared to \$1.50 per capita in the FY 2012-13 Budget. In future years, City Management intends to increase the per capita funding level by an incremental amount each year.

Grants

The City benefits from a variety of federal, state and local grants. In addition, the City routinely provides matching funds for various programs. A complete list of grants is provided in the Proposed Budget in the miscellaneous funds section of the document. The total grant budget for FY 2013-14 is \$4,766,074.

Capital Improvement Program

The Capital Improvement Program (CIP) represents the City's five-year plan for infrastructure and equipment funding. The CIP is reviewed each year to reflect changing priorities and to provide a framework for identifying capital requirements, the impact of capital projects on operating budgets, and project scheduling/coordination.

The General Government CIP includes non-utility projects such as streets, parks, and other general government facilities that are typically funded through general obligation bonds or certificates of obligation. Approximately every five years, the City has appointed a citizen bond committee to make recommendations to Denton residents on capital improvement needs.

The City formed a citizen's bond advisory committee in April 2012 to focus primarily on developing recommendations for street infrastructure improvements and citizens approved the \$20.4 million bond package in November 2012. The package included various streets projects, valued at \$20 million and public art improvements of \$0.4 million. The City is preparing for an additional voter approved bond election in November 2014. The preliminary size of this election is \$50 million for six years from FY 2014-15 through FY 2019-20. This \$50 million program is anticipated to require an increase in the debt service tax rate in FY 2015-16 under current growth assumptions. Additional information will be presented to the City Council in October to discuss the potential election and size of the bond program.

The General Government CIP includes the issuance of \$4 million in General Obligation Bonds in FY 2013-14 which represents the second year of street projects approved by voters in November 2012. In addition, the General Government CIP includes the issuance of \$8.5 million in Certificates of Obligation for the following projects: \$1 million for replacement of 4 traffic signals (Bell & Sherman; Eagle & Elm/Ft. Worth Drive; Carroll & Crescent; and Carroll & Parkway); \$3 million for reconstruction of Fire Station #2; \$1 million for Civic Center Pool Improvements; \$2 million for vehicle replacements; and \$1.5 million for maintenance of city facilities.

The Utility CIP includes projects for the City's enterprise funds, such as Electric, Water, Wastewater and Drainage that are funded from non-tax revenue. The Utility CIP is designed to make sufficient investments in infrastructure in order to provide reliable service to our customers. The CIP for Solid Waste is also included and reflects the anticipated level of projects to be funded from certificates of obligation. The Public Utilities Board (PUB) is responsible for developing a recommendation of the Utility CIP to be presented to the City Council for approval.

UTILITY FUNDS

RESERVE LEVELS

The Utility Departments and the Public Utilities Board have developed financial strategies and objectives to achieve and maintain reserve balances that provide adequate working capital and rate stabilization levels. These reserve targets are based in large part on the Government Finance Officers Association (GFOA) best practices for enterprise funds. In general, "Reserves" are divided into two components: Working Capital and Rate Stabilization. Working Capital is used to accommodate short-term cycles of revenues and expenses and address anticipated and unanticipated (small scale) changes in revenues and expenses. Rate Stabilization includes components to address revenue and rate stability. The working capital target for each utility is 30 days (8%) of average budgeted expenditures.

The rate stabilization targets vary and are based on the unique operational characteristics of each utility. Factors that affect the target rate stabilization reserve level include revenue stability, expense volatility, infrastructure age, debt levels, and management plans for use of reserve funds. When the rate stabilization reserve level targets were developed in FY 2011-12, they were contemplated to represent a specific threshold. After further consideration, however, staff now recommends that ranges be utilized for the reserves in the Electric, Water and Wastewater Funds.

The proposed working capital and rate stabilization reserve targets are as follows (presented as a percentage of expenses):

	Electric	Water	Wastewater	Solid Waste
Working	8.0%	8.0%	8.0%	8.0%
Capital				
Rate	8.0-12.0%	17.0-25.0%	12.0-16.0%	4.0%
Stabilization				
Total	16.0-20.0%	25.0-33.0%	20.0-24.0%	12.0%
Equivalent	(60-75 days)	(90-120 days)	(75-90 days)	(45 days)
Days of				
Operating				
Expenses				

Since these targets vary from what was approved previously by the City Council, staff will ask the Council to formally approve these reserve targets in September when the budget is presented for adoption.

In addition to the above amounts, the Water and Wastewater Funds maintain separate impact fee and development plan line reserves. For FY 2013-14, the Wastewater Fund also maintains a separate drainage reserve to be used for repairs of the drainage system in the event of major unforeseen circumstances. The Solid Waste Fund also maintains a separate reserve for Landfill Closure/Post-closure purposes.

The operating budgets, capital improvement plans and rate increases projected in the utilities five-year financial plans have been developed to support these targeted reserve fund balances and are addressed below.

AGING INFRASTRUCTURE

As in the prior year the Utilities will continue their financial strategy of replacing an increasing percentage of existing assets with current revenue instead of debt. The issuance of debt will be generally reserved for the addition of new assets. This strategy will reduce the reliance on debt issuance and maintain adequate debt coverage ratios for the Electric, Water and Wastewater utilities.

The projected operating budgets, capital improvement plans and rates contained in the five-year financial plan contemplate a phased approach to revenue funded asset replacements and maintain debt coverage ratios at bond covenant levels.

ELECTRIC FUND

The FY 2013-14 Electric Proposed Budget includes \$151,242,980 in revenues and \$168,359,750 in expenditures. The Electric Proposed Budget will use \$17,116,770 in reserves to balance the budget. This planned use of reserves is primarily related to scheduled expenses associated with the Texas Municipal Power Agency (TMPA) contract.

Rates

The FY 2013-14 Denton Municipal Electric (DME) Proposed Budget includes a 2.5% increase in base rates. The Energy Cost Adjustment (ECA) rate will be adjusted as necessary based on changes in energy costs. For FY 2013-14, the ECA rate is budgeted as 4.0 (3.8 actual) cents/kWh.

Personnel Changes

The FY 2013-14 DME Proposed Budget includes an increase of 21.0 new FTEs, of which 7.0 FTEs are related to the enhanced CIP program and 11.0 FTEs are related to the new Energy Management Division needed to manage duties currently performed by an outside firm.

- 1.0 FTE in Electric Administration for financial assistance and support.
- 1.0 FTE in Operations for power line support.
- 1.0 FTE in System Operations for system operator.
- 7.0 FTEs related to CIP Program:
 - 3.0 FTEs in Distribution Crew Foreman, Senior Lineman & Lineman IV.
 - o 3.0 FTEs in Engineering Engineering V and Engineering Technicians.
 - o 1.0 FTE in Substations Substation Technician.
- 11.0 FTEs in Energy Management:
 - o 1.0 FTE for Market Operations Supervisor.
 - o 3.0 FTEs for Senior Energy Market Operators.
 - 1.0 FTE for Senior Risk Control Analyst.
 - o 1.0 FTE for Senior ERCOT Transmission Analyst.
 - 1.0 FTE for Senior Contract/Fuel Analyst.
 - o 1.0 FTE for Settlement & Rates Administrator.
 - o 1.0 FTE for Energy Market Technician.
 - o 1.0 FTE for Energy Project Development Manager.

Return on Investment (ROI) and Franchise Fee

The DME Proposed Budget includes a 3.5% ROI payment and a 5.0% franchise fee payment to the General Fund. The ROI and franchise fee payments are calculated using an estimated annual average ECA of 3.00 cents/kWh, which is the cap for both payments set by the City Council.

Major CIP Projects

The Electric Fund CIP budget includes funding for the following major capital projects in FY 2013-14:

	Transmission Lines:	\$ 38.9 million
	Transmission Substations:	\$ 30.2 million
	Feeder Extensions and Improvements:	\$ 16.8 million
	Distribution Substations:	\$ 17.4 million
	New Residential and Commercial Service:	\$ 3.1 million
>	Automated Meter Reading:	\$ 3.0 million
	TOTAL:	\$ 109.4 million

Including the improvements discussed above, the FY 2014-18 five-year capital improvement program is \$366 million, approximately \$64 million more than the prior five-year plan approved in FY 2012-13. The enhanced program is necessary to improve the reliability of the electric system, meet the expected growth in demand for electric services, replace aging infrastructure, and comply with new regulatory requirements.

WATER FUND

The FY 2013-14 Water Fund Proposed Budget includes revenues of \$42,577,060 and expenditures of \$42,905,805. For FY 2013-14, reserves in the amount of \$328,745 will be used to balance the budget. The table below illustrates budgeted water sales for FY 2012-13 and projected sales for FY 2013-14.

Treated Water Sales by Customer Type (In Billions of Gallons)						
FY 2012-13 FY 2013-14 Difference						
Retail Customers	6.143	6.180	0.037			
Wholesale Customers 0.109 0.108 (0.001)						
Total	6.252	6.288	0.036			

Rates

An 4% rate increase for retail water customers is proposed contingent on cost of service adjustments. The five-year financial forecast includes future rate increases to support the replacement of aging infrastructure, maintenance and reserve fund goals. Wholesale rates will be updated per their respective agreements.

Personnel Changes

The Water Department budget includes 3 new FTE's.

- 1.0 FTE for an Operation in Water Production.
- 1.0 FTE for a Meter Mechanic in Water Metering.
- 0.5 FTE for a Technical Operations Specialist in the Water Laboratory.
- 0.5 FTE for two part-time temporary Customer Service Representatives in Utility Customer Service.

Major CIP Projects

The Water Fund CIP budget includes funding for the following major capital projects in FY 2013-14:

Distribution System Upgrades:	\$	7.1 million
State Highway Relocations:	\$	6.9 million
Field Services Replacements:	\$	4.3 million
TOTAL:	\$1	18.3 million

Consistent with the financial strategies discussed earlier regarding the City's aging infrastructure replacement plans, a portion (approximately 38.5%) of the CIP for FY 2013-14 is proposed to be funded with revenue instead of debt. The FY 2013-14 revenue funded projects total approximately \$9.3 million.

WASTEWATER FUND

The FY 2013-14 Wastewater Proposed Budget includes revenues of \$29,777,228 and expenditures of \$30,327,234. For FY 2013-14, reserves in the amount of \$550,006 will be used to balance the budget. Below is a table illustrating budgeted wastewater billed volumes in FY 2012-13 and projections for FY 2013-14.

	Wastewater Billed Volumes	(In Billions of Gallons)	
	FY 2012-13	FY 2013-14	Difference
Retail	3.917	3.935	0.018
Effluent	0.093	0.040	(0.053)
Wholesale	0.215	0.205	(0.010)
Total	4.224	4.180	(0.044)

Rates

A 9% rate increase is proposed for retail wastewater customers contingent on cost of service adjustments. The Five-Year Financial Forecast includes future rate increases to support the replacement of aging infrastructure, maintenance and reserve fund goals.

Personnel Changes

The Wastewater Department budget includes 2.5 new FTE's.

- 1.0 FTE for a Wastewater Operator in Water Reclamation.
- 0.5 FTE for a Technical Operations Specialist in the Wastewater Laboratory.
- 1.0 FTE for a Storm Water Specialist in Watershed Protection.

Major CIP Projects

The Wastewater Fund CIP budget includes funding for the following major capital projects in FY 2013-14:

Collection System Upgrade:	\$1	l6.3 million
Field Services Replacements:	\$	4.3 million
State Highway Relocations:	\$	$3.9 \ million$
Plant Improvements:	\$	1.5 million
Infiltration/Inflows:	\$	1.5 million
TOTAL:	\$2	27.5 million

Consistent with the financial strategies discussed earlier regarding the City's aging infrastructure replacement plans, a portion (approximately 19.5%) of CIP for FY 2013-14 is proposed to be funded with revenue instead of debt. The FY 2013-14 revenue funded projects total approximately \$5.8 million.

SOLID WASTE FUND

The FY 2013-14 Solid Waste Budget includes \$26,353,035 in revenues and expenditures of \$26,312,990. The chart below illustrates Solid Waste production.

Solid Waste Production (In Tons)								
	FY 2012-13	FY 2013-14	Difference					
Gross Tons of Waste	237,843	247,687	9,844					
Recycled Tons	48,045	49,824	1,779					
Total Landfill Tonnage	173,207	180,991	7,784					

Rates and Fees

The following monthly fee increases are recommended to the Solid Waste schedules:

Rate Increase	FY 2012-13	FY 2013-14	Variance
Residential Refuse	\$20.10	\$20.75	\$0.65
(Standard Cart)			
Residential Refuse	\$24.20	\$25.65	\$1.45
(Large Cart)			
Residential Refuse	\$19.10	\$19.75	\$0.65
(Small Cart)			
Residential Recycling	\$5.15	\$5.25	\$0.10
Landfill	\$43.50	\$43.50	\$0.00

Additionally, commercial rates are projected to increase which will generate approximately 3.6% in additional revenue in FY 2013-14. Specific rate increases will vary based on the size of container and frequency of service.

Personnel Changes

Two additional personnel are included for FY 2013-14:

- 1 FTE for an Administrator in Solid Waste Administration.
- 1 FTE for a Crew Leader in Construction.

Major CIP Projects

The Solid Waste Fund CIP budget includes funding for the following major capital projects in FY 2013-14:

	Site Operations:	\$3.8 million
>	Vehicle additions/replacements:	\$2.3 million
>	Disposal/Landfill:	\$1.1 million
	TOTAL:	\$7.2 million

Utility Rate Change Summary

Below is a chart which depicts the rate increases discussed above and the monthly financial impact to an average residential customer (1,300 kWh/month, electric; 9,200 gallons/month, water; 6,000 gallons/month, wastewater; and standard sized refuse and recycle cart, solid waste):

	FY 2012-13	FY 2013-14	Increase	%Change
Electric ¹	\$125.07	\$126.97	\$1.90	1.5%
Water	\$45.61	\$47.49	\$1.88	4.1%
Wastewater	\$30.00	\$32.25	\$2.25	7.5%
SW – Standard Cart	\$20.10	\$20.75	\$0.65	3.2%
SW – Recycling Services	\$5.15	\$5.25	\$0.10	1.9%
Total	\$225.93	\$232.71	\$6.78	3.0%

¹ FY 2013-14 and FY 2012-13 includes an Energy Cost Adjustment (ECA) rate of \$0.038. The average base rate increased by 2.5% from \$0.05350 in FY 2012-13 to \$0.05484 in FY 2013-14.

Miscellaneous and Internal Service Funds

STREET IMPROVEMENT FUND

The Street Improvement Fund was established in FY 2011-12. The purpose of the fund is to provide a dedicated mechanism to account for street maintenance and improvement activities. The Street Improvement Fund receives revenue from a portion of franchise fees previously accounted for in the General Fund. Fees associated with streets cuts are also recorded in the Street Improvement Fund.

Interest cost savings associated with issuing Certificates of Obligation in lieu of Revenue Bonds are also transferred to the Street Improvement Fund from the utility funds. Beginning in 2010, the City changed the manner by which the utilities issue debt to fund capital improvements by selling General Obligation Bonds instead of Revenue Bonds. Using the AA credit rating of the General Obligation Bonds, rather than the AA-credit rating of the Revenue Bonds, the City was able to lower the interest costs to the Utility funds. As such, this budget proposes to transfer \$379,911 in interest cost savings from the utility funds to the Street Improvement Fund in FY 2013-14.

The proposed FY 2013-14 Budget includes three new field service worker FTEs. These positions will be used to provide enhanced street maintenance services to the community. The budget also includes \$879,316 for vehicles and equipment purchases. Additionally, \$300,000 is included in the budget to prepare a roadway impact fee study. For FY 2013-14, revenues and expenditures are budgeted to be \$8,204,203. This level of expenditures represents all street operations that were previously recorded in the General Fund prior to FY 2011-12. The total operating funding for street maintenance has increased from \$4.36 million in FY 2008-09 to a proposed \$8.2 million for FY 2013-14. A more detailed discussion on street maintenance funding and costs is scheduled for discussion with the City Council on August 13, 2013.

DOWNTOWN TAX INCREMENT REINVESTMENT ZONE FUND

The Downtown Tax Increment Reinvestment Zone Fund (TIRZ #1) was a newly created fund in FY 2011-12 through Ordinance No. 2010-316, which was adopted on December 7, 2010. The fund accounts for the tax revenues that are collected above the FY 2010-11 levels in the downtown area. The base value for TIRZ #1 is \$79,356,854, and the certified value for FY 2013-14 is \$96,287,950, which represents an increase of 21.3% or \$16,931,096. For FY 2013-14, revenues of \$116,782 are included. No expenditures have been identified by the TIRZ #1 Board at this time.

WESTPARK TAX INCREMENT REINVESTMENT ZONE FUND

The Westpark Tax Increment Reinvestment Zone Fund (TIRZ #2) was created through Ordinance No. 2012-366, which was adopted on December 18, 2012. The fund accounts for the tax revenues that are collected above the FY 2012-13 levels. The base value for TIRZ #2 is \$119,458. However, the 2013 certified value is \$116,277. As such, no revenues or expenditures have been proposed for the TIRZ #2.

TOURIST AND CONVENTION FUND

The Tourist and Convention Fund records the receipt and distribution of the City's Hotel Occupancy Tax, which is levied at 7% of room rental rates. The City Council Hotel Occupancy Tax Committee is responsible for determining a recommendation on the allocation of funds annually. The Committee has recommended allocations for FY 2013-14 based on the most recent hotel occupancy tax forecast. The recommendation for funding is included in the Proposed Budget.

A joint partnership with the University of North Texas and a private developer to build and operate a convention center is also under consideration. To provide financial capacity for expenses associated with this project, \$100,000 is budgeted for contingency purposes and \$350,000 for one-time convention center marketing efforts.

RISK RETENTION FUND

The Risk Retention Fund is established to record the activities of providing insurance coverage and self-funded activities for City operations including vehicle, property, general liability and workers compensation claims. The FY 2013-14 Proposed Budget includes funding for contracting out some work associated with processing claims paid by the City.

HEALTH INSURANCE FUND

When the City switched to a self-funded health insurance plan in 2008, long-term savings were projected for the Health Insurance Fund. While the self-funded program has provided considerable savings as expected (an estimated \$5.5 million through 2012), the rising cost of health care continues to be a concern.

In an effort to address those rising costs, the City opened the Employee Health Center (clinic) in December 2011. The clinic provides primary care benefits at no cost to our employees, retirees, and dependents that are covered under the City's self-funded program. During the first year of operation, approximately 5,553 patient appointments were provided and 846 employees have completed a Health Risk Assessment (HRA) at the clinic. The HRA includes a comprehensive blood draw and a 40 minute follow-up appointment with the clinic physician.

Despite the City's wellness efforts, total health care costs increased in FY 2011-12 by approximately 29.37% compared to FY 2010-11. This was due to many factors such as an increase in fees related to United Healthcare's administration of our self-funded health plan, discovery of previously undiagnosed conditions by our employees due to the completed HRAs, and more claims over \$25,000 than in the prior year. Based on the data so far in FY 2012-13, health care costs appear to have stabilized and total costs are approximately 4% lower than this time last fiscal year.

For FY 2013-14, the proposed budget includes a 6% increase in the City contribution to the Health Insurance Fund, as well as various increases for employee contributions.

ENGINEERING AND DEVELOPMENT SERVICES FUND

The FY 2013-14 Proposed Budget recommends the creation of new internal service fund. The engineering functions that were budgeted in the Water, Wastewater and General Funds are being reorganized and consolidated into this new fund. This fund will combine capital engineering, development review engineering, contract engineering, public works inspections and real estate functions under one umbrella. The department will not include engineering functions for DME. Three new positions including a Director of Engineering, Administrative Assistant and a DRC Administrator are included in the proposed budget.

MATERIALS MANAGEMENT FUND

The Materials Management Fund is comprised of purchasing and warehouse operations. Materials Management is an internal service fund responsible for procuring goods and services for City departments, which is regulated by local, state and federal law. The department is also responsible for the warehousing of materials and supplies necessary for City departments to serve the community. To assist with administrative duties, a temporary administrative support position is recommended to be converted to full time. An additional Warehouse Specialist has also been recommended in the Distribution Center in FY 2013-14 to assist with material needs as a result of increased capital programs.

FLEET MANAGEMENT FUND

The Fleet Management Fund reflects the costs for providing vehicle maintenance and equipment-related support services to City departments. This internal service fund is comprised of four functional areas, including vehicle maintenance, fuel purchasing, vehicle parts contract and motor pool administration. The FY 2013-14 Proposed Budget includes recommendations for the purchase of a 50kW emergency generator. Additionally, the FY 2013-14 Proposed Budget includes \$250,000 in modifications to the fleet facility for Compressed Natural Gas (CNG) capabilities, which will be funded by the City's Solid Waste Fund.

TECHNOLOGY SERVICES FUND

The Technology Services Fund reflects the costs for providing technology support services to the various City departments. This internal service fund is comprised of seven separate functional areas, including administration, telecommunications, geographic information systems, application development, user support, public safety support, reprographics, and regulatory compliance.

Due to increasingly complex Information Technology requirements, the FY 2013-14 Proposed Budget includes funding for two additional positions (Regulatory Compliance Analyst and Application Development Specialist). In addition, an additional vehicle is recommended for the department.

RECREATION FUND

The Recreation Fund includes fee-based recreation programs and activities that are self-supporting. Fees that are charged recover the costs associated with the programs they support. The FY 2013-14 Proposed Budget includes funding for fitness equipment, ID card printers and recreational supplies at various recreation centers. Additionally, a one-time transfer of \$60,180 to the General Fund is recommended to fund the following: \$30,000 for Water Park slide preventative maintenance; \$10,400 to replace concession equipment in the Water Park; \$10,780 to replace locker doors in the Natatorium; and \$9,000 to replace the front desk in the Natatorium. The City will seek reimbursement for 50% of eligible costs from Denton ISD.

POLICE CONFISCATION FUND

The Police Confiscation Fund was established to record the receipt of confiscated contraband and the expenditures funded by that revenue as approved by the courts. Expenditures in this fund include \$198,730 for new vehicles and \$67,000 for upgrades to the dispatch center and jail and to install new shelving in the evidence room.

TRAFFIC SAFETY FUND

The Traffic Safety Fund is comprised of revenues and expenditures associated with the red light enforcement cameras. The City operated red light enforcement cameras at various intersections across the City. The fine revenue derived from violations has been earmarked for solar school flashers and equipment related to traffic enforcement and accident investigations.

AIRPORT FUND

The Airport Fund was established in FY 2010-11 as a self-sustaining enterprise. The fund is comprised of both operating expenses for the Airport and Airport Gas Well revenues. Expenditures for the Airport Fund include continuation of \$250,000 in funding for the third year of various road improvement projects and \$750,000 for capital improvements.

SPECIAL REVENUE FUNDS

The Tree Mitigation Fund is used to purchase, plant, and maintain trees on public property. While no exact cost information is available at this time, a citizens committee is exploring potential expenses. Accordingly, \$50,000 is programmed for contingency purposes.

The Public Education Government (PEG) Fund provides for the acquisition of production equipment, capital and other lawful PEG purposes. PEG fees are remitted to the City on a quarterly basis. Resources are programmed to support four public education government channels for the University of North Texas, Texas Woman's University, Denton Independent School District and Public Access. For FY 2013-14, various improvements are recommended for the Council Chambers and Work Session Room to improve audio/video quality. A replacement vehicle is also recommended for the department.

The McKenna Trust Fund is used to account for interest received from the George McKenna Trust, which was established in 1958 and currently is managed by JP Morgan Chase Bank. One half of the net income from this trust is distributed to Cook Children's Hospital in Fort Worth and one half of the net income is distributed to the City of Denton for use only in maintaining, developing, preserving, and improving the George McKenna Park in the City.

City of Denton, Texas Proposed Annual Program of Services

Periodically the City receives donations from the community for special purposes. The Miscellaneous Special Revenue Fund consists of separate donation collections for the Police Department, Fire Department and Animal Control. Revenue and expenses for these funds will be represented individually for budgeting purposes.

The Parks Land Dedication and Development Trust Funds are funds received from developers which provide for neighborhood parks and projects within ½ to 1 mile radius of the development or platting. Because of the specific use of these funds, projects planned for next fiscal year are concentrated in neighborhood park areas in the community. The Park Land Dedication funds will be used on Villages of Carmel, Bent Creek and Downtown park land. The Park Development Trust funds include neighborhood park development at Carl Young Park, North Lakes Dog Park, North Point Park, Lake Forest Park, McKenna Park, Milam Park and Avondale Park.

GAS WELL FUNDS

The City has three gas well funds: Parks Gas Well Fund, Airport Gas Well Fund, and the Non-Airport Gas Well Fund.

The City currently has several producing gas wells located on City owned property and throughout the community. Because gas well revenue is considered a short-term resource, the expenditures programmed from these funds for FY 2013-14 will be used to fund one-time needs. These expenditures are consistent with a City Council established policy that royalty, pooling and lease revenue from gas wells not be used to fund on-going operational expenses.

In FY 2012-13, it is expected that the Non-Airport Gas Well Fund will expend all available resources. As a result, the fund does not have any revenues or expenditures to budget for FY 2013-14.

The Parks Gas Well Fund will use \$40,000 for improvements to Denia Park athletic field, \$55,000 for expenses related to the Vela Soccer Complex, and a one-time transfer of \$45,500 to the General Fund to fund a new concession stand at the Water Park.

As mentioned previously, the Airport Gas Well Fund is reported as part of the Airport Fund which was established in FY 2010-11.

Human Services Advisory Committee 2013-14 Funding

	2012-13 Approved CDBG and General Fund		2013-1	4 Funding

MAJOR BUDGET ITEMS								
FY 2012-13	FY 2013-14							
the addition of 11.5 FTEs, including 6 FTEs for an enhanced Capital Improvement Program (CIP) as discussed in the Budget Overview section of this document.	The budget includes a 2.5% base rate increase. The budget reflects the addition of 21.0 FTE's: 7 FTE's are related to the increased capital program; 11 FTE's in the newly created Energy Management division needed to manage duties currently provided by an outside firm, and 3 FTE's for general operations.							

The format of this budget is being used to provide financial information in a manner that is commensurate to what is publicly available from the other municipal utilities and investor-owned utilities operating in Texas.

CAPITAL IMPROVEMENT PROGRAM (CIP) ADOPTED BUDGET

The Capital Improvement Program (CIP) represents the City's plan for development. The CIP is reviewed each year to reflect changing priorities, to provide a framework for identifying capital requirements, and to assess the impact of capital projects on operating budgets and the scheduling and coordination of related projects.

The CIP budget appropriates all available programmed funds, planned funding from other sources, and planned issuances of new General Obligation (GOs) Bonds and Certificates of Obligation (COs). Available programmed funds include unspent bond proceeds, internal revenue transfers and outside contributions. Internal revenue transfers and outside contributions comprise the bulk of planned other funding. Provided below is a summary of the total FY 2013-14 CIP proposed budget. Further CIP detail for planned issuances is provided in the following pages for each division.

	TOTAL		PLANNED				
DIVISION	PROGRAMMED AVAILABLE ¹	OTHER FUNDING	CO ISSUANCES ²	J	GO SSUANCES ³	•	TOTAL PROPOSED
General Government	\$ 120,502,003	\$ -	\$ 8,500,000	\$	4,000,000	\$	133,002,003
Electric	25,531,931	3,003,000	85,000,000		-		113,534,931
Water	2,833,195	9,326,678	12,000,000		-		24,159,873
Wastewater	368,311	5,829,346	23,500,000		-		29,697,657
Solid Waste	14,148,023	264,500	8,280,000		-		22,692,523
Airport	570,326	-	-		-		570,326
TOTAL	\$ 163,953,789	\$ 18,423,524	\$ 137,280,000	\$	4,000,000	\$	323,657,313

¹Expected balance as of October 1, 2013 including approximately \$83 million in unspent Regional Toll Revenue (RTR) funds received for the Mayhill Road and Bonnie Brae Street expansion projects (total received was approximately \$91 million).

²Certificates of Obligation (COs) sold for the Electric, Water, Wastewater, Solid Waste and Airport divisions are self-supporting from revenues associated with these operations. Utility System Revenue Bonds were previously sold for the Electric, Water and Wastewater utilities, but Certificates of Obligation (COs) are now utilized due to the substantial cost savings associated with this financing method.

 $^{^3}$ Represents the second debt sale associated with the \$20.4 million bond program approved by voters in November 2012.
