### Single Program

Date Range Selected : 09/01/2008 - 08/31/2009

| PGM | Case No. | Respondent Name                       | Effective Date  | Ratio  | Assessed Amt | Deferred Amt | Payable Amt | SEP Cost  | SEP Offset |
|-----|----------|---------------------------------------|---|--------|--------------|--------------|-------------|-----------|------------|
| AQ  | 36302    | Chevron Phillips Chemical Company, LP | 04/20/2009  | 1.00:1 | 52,879.00    | 10,575.00    | 21,152.00   | 21,152.00 | 21,152.00  |
|     |          | POLLUTION PREVENTION                  | <p>The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board.</p> |        |              |              |             | 21,152.00 | 21,152.00  |

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                      |   |            |          |           |          |           |           |           |
|----|----------------------|---|------------|----------|-----------|----------|-----------|-----------|-----------|
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. Older buses deemed not suitable for retrofitting will be permanently retired and sold only for scrap.<br><br>Acceptable retrofit technologies include particulate matter traps, diesel particulate matter filters, nitrogen oxides (NOx) reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by the United States Environmental Protection Agency ("EPA") or the California Air Resources Board.   | 8,278.00   | 8,278.00 |           |          |           |           |           |

### Single Program

|    |                      |  |            |           |           |          |           |           |           |
|----|----------------------|--|------------|-----------|-----------|----------|-----------|-----------|-----------|
|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used purchase equipment for activities related to recycling efforts at the Citizen's Recycling Center. The center is open to the general public and currently accepts glass, plastics, e-waste, paper, aluminium, mixed metals, appliances, oil and filters, and batteries. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 13,040.00  | 13,040.00 |           |          |           |           |           |
| AQ | 35498                | Diamond Shamrock Refining Company, L.P.  | 08/31/2009 | 1.00:1    | 93,236.00 | 0.00     | 46,618.00 | 46,618.00 | 46,618.00 |
|    | CLEAN UP             | RC&D will coordinate with local city and county government officials to clean-up sites where tires have been disposed of illegally. Contributions will be used to clean up illegal tire sites. Eligible sites will be limited to areas where a responsible party can not be identified and where there is no preexisting obligation to clean up the site by the owner or government. SEP monies will be used for the direct cost of collection and disposal of debris and tires.   | 46,618.00  | 46,618.00 |           |          |           |           |           |
| AQ | 35227                | DCP Midstream, LP  | 11/06/2008 | 1.00:1    | 72,600.00 | 0.00     | 36,300.00 | 36,300.00 | 36,300.00 |
|    | CLEAN UP             | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide local residents with a means of properly disposing household hazardous wastes such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers in one day collection events. SEP monies will be used to pay for the associated labor, materials, and disposal costs. Citizens will not be charged disposal fees. The project is administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. | 36,300.00  | 36,300.00 |           |          |           |           |           |
| AQ | 35856                | Lucite International, Inc.   | 03/12/2009 | 1.00:1    | 31,600.00 | 6,320.00 | 12,640.00 | 12,640.00 | 12,640.00 |
|    | POLLUTION REDUCTION  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient will contribute to Jefferson County for its Retrofit/Replacement of Heavy Equipment and Vehicles with Alternative Fueled Equipment and Vehicles. Specifically, the contribution will be used to purchase alternative fueled equipment such as propane or electric powered lawn mowers, propane powered light duty and heavy equipment, and alternative fueled vehicles and retire diesel and gasoline powered equipment and vehicles. Jefferson County will also convert current equipment and vehicles to alternative fueled equipment in order to lower emissions.  | 12,640.00  | 12,640.00 |           |          |           |           |           |
| AQ | 36990                | City of Plano  | 07/20/2009 | 1.00:1    | 1,050.00  | 210.00   | 0.00      | 840.00    | 840.00    |
|    | POLLUTION PREVENTION | The Performing Party shall provide reimbursement to schools, school districts, or school bus operators that retrofit, repower, or replace older school buses with newer model year buses or cleaner technology. Retrofitting, in this context, means installing devices to reduce exhaust emissions that are verified or certified by the U.S. Environmental Protection Agency (EPA) or the California Air Resources Board (CARB) as proven retrofit technologies. Repowering, in this context, means replacing older engines with newer, cleaner engines but keeping the same vehicle body. All replacement engines must be certified or verified by the EPA or CARB.   | 840.00     | 840.00    |           |          |           |           |           |

\* There are Multiple Respondent Names associated to this Case No.

### Single Program

|    |                     |  |            |           |           |           |           |           |           |
|----|---------------------|--|------------|-----------|-----------|-----------|-----------|-----------|-----------|
|    | POLLUTION REDUCTION | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to install, operate, and maintain a stationary ambient air monitoring station in the vicinity of Memorial High School Ninth Grade Campus. The station will employ canister sampling, a hydrocarbon analyzer, and/or a chromatograph. Ancillary equipment will include a sample conditioning system, a ten meter meteorological tower, a climate controlled equipment shelter, a remote communications system, and have electronic data logging capabilities. The station will continuously sample and analyze the ambient air for a wide range of hydrocarbon species in accordance with Environmental Protection Agency's recommended "TO-14" list. SEP monies will be used for the cost of purchasing, installing, operating, and maintaining the air monitoring station along with its ancillary equipment.   | 2,200.00   | 2,200.00  |           |           |           |           |           |
| AQ | 35603               | Hill-Lake Gas Storage, L.P.  | 11/17/2008 | 1.00:1    | 94,950.00 | 18,990.00 | 37,980.00 | 37,980.00 | 37,980.00 |
|    | CLEAN UP            | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 37,980.00  | 37,980.00 |           |           |           |           |           |
| AQ | 35954               | Exxon Mobil Corporation  | 01/30/2009 | 1.00:1    | 47,600.00 | 0.00      | 23,800.00 | 23,800.00 | 23,800.00 |
|    | POLLUTION REDUCTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 23,800.00  | 23,800.00 |           |           |           |           |           |

|----|----------------------|--|------------|--------|------------|----------|------------|------------|------------|
|    | POLLUTION PREVENTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |            |        |            |          | 1,200.00   | 1,200.00   |            |
| AQ | 35810                | Equistar Chemicals, LP   | 11/06/2008 | 1.00:1 | 5,650.00   | 1,130.00 | 2,260.00   | 2,260.00   | 2,260.00   |
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. Older buses deemed not suitable for retrofitting will be permanently retired and sold only for scrap.<br><br>Acceptable retrofit technologies include particulate matter traps, diesel particulate matter filters, nitrogen oxides (NOx) reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by the United States Environmental Protection Agency ("EPA") or the California Air Resources Board.  |            |        |            |          | 2,260.00   | 2,260.00   |            |

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                      |  |            |        |            |          |            |           |           |
|----|----------------------|--|------------|--------|------------|----------|------------|-----------|-----------|
|    | POLLUTION PREVENTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |            |        |            |          | 2,330.00   | 2,330.00  |           |
| AQ | 36335                | Honeywell International, Inc.  | 03/12/2009 | 1.00:1 | 2,700.00   | 540.00   | 1,080.00   | 1,080.00  | 1,080.00  |
|    | POLLUTION PREVENTION | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Texas PTA for the Clean School Bus Program in Orange County as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to reimburse local school districts for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fueled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |            |        |            |          | 1,080.00   | 1,080.00  |           |
| AQ | 34452                | Lehigh Cement Company  | 08/23/2009 | 1.00:1 | 160,140.00 | 0.00     | 104,550.00 | 55,590.00 | 55,590.00 |
|    | POLLUTION REDUCTION  | The contribution will be used to reimburse local school districts for the cost of retrofitting or replacing school buses with cleaner technology buses to reduce air pollution emissions.  |            |        |            |          | 55,590.00  | 55,590.00 |           |
| AQ | 37109                | Huntsman Polymers Corporation  | 07/09/2009 | 1.00:1 | 45,208.00  | 9,041.00 | 18,084.00  | 18,083.00 | 18,083.00 |
|    | CLEAN UP             | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Keep Odessa Beautiful, Inc. for the Household Hazardous Waste, Tire Collection, and Recycling program as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide citizens and schools with a safe and convenient opportunity to properly dispose of harmful chemicals and prevent illegal dumping of harmful wastes or tires. The following types of materials will be accepted: batteries, oil and oil filters, paints, household and/or school chemicals, and used tires. The items collected in these events will be either reused or properly disposed. Citizens may "reuse" unused portions of properly labelled and handled chemical products through the reusable materials exchange. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |            |        |            |          | 18,083.00  | 18,083.00 |           |

|    | POLLUTION REDUCTION  | Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contributions will be to the Texas Association of Resource Conservation and Development Areas, Inc. ("RC&D") for the Clean School Bus program in Titus County. Specifically, SEP monies for the Clean School Bus program will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of retrofitting or replacing older diesel buses with alternative fueled or clean diesel buses to reduce emissions. SEP funds may be used in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program.   | 49,088.00  | 49,088.00 |            |        |            |            |            |
| AQ | 37161                | Magellan Terminals Holdings, L.P.  | 08/23/2009 | 1.00:1    | 2,750.00   | 550.00 | 1,100.00   | 1,100.00   | 1,100.00   |
|    | POLLUTION PREVENTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 1,100.00   | 1,100.00  |            |        |            |            |            |

|    |                      |   |            |           |            |      |           |           |           |
|----|----------------------|---|------------|-----------|------------|------|-----------|-----------|-----------|
|    | POLLUTION PREVENTION | This SEP will provide significant and discernible environmental benefits to the Harris County area by providing measurements of concentrations of certain air pollutants. The information obtained from this monitoring site will provide the community with more knowledge of the types and quantities of pollutants present in this industrialized area. Data obtained from the monitoring site, and made available to the public, may be used by the TCEQ, EPA, scientists, local government and industry to reduce emissions, as appropriate. Because air quality is an important priority in the Harris County area, this project is focused on providing air quality data that may be used by the TCEQ, local programs, and other stakeholders to investigate and improve knowledge of any identified air quality concerns. Data from the project may be used to detect and track air emissions in near real-time to determine air pollution source locations for enforcement actions, permitting and regulatory decisions, potential future health effects studies and/or as part of a pollution program such as the Environmental Monitoring and Response System. The data also can be used by the TCEQ and the EPA to help determine if additional air quality problems that have not yet been detected exist in the Harris County area.   | 24,948.00  | 24,948.00 |            |      |           |           |           |

|    |       | POLLUTION PREVENTION                      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to implement the AutoCheck program. AutoCheck is a remote sensing system that detects polluting vehicles as they drive past the system. Motorists are informed if their vehicles are polluting via a large electronic sign. Once a vehicle is identified, qualified service stations perform repairs on these vehicles. Pre and post emissions tests are performed and tracked, and the service stations are reimbursed for their expenses. The monies shall be used to only pay for the repair vouchers, equipment maintenance, and a program operator. The operator shall only work on the AutoCheck program.   |        |           |          | 8,184.00  | 8,184.00  |

|    |       | CLEAN UP                                | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. |        |           |          |           | 15,375.00 | 15,375.00 |

|    |       | POLLUTION PREVENTION                    | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to host a one-day even in Tarrant County where 167 operational gas-powered walk-behind lawn mowers may be traded in for a discount on a clean-running electric mower. The City of Fort Worth ("the City") shall coordinate with retailers and/or manufacturers to provide a 20% discount off the retail cost of electric mowers. The City will pay 40% of the retail cost with SEP funds to keep out-of-pocket consumer costs comparable to that of buying a gas-powered mower. The discounted price for the consumer will be approximately \$209 for an electric mower that usually costs \$449.   |        |           |          |           | 13,000.00 | 13,000.00 |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |       |   |   |        |            |           |           |           |
|----|-------|---|---|--------|------------|-----------|-----------|-----------|
|    |       | POLLUTION REDUCTION                       | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to conduct home energy audits and to assist low income residents in the West Port Arthur area by weatherizing their homes which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking and insulating homes, replacing heating and cooling systems and major appliances with new, energy efficient equipment.  |        |            |           | 10,840.00 | 10,840.00 |
| AQ | 36623 | Huntsman Petrochemical Corporation        | 05/03/2009  | 1.00:1 | 117,715.00 | 23,543.00 | 47,086.00 | 47,086.00 |
|    |       | POLLUTION PREVENTION                      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient will contribute to Jefferson County for its Retrofit/Replacement of Heavy Equipment and Vehicles with Alternative Fueled Equipment and Vehicles. Specifically, the contribution will be used to purchase alternative fueled equipment such as propane or electric powered lawn mowers, propane powered light duty and heavy equipment, and alternative fueled vehicles and retire diesel and gasoline powered equipment and vehicles. Jefferson County will also convert current equipment and vehicles to alternative fueled equipment in order to lower emissions.   |        |            |           | 47,086.00 | 47,086.00 |
| AQ | 35904 | Building Materials Corporation of America | 02/08/2009  | 1.00:1 | 50,925.00  | 10,185.00 | 20,370.00 | 20,370.00 |
|    |       | POLLUTION REDUCTION                       | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Texas PTA for the Clean School Bus Program in Dallas County as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to reimburse local school districts for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |        |            |           | 20,370.00 | 20,370.00 |
| AQ | 35880 | ExxonMobil Oil Corporation                | 02/08/2009  | 1.00:1 | 17,250.00  | 3,450.00  | 6,900.00  | 6,900.00  |
|    |       | POLLUTION REDUCTION                       | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. Older buses deemed not suitable for retrofitting will be permanently retired and sold only for scrap.<br><br>Acceptable retrofit technologies include particulate matter traps, diesel particulate matter filters, nitrogen oxides (NOx) reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by the United States Environmental Protection Agency ("EPA") or the California Air Resources Board. |        |            |           | 6,900.00  | 6,900.00  |
| AQ | 36931 | Lide Industries LLC                       | 07/20/2009  | 1.00:1 | 30,100.00  | 0.00      | 15,050.00 | 15,050.00 |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                      |  |            |           |           |           |           |           |           |
|----|----------------------|--|------------|-----------|-----------|-----------|-----------|-----------|-----------|
|    | POLLUTION PREVENTION | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Texas PTA for the Clean School Bus Program in Freestone County as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to reimburse local school districts for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 15,050.00  | 15,050.00 |           |           |           |           |           |
| AQ | 34300                | Equistar Chemicals, LP   | 09/22/2008 | 1.00:1    | 51,984.00 | 10,396.00 | 20,794.00 | 20,794.00 | 20,794.00 |
|    | POLLUTION REDUCTION  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. | AQ | 36406                | Valero Refining-Texas, L.P.  | 02/08/2009 | 1.00:1    | 9,800.00  | 1,960.00  | 3,920.00  | 3,920.00  | 3,920.00  |
|    | POLLUTION PREVENTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Galveston County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fuelled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 3,920.00   | 3,920.00  |           |           |           |           |           |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                      |                             |  |        |          |          |          |          |
|----|----------------------|-----------------------------|--|--------|----------|----------|----------|----------|
|    | CLEAN UP             |                             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |        |          |          | 3,040.00 | 3,040.00 |
| AQ | 34673                | Valero Refining-Texas, L.P. | 11/17/2008   | 1.00:1 | 5,382.00 | 1,076.00 | 2,153.00 | 2,153.00 |
|    | POLLUTION REDUCTION  |                             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to implement the AutoCheck program. AutoCheck is a remote sensing system that detects polluting vehicles as they drive past the system. Motorists are informed if their vehicles are polluting via a large electronic sign. Once a vehicle is identified, qualified service stations perform repairs on these vehicles. Pre and post emissions tests are performed and tracked, and the service stations are reimbursed for their expenses. The monies shall be used to only pay for the repair vouchers, equipment maintenance, and a program operator. The operator shall only work on the AutoCheck program.   |        |          |          | 2,153.00 | 2,153.00 |
| AQ | 35777                | Exxon Mobil Corporation     | 11/17/2008   | 1.00:1 | 7,384.00 | 1,476.00 | 2,954.00 | 2,954.00 |
|    | POLLUTION PREVENTION |                             | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. ## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                      |  |            |        |           |          |           |           |           |
|----|----------------------|--|------------|--------|-----------|----------|-----------|-----------|-----------|
|    | POLLUTION PREVENTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |            |        |           |          | 5,560.00  | 5,560.00  |           |
| AQ | 35682                | Flint Hills Resources, LP  | 11/17/2008 | 1.00:1 | 25,850.00 | 5,170.00 | 10,340.00 | 10,340.00 | 10,340.00 |
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to conduct home energy audits and to assist low income residents in the West Port Arthur area by weatherizing their homes which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking and insulating homes, replacing heating and cooling systems and major appliances with new, energy efficient equipment.   |            |        |           |          | 10,340.00 | 10,340.00 |           |
| AQ | 31056                | ExxonMobil Oil Corporation   | 12/20/2008 | 1.00:1 | 55,200.00 | 0.00     | 27,600.00 | 27,600.00 | 27,600.00 |
|    | POLLUTION REDUCTION  | The county will purchase alternative fueled equipment such as propane or electric powered lawn mowers, propane powered light duty and heavy equipment, and alternative fueled vehicles and retire diesel and gasoline powered equipment and vehicles. The retired vehicles and equipment will not be resold as working vehicles, but will only be sold for scrap. The county will also convert current equipment and vehicles to alternative fueled equipment and vehicles and to retrofit current gasoline and diesel powered equipment in order to lower emissions.  |            |        |           |          | 27,600.00 | 27,600.00 |           |

| POLLUTION PREVENTION |       | The Respondents will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board.  |            |        |           |          | 15,211.00 | 15,211.00 |          |

|    | POLLUTION PREVENTION | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to install, operate, and maintain a stationary ambient air monitoring station in the vicinity of Memorial High School Ninth Grade Campus. The station will employ canister sampling, a hydrocarbon analyzer, and/or a chromatograph. Ancillary equipment will include a sample conditioning system, a ten meter meteorological tower, a climate controlled equipment shelter, a remote communications system, and have electronic data logging capabilities. The station will continuously sample and analyze the ambient air for a wide range of hydrocarbon species in accordance with Environmental Protection Agency's recommended "TO-14" list. SEP monies will be used for the cost of purchasing, installing, operating, and maintaining the air monitoring station along with its ancillary equipment. | 2,350.00   | 2,350.00  |           |          |           |           |           |

### Single Program

|    |                      |  |            |        |            |           |            |            |            |
|----|----------------------|--|------------|--------|------------|-----------|------------|------------|------------|
|    | POLLUTION PREVENTION | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Keep Odessa Beautiful, Inc. for the Household Hazardous Waste, Tire Collection, and Recycling program as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide citizens and schools with a safe and convenient opportunity to properly dispose of harmful chemicals and prevent illegal dumping of harmful wastes or tires. The following types of materials will be accepted: batteries, oil and oil filters, paints, household and/or school chemicals, and used tires. The items collected in these events will be either reused or properly disposed. Citizens may "reuse" unused portions of properly labelled and handled chemical products through the reusable materials exchange. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |            |        |            |           | 15,910.00  | 15,910.00  |            |
| AQ | 36717                | The Dow Chemical Company   | 08/31/2009 | 1.00:1 | 63,000.00  | 0.00      | 31,500.00  | 31,500.00  | 31,500.00  |
|    | POLLUTION PREVENTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Brazoria County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |            |        |            |           | 31,500.00  | 31,500.00  |            |

|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to assist in the rehabilitation of the wastewater treatment system, including: replacement of the main sanitary sewer lift station to prevent sewage overflows or backups of sewage into residences; replacement of the final effluent outfall line at the wastewater treatment facility site; demolition of portions of the former site to alleviate storm water inflow into the chlorine contact chamber; and engineering design and oversight for the project.  | 2,970.00   | 2,970.00   |            |          |            |            |            |
| AQ | 34199                | Enterprise Products Operating LLC   | 11/06/2008 | 1.00:1     | 541,450.00 | 0.00     | 270,725.00 | 270,725.00 | 270,725.00 |
|    | POLLUTION REDUCTION  | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Chambers County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fuelled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 270,725.00 | 270,725.00 |            |          |            |            |            |

|    | POLLUTION PREVENTION | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to host a one-day event in Tarrant County where 167 operational gas-powered walk-behind lawn mowers may be traded in for a discount on a clean-running electric mower. The City of Fort Worth ("the City") shall coordinate with retailers and/or manufacturers to provide a 20% discount off the retail cost of electric mowers. The City will pay 40% of the retail cost with SEP funds to keep out-of-pocket consumer costs comparable to that of buying a gas-powered mower. The discounted price for the consumer will be approximately \$209 for an electric mower that usually costs \$449.   |            |        |           |          | 6,690.00 | 6,690.00 |          |

Weatherizing homes may include costs of caulking openings as well as insulating walls, floors, and attics in homes. Any heating/cooling systems or major appliances that are replaced must be scrapped and must not be reused in any way. Performing Party shall use consistent and reliable criteria for determining the low-income status of residents assisted with SEP Funds.  |        |           |           |           | 7,840.00  | 7,840.00  |
| AQ | 25458 | Chevron Phillips Chemical Company, LP | 12/20/2008   | 1.00:1 | 20,200.00 | 0.00      | 10,100.00 | 10,100.00 | 10,100.00 |
|    |       | POLLUTION REDUCTION                   | Project will use funds to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fueled or clean diesel buses; or 2) retrofitting older diesel buses with new cleaner technology. RC&D shall disburse funds to school districts, area transit agencies, or local governments on a needs-rated basis, using non-attainment area status, condition of buses, or economic status of recipient as possible rating factors if competition for funds exists.   |        |           |           |           | 10,100.00 | 10,100.00 |
| AQ | 37083 | Exxon Mobil Corporation               | 07/20/2009   | 1.00:1 | 10,000.00 | 2,000.00  | 4,000.00  | 4,000.00  | 4,000.00  |
|    |       | POLLUTION PREVENTION                  | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |        |           |           |           | 4,000.00  | 4,000.00  |

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                      |   |            |           |           |          |          |          |          |
|----|----------------------|---|------------|-----------|-----------|----------|----------|----------|----------|
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to conduct home energy audits and to assist low income residents in the West Port Arthur area by weatherizing their homes which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking and insulating homes, replacing heating and cooling systems and major appliances with new, energy efficient equipment.  | 23,732.00  | 23,732.00 |           |          |          |          |          |
| AQ | 37152                | DCP Midstream, LP   | 07/09/2009 | 1.00:1    | 10,000.00 | 0.00     | 5,000.00 | 5,000.00 | 5,000.00 |
|    | CLEAN UP             | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Keep Odessa Beautiful, Inc. for the Household Hazardous Waste, Tire Collection, and Recycling program as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide citizens and schools with a safe and convenient opportunity to properly dispose of harmful chemicals and prevent illegal dumping of harmful wastes or tires. The following types of materials will be accepted: batteries, oil and oil filters, paints, household and/or school chemicals, and used tires. The items collected in these events will be either reused or properly disposed. Citizens may "reuse" unused portions of properly labelled and handled chemical products through the reusable materials exchange. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. | 5,000.00   | 5,000.00  |           |          |          |          |          |
| AQ | 35889                | UCAR Pipeline, Incorporated.  | 12/20/2008 | 1.00:1    | 9,000.00  | 0.00     | 4,500.00 | 4,500.00 | 4,500.00 |
|    | POLLUTION REDUCTION  | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to install, operate, and maintain a stationary ambient air monitoring station in the vicinity of Memorial High School Ninth Grade Campus. The station will employ canister sampling, a hydrocarbon analyzer, and/or a chromatograph. Ancillary equipment will include a sample conditioning system, a ten meter meteorological tower, a climate controlled equipment shelter, a remote communications system, and have electronic data logging capabilities. The station will continuously sample and analyze the ambient air for a wide range of hydrocarbon species in accordance with Environmental Protection Agency's recommended "TO-14" list. SEP monies will be used for the cost of purchasing, installing, operating, and maintaining the air monitoring station along with its ancillary equipment.  | 4,500.00   | 4,500.00  |           |          |          |          |          |

|    | POLLUTION PREVENTION | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Texas PTA for the Clean School Bus Program in Dallas County as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to reimburse local school districts for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 4,000.00   | 4,000.00  |           |          |          |          |          |
| AQ | 35600                | DCP Midstream, LP   | 11/17/2008 | 1.00:1    | 7,950.00  | 1,590.00 | 3,180.00 | 3,180.00 | 3,180.00 |

\* There are Multiple Respondent Names associated to this Case No.

|    |                      |  |            |        |            |          |           |           |           |
|----|----------------------|--|------------|--------|------------|----------|-----------|-----------|-----------|
|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |            |        |            |          | 3,180.00  | 3,180.00  |           |

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                           |   |            |            |            |          |           |            |            |
|----|---------------------------|---|------------|------------|------------|----------|-----------|------------|------------|
|    | POLLUTION PREVENTION      | The Respondent will contribute to Barbers Hill Independent School District's ("Barbers Hill ISD") Alternative Fueled Vehicle and Equipment Program in Chambers County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between Barbers Hill ISD and the Texas Commission on Environmental Quality. SEP monies will be used to retire current diesel-powered or gasoline powered vehicles and equipment and replace those vehicles and equipment with alternative-fueled vehicles and equipment; convert current vehicles and equipment to alternative-fueled equipment; or retrofit current gasoline or diesel-powered equipment.   | 5,050.00   | 5,050.00   |            |          |           |            |            |
| AQ | 35843                     | US Department of the Army   | 11/17/2008 | 1.00:1     | 4,750.00   | 950.00   | 0.00      | 3,800.00   | 3,800.00   |
|    | POLLUTION REDUCTION       | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Texas PTA for the Clean School Bus Program in Bell County as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to reimburse local school districts for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 3,800.00   | 3,800.00   |            |          |           |            |            |
| AQ | 25508                     | J. C. Evans Construction Holdings, Inc.   | 07/09/2009 | 1.00:1     | 210,000.00 | 0.00     | 42,000.00 | 168,000.00 | 168,000.00 |
|    | POLLUTION REDUCTION       | The Respondent shall perform an air pollution reduction project involving paving (with non-asphalt base materials) unpaved parking and driving areas at 9601 Clinton Drive in Houston, Texas. The subject site is a 0.773 acre commercial tract located at the northeast corner of Clinton Drive and Clinton Park Avenue in the Galena Park area of Houston. The legal description is: Business Tract "C", of CLINTON PARK ADDITION, a subdivision in the John Brown Survey, Abstract No. 8, in Houston, Harris County, Texas, according to the map or plat thereof, recorded in Volume 18, Pages 28, 29 and 30 of the Map Records of Harris County, Texas. The Respondent shall provide site specific engineer work, obtain permits, provide excavation and disposal of dirt, asphalt and concrete from areas 1, 3 & 4, perform site preparation, and install 6" concrete pavement in those same areas as shown in the scope of work approved by TCEQ. | 168,000.00 | 168,000.00 |            |          |           |            |            |
|    | CLEAN UP                  | This project will only receive a contribution if the Respondent does not complete Project 1 (custom SEP). Any remaining balance will be contributed to Texas RC&D for the Cleanup of Unauthorized Dumpsites   | 0.00       | 0.00       |            |          |           |            |            |

|    | ENVIRONMENTAL RESTORATION | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Friends of Laguna Atascosa National Wildlife Refuge for the Flooding of Bahia Grande Project in Cameron County as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to work with the United States Fish and Wildlife Service to re-flood the Bahia Grande. This will restore tidal wetland habitats that went dry with the construction of the Brownsville ship channel. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.   | 1,651.00   | 1,651.00   |            |          |           |            |            |

|----|-------|-----------------------------|--|--------|-----------|----------|-----------|-----------|
|    |       | POLLUTION REDUCTION         | The Respondent will contribute to Texas A&M University-Kingsville, Air Quality Monitoring in San Patricio County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between Texas A&M University-Kingsville and the Texas Commission on Environmental Quality. The 3rd party will establish three air quality monitoring stations in the San Patricio Water District. The stations will consist of ambient air monitoring instruments, meteorological instruments, and ancillary equipment. The primary objective of these new monitoring stations is to provide continuous non-regulatory information on air quality. The stations will also generate data on background concentrations, pollutant transports from outside the air shed, and from the industrial district during the periods of predominant southeast to northwest wind patterns. The monitoring sites will be located at the Odem Raw Water Stations, Taft Texana Blending Station, and the San Patricio Country Municipal Water District Main Office, and the existing site at the Aransas Pass Treatment Plant.  |        |           |          | 9,280.00  | 9,280.00  |

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                      |  |            |        |           |          |           |           |          |
|----|----------------------|--|------------|--------|-----------|----------|-----------|-----------|----------|
|    | POLLUTION REDUCTION  | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |            |        |           |          | 35,207.00 | 35,207.00 |          |
| AQ | 36289                | ExxonMobil Oil Corporation   | 03/12/2009 | 1.00:1 | 10,000.00 | 2,000.00 | 4,000.00  | 4,000.00  | 4,000.00 |
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient will contribute to Jefferson County for its Retrofit/Replacement of Heavy Equipment and Vehicles with Alternative Fueled Equipment and Vehicles. Specifically, the contribution will be used to purchase alternative fueled equipment such as propane or electric powered lawn mowers, propane powered light duty and heavy equipment, and alternative fueled vehicles and retire diesel and gasoline powered equipment and vehicles. Jefferson County will also convert current equipment and vehicles to alternative fueled equipment in order to lower emissions.  |            |        |           |          | 4,000.00  | 4,000.00  |          |

|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. Older buses deemed not suitable for retrofitting will be permanently retired and sold only for scrap.<br><br>Acceptable retrofit technologies include particulate matter traps, diesel particulate matter filters, nitrogen oxides (NOx) reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by the United States Environmental Protection Agency ("EPA") or the California Air Resources Board.  |            |        |           |          | 6,580.00  | 6,580.00  |          |

|     |       | CLEAN UP                              | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. |        |            |          |            | 14,790.00  | 14,790.00  |
| MSW | 36466 | Angelina County                       | 06/15/2009  | 1.00:1 | 13,000.00  | 2,600.00 | 0.00       | 10,400.00  | 10,400.00  |
|     |       | CLEAN UP                              | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to collect and properly dispose of illegally dumped waste. Eligible sites will be limited to areas where a responsible party cannot be identified and where there is no pre-existing obligation to clean up the site by the owner.   |        |            |          |            | 10,400.00  | 10,400.00  |

|     |       | CLEAN UP                              | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used for the Colonial Waterbird Rookery Island Enhancement Project. Shamrock and Causeway Islands are important rookery island with heavy bird usage that are experiencing significant loss of wetland and rookery habitat due to dredging activities and erosion from waves and ships. SEP monies will be used to pay for the labor and material costs associated with preventing erosion in the unprotected areas of the islands and restoring parts of the islands that have suffered from erosion. The project will protect critical bird habitat and also enhance the wetlands.  |        |            |          |            | 5,300.00   | 5,300.00   |

|     | POLLUTION PREVENTION      |  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems.   |        |           |          | 5,040.00  | 5,040.00  |           |
| PST | 37352                     | Paint Rock Independent School District | 08/31/2009  | 1.00:1 | 4,900.00  | 980.00   | 0.00      | 3,920.00  | 3,920.00  |
|     | POLLUTION PREVENTION      |  | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Texas PTA for the Clean School Bus Program in Concho County as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to reimburse local school districts for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.                      |        |           |          | 3,920.00  | 3,920.00  |           |
| PST | 35858                     | WEHBE INVESTMENTS, INC.                | 02/22/2009  | 1.00:1 | 5,400.00  | 1,080.00 | 2,160.00  | 2,160.00  | 2,160.00  |
|     | CLEAN UP                  |  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs |        |           |          | 2,160.00  | 2,160.00  |           |
| PST | 37119                     | Big Diamond, Inc.                      | 07/09/2009  | 1.00:1 | 4,401.00  | 880.00   | 1,761.00  | 1,760.00  | 1,760.00  |
|     | ENVIRONMENTAL ENHANCEMENT |  | The Respondent will contribute to Audubon Society Rio Bosque Wetlands Park. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Audubon Society and the Texas Commission on Environmental Quality. Specifically, the contribution will be used for wetland restoration of 372 acres. The project will involve planting native plants, habitat redefinition, and wetlands restoration.   |        |           |          | 1,760.00  | 1,760.00  |           |

### Single Program

|     |                      |   |            |           |           |        |           |           |           |
|-----|----------------------|---|------------|-----------|-----------|--------|-----------|-----------|-----------|
|     | POLLUTION PREVENTION | The Respondent shall contribute to the San Angelo Friends of the Environment (S.A.F.E.) - Recycling Program for Electronics, Glass, Plastics. Specifically, the contribution will be used in accordance with the Supplemental Environmental Project Agreement between the San Angelo Friends of the Environment and the Texas Commission on Environmental Quality. SEP funds will be used for the direct cost of purchasing recycling equipment, for labor costs, and for other for disposal and recycling costs associated with this project. All dollars contributed will be used solely for the direct cost of the project, and no portion will be spent on administrative costs.  | 15,000.00  | 15,000.00 |           |        |           |           |           |
| PST | 9562                 | D & P Management Services, L.L.C.   | 10/23/2008 | 1.00:1    | 27,000.00 | 0.00   | 13,500.00 | 13,500.00 | 13,500.00 |
|     | POLLUTION REDUCTION  | The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. | 13,500.00  | 13,500.00 |           |        |           |           |           |

|     | POLLUTION REDUCTION       | Project will repair or replace failing water systems or on-site wastewater systems for low-income homeowners. SEP funds will be used to pay for the labor and material costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing system.  |            |        |          |        |      | 715.00   | 715.00   |
| PWS | 27041                     | City of Del Rio  | 02/22/2009 | 1.00:1 | 2,448.00 | 0.00   | 0.00 | 2,448.00 | 2,448.00 |
|     | CLEAN UP                  | Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be to the Texas Association of Resource Conservation and Development Areas, Inc. ("RC&D") for the Water or Wastewater Assistance project in Val Verde County. Specifically, SEP monies will pay for the labor and disposal costs associated with assistance to low-income residents with shallow, improperly designed, or contaminated drinking water wells or failing wastewater systems, or plugging of abandoned wells.   |            |        |          |        |      | 2,448.00 | 2,448.00 |
| PWS | 34039                     | Webb County  | 09/22/2008 | 1.00:1 | 5,980.00 | 0.00   | 0.00 | 5,980.00 | 5,980.00 |
|     | POLLUTION PREVENTION      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.     |            |        |          |        |      | 5,980.00 | 5,980.00 |
| PWS | 35259                     | Rincon Water Supply Corporation  | 11/06/2008 | 1.00:1 | 1,440.00 | 288.00 | 0.00 | 1,152.00 | 1,152.00 |
|     | ENVIRONMENTAL ENHANCEMENT | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. The Coastal Bend Audubon Society owns the North Bay Sanctuary. It is a 75-acre, largely wooded tract containing a 5-acre pond. The site includes a 12-foot viewing tower that can accommodate 15 people on the upper platform. Specifically, the contribution will be used to maintain the existing roads in the sanctuary, control Prickly Pear Cacti in a 20-acre section of the sanctuary, and assist in the removal of invasive reeds and other plants from the eastern section of the pond.  |            |        |          |        |      | 1,152.00 | 1,152.00 |

|    | POLLUTION PREVENTION      | The Respondent shall hold two one-day events for the collection, recycling, or proper disposal of tires, batteries, electronics, and lawn clippings. The Respondent shall offer a designated drop-off location where the public can drop off materials for disposal or recycling at no cost to the citizens. The events will be advertised in a local newspaper to increase public awareness of and participation in the events.   | 16,725.00  | 16,725.00 |           |          |          |           |           |
| WQ | 35104                     | Carotex, Inc.  | 03/12/2009 | 1.00:1    | 9,800.00  | 1,960.00 | 3,920.00 | 3,920.00  | 3,920.00  |
|    | ENVIRONMENTAL RESTORATION | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to stabilize the shoreline by placing vinyl sheets of piling and erosion control blankets along a stretch of waterway along Pleasure Island. Continued erosion from wave action caused by passing ships is compromising the integrity of the shoreline along Pleasure Island. The embankment will be reclaimed and sloped to stabilize approximately 5 miles of shoreline. | 3,920.00   | 3,920.00  |           |          |          |           |           |
| WQ | 35859                     | EAST CEDAR CREEK FWSD  | 11/17/2008 | 1.00:1    | 5,370.00  | 1,074.00 | 0.00     | 4,296.00  | 4,296.00  |
|    | POLLUTION PREVENTION      | Specifically, Third-Party Recipient shall repair or replace failing water systems or on-site wastewater systems for low income homeowners. Third-Party Recipient shall use SEP Funds to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems. Third-Party recipient shall use a consistent and documented system for determining eligible participants.  | 4,296.00   | 4,296.00  |           |          |          |           |           |
| WQ | 37034                     | City of Shepherd   | 06/15/2009 | 1.00:1    | 6,910.00  | 1,382.00 | 0.00     | 5,528.00  | 5,528.00  |
|    | POLLUTION PREVENTION      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems.                            | 5,528.00   | 5,528.00  |           |          |          |           |           |

\* There are Multiple Respondent Names associated to this Case No.

### Single Program

|    |       |                                     |   |        |           |          |          |           |           |
|----|-------|-------------------------------------|---|--------|-----------|----------|----------|-----------|-----------|
| WQ | 35829 | City of Huntsville                  | 12/04/2008  | 1.00:1 | 8,675.00  | 1,735.00 | 0.00     | 6,940.00  | 6,940.00  |
|    |       | POLLUTION PREVENTION                | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient shall repair or replace failing water systems or on-site wastewater systems for low income homeowners. The Third-Party Recipient shall use SEP funds to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems. The Third-Party recipient shall use a consistent and documented system for determining eligible participants.  |        |           |          |          | 6,940.00  | 6,940.00  |
| WQ | 36925 | City of Sonora                      | 07/09/2009  | 1.00:1 | 26,192.00 | 0.00     | 0.00     | 26,192.00 | 26,192.00 |
|    |       | POLLUTION PREVENTION                | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide local residents with a means of properly disposing household hazardous wastes such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers in one day collection events. SEP monies will be used to pay for the associated labor, materials, and disposal costs. Citizens will not be charged disposal fees. The project is administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs.  |        |           |          |          | 26,192.00 | 26,192.00 |
| WQ | 36553 | City of Bonham                      | 07/09/2009  | 1.00:1 | 26,125.00 | 0.00     | 0.00     | 26,125.00 | 26,125.00 |
|    |       | POLLUTION REDUCTION                 | The Respondent shall provide first-time wastewater service to two low-income homes currently utilizing failing or inadequately designed septic systems. The SEP Offset Amount will be used to install an estimated 1,600 linear feet of sewer lines, to install an estimated four manholes, to connect the two residences to the central sewer line, and to properly decommission the existing septic systems. The Respondent and its agents shall perform this project in accordance with all federal, state and local environmental laws and regulations  |        |           |          |          | 26,125.00 | 26,125.00 |

|    |       | CLEAN UP                            | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. |        |           |          |          | 3,747.00  | 3,747.00  |

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                           |  |            |          |           |           |      |           |           |
|----|---------------------------|--|------------|----------|-----------|-----------|------|-----------|-----------|
|    | CLEAN UP                  | The Respondent will contribute to Galveston Bay Foundation "Marsh Mania" in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Galveston Bay Foundation and the Texas Commission on Environmental Quality. SEP monies will be used to restore shoreline elevations, growing plants for shoreline restoration, and planting new habitat. Historic subsidence and erosion have resulted in shoreline elevations which are too low to support vegetation. This project will seek to raise elevations by scraping and terracing. Scraping involves the use of earthmoving equipment to grade an eroded, bluff-like shoreline so that it slopes gradually towards the water resulting in the ability of plant growth. Terracing uses earthmoving equipment to create small levees by burrowing and stacking sediment in shallow water. The high elevation can then be planted with emergent vegetation. SEP monies will be used to pay for the direct costs of the implementation of the project, including material, equipment, and labor costs. | 6,248.00   | 6,248.00 |           |           |      |           |           |
| WQ | 35664                     | City of Bishop   | 11/06/2008 | 1.00:1   | 6,000.00  | 1,200.00  | 0.00 | 4,800.00  | 4,800.00  |
|    | CLEAN UP                  | The Respondent shall perform a cleanup of an unauthorized dumpsite on at least two properties in Nueces County and shall utilize recycling of recyclable materials where possible. Eligible sites will be those where a responsible party cannot be found or is unable to clean the site and where reasonable efforts have been made to prevent the dumping. The Respondent shall post signs or implement other measures in an effort to prevent future occurrences of illegal dumping.<br><br>The Respondent shall use contract labor to perform the project or shall only receive credit for its employee labor to the extent that it is used on an overtime basis and can be documented. The Respondent will not receive credit for gratuities or inducements for volunteers. The Respondent shall use the SEP Offset Amount only for the direct cost of implementing the project and no portion shall be spent on administrative costs. The Respondent shall perform this project in accordance with all federal, state and local environmental laws and regulations.  | 4,800.00   | 4,800.00 |           |           |      |           |           |
| WQ | 35355                     | Harris County  | 09/22/2008 | 1.00:1   | 6,490.00  | 1,298.00  | 0.00 | 5,192.00  | 5,192.00  |
|    | ENVIRONMENTAL ENHANCEMENT | The Respondent will contribute to Galveston Bay Foundation "Marsh Mania" in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Galveston Bay Foundation and the Texas Commission on Environmental Quality. SEP monies will be used to restore shoreline elevations, growing plants for shoreline restoration, and planting new habitat. Historic subsidence and erosion have resulted in shoreline elevations which are too low to support vegetation. This project will seek to raise elevations by scraping and terracing. Scraping involves the use of earthmoving equipment to grade an eroded, bluff-like shoreline so that it slopes gradually towards the water resulting in the ability of plant growth. Terracing uses earthmoving equipment to create small levees by burrowing and stacking sediment in shallow water. The high elevation can then be planted with emergent vegetation. SEP monies will be used to pay for the direct costs of the implementation of the project, including material, equipment, and labor costs. | 5,192.00   | 5,192.00 |           |           |      |           |           |
| WQ | 27015                     | City of Joaquin  | 10/23/2008 | 1.00:1   | 92,040.00 | 18,408.00 | 0.00 | 73,632.00 | 73,632.00 |

\* There are Multiple Respondent Names associated to this Case No.

### Single Program

|    |                           |  |            |           |           |          |          |           |           |
|----|---------------------------|--|------------|-----------|-----------|----------|----------|-----------|-----------|
|    | POLLUTION PREVENTION      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient shall repair or replace failing water systems or on-site wastewater systems for low income homeowners. The Third-Party Recipient shall use SEP funds to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems. The Third-Party recipient shall use a consistent and documented system for determining eligible participants.   | 73,632.00  | 73,632.00 |           |          |          |           |           |
| WQ | 37148                     | Martin Operating Partnership L. P.   | 07/20/2009 | 1.00:1    | 20,400.00 | 4,080.00 | 8,160.00 | 8,160.00  | 8,160.00  |
|    | ENVIRONMENTAL ENHANCEMENT | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to stabilize the shoreline by placing vinyl sheets of piling and erosion control blankets along a stretch of waterway along Pleasure Island. Continued erosion from wave action caused by passing ships is compromising the integrity of the shoreline along Pleasure Island. The embankment will be reclaimed and sloped to stabilize approximately 5 miles of shoreline.   | 8,160.00   | 8,160.00  |           |          |          |           |           |
| WQ | 21143                     | City of Haskell  | 10/23/2008 | 1.00:1    | 6,300.00  | 0.00     | 0.00     | 6,300.00  | 6,300.00  |
|    | POLLUTION REDUCTION       | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, SEP funds will be used by the Texas Association of Resource Conservation and Development Areas, Inc. ("RC&D") for the Wastewater Treatment Assistance program in Haskell County. In the alternative, if all SEP funds are not expended on the clean up of illegal trash dumps, the funds will be spent on the Abandoned Tire Site Clean-Up, Unauthorized Trash Dump Clean-Up, or other pre-approved SEP project in Haskell County.   | 6,300.00   | 6,300.00  |           |          |          |           |           |
| WQ | 35596                     | City of Corpus Christi   | 10/23/2008 | 1.00:1    | 18,180.00 | 3,636.00 | 0.00     | 14,544.00 | 14,544.00 |
|    | ENVIRONMENTAL ENHANCEMENT | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used for the Colonial Waterbird Rookery Island Enhancement Project. Shamrock and Causeway Islands are important rookery island with heavy bird usage that are experiencing significant loss of wetland and rookery habitat due to dredging activities and erosion from waves and ships. SEP monies will be used to pay for the labor and material costs associated with preventing erosion in the unprotected areas of the islands and restoring parts of the islands that have suffered from erosion. The project will protect critical bird habitat and also enhance the wetlands. | 14,544.00  | 14,544.00 |           |          |          |           |           |

### Single Program

|    |                           |  |            |           |           |          |           |           |           |
|----|---------------------------|--|------------|-----------|-----------|----------|-----------|-----------|-----------|
|    | POLLUTION PREVENTION      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. Older buses deemed not suitable for retrofitting will be permanently retired and sold only for scrap. | 5,700.00   | 5,700.00  |           |          |           |           |           |
| WQ | 36426                     | City of Kerrville  | 02/22/2009 | 1.00:1    | 12,300.00 | 2,460.00 | 0.00      | 9,840.00  | 9,840.00  |
|    | POLLUTION PREVENTION      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient shall repair or replace failing water systems or on-site wastewater systems for low income homeowners. The Third-Party Recipient shall use SEP funds to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems. |    | ENVIRONMENTAL RESTORATION | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Ducks Unlimited, Inc. for Reforestation and Enhancement of Tony Houseman State Park & Wildlife Management Area at Blue Elbow Swamp as set forth in an agreement between the Third-Party Recipient and the TCEQ. SEP funds will be used for the restoration and enhancement of the forested wetlands at the park. SEP monies will be used to pay for the cost of trees, labor, and for the equipment needed to plant tree and remove undesired exotic species. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 11,544.00  | 11,544.00 |           |          |           |           |           |

|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. | 7,520.00   | 7,520.00 |           |          |      |          |          |
| WQ | 36729                | City of Madisonville  | 05/03/2009 | 1.00:1   | 6,500.00  | 1,300.00 | 0.00 | 5,200.00 | 5,200.00 |
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient shall repair or replace failing water systems or on-site wastewater systems for low income homeowners. The Third-Party Recipient shall use SEP funds to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems. The Third-Party recipient shall use a consistent and documented system for determining eligible participants.  | 5,200.00   | 5,200.00 |           |          |      |          |          |

|----|---------------------|---|------------|-----------|-----------|----------|------|-----------|-----------|
|    | CLEAN UP            | Specifically, the contribution will be used to clean-up sites where tires have been disposed of illegally. Eligible sites will be limited to those where a responsible party cannot be found and where reasonable efforts have been made to prevent the dumping. SEP monies will be used to pay for the direct cost of collecting and disposing of tires. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.   | 5,440.00   | 5,440.00  |           |          |      |           |           |
| WQ | 36405               | City of Eustace   | 06/15/2009 | 1.00:1    | 12,360.00 | 2,472.00 | 0.00 | 9,888.00  | 9,888.00  |
|    | POLLUTION REDUCTION | The Respondent shall provide first-time central sewer service to three low-income residences that are currently utilizing failing or inadequately designed septic systems. SEP monies will be used to pay for a private contractor to install low-pressure systems to each of the residences, to connect the residences to central sewer, and to properly decommission the existing septic tanks and drain field systems.   | 9,888.00   | 9,888.00  |           |          |      |           |           |

|    | CLEAN UP            | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. | 10,280.00  | 10,280.00 |           |          |      |           |           |

|    |       | POLLUTION PREVENTION                   | The Respondent shall contribute the SEP Offset Amount to the Third-Party Recipient named above. The contribution will be to Texas State University for the Continuous Water Quality Monitoring Network in Bell County as set forth in an agreement between the Third-Party Recipient and the TCEQ. Specifically, SEP monies will be used by the Recipient to install and/or support a continuous monitoring station that will collect water quality data every fifteen (15) minutes and report data to the TCEQ LEADS system every hour using cellular telemetry. The following water quality parameters will be measured: dissolved oxygen, temperature, specific conductance, pH, turbidity, and water level.   |        |           |          |      | 4,250.00  | 4,250.00  |

|    |                           |   |            |           |           |          |          |           |           |
|----|---------------------------|---|------------|-----------|-----------|----------|----------|-----------|-----------|
|    | POLLUTION REDUCTION       | Respondent shall perform an erosion control project in a creek to reduce siltation in a tributary of the Trinity River in Denton County. This project will consist of the installation of approximately 60 linear feet of slope protection to eliminate ongoing erosion of the creek bank adjacent to 1201 Savannah Court in Flower Mound, Texas. Slope stabilization will be addressed by the installation of R-Rap Walls (also referred to as a Bag Wall installation). The R-Rap wall installation will begin above the sanitary creek crossing and will extend south for approximately 20 feet on the east side of the creek and 40' feet on the west side of the creek.  | 15,280.00  | 15,280.00 |           |          |          |           |           |
| WQ | 35613                     | Harris County Fresh Water Supply District 1A  | 11/06/2008 | 1.00:1    | 3,150.00  | 630.00   | 0.00     | 2,520.00  | 2,520.00  |
|    | ENVIRONMENTAL RESTORATION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to pay for the labor and materials costs associated with conducting prescribed burns, removing non-native trees, and for planting native trees and plants.   | 2,520.00   | 2,520.00  |           |          |          |           |           |
| WQ | 34866                     | City of Laredo  | 06/01/2009 | 1.00:1    | 12,933.00 | 0.00     | 0.00     | 12,933.00 | 12,933.00 |
|    | POLLUTION REDUCTION       | Project will repair or replace failing water systems or on-site wastewater systems for low-income homeowners. SEP funds will be used to pay for the labor and material costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing system. Benefit: Protect water sources for drinking, recreation and wildlife from contamination from the failing treatment systems; protect public health from contaminated drinking water supplies.  | 12,933.00  | 12,933.00 |           |          |          |           |           |
| WQ | 36795                     | WESTERN RIM INVESTMENT ADVISORS INC   | 06/15/2009 | 1.00:1    | 19,758.00 | 3,951.00 | 7,904.00 | 7,903.00  | 7,903.00  |
|    | ENVIRONMENTAL ENHANCEMENT | The Respondent will contribute to Tyler Audubon Society Habitat Improvement for its habitat improvement on Langley Island on Lake Tyler. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Audubon Society and the Texas Commission on Environmental Quality. Specifically, the contribution will be used for transportation via boat to the island, for purchase of hand tools for clearing undergrowth and unwanted trees, and for needed signs to mark trails and post rules for island usage.   | 7,903.00   | 7,903.00  |           |          |          |           |           |

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |       |                                      |   |        |           |           |          |           |           |
|----|-------|--------------------------------------|---|--------|-----------|-----------|----------|-----------|-----------|
| WQ | 36030 | City of Mount Pleasant               | 01/30/2009  | 1.00:1 | 9,500.00  | 1,900.00  | 0.00     | 7,600.00  | 7,600.00  |
|    |       | POLLUTION PREVENTION                 | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient shall repair or replace failing water systems or on-site wastewater systems for low income homeowners. The Third-Party Recipient shall use SEP funds to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems. The Third-Party recipient shall use a consistent and documented system for determining eligible participants.  |        |           |           |          | 7,600.00  | 7,600.00  |
| WQ | 35101 | North Texas Municipal Water District | 09/22/2008  | 1.00:1 | 58,475.00 | 11,695.00 | 0.00     | 46,780.00 | 46,780.00 |
|    |       | CLEAN UP                             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to cleanup rivers, lakes, and shorelines, by supplying project coordination, labor, supplies, and materials for cleanup events and by providing assistance with disposal fees for proper disposal of wastes collected at events. To maximize the event, cleanups will use volunteers for labor. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |        |           |           |          | 46,780.00 | 46,780.00 |
| WQ | 36694 | City of San Antonio                  | 04/20/2009  | 1.00:1 | 2,250.00  | 450.00    | 0.00     | 1,800.00  | 1,800.00  |
|    |       | ENVIRONMENTAL RESTORATION            | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to restore the 600-acre upland habitat at the Mitchell Lake Audubon Center and Sanctuary by removing non-native, exotic plant species and re-establishing native grasses, forbs, and woody vegetation. The re-introduction of the native vegetation throughout the uplands will provide maximum benefit for the wildlife of Mitchell Lake.  |        |           |           |          | 1,800.00  | 1,800.00  |
| WQ | 36151 | Metroplex Quarry's Inc.              | 02/22/2009  | 1.00:1 | 14,311.00 | 2,862.00  | 5,725.00 | 5,724.00  | 5,724.00  |
|    |       | CLEAN UP                             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. |        |           |           |          | 5,724.00  | 5,724.00  |
| WQ | 37002 | City of Cotulla                      | 07/20/2009  | 1.00:1 | 25,166.00 | 5,033.00  | 0.00     | 20,133.00 | 20,133.00 |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |          |                               |  |        |          |          |           |           |          |
|----|----------|-------------------------------|--|--------|----------|----------|-----------|-----------|----------|
|    | CLEAN UP |                               | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |        |          |          | 20,133.00 | 20,133.00 |          |
| WQ | 36926    | City of Fort Worth            | 05/18/2009   | 1.00:1 | 3,750.00 | 0.00     | 0.00      | 3,750.00  | 3,750.00 |
|    | CLEAN UP |                               | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to cleanup rivers, lakes, and shorelines, by supplying project coordination, labor, supplies, and materials for cleanup events and by providing assistance with disposal fees for proper disposal of wastes collected at events. To maximize the event, cleanups will use volunteers for labor. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.   |        |          |          | 3,750.00  | 3,750.00  |          |
| WQ | 35563    | Oxbow Carbon & Minerals LLC   | 09/22/2008   | 1.00:1 | 4,030.00 | 806.00   | 1,612.00  | 1,612.00  | 1,612.00 |
|    | CLEAN UP |                               | The Respondent will contribute to Gulf Coast Waste Disposal Authority ("GCWDA") for its River, Lakes, Bays 'N Bayous Trash Bash in Galveston County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the GCWDA and the Texas Commission on Environmental Quality. Specifically, the contribution will be used to pay for materials, supplies, disposal costs, and transportation costs directly associated with the cleanup of trash and pollutants from the Galveston Bay and the San Jacinto watershed.  |        |          |          | 1,612.00  | 1,612.00  |          |
| WQ | 36812    | Aqua Water Supply Corporation | 05/18/2009   | 1.00:1 | 5,800.00 | 1,160.00 | 0.00      | 4,640.00  | 4,640.00 |
|    | CLEAN UP |                               | The Respondent will contribute to Lower Colorado River Authority ("LCRA") Household Hazardous Waste and Reusable Materials Collection. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Lower Colorado River Authority and the Texas Commission on Environmental Quality. SEP monies will be used to sponsor household hazardous waste collection events, battery collection events, used oil collection events, paint collection events, and tire collection events in conjunction with local city and county governments through the LCRA Statutory District. These collection events provide citizens with a safe and convenient opportunity to properly dispose of household hazardous wastes such as: paint, tires, pesticides, motor oil, oil filters, antifreeze, batteries, and household cleaners. Citizens will be encouraged to reuse unused portions of properly labeled and handled chemical products (i.e. fertilizers, paints, and some pesticides/herbicides) through the reusable materials exchange. SEP monies will be used by LCRA to supplement scheduled events, and to add additional collection events. The LCRA has not previously budgeted for these supplemental, additional, or special collection events and will not budget for them. |        |          |          | 4,640.00  | 4,640.00  |          |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                      |   |            |           |           |          |      |           |           |
|----|----------------------|---|------------|-----------|-----------|----------|------|-----------|-----------|
|    | CLEAN UP             | The Respondents will contribute to Gulf Coast Waste Disposal Authority ("GCWDA") for its River, Lakes, Bays 'N Bayous Trash Bash in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the GCWDA and the Texas Commission on Environmental Quality. Specifically, the contribution will be used to pay for materials, supplies, disposal costs, and transportation costs directly associated with the cleanup of trash and pollutants from the Galveston Bay and the San Jacinto watershed.                                 | 1,932.00   | 1,932.00  |           |          |      |           |           |
| WQ | 37175                | City of Pearland  | 07/20/2009 | 1.00:1    | 16,950.00 | 3,390.00 | 0.00 | 13,560.00 | 13,560.00 |
|    | POLLUTION PREVENTION | The Respondent will contribute to Brazoria County to provide assistance to low income homeowners to repair or replace failing or inadequately designed On-Site Sewage Facilities ("OSSFs") within the county. Many of the OSSFs currently in operation in Brazoria County are substandard and result in the release of sewage in residential areas, public rights-of-way, and waterways.<br><br>Brazoria County shall not charge homeowners for any portion of the cost of the project paid for by SEP funds.   | 13,560.00  | 13,560.00 |           |          |      |           |           |
| WQ | 35637                | Apple Springs Independent School District   | 09/22/2008 | 1.00:1    | 4,500.00  | 900.00   | 0.00 | 3,600.00  | 3,600.00  |
|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to collect and properly dispose of illegally dumped waste. Eligible sites will be limited to areas where a responsible party cannot be identified and where there is no pre-existing obligation to clean up the site by the owner.   | 3,600.00   | 3,600.00  |           |          |      |           |           |
| WQ | 36245                | Harris County Municipal Utility District 24   | 03/23/2009 | 1.00:1    | 25,270.00 | 5,054.00 | 0.00 | 20,216.00 | 20,216.00 |
|    | POLLUTION PREVENTION | The Respondent will contribute to Gulf Coast Waste Disposal Authority ("GCWDA") for its River, Lakes, Bays 'N Bayous Trash Bash in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the GCWDA and TCEQ. Specifically, the contribution will be used to pay for materials, supplies, disposal costs, and transportation costs directly associated with the cleanup of trash and pollutants from the Galveston Bay and the San Jacinto watershed.   | 20,216.00  | 20,216.00 |           |          |      |           |           |
| WQ | 34408                | City of Rosebud   | 04/20/2009 | 1.00:1    | 3,825.00  | 765.00   | 0.00 | 3,060.00  | 3,060.00  |
|    | POLLUTION REDUCTION  | Project 1 - Erosion Control<br>The Respondent shall perform an erosion control project at three locations in Falls County. The Respondent shall regrade the slopes of the creek or waterway banks and plant vegetation or other approved non-eroding materials to prevent further erosion and siltation, as well as to reduce the likelihood of downstream flooding. The erosion currently is causing turbidity and sedimentation. The Respondent shall utilize city employees to perform regrading, seeding, and/or installation of materials, and shall encourage the growth of the vegetation. | 1,530.00   | 1,530.00  |           |          |      |           |           |
|    | POLLUTION REDUCTION  | Project 2 - Wastewater Assistance<br><br>The Respondent shall repair or replace sanitary sewer service lines, cleanouts, and caps on approximately 3 residences of low-income homeowners in Falls County. The project will reduce inflow and infiltration into the sanitary sewer collection system and help prevent stoppages and backups of sewage into residential areas. The Respondent shall not charge the homeowners for the costs of the SEP.   | 1,530.00   | 1,530.00  |           |          |      |           |           |
| WQ | 35522                | Dripping Springs Independent School District  | 12/20/2008 | 1.00:1    | 9,450.00  | 1,890.00 | 0.00 | 7,560.00  | 7,560.00  |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                      |  |            |           |           |           |      |           |           |
|----|----------------------|--|------------|-----------|-----------|-----------|------|-----------|-----------|
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, Third-Party Recipient shall repair or replace failing water systems or on-site wastewater systems for low income homeowners. Third-Party Recipient shall use SEP Funds to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems. Third-Party recipient shall use a consistent and documented system for determining eligible participants.   | 7,560.00   | 7,560.00  |           |           |      |           |           |
| WQ | 36060                | Harris County  | 02/08/2009 | 1.00:1    | 3,340.00  | 668.00    | 0.00 | 2,672.00  | 2,672.00  |
|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to cleanup rivers, lakes, and shorelines, by supplying project coordination, labor, supplies, and materials for cleanup events and by providing assistance with disposal fees for proper disposal of wastes collected at events. To maximize the event, cleanups will use volunteers for labor. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. | 2,672.00   | 2,672.00  |           |           |      |           |           |
| WQ | 35942                | Northwest Harris County<br>Municipal Utility District 20   | 12/04/2008 | 1.00:1    | 9,525.00  | 1,905.00  | 0.00 | 7,620.00  | 7,620.00  |
|    | CLEAN UP             | The Respondent will contribute to Gulf Coast Waste Disposal Authority ("GCWDA") for its River, Lakes, Bays 'N Bayous Trash Bash in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the GCWDA and the Texas Commission on Environmental Quality. Specifically, the contribution will be used to pay for materials, supplies, disposal costs, and transportation costs directly associated with the cleanup of trash and pollutants from the Galveston Bay and the San Jacinto watershed.   | 7,620.00   | 7,620.00  |           |           |      |           |           |
| WQ | 36689                | City of Whitesboro   | 04/20/2009 | 1.00:1    | 5,160.00  | 1,032.00  | 0.00 | 4,128.00  | 4,128.00  |
|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to cleanup rivers, lakes, and shorelines, by supplying project coordination, labor, supplies, and materials for cleanup events and by providing assistance with disposal fees for proper disposal of wastes collected at events. To maximize the event, cleanups will use volunteers for labor. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. ## Appendix 8: List of SEP's & SEP Projects FY2009

### Single Program

|    |                           |   |            |           |           |          |          |          |          |
|----|---------------------------|---|------------|-----------|-----------|----------|----------|----------|----------|
|    | ENVIRONMENTAL RESTORATION | The Respondent shall construct a retaining wall to control erosion and stabilize the east bank of Banita Creek, south of West Main Street (State Highway 21). Erosion along the creek bank has resulted in loss of soils and silting of the creek. The Respondent proposes to construct the wall because the slope of the bank is too steep to maintain native vegetation as a means to control the erosion. The Respondent proposes this SEP to take advantage of cost sharing with a private entity whose property is also impacted by the erosion. A portion of the eroded bank is very close to the pier and beam foundation that supports a historic building. The Respondent is paying approximately 40% of the total project cost. The total project cost is estimated to be \$39,950.   | 15,975.00  | 15,975.00 |           |          |          |          |          |
| WQ | 35835                     | City of Pflugerville  | 01/30/2009 | 1.00:1    | 10,300.00 | 2,060.00 | 0.00     | 8,240.00 | 8,240.00 |
|    | CLEAN UP                  | The Respondent will contribute to Lower Colorado River Authority ("LCRA") Household Hazardous Waste and Reusable Materials Collection in Travis County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Lower Colorado River Authority and the Texas Commission on Environmental Quality. SEP monies will be used to sponsor household hazardous waste collection events, battery collection events, used oil collection events, paint collection events, and tire collection events in conjunction with local city and county governments through the LCRA Statutory District. These collection events provide citizens with a safe and convenient opportunity to properly dispose of household hazardous wastes such as: paint, tires, pesticides, motor oil, oil filters, antifreeze, batteries, and household cleaners. Citizens will be encouraged to reuse unused portions of properly labeled and handled chemical products (i.e. fertilizers, paints, and some pesticides/herbicides) through the reusable materials exchange. SEP monies will be used by LCRA to supplement scheduled events, and to add additional collection events. The LCRA has not previously budgeted for these supplemental, additional, or special collection events and will not budget for them. | 8,240.00   | 8,240.00  |           |          |          |          |          |
| WQ | 37330                     | City of Houston-Houston Airport System  | 08/23/2009 | 1.00:1    | 2,540.00  | 508.00   | 0.00     | 2,032.00 | 2,032.00 |
|    | POLLUTION PREVENTION      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to pay for the labor and materials costs associated with conducting prescribed burns, removing non-native trees, and for planting native trees and plants.   | 2,032.00   | 2,032.00  |           |          |          |          |          |

|     |                           |  |            |           |           |          |          |           |           |
|-----|---------------------------|--|------------|-----------|-----------|----------|----------|-----------|-----------|
|     | POLLUTION PREVENTION      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to conduct home energy audits and to assist low income residents in the West Port Arthur area by weatherizing their homes which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking and insulating homes, replacing heating and cooling systems and major appliances with new, energy efficient equipment.   | 3,660.00   | 3,660.00  |           |          |          |           |           |
| WQ  | 35008                     | City of Pasadena   | 10/23/2008 | 1.00:1    | 31,620.00 | 6,324.00 | 0.00     | 25,296.00 | 25,296.00 |
|     | ENVIRONMENTAL RESTORATION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to pay for the labor and materials costs associated with conducting prescribed burns, removing non-native trees, and for planting native trees and plants.  | 25,296.00  | 25,296.00 |           |          |          |           |           |
| WQ  | 904                       | City of Newark   | 06/15/2009 | 1.00:1    | 21,812.00 | 0.00     | 0.00     | 21,812.00 | 21,812.00 |
|     | POLLUTION PREVENTION      | Project shall coordinate collection events for local residents to bring in household hazardous waste such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers for proper disposal. Where available, the projects may also offer electronics collection and recycling. SEP funds shall be used for collection, recycling and disposal.   | 21,812.00  | 21,812.00 |           |          |          |           |           |

| CLEAN UP | The Respondents shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. | 4,578.00 | 4,578.00 |

|     |          | ENVIRONMENTAL ENHANCEMENT   | The Respondent will contribute to The Trust for Public Land ("TPL") Galveston Bay Natural Area Acquisition and Conservation Project in Galveston County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between TPL and the Texas Commission on Environmental Quality. SEP monies will be used to acquire land to preserve open space in the Galveston Bay watershed. The preserved open space would provide more land for public enjoyment, while protecting wildlife habitats. Areas of focus would include: Armand Bayou, Bray's Bayou, Buffalo Bayou, Chambers County, Clear Creek, Columbia Bottomlands, Hall's Bayou, Spring Creek, and West Galveston Island. TPL will work with local interests to identify acquisition projects, purchase land to remove it from the market, and transfer the land to a public agency or nonprofit organization, which will be the ultimate fee title holder and permanent steward of the property. TPL will ensure that each property is encumbered with a conservation easement that will preserve the property into perpetuity.   |        |              |              |             | 96,221.00  | 96,221.00  |
|     |          | POLLUTION REDUCTION         | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |        |              |              |             | 96,221.00  | 96,221.00  |

| ENVIRONMENTAL RESTORATION                      |       | Reforestation and Enhancement of Tony Houseman State Park & Wildlife Management Area at Blue Elbow Swamp<br>Description: Restoration and enhancement of the forested wetlands located at Tony Houseman State Park & Wildlife Management Area at Blue Elbow Swamp between the Sabine River and Orange, Texas. The wetland has historically been impacted by heavy logging. Ducks Unlimited, Inc. will begin reforestation by planting 2.0 acres of Bald Cypress and Water Tupelo trees at a density of about 300 trees per acre. Planted trees will be approximately three feet in height, spaced 12 feet apart, and will be protected from herbivores using tree guards. Undesirable exotic plants such as the Chinese Tallow tree will be removed. SEP monies will be used to pay for the cost of trees and for the equipment needed to plant trees and remove exotics, and for the labor associated with planting the trees and removing exotics.   | 88,287.00    | 88,287.00     |            |              |              |              |          |

| CLEAN UP                                       |       | The Respondent shall perform a cleanup of an unauthorized trash dumpsite along Windsor Avenue and South Rockwall Streets in Terrell in Kaufman County. The Respondent shall ensure that collected wastes are properly disposed of or recycled. The Respondent shall ensure that the event:<br><br>" occurs on a weekend or after-hours<br>" results in proper disposal or recycling of wastes<br>" is performed on a property where no responsible party can be found<br><br>The Respondent shall post No Dumping signs in the area where the dumping occurred. SEP monies may be used for the following: equipment including heavy equipment, roll-off bins, and trailers; over time labor of employees, signage, and proper disposal or recycling of the wastes. The Respondent shall use the SEP Offset Amount only for the direct cost of implementing the project and no portion shall be spent on administrative costs. The Respondent recognizes that additional funds over and above the SEP Offset Amount may be necessary to conduct the event. | 5,200.00     | 5,200.00      |            |              |              |              |          |

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

Date Range Selected : 09/01/2007 - 08/31/2008

| PGM | Case No. | Respondent Name                         | Effective Date   | Ratio  | Assessed Amt | Deferred Amt | Payable Amt | SEP Cost  | SEP Offset |
|-----|----------|---|--|--------|--------------|--------------|-------------|-----------|------------|
| AQ  | 33797    | Equistar Chemicals, LP                  | 04/03/2008   | 1.00:1 | 50,000.00    | 0.00         | 25,000.00   | 25,000.00 | 25,000.00  |
|     |          | POLLUTION REDUCTION                     | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |        |              |              |             | 25,000.00 | 25,000.00  |

|     |          | POLLUTION PREVENTION                    | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be to the Texas Association of Resource Conservation & Development Areas, Inc. ("RC&D") Clean School Bus program. Specifically, SEP monies will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost replacing older diesel buses with alternative fueled or clean diesel buses or retrofitting older diesel buses with new cleaner technology. The project will be administered in accordance with federal, state, and local environmental laws and regulations.   |        |              |              |             | 46,504.00 | 46,504.00  |

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

|    |                      |   |            |           |           |          |           |           |           |
|----|----------------------|---|------------|-----------|-----------|----------|-----------|-----------|-----------|
|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to clean-up sites where tires have been disposed of illegally. Eligible sites will be limited to those where a responsible party cannot be found and where reasonable efforts have been made to prevent the dumping. SEP monies will be used to pay for the direct cost of collecting and disposing of tires. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 84,051.00  | 84,051.00 |           |          |           |           |           |
| AQ | 34182                | Stallion Oilfield Construction, LLC   | 02/25/2008 | 1.00:1    | 20,000.00 | 0.00     | 10,000.00 | 10,000.00 | 10,000.00 |
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems  | 10,000.00  | 10,000.00 |           |          |           |           |           |
| AQ | 35136                | Valero Refining-Texas, L.P.   | 07/03/2008 | 1.00:1    | 10,000.00 | 2,000.00 | 4,000.00  | 4,000.00  | 4,000.00  |
|    | POLLUTION REDUCTION  | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Galveston County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 4,000.00   | 4,000.00  |           |          |           |           |           |

|----|----------------------|---|------------|-----------|-----------|----------|-----------|-----------|-----------|
|    | PUBLIC EDUCATION     | The Respondent will contribute to Harris County Public Health and Environmental Services-Pollution Control Division's FTIR Project. This project includes the lease/contracting for services of air monitoring equipment, FTIR and other associated monitoring equipment, site preparation (including power and a shelter for the monitoring equipment), installation, operation and maintenance for a minimum of a two year period. Data validation management and reporting, and site closure and restoration will also be performed as a part of this project using methods approved by the TCEQ. The FTIR will analyze volatile organic compounds in ambient air. Harris County, in cooperation with the TCEQ, will establish Internet connectivity and automated data ingestion into the TCEQ LEADS system. SEP monies will fund the lease/contract for services of the FTIR and related equipment, site creation, preparation and installation of the FTIR, and the operation and maintenance of the FTIR site for a minimum of two years. SEP monies will also be used to pay for any equipment, software, and programming associated with establishing Internet connectivity and automated data ingestion.  | 5,600.00   | 5,600.00  |           |          |           |           |           |
| AQ | 32602                | Motiva Enterprises LLC  | 10/25/2007 | 1.00:1    | 14,085.00 | 2,817.00 | 5,634.00  | 5,634.00  | 5,634.00  |
|    | POLLUTION REDUCTION  | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to install, operate, and maintain a stationary ambient air monitoring station in the vicinity of Memorial High School Ninth Grade Campus. The station will employ canister sampling, a hydrocarbon analyzer, and/or a chromatograph. Ancillary equipment will include a sample conditioning system, a ten meter meteorological tower, a climate controlled equipment shelter, a remote communications system, and have electronic data logging capabilities. The station will continuously sample and analyze the ambient air for a wide range of hydrocarbon species in accordance with Environmental Protection Agency's recommended "TO-14" list. SEP monies will be used for the cost of purchasing, installing, operating, and maintaining the air monitoring station along with its ancillary equipment.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   | 5,634.00   | 5,634.00  |           |          |           |           |           |

|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. Older buses deemed not suitable for retrofitting will be permanently retired and sold only for scrap.<br><br>Acceptable retrofit technologies include particulate matter traps, diesel particulate matter filters, nitrogen oxides (NOx) reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by the United States Environmental Protection Agency ("EPA") or the California Air Resources Board. | 14,741.00  | 14,741.00 |           |          |           |           |           |

| POLLUTION PREVENTION |       |   | This project includes the lease/contracting for services of air monitoring equipment, Fourier Transform Infra Red (FTIR) and other associated monitoring equipment, site preparation (including power and a shelter for the monitoring equipment), installation, operation and maintenance for a minimum of a two year period. Data validation management and reporting, and site closure and restoration will also be performed as a part of this project using methods approved by the TCEQ. The FTIR will analyze volatile organic compounds in ambient air. Harris County, in cooperation with the TCEQ, will establish Internet connectivity and automated data ingestion into the TCEQ LEADS system. SEP monies will fund the lease/contract for services of the FTIR and related equipment, site creation, preparation and installation of the FTIR, and the operation and maintenance of the FTIR site for a minimum of two years. SEP monies will also be used to pay for any equipment, software, and programming associated with establishing Internet connectivity and automated data ingestion.   |        |           |           |           | 5,000.00  | 5,000.00  |

| CLEAN UP             |       |   | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide local residents with a means of properly disposing household hazardous wastes such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers in one day collection events. SEP monies will be used to pay for the associated labor, materials, and disposal costs. Citizens will not be charged disposal fees. The project is administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs.   |        |           |           |           | 39,866.00 | 39,866.00 |

### Single Program

|    |                      |  |            |           |           |      |           |           |           |
|----|----------------------|--|------------|-----------|-----------|------|-----------|-----------|-----------|
|    | POLLUTION REDUCTION  | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Brazoria County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 12,420.00  | 12,420.00 |           |      |           |           |           |
| AQ | 33526                | Southwest Shipyard, L.P.   | 06/05/2008 | 1.00:1    | 77,276.00 | 0.00 | 38,638.00 | 38,638.00 | 38,638.00 |
|    | POLLUTION PREVENTION | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, Harris County shall perform Fourier Transform Infra Red (FTIR) air monitoring, equipment operation and equipment maintenance. The FTIR will analyze volatile organic compounds in ambient air. SEP monies will fund the lease/contract for services of the FTIR and related equipment, as well as the operation and maintenance of the FTIR site. SEP monies will also be used to pay for equipment, software, and programming associated with Internet connectivity and automated data ingestion.   |            |           |           |      |           | 38,638.00 | 38,638.00 |

|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |            |           |           |      |           | 3,500.00  | 3,500.00  |

|    | POLLUTION REDUCTION  | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Southeast Texas Regional Planning Commission (SETRPC) will use the funds to conduct home energy audits and to assist low income residents in the West Port Arthur area by weatherizing their homes which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking and insulating the homes, as well as for replacing heating and cooling systems and major appliances with new, energy efficient equipment. No portion of the funds will be used for administrative costs.   |            |           |           |      |           | 14,112.00 | 14,112.00 |

|    | CLEAN UP            |                              | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |        |            |          | 12,330.00 | 12,330.00 |           |

|    | POLLUTION REDUCTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board.   |            |        |           |          |           | 10,000.00 | 10,000.00 |

|    | POLLUTION REDUCTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. Older buses deemed not suitable for retrofitting will be permanently retired and sold only for scrap.<br><br>Acceptable retrofit technologies include particulate matter traps, diesel particulate matter filters, nitrogen oxides (NOx) reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by the United States Environmental Protection Agency ("EPA") or the California Air Resources Board.  |            |        |           |          | 6,980.00  | 6,980.00  |          |

|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to conduct home energy audits and to assist low income residents in the West Port Arthur area by weatherizing their homes which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking and insulating homes, replacing heating and cooling systems and major appliances with new, energy efficient equipment.  |            |        |           |           | 9,850.00  | 9,850.00  |           |
| AQ | 33839                | Huntsman Petrochemical Corporation  | 01/28/2008 | 1.00:1 | 64,923.00 | 12,984.00 | 25,970.00 | 25,969.00 | 25,969.00 |
|    | POLLUTION REDUCTION  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. Older buses deemed not suitable for retrofitting will be permanently retired and sold only for scrap.<br><br>Acceptable retrofit technologies include particulate matter traps, diesel particulate matter filters, nitrogen oxides (NOx) reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by the United States Environmental Protection Agency ("EPA") or the California Air Resources Board.   |            |        |           |           | 25,969.00 | 25,969.00 |           |

|    | CLEAN UP            | The Respondent will contribute to Lower Colorado River Authority ("LCRA") Household Hazardous Waste and Reusable Materials Collection in Colorado County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Lower Colorado River Authority and the Texas Commission on Environmental Quality. SEP monies will be used to sponsor household hazardous waste collection events, battery collection events, used oil collection events, paint collection events, and tire collection events in conjunction with local city and county governments through the LCRA Statutory District. These collection events provide citizens with a safe and convenient opportunity to properly dispose of household hazardous wastes such as: paint, tires, pesticides, motor oil, oil filters, antifreeze, batteries, and household cleaners. Citizens will be encouraged to reuse unused portions of properly labeled and handled chemical products (i.e. fertilizers, paints, and some pesticides/herbicides) through the reusable materials exchange. SEP monies will be used by LCRA to supplement scheduled events, and to add additional collection events. The LCRA has not previously budgeted for these supplemental, additional, or special collection events and will not budget for them. | 8,340.00   | 8,340.00  |           |          |           |           |           |

|    | POLLUTION REDUCTION | The Respondent will contribute to Harris County Public Health and Environmental Services-Pollution Control Division's FTIR Project. This project includes the lease/contracting for services of air monitoring equipment, FTIR and other associated monitoring equipment, site preparation (including power and a shelter for the monitoring equipment), installation, operation and maintenance for a minimum of a two year period. Data validation management and reporting, and site closure and restoration will also be performed as a part of this project using methods approved by the TCEQ. The FTIR will analyze volatile organic compounds in ambient air. Harris County, in cooperation with the TCEQ, will establish Internet connectivity and automated data ingestion into the TCEQ LEADS system. SEP monies will fund the lease/contract for services of the FTIR and related equipment, site creation, preparation and installation of the FTIR, and the operation and maintenance of the FTIR site for a minimum of two years. SEP monies will also be used to pay for any equipment, software, and programming associated with establishing Internet connectivity and automated data ingestion.  | 10,000.00  | 10,000.00 |           |          |           |           |           |

|----|----------------------|--|------------|-----------|------------|-----------|------------|------------|------------|
|    | POLLUTION REDUCTION  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to conduct home energy audits and to assist low income residents in the West Port Arthur area by weatherizing their homes which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking and insulating homes, replacing heating and cooling systems and major appliances with new, energy efficient equipment.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  | 28,083.00  | 28,083.00 |            |           |            |            |            |
| AQ | 30908                | Delek Refining, Ltd.   | 10/25/2007 | 1.00:1    | 288,395.00 | 57,679.00 | 115,358.00 | 115,358.00 | 115,358.00 |
|    | CLEAN UP             | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide local residents with a means of properly disposing household hazardous wastes such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers in one day collection events. SEP monies will be used to pay for the associated labor, materials, and disposal costs. Citizens will not be charged disposal fees. The project is administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  | 92,358.00  | 92,358.00 |            |           |            |            |            |
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  | 23,000.00  | 23,000.00 |            |           |            |            |            |

|    | POLLUTION REDUCTION  | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 16,600.00  | 16,600.00 |            |           |            |            |            |

| POLLUTION PREVENTION |       |                                      | The Respondent will contribute to Harris County Public Health and Environmental Services-Pollution Control Division's FTIR Project. This project includes the lease/contracting for services of air monitoring equipment, FTIR and other associated monitoring equipment, site preparation (including power and a shelter for the monitoring equipment), installation, operation and maintenance for a minimum of a two year period. Data validation management and reporting, and site closure and restoration will also be performed as a part of this project using methods approved by the TCEQ. The FTIR will analyze volatile organic compounds in ambient air. Harris County, in cooperation with the TCEQ, will establish Internet connectivity and automated data ingestion into the TCEQ LEADS system. SEP monies will fund the lease/contract for services of the FTIR and related equipment, site creation, preparation and installation of the FTIR, and the operation and maintenance of the FTIR site for a minimum of two years. SEP monies will also be used to pay for any equipment, software, and programming associated with establishing Internet connectivity and automated data ingestion.   |        |           |          |           | 8,172.00  | 8,172.00  |

|    | POLLUTION REDUCTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board.    |            |        |            |          | 5,000.00   | 5,000.00   |            |

| Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Houston-Galveston Area Emission Reduction Credit Organization (AERCO) Clean Cities/Clean Vehicles Program will perform a SEP in Brazoria County pursuant to the agreement between AERCO and the TCEQ. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP funds will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. SEP funds will be used for the costs of replacing older diesel buses with alternative fueled or clean fuel diesel buses. The older "high emission" buses will be permanently retired and sold only for scrap. AERCO will send a verification form to TCEQ in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emissions control technologies that are developed and approved by EPA or the California Air Resources Board.   |       |                           |            |        |           |          |           |           |           |
|  |       |                           |            |        |           |          | 28,600.00 | 28,600.00 |           |
| AQ   | 34650 | Double "B" Foods, Inc.    | 04/14/2008 | 1.00:1 | 16,050.00 | 0.00     | 8,025.00  | 8,025.00  | 8,025.00  |
| CLEAN UP   |       |                           |            |        |           |          |           |           |           |
| The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |       |                           |            |        |           |          |           |           |           |

| POLLUTION REDUCTION |       | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |            |        |            |           | 5,426.00  | 5,426.00  |           |

| CLEAN UP            |       | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Keep Texas Beautiful ("KTB") Stop Trashing Texas Program will perform a SEP in Harris County pursuant to the agreement between KTB and the TCEQ. SEP monies will be used to promote the cleanup statewide of unauthorized trash dumps by supplying project coordination, labor, supplies, and materials for clean up events and by providing assistance with disposal fees for proper disposal of wastes collected at the events. Trash dump cleanups may be coordinated with waste collection facilities and/or local governments to employ heavy machinery for the removal of large waste items. To the maximum extent possible, cleanups shall be accomplished with the use of volunteers from community groups, private companies, schools, and youth organizations.   |            |        |            |           | 32,696.00 | 32,696.00 |           |

|-----|----------------------|--|------------|-----------|-----------|----------|------|----------|----------|
|     | POLLUTION REDUCTION  | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Brazoria County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 20,640.00  | 20,640.00 |           |          |      |          |          |
| MSW | 33084                | Harrison County  | 04/03/2008 | 1.00:1    | 8,800.00  | 0.00     | 0.00 | 8,800.00 | 8,800.00 |
|     | CLEAN UP             | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, SEP funds will be used by the Texas Association of Resource Conservation and Development Areas, Inc. ("RC&D") for the Unauthorized Trash Dump Clean-Up program in Harrison County. In the alternative, if all SEP funds are not expended on the clean up of illegal trash dumps, the funds will be spent on the Abandoned Tire Site Clean-Up, Wastewater Treatment Assistance, or other pre-approved SEP project in Harrison County. SEP monies will pay for the labor and disposal costs associated with proper clean up and disposal of wastes, debris, or abandoned tires, assistance to low-income residents with failing on site wastewater systems, plugging of abandoned wells, or antifreeze recycling.  | 8,800.00   | 8,800.00  |           |          |      |          |          |

|     | CLEAN UP             | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide local residents with a means of properly disposing household hazardous wastes such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers in one day collection events. SEP monies will be used to pay for the associated labor, materials, and disposal costs. Citizens will not be charged disposal fees. The project is administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs.   | 9,240.00   | 9,240.00  |           |          |      |          |          |

|     | CLEAN UP             | Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be to the Texas Association of Resource Conservation and Development Areas, Inc. ("RC&D") for the Cleanup of Unauthorized Trash Dumps project. SEP monies will pay for the labor and disposal costs associated with proper clean up and disposal of wastes and debris at unauthorized trash dump sites. Any remaining SEP funds after completion of the cleanup of unauthorized trash dumps may, upon approval of the Executive Director, be spent on cleaning up abandoned tire dump sites, wastewater treatment assistance for low income individuals, or another approved project in a water quality media. The project will be administered in accordance with federal, state, and local environmental laws and regulations. | 22,960.00  | 22,960.00 |           |          |          |           |           |

|     | CLEAN UP             | Respondent shall conduct a three-day county-wide municipal solid waste collection and electronics waste recycling event and an illegal dumpsite clean up event. The solid waste clean up event must include collection of household municipal solid waste and tires and will not include disposal of household hazardous waste. The events will provide a local option to dispose of household municipal solid waste at no cost to the residents. The projects will target the low- to mid-income communities of Concepcion, San Jose, Rios, Ramirez and Realitos. Respondent shall conduct multiple events, if necessary to ensure that the amount of SEP offset is met.  | 9,095.00   | 9,095.00  |           |          |          |           |           |

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

|     |                           |   |            |          |           |          |          |          |          |
|-----|---------------------------|---|------------|----------|-----------|----------|----------|----------|----------|
|     | ENVIRONMENTAL ENHANCEMENT | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to restore the 600-acre upland habitat at the Mitchell Lake Audubon Center and Sanctuary by removing non-native, exotic plant species and re-establishing native grasses, forbs, and woody vegetation. The re-introduction of the native vegetation throughout the uplands will provide maximum benefit for the wildlife of Mitchell Lake.  | 2,000.00   | 2,000.00 |           |          |          |          |          |
| PST | 33440                     | GAVRANOVIC, F D   | 01/12/2008 | 1.00:1   | 8,500.00  | 1,700.00 | 3,400.00 | 3,400.00 | 3,400.00 |
|     | CLEAN UP                  | The Respondent will contribute to Lower Colorado River Authority ("LCRA") Household Hazardous Waste and Reusable Materials Collection in Travis County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Lower Colorado River Authority and the Texas Commission on Environmental Quality. SEP monies will be used to sponsor household hazardous waste collection events, battery collection events, used oil collection events, paint collection events, and tire collection events in conjunction with local city and county governments through the LCRA Statutory District. These collection events provide citizens with a safe and convenient opportunity to properly dispose of household hazardous wastes such as: paint, tires, pesticides, motor oil, oil filters, antifreeze, batteries, and household cleaners. Citizens will be encouraged to reuse unused portions of properly labeled and handled chemical products (i.e. fertilizers, paints, and some pesticides/herbicides) through the reusable materials exchange. SEP monies will be used by LCRA to supplement scheduled events, and to add additional collection events. The LCRA has not previously budgeted for these supplemental, additional, or special collection events and will not budget for them. | 3,400.00   | 3,400.00 |           |          |          |          |          |
| PST | 33424                     | Flying J Inc.   | 02/18/2008 | 1.00:1   | 13,125.00 | 0.00     | 6,563.00 | 6,562.00 | 6,562.00 |
|     | POLLUTION REDUCTION       | Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be to the RC&D Wastewater Treatment Assistance project. Specifically, SEP monies will pay for the labor and disposal costs associated with repair or replacement of wastewater treatment or on-site sewage facilities for low income individuals. Any unspent SEP monies remaining after completion of the Wastewater Treatment Assistance project may, upon approval by TCEQ, be spent on another authorized RC&D project in Orange County, such as abandoned tire cleanup, unauthorized trash dump cleanup, plugging of abandoned water wells, or recycling of antifreeze.  | 6,562.00   | 6,562.00 |           |          |          |          |          |
| PWS | 32000                     | City of Granbury  | 11/09/2007 | 1.00:1   | 6,960.00  | 0.00     | 0.00     | 6,960.00 | 6,960.00 |
|     | POLLUTION PREVENTION      | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  | 6,960.00   | 6,960.00 |           |          |          |          |          |
| PWS | 31362                     | City of Cockrell Hill   | 12/20/2007 | 1.00:1   | 2,203.00  | 441.00   | 0.00     | 1,762.00 | 1,762.00 |
|     | CLEAN UP                  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to clean-up sites where tires have been disposed of illegally. Eligible sites will be limited to those where a responsible party cannot be found and where reasonable efforts have been made to prevent the dumping. SEP monies will be used to pay for the direct cost of collecting and disposing of tires. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 1,762.00   | 1,762.00 |           |          |          |          |          |

\* There are Multiple Respondent Names associated to this Case No.

|     |       |                                 |  |        |          |        |      |          |          |
|-----|-------|---------------------------------|--|--------|----------|--------|------|----------|----------|
| PWS | 29730 | City of Gatesville              | 04/14/2008   | 1.00:1 | 7,553.00 | 0.00   | 0.00 | 7,553.00 | 7,553.00 |
|     |       | POLLUTION PREVENTION            | The Respondent shall construct and operate an antifreeze collection, disposal, and recycling center that will offer to the public a free and convenient method for disposing of used antifreeze. The Respondent shall hire a licensed waste hauler to transport and dispose of or recycle the antifreeze. The Respondent shall operate the center for a minimum of three years from the effective date of this Order.  |        |          |        |      | 7,553.00 | 7,553.00 |
| PWS | 35026 | City of Boyd                    | 08/15/2008   | 1.00:1 | 2,580.00 | 0.00   | 0.00 | 2,580.00 | 2,580.00 |
|     |       | POLLUTION PREVENTION            | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, Third-Party Recipient shall repair or replace failing water systems or on-site wastewater systems for low income homeowners. Third-Party Recipient shall use SEP Funds to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems. Third-Party recipient shall use a consistent and documented system for determining eligible participants.   |        |          |        |      | 2,580.00 | 2,580.00 |
| PWS | 34661 | City of Hamilton                | 04/28/2008   | 1.00:1 | 4,687.00 | 937.00 | 0.00 | 3,750.00 | 3,750.00 |
|     |       | CLEAN UP                        | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide local residents with a means of properly disposing household hazardous wastes such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers in one day collection events. SEP monies will be used to pay for the associated labor, materials, and disposal costs. Citizens will not be charged disposal fees. The project is administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. |        |          |        |      | 3,750.00 | 3,750.00 |
| PWS | 32832 | City of Hamilton                | 10/25/2007   | 1.00:1 | 3,124.00 | 0.00   | 0.00 | 3,124.00 | 3,124.00 |
|     |       | POLLUTION PREVENTION            | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   |        |          |        |      | 3,124.00 | 3,124.00 |

|     |       | ENVIRONMENTAL ENHANCEMENT       | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. The Coastal Bend Audubon Society owns the North Bay Sanctuary. It is a 75-acre, largely wooded tract containing a 5-acre pond. The site includes a 12-foot viewing tower that can accommodate 15 people on the upper platform. Specifically, the contribution will be used to maintain the existing roads in the sanctuary, control Prickly Pear Cacti in a 20-acre section of the sanctuary, and assist in the removal of invasive reeds and other plants from the eastern section of the pond.  |        |          |        |      | 2,457.00 | 2,457.00 |

|     | CLEAN UP                  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. | 1,219.00   | 1,219.00  |           |          |      |          |          |

|     | ENVIRONMENTAL RESTORATION | The Respondent shall conduct a waste tire collection and disposal event in the City of Post. The City shall place tire collection dumpsters throughout the City and advertise to the public the locations of the dumpsters. Tires shall be collected by city staff and transported by a licensed hauler to a permitted facility for processing. Specifically, SEP funds will be used to pay for heavy equipment such as tractor loaders, backhoes, a dump truck, trailers, labor, and other direct costs associated with the event. The Respondent shall only use City labor after hours or on weekends to conduct the event. The event shall be conducted at no cost to the citizens.  |            |          |           |          |      | 11,560.00 | 11,560.00 |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

|    |                           |   |   |        |           |          |           |           |           |
|----|---------------------------|---|---|--------|-----------|----------|-----------|-----------|-----------|
|    | POLLUTION REDUCTION       |   | Respondent shall contribute the specified SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be to the Texas Association of Resource Conservation and Development Areas, Inc. ("RC&D") for the Clean School Bus Program in Ellis County. Any remaining SEP funds not able to be spent on completion of the Clean School Bus Program may be spent, upon approval of the Executive Director, on cleanup of unauthorized trash dumps or abandoned tire sites, wastewater treatment assistance to low-income individuals, or another RC&D pre-approved project in Ellis County. Specifically, SEP monies will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of retrofitting or replacing older diesel buses with alternative fueled or clean diesel buses to reduce emissions. Old buses deemed not suitable for retrofit will be permanently retired and only sold for scrap. |        |           |          | 8,802.00  | 8,802.00  |           |
|    | POLLUTION REDUCTION       |   | The Respondent shall hold two collection and recycling events in which it shall collect and chip vegetative debris, recycle the debris into mulch, and distribute the mulch at no cost to the public. The Respondent shall advertise the events to the public in a newspaper of large circulation, shall provide free curbside collection of vegetative debris, shall purchase and utilize a brush chipper for the events, shall provide labor to operate the chipper, provide labor to operate the collection and distribution location, load mulch for citizens, and shall provide signage for the collection and distribution location. Mulch shall be provided free to the public. Any remaining mulch not distributed to the public shall be beneficially applied to public areas by the Respondent.   |        |           |          | 12,310.00 | 12,310.00 |           |

|    | ENVIRONMENTAL ENHANCEMENT |   | The Respondent will contribute to The Hill Country Conservancy for the Wentzel Tract project. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between The Hill Country Conservancy and the Texas Commission on Environmental Quality. SEP monies will be used to help divert water into an 18-acre abandoned quarry. The quarry will then capture and hold the water, so that the water can be absorbed into the Edwards Aquifer that runs beneath the quarry. It is estimated that the quarry could divert up to 275 acre-feet of additional storm water runoff into the Edwards Aquifer.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   |        |           |          | 2,904.00  | 2,904.00  |           |

|    | POLLUTION PREVENTION      |   | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action  |        |           |          | 3,850.00  | 3,850.00  |           |

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

|    |                      |   |            |           |           |          |      |           |           |
|----|----------------------|---|------------|-----------|-----------|----------|------|-----------|-----------|
|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.   | 10,800.00  | 10,800.00 |           |          |      |           |           |
| WQ | 34001                | City of Strawn  | 04/28/2008 | 1.00:1    | 7,080.00  | 1,416.00 | 0.00 | 5,664.00  | 5,664.00  |
|    | POLLUTION REDUCTION  | The Respondent shall perform an erosion control project at the Lake Tucker dam in Palo Pinto County to reduce the likelihood of further erosion and downstream flooding. Erosion in this area, if left without repair, may undermine the structural integrity of the dam. The erosion currently causes sedimentation in downstream waterways. The Respondent shall utilize city employees to perform regrading and seeding to correct and prevent further erosion, post signs in the area to prevent vehicular traffic, and encourage the growth of the planted vegetation seeds.<br><br>The Respondent shall use the SEP Offset Amount only for the direct cost of implementing the project and no portion shall be spent on administrative costs. To the extent it can be documented, the Respondent will receive credit for the overtime hours its employees and equipment are used in implementing the SEP. The Respondent will not receive credit for gratuities and/or inducements for volunteers.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action. | 5,664.00   | 5,664.00  |           |          |      |           |           |
| WQ | 31478                | City of Uvalde  | 11/09/2007 | 1.00:1    | 21,750.00 | 4,350.00 | 0.00 | 17,400.00 | 17,400.00 |
|    | CLEAN UP             | The Respondent shall conduct a city-wide waste tire collection event and illegal tire dump clean up program. The collection event will occur during a one-month period, be advertised to the public, and allow for proper disposal of waste tires at no cost to the residents. The illegal tire dump clean up program will target low- to mid-income communities or public rights-of-way where no responsible party can be found for the illegal dumps. The Respondent shall conduct the events until such time as it has expended the requisite amount of SEP offset.  | 17,400.00  | 17,400.00 |           |          |      |           |           |
| WQ | 34041                | Texas Department of Criminal Justice  | 02/25/2008 | 1.00:1    | 13,360.00 | 0.00     | 0.00 | 13,360.00 | 13,360.00 |
|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to clean-up sites where tires have been disposed of illegally. Eligible sites will be limited to those where a responsible party cannot be found and where reasonable efforts have been made to prevent the dumping. SEP monies will be used to pay for the direct cost of collecting and disposing of tires. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 13,360.00  | 13,360.00 |           |          |      |           |           |

|    | POLLUTION PREVENTION | The Respondent shall create and operate a used oil and antifreeze collection and recycling center. The center will offer to the public a free and convenient method of disposing of used oil, oil filters, and antifreeze. SEP funds will be used solely for the direct costs of operating the center and no portion of the funds will be spent on administrative costs. The Respondent shall provide staff to ensure that the antifreeze and oil collection containers receive only their designated materials. The Respondent shall ensure that the site is fenced and locked in a secure area.   | 3,632.00   | 3,632.00  |           |          |      |           |           |

|    | POLLUTION PREVENTION                       | Respondent shall conduct at least two city-wide pharmaceutical collection events to provide city-wide collection and proper disposal of pharmaceuticals at no cost to the public. The events will include collection and proper disposal of pharmaceuticals, including those that may be considered to have endocrine disrupting effects. The Respondent may conduct these events concurrently with planned household hazardous waste collection events. Respondent shall ensure that the events: <ul style="list-style-type: none"> <li>" occur on weekends during daylight hours;</li> <li>" offer to the public convenient drop-off locations;</li> <li>" are advertised in flyers placed in utility bills or mail-outs, or advertised in at least one newspaper of large circulation in the community</li> </ul> Respondent shall collect the pharmaceuticals and shall contract with a licensed hauler to transport and properly dispose of the collected materials. Respondent shall use the SEP Offset Amount only for the direct cost of implementing the project and no portion shall be spent on administrative costs. SEP monies will be used for equipment such as collection bins, overtime labor of employees, public announcement of the event, and transport and disposal fees. Respondent shall perform this project in accordance with all federal, state and local laws and regulations. | 10,000.00 | 10,000.00 |

SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems   | 3,600.00   | 3,600.00  |           |          |          |           |           |
| WQ | 34744                | City of the Colony   | 06/19/2008 | 1.00:1    | 51,000.00 | 0.00     | 0.00     | 51,000.00 | 51,000.00 |
|    | POLLUTION REDUCTION  | The Respondent shall perform an erosion control project along the Heron Cove outfall area above Lake Lewisville in Denton County. The project will involve the use of a contractor to install a new headwall, energy dissipater, and grouted rock riprap to reduce the velocity of drainage downstream of the structure. Soil erosion in this area has been causing excessive sedimentation into Lake Lewisville.  | 51,000.00  | 51,000.00 |           |          |          |           |           |

|    | POLLUTION PREVENTION | The Respondent shall hold a six-week event for the collection and recycling of waste tires, batteries, electronics, and other recyclable or reusable materials. In addition to accepting the items at a designated drop-off location, the Respondent shall pick items for citizens who have no other way of bringing the materials to the drop-off location. The event will be advertised in two local papers, and on utility bill mailings prior to the event. The Respondent shall ensure that the event:<br><br><ul style="list-style-type: none"> <li>" offers to the public a convenient drop-off location;</li> <li>" offers to the public special pick-up for recyclable materials;</li> <li>" is organized and conducted by City employees and volunteers;</li> <li>" includes recycling of electronics; and</li> <li>" is advertised in: <ul style="list-style-type: none"> <li>¢ a newspaper of large circulation in the geographic area,</li> <li>¢ utility bill mail-outs.</li> </ul> </li> </ul> <p>The Respondent shall collect, transport, dispose of or recycle the collected materials. SEP monies will be used for heavy equipment such as roll-off bins, trailers, overtime labor of employees, public announcement of the event, and disposal and recycling costs.</p> | 8,224.00   | 8,224.00  |           |          |          |           |           |
| WQ | 33117                | City of Mexia  | 02/08/2008 | 1.00:1    | 26,688.00 | 5,337.00 | 0.00     | 21,351.00 | 21,351.00 |
|    | POLLUTION PREVENTION | The Respondent shall repair or replace failing, broken, or inadequately designed private sewer lines, access units, and clean-outs for approximately 20 low to moderate income residents in Limestone County. The failure of some of the existing lines has resulted in overflows of untreated sewage to the environment, causing unsanitary conditions and environmental concerns. The Respondent shall provide this service at no cost to the residents. The Respondent shall use the SEP Offset Amount only for the direct cost of implementing the project and no portion shall be spent on administrative costs. The Respondent shall use its own labor only on weekends or after-hours and will be reimbursed at an overtime rate. If the Respondent uses contract labor, it will be reimbursed at a regular hourly rate.  | 21,351.00  | 21,351.00 |           |          |          |           |           |

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

|                           |       |   |            |        |          |          |          |          |          |
|---------------------------|-------|---|------------|--------|----------|----------|----------|----------|----------|
| ENVIRONMENTAL RESTORATION |       | <p>Endangered Species Habitat Restoration</p> <p>Respondent shall perform an endangered species habitat restoration project in the Sam Houston National Forest. The restoration project shall restore and enhance habitat areas for the endangered Red-Cockaded Woodpecker by completing mid-story growth control projects within the National Forest.</p> <p>The Red-Cockaded Woodpecker has been on the list of endangered species since 1973 due to destruction of habitable areas (known as "clusters") that it needs for food and shelter, from cutting of mature pinewood timber stands. The Red-Cockaded Woodpecker prefers mid- to large-size stands of live mature pine trees of a 10" diameter or larger, with limited understory growth within a 200 foot radius of its nesting area, and a surrounding foraging area of approximately one-half mile of mature pine.</p> <p>To provide a habitat for this endangered species, Respondent shall remove undesirable understory growth as described above, during periods that would not disturb the birds during nesting season. (Nesting season is from March through June of each year).</p> <p>Respondent shall coordinate participation of at-risk youth from the Gulf Coast Trade Center to perform the habitat restoration. The youth will learn about the dangers and consequences of loss of habitat of the species, as well as the environmental benefits accrued from performing the restoration. The youths will additionally receive certificates of achievement for their participation in the project. The restored areas will be a part of an educational program for visitors to the National Forest.</p> <p>Respondent shall use SEP funds to pay for tools to conduct the clearing, for travel costs to and from the work site, and for other direct costs necessary to perform the SEP.</p> |            |        |          |          | 5,088.00 | 5,088.00 |          |
| POLLUTION REDUCTION       |       | <p>Illegal Trash Dump Clean Up</p> <p>Respondent shall perform an illegal trash dump clean up within the Sam Houston National Forest. Areas of the Forest have become the site for sporadic dumping of solid wastes. Respondent shall coordinate participation of at-risk youth from the Gulf Coast Trade Center to perform the clean-ups. The youth will learn about the dangers and consequences of illegal dumping, as well as the environmental benefits accrued from performing the clean ups. The youths will additionally receive certificates of achievement for their participation in the project.</p> <p>Respondent shall use SEP funds to pay for tools to conduct the clearing, for travel costs to and from the work site, disposal of collected wastes, and for other direct costs of the SEP.</p>   |            |        |          |          | 500.00   | 500.00   |          |
| WQ                        | 34515 | Austin Equipment Company, LC  | 03/08/2008 | 1.00:1 | 3,410.00 | 682.00   | 1,364.00 | 1,364.00 | 1,364.00 |
| CLEAN UP                  |       | <p>The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.</p>  |            |        |          |          | 1,364.00 | 1,364.00 |          |

|    | CLEAN UP                  | The Respondent will contribute to Galveston Bay Foundation "Marsh Mania" in Galveston County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Galveston Bay Foundation and the Texas Commission on Environmental Quality. SEP monies will be used to restore shoreline elevations, growing plants for shoreline restoration, and planting new habitat. Historic subsidence and erosion have resulted in shoreline elevations which are too low to support vegetation. This project will seek to raise elevations by scraping and terracing. Scraping involves the use of earthmoving equipment to grade an eroded, bluff-like shoreline so that it slopes gradually towards the water resulting in the ability of plant growth. Terracing uses earthmoving equipment to create small levees by burrowing and stacking sediment in shallow water. The high elevation can then be planted with emergent vegetation. SEP monies will be used to pay for the direct costs of the implementation of the project, including material, equipment, and labor costs. | 3,150.00   | 3,150.00  |           |          |          |           |           |

|    | POLLUTION REDUCTION  | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Brazoria County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 9,000.00   | 9,000.00   |            |           |           |            |            |

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

|   |                      |   |  |        |          |          |      |          |          |
|---|----------------------|---|--|--------|----------|----------|------|----------|----------|
|   | CLEAN UP             |   | The Respondent shall hold a one-day city-wide used tire collection clean up event and shall recycle reusable tires. The Respondent shall ensure that the final transport and disposal or recycling of tires will be conducted by a certified contractor. The Respondent shall post NO DUMPING signs in publicly owned areas within the City limits that experience chronic tire dumping.   |        | 7,100.00 | 7,100.00 |      |          |          |
| WQ  | 24906                | City of Kerens  | 08/15/2008   | 1.00:1 | 3,300.00 | 660.00   | 0.00 | 2,640.00 | 2,640.00 |
|   | POLLUTION PREVENTION |   | Respondent shall hold a one-day event for the collection, recycling, or disposal of tires, batteries, electronics, and lawn clippings. Respondent shall offer to the public a designated drop-off location where the public can drop off wastes for disposal and recycling at no cost to the citizens. The event will be advertised in a local newspaper to ensure public awareness of the event.<br><br>Respondent shall ensure that the event:<br><br>" is advertised to the public;<br>" occurs on at least one weekend day during daylight hours;<br>" offers to the public a convenient drop-off location; and<br>" includes recycling of electronics and vegetative debris   |        | 2,640.00 | 2,640.00 |      |          |          |
|   | POLLUTION PREVENTION |   | This case was originally proposed to be combined with Docket 2004-0623-MWD-E; however, they were not combined so the SEP was withdrawn on this case.   |        | 0.00     | 0.00     |      |          |          |
| WQ  | 33131                | City of Stockdale   | 02/18/2008   | 1.00:1 | 8,060.00 | 1,612.00 | 0.00 | 6,448.00 | 6,448.00 |
|   | CLEAN UP             |   | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to clean-up sites where tires have been disposed of illegally. Eligible sites will be limited to those where a responsible party cannot be found and where reasonable efforts have been made to prevent the dumping. SEP monies will be used to pay for the direct cost of collecting and disposing of tires. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.   |        | 6,448.00 | 6,448.00 |      |          |          |
| WQ  | 33288                | Young Men's Christian Association of The Greater Houston Area | 12/20/2007   | 1.00:1 | 7,700.00 | 1,540.00 | 0.00 | 6,160.00 | 6,160.00 |
|   | POLLUTION PREVENTION |   | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   |        | 6,160.00 | 6,160.00 |      |          |          |
| WQ  | 32578                | City of Commerce  | 10/04/2007   | 1.00:1 | 7,450.00 | 0.00     | 0.00 | 7,450.00 | 7,450.00 |
|   | CLEAN UP             |   | The Respondent shall establish a citizen scrap tire disposal and processing facility where citizens may dispose of used tires and shall hold a one-day county-wide used tire collection event at no cost to the residents. The Respondent shall offer a drop off site on City property where it will collect, dismount, cut, and properly dispose of tires dropped off by citizens from any portion of Hunt County. The Respondent shall advertise the event in a newspaper to ensure public participation. SEP funds will be used for heavy equipment such as use of a dump truck, box blade tractor, for purchase of a Model 9100 Tire Cutter (estimated costs of \$4,900), a Model 4501 Tire Changer (estimated cost of \$3,549), and other direct costs of performance such as fuel and disposal costs. The Respondent agrees to continue to use the tire cutter and changer for performing tire disposal operations for at least three years from the date of the Agreed Order. |        | 7,450.00 | 7,450.00 |      |          |          |
| * There are Multiple Respondent Names associated to this Case No. |                      |   |  |        |          |          |      |          |          |

### Single Program

|    |       |   |  |        |           |          |      |           |           |
|----|-------|---|--|--------|-----------|----------|------|-----------|-----------|
| WQ | 25342 | Peaster Independent School District Public Facility Corporation | 09/21/2007   | 1.00:1 | 9,870.00  | 1,974.00 | 0.00 | 7,896.00  | 7,896.00  |
|    |       | POLLUTION REDUCTION   | Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the Supplemental Environmental Project Agreement between the Texas Association of Resource Conservation and Development Areas, Inc. and the Texas Commission on Environmental Quality. Specifically, the contribution will be used to cover the direct cost of the project to provide low-income rural homeowners with failing on-site wastewater treatment systems assistance to enable repair or replacement of their failing systems. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.   |        |           |          |      | 7,896.00  | 7,896.00  |
| WQ | 24899 | City of Collinsville  | 02/08/2008   | 1.00:1 | 3,820.00  | 764.00   | 0.00 | 3,056.00  | 3,056.00  |
|    |       | ENVIRONMENTAL RESTORATION                                       | The Respondent shall extend first-time sewer service to one low-income household in a rural area that is currently utilizing an older on-site septic system. The septic system is located at 26360 FM 902 in Collinsville. The Respondent agrees to properly decommission (remove or backfill) the existing septic tank at no cost to the owner.   |        |           |          |      | 3,056.00  | 3,056.00  |
| WQ | 33283 | City of Cleveland   | 11/09/2007   | 1.00:1 | 1,287.00  | 257.00   | 0.00 | 1,030.00  | 1,030.00  |
|    |       | POLLUTION PREVENTION  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   |        |           |          |      | 1,030.00  | 1,030.00  |
| WQ | 34617 | City of San Augustine   | 08/15/2008   | 1.00:1 | 5,200.00  | 1,040.00 | 0.00 | 4,160.00  | 4,160.00  |
|    |       | POLLUTION PREVENTION  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient shall repair or replace failing water systems or on-site wastewater systems for low income homeowners. The Third-Party Recipient shall use SEP funds to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems. The Third-Party recipient shall use a consistent and documented system for determining eligible participants.   |        |           |          |      | 4,160.00  | 4,160.00  |
| WQ | 32576 | City of Teague  | 10/25/2007   | 1.00:1 | 8,280.00  | 1,656.00 | 0.00 | 6,624.00  | 6,624.00  |
|    |       | CLEAN UP  | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide local residents with a means of properly disposing household hazardous wastes such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers in one day collection events. SEP monies will be used to pay for the associated labor, materials, and disposal costs. Citizens will not be charged disposal fees. The project is administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. |        |           |          |      | 6,624.00  | 6,624.00  |
| WQ | 34404 | Smith County MUD 1  | 04/14/2008   | 1.00:1 | 13,275.00 | 2,655.00 | 0.00 | 10,620.00 | 10,620.00 |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

|    |                           |  |            |           |           |          |          |           |           |
|----|---------------------------|--|------------|-----------|-----------|----------|----------|-----------|-----------|
|    | ENVIRONMENTAL ENHANCEMENT | The Respondent will contribute to Tyler Audubon Society Habitat Improvement for its habitat improvement on Langley Island on Lake Tyler. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Audubon Society and the Texas Commission on Environmental Quality. Specifically, the contribution will be used for transportation via boat to the island, for purchase of hand tools for clearing undergrowth and unwanted trees, and for needed signs to mark trails and post rules for island usage.  | 10,620.00  | 10,620.00 |           |          |          |           |           |
| WQ | 35087                     | City of Houston  | 08/29/2008 | 1.00:1    | 7,250.00  | 1,450.00 | 0.00     | 5,800.00  | 5,800.00  |
|    | ENVIRONMENTAL RESTORATION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to pay for the labor and materials costs associated with conducting prescribed burns, removing non-native trees, and for planting native trees and plants.  | 5,800.00   | 5,800.00  |           |          |          |           |           |
| WQ | 34826                     | City of Azle   | 08/29/2008 | 1.00:1    | 25,920.00 | 0.00     | 0.00     | 25,920.00 | 25,920.00 |
|    | POLLUTION PREVENTION      | Respondent shall hold a collection event to collect, properly dispose, or recycle household hazardous waste (HHW) and non-hazardous materials. Respondent shall offer drop off locations for HHW and other items at no cost to the public. The collection event will include collection and proper disposal or recycling of used paint, acids, cleaners, pesticides, herbicides, oil, oil filters, batteries, and antifreeze. Respondent shall also collect and properly dispose of or recycle non-hazardous materials such as tires, brush, concrete, logs, furniture, and other large bulky items.   | 25,920.00  | 25,920.00 |           |          |          |           |           |
| WQ | 34405                     | Victoria County Wcid 1   | 04/03/2008 | 1.00:1    | 8,280.00  | 1,656.00 | 0.00     | 6,624.00  | 6,624.00  |
|    | CLEAN UP                  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  | 6,624.00   | 6,624.00  |           |          |          |           |           |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

|    |                      |   |            |           |           |          |          |           |           |
|----|----------------------|---|------------|-----------|-----------|----------|----------|-----------|-----------|
|    | CLEAN UP             | Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Respondent shall contribute to the Texas Association of Resource Conservation & Development ("RC&D") for the Household Hazardous Waste Collection program, to be conducted within the geographic watershed of Johnson County. During the event, residents shall be allowed to bring household hazardous waste to the collection site for proper disposal. Specifically, SEP monies will pay for the labor and disposal costs associated with properly disposing of paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers. Citizens will not be charged disposal fees. The project will be administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations.   | 17,620.00  | 17,620.00 |           |          |          |           |           |
| WQ | 34171                | Houston Marine Services, Inc.   | 02/08/2008 | 1.00:1    | 3,960.00  | 792.00   | 1,584.00 | 1,584.00  | 1,584.00  |
|    | CLEAN UP             | The Respondent will contribute to Gulf Coast Waste Disposal Authority ("GCWDA") for its River, Lakes, Bays 'N Bayous Trash Bash in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the GCWDA and the Texas Commission on Environmental Quality. Specifically, the contribution will be used to pay for materials, supplies, disposal costs, and transportation costs directly associated with the cleanup of trash and pollutants from the Galveston Bay and the San Jacinto watershed.  | 1,584.00   | 1,584.00  |           |          |          |           |           |
| WQ | 34939                | ExxonMobil Oil Corporation  | 06/19/2008 | 1.00:1    | 5,740.00  | 1,148.00 | 2,296.00 | 2,296.00  | 2,296.00  |
|    | POLLUTION REDUCTION  | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to aid local school districts, area transit agencies, and local governments in need of funding assistance to pay for the cost of the following activities to reduce emissions: 1) replacing older diesel buses with alternative fuelled or clean diesel buses; or 2) retrofitting older diesel buses with new, cleaner technology. The funds will be disbursed on a needs-rated basis, using non-attainment area status, condition of buses, and economic status of the recipient as possible rating factors if competition for the funds exists. To maximize funds, retrofitting will take priority over replacement of buses. Older buses deemed not suitable for retrofitting will be permanently retired and sold only for scrap.<br><br>Acceptable retrofit technologies include particulate matter traps, diesel particulate matter filters, nitrogen oxides (NOx) reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by the United States Environmental Protection Agency ("EPA") or the California Air Resources Board. | 2,296.00   | 2,296.00  |           |          |          |           |           |
| WQ | 34675                | Rayburn Country Municipal Utility District  | 04/14/2008 | 1.00:1    | 4,410.00  | 882.00   | 0.00     | 3,528.00  | 3,528.00  |
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems.   | 3,528.00   | 3,528.00  |           |          |          |           |           |
| WQ | 11900                | City of Elsa  | 01/12/2008 | 1.00:1    | 16,385.00 | 0.00     | 0.00     | 16,385.00 | 16,385.00 |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 10: List of SEP's & SEP Projects - FY 2008

### Single Program

|    |                      |   |            |           |           |          |          |          |          |
|----|----------------------|---|------------|-----------|-----------|----------|----------|----------|----------|
|    | CLEAN UP             | The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used in the Texas Association of Resource Conservation and Development Areas, Inc. - Abandoned Tire Clean-Up Project which provides the coordinated clean-up of sites where tires have been disposed of illegally. Eligible sites will be limited to areas where a responsible party can not be identified and where there is no preexisting obligation to clean up the site by the owner of the property and where reasonable efforts have been or will be made to prevent the dumping. The contribution will be used for the direct cost of collection and disposal of debris and tires. The contribution from this agreement will be used to fund several clean up events which have an estimated cost of \$2,500 per event                         | 16,385.00  | 16,385.00 |           |          |          |          |          |
| WQ | 32721                | Velta Homes, Inc.   | 11/09/2007 | 1.00:1    | 2,000.00  | 400.00   | 800.00   | 800.00   | 800.00   |
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  |            |           |           |          | 800.00   | 800.00   |          |
| WQ | 26554                | City of Gustine   | 07/03/2008 | 1.00:1    | 10,575.00 | 2,115.00 | 0.00     | 8,460.00 | 8,460.00 |
|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. |            |           |           |          | 8,460.00 | 8,460.00 |          |

|  | POLLUTION REDUCTION       | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to conduct home energy audits and to assist low income residents in the West Port Arthur area by weatherizing their homes which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking and insulating homes, replacing heating and cooling systems and major appliances with new, energy efficient equipment.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   | 49,131.00    | 49,131.00    |              |              |              |              |           |
| MM   | 29209                     | Valero Refining-Texas, L.P.   | 11/19/2007   | 1.00:1       | 59,475.00    | 11,895.00    | 23,790.00    | 23,790.00    | 23,790.00 |
|  | POLLUTION REDUCTION       | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 23,790.00    | 23,790.00    |              |              |              |              |           |

|  | ENVIRONMENTAL ENHANCEMENT | The Respondent shall contribute the SEP Amount to the Third Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be to the Borger ISD LEEDS Green School Building Project to be conducted within Hutchinson County. Specifically, the SEP will involve Borger ISD receiving contributions of SEP Funds to assist the school in the purchase of approximately 84 rooftop air conditioning units that are classified as having a 14 Seasonal Energy Efficiency Ratio (SEER) rating. These units exceed the 12-SEER requirement of the current energy code. Higher SEER units reduce energy usage thus saving energy and reducing the amount of pollution created during energy production. The SEP monies will assist the school to pay for the cost difference in upgrading the heating and cooling system to a more energy efficient cooling and heating system. The project will be administered in accordance with federal, state, and local environmental laws and regulations.   | 75,863.00    | 75,863.00    |              |              |              |              |           |

## Appendix 12: List of SEP's & SEP Projects - FY 2007

### Single Program

Date Range Selected : 09/01/2006 - 08/31/2007

| PGM | Case No. | Respondent Name                    | Effective Date  | Ratio  | Assessed Amt | Deferred Amt | Payable Amt | SEP Cost   | SEP Offset |
|-----|----------|------------------------------------|---|--------|--------------|--------------|-------------|------------|------------|
| AQ  | 24551    | Texas Petrochemicals LP            | 04/26/2007  | 1.00:1 | 157,959.00   | 0.00         | 78,980.00   | 78,979.00  | 78,979.00  |
|     |          | POLLUTION REDUCTION                | The contribution will be used in the Harris County Public Health and Environmental Services - Pollution Control Division Fourier Transform Infra Red Project which includes obtaining air monitoring equipment, Fourier Transform Infra Red and other associated monitoring equipment as well as site preparation, installation, operation and maintenance for a minimum of a two-year period. The FTIR will analyze volatile organic compounds in ambient air.   |        |              |              |             | 78,979.00  | 78,979.00  |
| AQ  | 26972    | The Goodyear Tire & Rubber Company | 06/29/2007  | 1.00:1 | 283,654.00   | 0.00         | 141,827.00  | 141,827.00 | 141,827.00 |
|     |          | POLLUTION REDUCTION                | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Southeast Texas Regional Planning Commission's West Port Arthur Home Energy Efficiency Program. This project is dedicated to reducing non-renewable energy usage and assisting low income residents in the West Port Arthur area by conducting home energy audits and weatherizing their homes, which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking, and insulating the homes and appliances, as well as for replacing heating and cooling systems and major appliances with new, energy efficient equipment.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  |        |              |              |             | 141,827.00 | 141,827.00 |
| AQ  | 24861    | SABINA PETROCHEMICALS, LLC         | 10/19/2006  | 1.00:1 | 33,275.00    | 0.00         | 16,638.00   | 16,637.00  | 16,637.00  |
|     |          | POLLUTION REDUCTION                | Sabina will contribute to the Retrofit/Replace Heavy Equipment and Vehicles with Alternative Fueled Equipment and Vehicles Program in Jefferson County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between Jefferson County and the Texas Commission on Environmental Quality dated August 6, 2003. Specifically, the contribution will be used to purchase alternative fueled equipment such as propane or electric powered lawn mowers, propane powered light duty and heavy equipment, and alternative fueled vehicles and retire diesel and gasoline powered equipment and vehicles. The retired vehicles and equipment will not be resold as working vehicles, but will only be sold for scrap. The County will also use SEP monies to convert current equipment and vehicles to alternative fueled equipment and vehicles and to retrofit current gasoline and diesel powered equipment in order to lower emissions. All retrofits will meet EPA standards. None of the vehicles or equipment purchased by Jefferson County will be used to comply with the Texas Clean Fleet Program. All dollars contributed will be used solely for the direct cost of the project, and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state, and local environmental laws and regulations. |        |              |              |             | 16,637.00  | 16,637.00  |
| AQ  | 28950    | ExxonMobil Oil Corporation         | 10/02/2006  | 1.00:1 | 10,000.00    | 0.00         | 5,000.00    | 5,000.00   | 5,000.00   |

|    |                      |   |            |           |           |          |           |           |           |
|----|----------------------|---|------------|-----------|-----------|----------|-----------|-----------|-----------|
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to plug abandoned water wells where there is no responsible party that can be identified to plug the well.<br><br>All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   | 1,150.00   | 1,150.00  |           |          |           |           |           |
| AQ | 6498                 | Texas Lime Company  | 10/02/2006 | 1.00:1    | 50,625.00 | 0.00     | 25,313.00 | 25,312.00 | 25,312.00 |
|    | CLEAN UP             | Texas Lime will contribute to the Texas Association of Resource Conservation and Development Areas, Inc. ("RC&D") for its Abandoned Tire Clean-Up project in Johnson County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Texas Association of Resource Conservation and Development Areas, Inc. and the Texas Commission on Environmental Quality. Specifically, the contribution will be used to clean up sites in Johnson County where tires have been disposed of illegally. Eligible sites will be limited to those where a responsible party cannot be found and where reasonable efforts have been made to prevent the dumping. SEP monies will be used to pay for the direct cost of collecting and disposing of tires. All dollars contributed will be used solely for the direct cost of the project, and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. | 25,312.00  | 25,312.00 |           |          |           |           |           |
| AQ | 29044                | Huntsman Petrochemical Corporation  | 09/21/2006 | 1.00:1    | 19,608.00 | 0.00     | 9,804.00  | 9,804.00  | 9,804.00  |
|    | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, funds will be used to conduct home energy audits and to assist low income residents in the West Port Arthur area by weatherizing their homes which will improve their homes' energy efficiency. SEP monies will be used to pay for the cost of caulking and insulating the homes and appliances as well as for replacing heating and cooling systems and major appliances with new, energy efficient equipment.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   | 9,804.00   | 9,804.00  |           |          |           |           |           |

|    | PUBLIC EDUCATION     | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to maintain and repair the existing Southeast Texas Regional Air Monitoring Network. The network includes seven monitoring stations located at Sabine Pass, Mauriceville, Southeast Texas Regional Airport, West Orange, Beaumont, Port Neches, and Cove School sites. SEP monies will be used to pay for the labor and materials costs associated with maintaining, repairing, and replacing the existing air monitoring stations at the seven sites.   | 10,746.00  | 10,746.00 |           |          |           |           |           |

| POLLUTION REDUCTION |       | <p>The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board.</p> |            |        |           |      | 5,000.00  | 5,000.00  |          |

| POLLUTION REDUCTION |       | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Galveston County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. | 27,434.00  | 27,434.00 |           |          |           |           |           |

|    | POLLUTION PREVENTION      | The Respondent will contribute to The University of Texas' Corpus Christi Air Monitoring and Surveillance Camera Installation and Operation in Nueces County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the University of Texas and the Texas Commission on Environmental Quality. The University of Texas will install, maintain, and operate an air monitoring and surveillance camera network along the Corpus Christi ship channel to record the concentrations of specific air pollutants along the industrial area. At least seven air monitoring stations and two surveillance cameras will be installed along the ship channel. The air monitoring stations will record concentrations of hydrogen sulfide, (total reduced sulfur), sulfur dioxide and volatile organic compounds including benzene and meteorological data. Data and images obtained from the monitors will be made available to the public via the TCEQ website as soon as possible after it becomes available electronically, depending on the type on monitor.   |            |        |           |        | 10,244.00 | 10,244.00 |           |

|    | ENVIRONMENTAL ENHANCEMENT | The Respondent will contribute to Galveston Bay Restoration "Marsh Mania" in Chambers County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Galveston Bay Foundation and the Texas Commission on Environmental Quality. SEP monies will be used to restore shoreline elevations, growing plants for shoreline restoration, and planting new habitat. Historic subsidence and erosion have resulted in shoreline elevations which are too low to support vegetation. This project will seek to raise elevations by scraping and terracing. Scraping involves the use of earthmoving equipment to grade an eroded, bluff-like shoreline so that it slopes gradually towards the water resulting in the ability of plant growth. Terracing uses earthmoving equipment to create small levees by burrowing and stacking sediment in shallow water. The high elevation can then be planted with emergent vegetation. SEP monies will be used to pay for the direct costs of the implementation of the project, including material, equipment, and labor costs.  |            |        |           |          | 3,960.00 | 3,960.00  |           |

|----|---------------------|--|------------|--------|-----------|-----------|-----------|-----------|-----------|
|    | POLLUTION REDUCTION | The Respondent will contribute to Houston-Galveston AERCO's Clean Cities/Clean Vehicles Program in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Houston-Galveston AERCO and the Texas Commission on Environmental Quality. SEP monies will be used to aid local school districts and area transit agencies in reaching local match requirements mandated by the Federal Highway Administration's ("FHWA") Congestion Mitigation/Air Quality funding program. SEP monies will be disbursed to school districts and transit agencies in need of funding assistance in the Houston-Galveston non-attainment area. Those SEP monies will be used exclusively by the school districts and transit agencies as supplements to meet the local match requirements of the EPA. SEP monies will be used to pay for the cost of replacing older diesel buses with alternative fueled or clean diesel buses. The old buses will be permanently retired and only sold for scrap. The schools and transit agencies will also use the SEP monies to retrofit more buses to reduce emissions. Houston-Galveston AERCO will send the TCEQ verification in the form of paid invoices and other documentation to show that the retrofits were completed. Retrofit technologies include particulate matter traps, diesel particulate matter filters, NOx reduction catalyst technology in combination with diesel particulate filters, and other emission control technologies that are developed and approved by EPA or the California Air Resources Board. |            |        |           |           | 2,080.00  | 2,080.00  |           |

|    | PUBLIC EDUCATION     | The Respondent will contribute to Harris County Public Health and Environmental Services-Pollution Control Division's FTIR Project. This project includes the lease/contracting for services of air monitoring equipment, FTIR and other associated monitoring equipment, site preparation (including power and a shelter for the monitoring equipment), installation, operation and maintenance for a minimum of a two year period. Data validation management and reporting, and site closure and restoration will also be performed as a part of this project using methods approved by the TCEQ. The FTIR will analyze volatile organic compounds in ambient air. Harris County, in cooperation with the TCEQ, will establish Internet connectivity and automated data ingestion into the TCEQ LEADS system. SEP monies will fund the lease/contract for services of the FTIR and related equipment, site creation, preparation and installation of the FTIR, and the operation and maintenance of the FTIR site for a minimum of two years. SEP monies will also be used to pay for any equipment, software, and programming associated with establishing Internet connectivity and automated data ingestion. | 3,526.00   | 3,526.00  |            |           |           |           |           |

## Appendix 12: List of SEP's & SEP Projects - FY 2007

### Single Program

|     |                      |   |            |        |           |          |          |           |           |
|-----|----------------------|---|------------|--------|-----------|----------|----------|-----------|-----------|
|     | CLEAN UP             | Respondent shall establish a citizen scrap tire disposal and processing facility where citizens may dispose of tires at no cost. Respondent shall purchase a new TC-55 Tire Cutter from Tire Service Equipment Manufacturing Co. at an estimated cost of \$9,500 for use at the facility. At least one time per week, Respondent shall split collected tires into quarters and dispose of them in the Port Arthur landfill. Respondent shall post a minimum of three (3) 4'x4' metal-based signs to notify the public of the facility and shall perform advertising through the Port Arthur television channel. Respondent shall register with the TCEQ as a tire generator, processor, and transporter.<br><br>Respondent shall perform this project in accordance with all federal, state and local environmental laws and regulations. Respondent shall use the SEP Offset Amount only for the direct cost of implementing the project and no portion shall be spent on administrative costs.<br><br>Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action. |            |        |           |          | 8,100.00 | 8,100.00  |           |
| PST | 8415                 | City of Pharr   | 03/05/2007 | 1.00:1 | 22,500.00 | 0.00     | 0.00     | 22,500.00 | 22,500.00 |
|     | CLEAN UP             | The Respondent shall contribute Twenty-two thousand seven hundred and fifty dollars (\$22,750.00) to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the The Rensselaerville Institute SEP Program. This project is dedicated to provide low income homeowners with assistance to enable repair or replace failures on-site and or improve on-site wastewater systems. SEP monies will be used to pay for labor and materials costs related to repairing, replacing, and or improving the failing systems. The recipients will not be charged for the cost.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  |            |        |           |          |          | 22,500.00 | 22,500.00 |
| PST | 24910                | City of Weslaco   | 10/02/2006 | 1.00:1 | 3,927.00  | 785.00   | 0.00     | 3,142.00  | 3,142.00  |
|     | POLLUTION PREVENTION | The City of Weslaco will extend first time sewer service to three low-income households which are presently connected to failing on-site septic systems. The City will hire a private plumbing contractor to complete the work, which will consist of installation of a service line from each mobile home to the sewer stub-out which connects to the City's main sewer line. All dollars spent will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.  |            |        |           |          |          | 3,142.00  | 3,142.00  |
| PST | 18111                | Cal Farley's Girlstown, U.S.A.  | 12/22/2006 | 1.00:1 | 2,500.00  | 500.00   | 0.00     | 2,000.00  | 2,000.00  |
|     | POLLUTION PREVENTION | The respondent shall do the following:<br><br>1. Purchase 20 Bald Cypress trees, which are native to the area and 12 Spartan Junipers; and<br><br>2. Plant the trees in a four hundred (400) foot area to the Respondent's property with the volunteer help of the girls who reside on the Respondent's property. The Respondent will not receive SEP credit for the girls' volunteer labor in planting the trees.  |            |        |           |          |          | 2,000.00  | 2,000.00  |
| PST | 14027                | City of Georgetown  | 03/19/2007 | 1.00:1 | 12,375.00 | 2,475.00 | 0.00     | 9,900.00  | 9,900.00  |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 12: List of SEP's & SEP Projects - FY 2007

### Single Program

|     |                      |  |            |          |           |        |          |           |           |
|-----|----------------------|--|------------|----------|-----------|--------|----------|-----------|-----------|
|     | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. The recipients will not be charged for the cost of replacing or repairing the failing systems<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  | 9,900.00   | 9,900.00 |           |        |          |           |           |
| PWS | 16644                | Texas H2O, Inc.  | 05/25/2007 | 1.00:1   | 4,480.00  | 0.00   | 2,240.00 | 2,240.00  | 2,240.00  |
|     | CLEAN UP             | Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ, specifically, to the Texas Association of Resource Conservation and Development Areas, Inc. for its Cleanup of Illegal Trash Dumps Project in Hood County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between Texas Association of Resource Conservation and Development Areas, Inc. and the Texas Commission on Environmental Quality. The contribution will be used to help rid communities of the dangers and health threats associated with non-regulated trash dumps which contaminate air and water, and harbor disease carrying animals and insects.<br>.<br>.<br>.  | 2,240.00   | 2,240.00 |           |        |          |           |           |
| PWS | 25179                | City of Cockrell Hill  | 07/13/2007 | 1.00:1   | 6,525.00  | 0.00   | 0.00     | 6,525.00  | 6,525.00  |
|     | CLEAN UP             | Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be to the Texas Association of Resource Conservation and Development Areas, Inc. ("RC&D") for a Household Hazardous Waste Collection program, to be conducted within Dallas County. During the event, residents shall be allowed to bring household hazardous waste to the collection site for proper disposal. Specifically, SEP monies will pay for the labor and disposal costs associated with properly disposing of paint, thinners, pesticides, oil and gas, corrosive cleaners, fertilizers, and other wastes. Citizens will not be charged disposal fees. The project will be administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations.<br><br>Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action. | 6,525.00   | 6,525.00 |           |        |          |           |           |
| PWS | 24871                | City of Mexia  | 05/11/2007 | 1.00:1   | 935.00    | 187.00 | 0.00     | 748.00    | 748.00    |
|     | POLLUTION PREVENTION | The Respondent shall repair or replace sanitary sewer service lines, cleanouts, and caps on private property in an environmental justice community (low income, minority homeowners) in the City of Mexia to reduce inflow and infiltration into the sanitary sewer collection system. Approximately 5 lines will be repaired or replaced as needed. The homeowners are low income and would not be able to afford the repairs themselves. The Respondent will not charge the homeowners for the costs of the SEP.<br><br>The Respondent shall perform this project in accordance with all federal, state and local environmental laws and regulations. The Respondent shall use the SEP Offset Amount only for the direct cost of implementing the project and no portion shall be spent on administrative costs.   | 748.00     | 748.00   |           |        |          |           |           |
| PWS | 13026                | City of West Tawakoni  | 05/25/2007 | 1.00:1   | 10,098.00 | 0.00   | 0.00     | 10,098.00 | 10,098.00 |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 12: List of SEP's & SEP Projects - FY 2007

### Single Program

|     |                      |  |            |           |          |          |      |          |          |
|-----|----------------------|--|------------|-----------|----------|----------|------|----------|----------|
|     | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient will coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action. | 10,098.00  | 10,098.00 |          |          |      |          |          |
| PWS | 21658                | City of Killeen  | 08/23/2007 | 1.00:1    | 1,473.00 | 0.00     | 0.00 | 1,473.00 | 1,473.00 |
|     | POLLUTION PREVENTION | Respondent shall hold a one-day city-wide waste collection and recycling event and a waste tire dump clean up event. The clean up event will include recycling batteries, electronics, and tires.<br><br>Respondent shall ensure that the event:<br><br>1. occurs on a weekend during daylight hours;<br>2. offers to the public a convenient drop-off location;<br>3. is organized and conducted by City employees;<br>4. is advertised in:<br>a. one newspaper of large circulation in the geographic area,<br>b. flyers placed in utility bill mail-outs,<br>c. City of Killeen web page, and<br>d. City of Killeen cable channel.<br><br>Respondent shall collect, transport, and dispose of the collected wastes. SEP monies related to this Order will be used for roll-off bins, heavy equipment including a track loader, and small equipment to be used during the event.   | 1,473.00   | 1,473.00  |          |          |      |          |          |
| PWS | 25470                | City of Santa Rosa   | 10/19/2006 | 1.00:1    | 755.00   | 0.00     | 0.00 | 755.00   | 755.00   |
|     | POLLUTION PREVENTION | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, provide low income homeowners with failing on-site wastewater treatment systems or no system at all, with technical and financial assistance to install, repair, or replace those water and wastewater sewage systems. To reduce costs, the Third-Party Recipient teams with low income homeowners to solve water and wastewater problems by working together to build water and wastewater infrastructures. SEP contributions are to be used for material and labor costs.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  | 755.00     | 755.00    |          |          |      |          |          |
| PWS | 19715                | City of Port Lavaca  | 11/18/2006 | 1.00:1    | 3,725.00 | 0.00     | 0.00 | 3,725.00 | 3,725.00 |
|     | CLEAN UP             | The City of Port Lavaca will conduct and advertise a used tire collection day for its citizens. The City of Port Lavaca will collect and properly dispose of the tires at no cost to its citizens. SEP monies will be used for the direct costs of collecting and properly disposing of the used tires. The SEP will be done in accordance with all federal, state and local environmental laws and regulations. The City of Port Lavaca will use SEP monies only for the direct cost of implementing the project, and no portion will be spent on administrative costs.   | 3,725.00   | 3,725.00  |          |          |      |          |          |

\* There are Multiple Respondent Names associated to this Case No.

## Appendix 12: List of SEP's & SEP Projects - FY 2007

### Single Program

|                      |       |  |            |          |          |          |          |          |          |
|----------------------|-------|--|------------|----------|----------|----------|----------|----------|----------|
| CLEAN UP             |       | <p>The Respondent shall demolish and properly dispose of an asbestos-containing unsafe structure that is in danger of imminent collapse and that has been deemed by the Respondent to be an unsafe structure, and remove illegally dumped batteries and solid waste from the property. The property is located at 216 N. Melwood near residences and a church, where young children frequently play.</p> <p>The Respondent has performed an asbestos survey of the structure using a licensed Individual Asbestos Consultant. The consultant collected samples of suspected asbestos containing building materials (ACBMs). The following materials tested positive for asbestos:</p> <ol style="list-style-type: none"> <li>1. Cement shingles, approximately 800 sq. ft.;</li> <li>2. Drywall Gypsum Wallboard (DGWD), approximately 2,700 sq. ft.; and</li> <li>3. Window Glazing, approximately 300 linear feet.</li> </ol> <p>The majority of these materials are located in or on portions of the structure that appear to be in danger of imminent collapse or are unsafe to enter.</p> <p>To ensure that the asbestos removal will comply with state and federal regulations, prior to demolition activities, ACBMs in the areas to be disturbed will be abated by a qualified asbestos contractor under monitoring and supervision of a qualified asbestos consultant.</p> <p>The Respondent will place a deed restriction on the property to preserve it in perpetuity as a public park.</p> <p>The Respondent shall perform all aspects of this project in accordance with all federal, state and local environmental laws and regulations. Respondent shall use the SEP Offset Amount only for the direct cost of implementing the project and no portion shall be spent on administrative costs.</p> <p>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.</p> | 7,213.00   | 7,213.00 |          |          |          |          |          |
| UIC                  | 27050 | JAY LESLIE INC   | 11/18/2006 | 1.00:1   | 2,250.00 | 0.00     | 1,125.00 | 1,125.00 | 1,125.00 |
| CLEAN UP             |       | <p>The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ, specifically, Keep Odessa Beautiful. This project encourages citizens to bring in recyclable materials, household hazardous waste, large metal appliances and tires for a Texas Recycles Day and Household Hazardous Waste Collection event. Keep Odessa Beautiful collects and properly disposes of or recycles these wastes at no cost to the citizens. SEP monies will be used to pay for the cost of properly disposing of the household hazardous waste and tires collected during the events. SEP monies will be used solely for the projects.</p>   | 1,125.00   | 1,125.00 |          |          |          |          |          |
| WQ                   | 31859 | City of Tenaha   | 07/13/2007 | 1.00:1   | 5,010.00 | 1,002.00 | 0.00     | 4,008.00 | 4,008.00 |
| POLLUTION PREVENTION |       | <p>The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide low income rural homeowners with assistance to enable the repair or replacement of their failing on-site wastewater systems. SEP monies will be used to pay for the labor and materials costs related to repairing or replacing the failing systems. ### Single Program

|    |                           |   |   |        |           |           |           |           |           |
|----|---------------------------|---|---|--------|-----------|-----------|-----------|-----------|-----------|
|    | CLEAN UP                  |   | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to collect and properly dispose of illegally dumped waste. Eligible sites will be limited to areas where a responsible party cannot be identified and where there is no preexisting obligation to clean up the site by the owner.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   |        |           |           | 3,168.00  | 3,168.00  |           |
| WQ | 29276                     | Jackson County WCID 1                         | 05/11/2007  | 1.00:1 | 12,680.00 | 2,536.00  | 0.00      | 10,144.00 | 10,144.00 |
|    | POLLUTION REDUCTION       |   | The Respondent will locate, repair, or replace substandard sewer lateral connections to approximately ten homes located within the Jackson County Water Control & Improvement District No. 1. The homeowners are low-income and are financially unable to afford replacing the sanitary lateral sewer lines. The project will include repairing or installing sewer system lateral lines on the homeowner's property and connecting the homes to the main line of the city sanitary sewer system at no cost to the homeowners. The Respondent will use SEP monies only for the direct cost of implementing the project and no portion will be spent on administrative costs.  |        |           |           | 10,144.00 | 10,144.00 |           |
| WQ | 31178                     | City of Buda Economic Development Corporation | 04/26/2007  | 1.00:1 | 1,600.00  | 320.00    | 0.00      | 1,280.00  | 1,280.00  |
|    | ENVIRONMENTAL ENHANCEMENT |   | The Respondent will contribute to The Hill Country Conservancy for the Wentzel Tract project. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between The Hill Country Conservancy and the Texas Commission on Environmental Quality. SEP monies will be used to help divert water into an 18-acre abandoned quarry. The quarry will then capture and hold the water, so that the water can be absorbed into the Edwards Aquifer that runs beneath the quarry. It is estimated that the quarry could divert up to 275 acre-feet of additional storm water runoff into the Edwards Aquifer.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action. |        |           |           | 1,280.00  | 1,280.00  |           |
| WQ | 2528                      | Agrifos Fertilizer Inc. *                     | 01/26/2007  | 1.00:1 | 67,362.00 | 13,472.00 | 26,945.00 | 26,945.00 | 26,945.00 |
|    | ENVIRONMENTAL RESTORATION |   | Contributions will be used to pay for labor and materials costs associated with implementing the Marsh Mania Project, which include restoring shoreline elevations, growing plants for shoreline restoration, and planting new habitat. Historic subsidence and erosion have resulted in shoreline elevations which are too low to support vegetation. This project will seek to raise elevations by scraping and terracing. Scraping involves the use of earthmoving equipment to grae an eroded, bluff-like shoreline so that it slopes gradually towards the water resulting in the ability of plant growth. Terracing uses earthmoving equipment to create small levees by burrowing and stacking sediment in shallow water.  |        |           |           | 26,945.00 | 26,945.00 |           |

|    |                      |  |            |          |           |      |      |           |           |
|----|----------------------|--|------------|----------|-----------|------|------|-----------|-----------|
|    | POLLUTION PREVENTION | The City of Winona will participate in a sewer extension project. SEP monies will be used to provide sewer extension to three households that require expensive individual lift stations, at no cost to the recipients. This area has not been serviced because the elderly, low-income residents could not afford the lift stations to add pressure to convey wastewater to the sewer system that is upgrade from their properties. The failing septic systems will be properly decommissioned. The SEP will be performed in accordance with all federal, state and local environmental laws and regulations. The City of Winona will use SEP monies only for the direct cost of implementing the project and no portion will be spent on administrative costs. Additional labor costs will be absorbed by the city.  | 9,344.00   | 9,344.00 |           |      |      |           |           |
| WQ | 13867                | City of Hempstead  | 09/21/2006 | 1.00:1   | 5,500.00  | 0.00 | 0.00 | 5,500.00  | 5,500.00  |
|    | POLLUTION PREVENTION | The City of Hempstead will connect two homes to the main sewer line that are currently utilizing failing on-site septic systems and then properly abandon the failing septic systems. The City will pay for all associated labor and materials costs and will not charge the recipients for these costs. There is nothing requiring the city of extend this service to the recipient homes.  | 5,500.00   | 5,500.00 |           |      |      |           |           |
| WQ | 29821                | City of Arlington  | 08/31/2007 | 1.00:1   | 11,250.00 | 0.00 | 0.00 | 11,250.00 | 11,250.00 |
|    | POLLUTION PREVENTION | <p>Respondent shall, through a contractor, extend first-time sewer service to one low-income household which is presently connected to a failing on-site septic system. The septic system is located at 1345 Mansfield Webb Road in Arlington. Respondent agrees to connect the resident to the central system and properly decommission the existing septic tank at no cost to the homeowner.</p> <p>This SEP will provide a discernible environmental benefit by preventing possible contamination of residential areas and watersheds resulting from discharge of sewage or septage from the failing system.</p> <p>Raw sewage can carry bacteria, viruses, protozoa (parasitic organisms), helminths (intestinal worms), and bioaerosols (inhalable molds and fungi). The diseases they may cause range in severity from mild gastroenteritis (causing stomach cramps and diarrhea) to life-threatening ailments such as cholera, dysentery, infectious hepatitis, and severe gastroenteritis.</p> <p>People can be exposed through sewage in drinking water sources; direct contact in areas of public access such as basements, lawns or streets, or in waters used for recreation; shellfish harvested from areas contaminated by raw sewage; and inhalation and skin absorption.</p> <p>A key environmental concern with sewage overflows is the effect on rivers, lakes, streams, or aquifer systems. In addition to potential spread of disease, sewage in the environment contributes excess nutrients, metals, and toxic pollutants that contaminate water quality, cause excess algae blooms, and kill fish and other organisms in aquatic habitats.</p> <p>Respondent shall perform this project in accordance with all federal, state and local environmental laws and regulations.</p> | 3,750.00   | 3,750.00 |           |      |      |           |           |

### Single Program

|    |                           |  |            |           |           |          |      |           |           |
|----|---------------------------|--|------------|-----------|-----------|----------|------|-----------|-----------|
|    | ENVIRONMENTAL RESTORATION | The Respondent will contribute to Galveston Bay Restoration "Marsh Mania" in Chambers County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Galveston Bay Foundation and the Texas Commission on Environmental Quality. SEP monies will be used to restore shoreline elevations, growing plants for shoreline restoration, and planting new habitat. Historic subsidence and erosion have resulted in shoreline elevations which are too low to support vegetation. This project will seek to raise elevations by scraping and terracing. Scraping involves the use of earthmoving equipment to grade an eroded, bluff-like shoreline so that it slopes gradually towards the water resulting in the ability of plant growth. Terracing uses earthmoving equipment to create small levees by burrowing and stacking sediment in shallow water. The high elevation can then be planted with emergent vegetation. SEP monies will be used to pay for the direct costs of the implementation of the project, including material, equipment, and labor costs.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.   | 6,930.00   | 6,930.00  |           |          |      |           |           |

|    | ENVIRONMENTAL ENHANCEMENT | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to pay for the labor and materials costs associated with conducting prescribed burns, removing non-native trees, and for planting native trees and plants.  | 6,202.00   | 6,202.00  |           |          |      |           |           |
| WQ | 25982                     | Kaufman County Fresh Water Supply District No 1A   | 10/19/2006 | 1.00:1    | 65,280.00 | 0.00     | 0.00 | 65,280.00 | 65,280.00 |
|    | ENVIRONMENTAL RESTORATION | Kaufman County will perform the Shenandoah Park Native Habitat Restoration project. The project involves restoring native habitat to a 25-acre of open land located near Forney, Texas in Kaufman County. The property targeted for restoration is scheduled to become part of a 70 acre public park. The purpose of the proposed restoration is to provide habitat for native plants and animals and improve ecosystem resistance to drought and flood events. The restoration will include areas of riparian habitat and native prairie grass historically and ecologically characteristic of the Blackland Prairie bioregion. The area includes an intermittent stream that will be widened and a restored native bog and stream habitat will be built. Native Texas prairie and riparian plant species specific to the Blackland Prairie region of northeast Texas will be introduced. The habitat restoration will include the removal of aggressive invasive species such as Johnson grass and replacement with a mixture of native prairie species such as little bluestem and Indian grass. A conservation easement will be placed upon the area to be restored. Subject to the restrictions in paragraph B below, SEP monies will pay for labor and materials costs associated with planting native plants and the removal of invasive plant species. | 65,280.00  | 65,280.00 |           |          |      |           |           |

The event shall be comprised of at least the following:  | 1,856.00  | 1,856.00  |
|                      |       |                    |  |            |        |           |      |      |           | <ol style="list-style-type: none"> <li>1. Respondent shall obtain three roll-off accumulation bins (special roll-off box that is covered or one that can be covered) to sort, collect, and later properly dispose of the materials;</li> <li>2. Locate the accumulation bins at a designated city collection location;</li> <li>3. Post signage at the City-operated event and publicize the collection event in the community to apprise the public about the date and location of the event; and</li> <li>4. Hold the event on a designated week-end day, offering disposal services at no cost to the citizens.</li> </ol>  |           |           |
|                      |       |                    |  |            |        |           |      |      |           | The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.  |           |           |
|                      |       |                    |  |            |        |           |      |      |           | Respondent shall perform this project in accordance with all federal, state and local environmental laws and regulations. Respondent shall use the SEP Offset Amount only for the direct cost of implementing the project and no portion shall be spent on administrative costs.   |           |           |
| WQ                   | 14810 | City of New Boston |  | 01/26/2007 | 1.00:1 | 20,200.00 | 0.00 | 0.00 | 20,200.00 | 20,200.00  |           |           |
| POLLUTION PREVENTION |       |                    |  |            |        |           |      |      |           | The City of New Boston will participate in a sewer extension project. SEP monies will be used to provide sewer extension to approximately six (6) households utilizing failing septic systems on the north side of Interstate 30 outside the corporate limits of the City of New Boston, at no cost to the recipients. The project will consist of approximately 600 LF of 6" diameter sewer main that will convey sewer discharges from the residents' homes. The City will reconnect all of the existing household drain lines to the new main, and properly decommission the septic tanks. This area has not been serviced because the residents are low-income and could not afford the cost of the connection to their properties. The SEP will be performed in accordance with all federal, state and local environmental laws and regulations. The City of New Boston will use SEP monies only for the direct cost of implementing the project and no portion will be spent on administrative costs. Additional labor costs will be absorbed by the city. | 20,200.00 | 20,200.00 |
| WQ                   | 23543 | City of Orange     |  | 08/31/2007 | 1.00:1 | 36,300.00 | 0.00 | 0.00 | 36,300.00 | 36,300.00  |           |           |

Specifically, the contribution will be used to provide local residents with a means of properly disposing household hazardous wastes such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers in one day collection events. SEP monies will be used to pay for the associated labor, materials, and disposal costs. Citizens will not be charged disposal fees. The project is administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs.   | 36,300.00 | 36,300.00 |

|    | CLEAN UP             | The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient will coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.<br><br>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action. | 11,760.00  | 11,760.00 |           |          |      |           |           |

|----|----------------------|---|------------|-----------|-----------|----------|--------|-----------|-----------|
|    | CLEAN UP             | The Respondent will contribute to Galveston Bay Restoration "Marsh Mania" in Harris County. The contribution will be used in accordance with the Supplemental Environmental Project Agreement between the Galveston Bay Foundation and the Texas Commission on Environmental Quality. SEP monies will be used to restore shoreline elevations, growing plants for shoreline restoration, and planting new habitat. Historic subsidence and erosion have resulted in shoreline elevations which are too low to support vegetation. This project will seek to raise elevations by scraping and terracing. Scraping involves the use of earthmoving equipment to grade an eroded, bluff-like shoreline so that it slopes gradually towards the water resulting in the ability of plant growth. Terracing uses earthmoving equipment to create small levees by burrowing and stacking sediment in shallow water. The high elevation can then be planted with emergent vegetation. SEP monies will be used to pay for the direct costs of the implementation of the project, including material, equipment, and labor costs. | 16,203.00  | 16,203.00 |           |          |        |           |           |

| CLEAN UP                                   |       | <p>The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to provide local residents with a means of properly disposing household hazardous wastes such as paint, thinners, pesticides, oil and gas, corrosive cleaners, and fertilizers in one day collection events. SEP monies will be used to pay for the associated labor, materials, and disposal costs. Citizens will not be charged disposal fees. The project is administered in accordance with TCEQ guidance on household hazardous waste and in compliance with federal, state, and local environmental laws and regulations. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs.</p> <p>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.</p> |            |              |            |              | 24,900.00    | 24,900.00    |           |

| CLEAN UP                                   |       | <p>The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used to coordinate with city and/or county governmental officials regarding the clean up of sites where trash has been disposed of illegally. Eligible sites will be limited to those where a responsible party can not be identified and where there is no pre-existing obligation to clean up the site by the owner or the government. Additionally, reasonable efforts must have already been taken to prevent the dumping. SEP monies will be used to pay for the direct cost of collection and disposal of debris. All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.</p>   |            |              |            |              | 32,224.00    | 32,224.00    |           |

|-----|----------|-----------------------------|--|--------|--------------|--------------|-------------|-----------|------------|
| MM  | 29316    | Texas Sludge Disposal, Inc. | 10/02/2006   | 1.00:1 | 2,725.00     | 545.00       | 1,090.00    | 1,090.00  | 1,090.00   |
|     |          | ENVIRONMENTAL ENHANCEMENT   | <p>The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. The Coastal Bend Audubon Society owns the North Bay Sanctuary. It is a 75-acre, largely wooded tract containing a 5-acre pond. The site includes a 12-foot viewing tower that can accommodate 15 people on the upper platform. Specifically, the contribution will be used to maintain the existing roads in the sanctuary, control Prickly Pear Cacti in a 20-acre section of the sanctuary, and assist in the removal of invasive reeds and other plants from the eastern section of the pond.</p> <p>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.</p>  |        |              |              |             | 1,090.00  | 1,090.00   |
| MM  | 29879    | ExxonMobil Oil Corporation  | 04/26/2007   | 1.00:1 | 13,500.00    | 2,700.00     | 5,400.00    | 5,400.00  | 5,400.00   |
|     |          | POLLUTION PREVENTION        | <p>The Respondent shall contribute to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the Third-Party Recipient will contribute to Jefferson County for its Retrofit/Replacement of Heavy Equipment and Vehicles with Alternative Fueled Equipment and Vehicles. Specifically, the contribution will be used to purchase alternative fueled equipment such as propane or electric powered lawn mowers, propane powered light duty and heavy equipment, and alternative fueled vehicles and retire diesel and gasoline powered equipment and vehicles. Jefferson County will also convert current equipment and vehicles to alternative fueled equipment in order to lower emissions.</p> <p>All dollars contributed will be used solely for the direct cost of the project and no portion will be spent on administrative costs. The SEP will be done in accordance with all federal, state and local environmental laws and regulations.</p> <p>The Respondent certifies that there is no prior commitment to make this contribution and that it is being done solely in an effort to settle this enforcement action.</p>             |        |              |              |             | 5,400.00  | 5,400.00   |
| MM  | 29712    | RM Walsdorf, Inc.           | 06/29/2007   | 1.00:1 | 15,625.00    | 3,125.00     | 6,250.00    | 6,250.00  | 6,250.00   |
|     |          | ENVIRONMENTAL RESTORATION   | <p>The Respondent shall contribute the SEP Amount to the Third-Party Recipient pursuant to the agreement between the Third-Party Recipient and the TCEQ. Specifically, the contribution will be used for restoration and revegetation of Green and Three Islands. This long-term island habitat restoration and revegetation project aims to improve nesting conditions for colonial waterbirds on these four islands by planting appropriate plants, thus further reducing damage due to erosion. The lower Laguna Madre bay system, made up of a number of islands, has significant erosion damage in size, configuration, and vegetation, making it much less suitable for nesting colonial waterbirds. Twenty-two species of colonial waterbirds, including the brown pelican, reddish egret, tricolored heron, roseate spoonbill, and white ibis will benefit directly from these restoration projects. SEP monies will be used to purchase native plant materials, equipment used in revegetation, and labor costs.</p> <p>The Respondent certifies that there is no prior commitment to do this project and that it is being performed solely in an effort to settle this enforcement action.</p> |        |              |              |             | 6,250.00  | 6,250.00   |

## Appendix 19: Criminal Convictions FY2012

**Case Specifics:** On October 24, 2011, I.C.T Engines, Inc., DBA Thunderbolt pleaded guilty to two felony counts of an Unauthorized Discharge, in violation of the Tex. Water Code § 7.145.

I.C.T Engines, Inc. was ordered to pay a \$6,000 fine.

On October 24, 2011, Impaco, Inc. pleaded guilty to two felony counts of an Unauthorized Discharge, in violation of the Tex. Water Code § 7.145.

Impaco, Inc. was ordered to pay a \$6,000 fine.

On October 24, 2011, Harry Hartley II pleaded guilty to two felony counts of an Unauthorized Discharge, in violation of the Tex. Water Code § 7.145.

Mr. Hartley was sentenced to ten years probation, ordered to pay \$6,000 in fines and ordered to pay \$30,000 in restitution to the City of Houston.

A joint investigation by TPWD, TCEQ and the Houston Police Department determined that the defendants violated Tex. Water Code § 7.145 by discharging industrial waste water into a storm drain.

| 4. Case Name              | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |
|---------------------------|------------|----------------------|---------------|--------------------|-------------------------|
| A & F Industrial Services | WQ         | 2 Individuals        | 3             |                    | 11/09/2011              |

## Appendix 19: Criminal Convictions FY2012

**Case Specifics:** On July 7, 2011, Julie Perez pleaded guilty to one count of conspiracy to violate the Clean Water Act, 18 U.S.C. § 371.

On November 9, 2011, Ms. Perez was sentenced to five years probation and ordered to pay \$11,300 restitution to the San Antonio Water System.

On July 7, 2011, Patricia Guzman pleaded guilty to one count of Conspiracy to violate the Clean Water Act, 18 U.S.C. § 371 and one count of Removal of Property to Prevent Seizure, 18 U.S.C. § 2232.

On November 9, 2011, Ms. Guzman was sentenced to five years probation and ordered to pay \$11,300 restitution to the San Antonio Water System.

A joint EPA and TCEQ investigation determined that Julie Perez and Patricia Guzman conspired to discharge thousands of gallons of used restaurant grease and sludge into Huebner Creek and sewer pipes leading to Dos Rios Water Recycling Center by completing missing information on disposal manifests and forging driver's signatures on disposal manifests, which indicated under-reporting of grease and sludge waste.

The case was prosecuted by the United States Attorney's Office for the Western District of Texas.

| 5. Case Name    | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |
|-----------------|------------|----------------------|---------------|--------------------|-------------------------|
| Salvador Farias | MSW        | 1                    |               | 1                  | 11/15/11                |

**Case Specifics:** On November 15, 2011, Salvador Farias, III, pleaded guilty to 1 misdemeanor count of Illegal Dumping, Tex. Health & Safety Code § 365.012.

Mr. Farias was sentenced to one year deferred adjudication and ordered to pay a \$500 fine.

An investigation conducted by TCEQ and the San Antonio Police Department determined that Mr. Farias allowed the disposal of construction demolition debris and wood debris on his property, located at 13105 Babcock Road, in San Antonio.

This case was prosecuted by the Bexar County District Attorney's Office.

| 6. Case Name  | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |
|---------------|------------|----------------------|---------------|--------------------|-------------------------|
| HOT Transport | IHW        | 1 Individual         | 1             |                    | 11/22/11                |

## Appendix 19: Criminal Convictions FY2012

**Case Specifics:** On November 22, 2011, Clinton Promise pleaded to one felony count of Disposal of Hazardous Waste Without a Permit, 42 USC § 692(d)(2)(A).

Mr. Promise was sentenced to three years probation, ordered to pay a \$3,000.00 fine and to perform 40 hours of community service.

An investigation by EPA and TCEQ determined that Mr. Promise illegally disposed approximately 45,000 lbs of hazardous waste generated by HOT Transport. The hazardous waste consisted of tank wash wastewater that had the characteristics of Ignitability and Benzene Toxicity.

This case was prosecuted by the United States Attorney's Office for the Eastern District of Texas.

| 7. Case Name          | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |
|-----------------------|------------|----------------------|---------------|--------------------|-------------------------|
| Carlos Pedro Martinez | MSW        | 1 Individual         | 1             |                    | 01/04/12                |

**Case Specifics:** On January 4, 2012, Carlos Pedro Martinez, pleaded guilty to 1 felony count of Illegal Dumping, in violation of Tex. Health & Safety Code § 365.012.

Mr. Martinez was sentenced to 4 years deferred adjudication and ordered to pay a \$1000 fine, and complete 120 hours of community service.

An investigation by TCEQ and the Nueces County Constable's Office determined that Mr. Martinez, the owner of Coastal Sweeping Services, Inc., disposed more than 40 loads of street sweeping waste at an unpermitted location.

The case was prosecuted by the Nueces County District Attorney's office.

| 8. Case Name | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |
|--------------|------------|----------------------|---------------|--------------------|-------------------------|
| Maria Huerta | WQ         | 1 Individual         |               | 1                  | 01/09/12                |

## Appendix 19: Criminal Convictions FY2012

**Case Specifics:** On January 9, 2012, Maria Huerta pleaded guilty to one count of Tampering with a Governmental Record in violation of Tex. Penal Code § 37.10.

Ms. Huerta was sentenced to 12 months deferred adjudication, ordered to pay a \$1,500 fine and ordered to forfeit her OSSF License for the period of probation.

A TCEQ investigation determined that Mary Huerta submitted a false governmental record to the TCEQ. Specifically, Ms. Huerta attended the 2010 Texas On-Site Wastewater Treatment Research Council training, and on February 23, 2011, submitted documentation to the TCEQ which indicated Angel Huerta had also attended that training, and Angel Huerta did not attend the training.

The case was prosecuted by the Travis County Attorney's Office.

| 9. Case Name   | Media Type | Number of Defendants           | Felony Counts | Misdemeanor Counts | Date of Case Resolution |
|--|------------|--------------------------------|---------------|--------------------|-------------------------|
| Belvan Corp.<br>Michael Davis,<br>Daniel Meacham<br>& Robert Stewart | AIR        | 1 Corporation<br>3 Individuals | 1             | 3                  | 3/23/12<br>1/18/12      |

## Appendix 19: Criminal Convictions FY2012

**Case Specifics:** On December 22, 2011, Belvan Corp pleaded guilty to 1 felony count of Violating the Clean Air Act, 42 USC § 7412(c)(2)(B), Failure to Notify or Report under the Clean Air Act, 42 USC § 7413(c)(2)(B), and Aiding and Abetting, 18 USC § 2.

On March 23, 2012, Belvan Corp was sentenced to five years probation, and ordered to pay a \$500,000 fine.

On January 18, 2012, Michael Davis, Vice President of Engineering and Operations of Belvan Corp., pleaded guilty to one misdemeanor count of Negligent Endangerment under the Clean Air Act, 42 USC § 7413(c)(4), and Aiding and Abetting, 18 USC § 2.

Mr. Davis was sentenced to one year probation, ordered to pay a \$50,000 fine, and ordered to complete an 8 Hour Environmental Awareness Training.

On January 18, 2012, Daniel Valmer Meacham, Operations Supervisor of Belvan Corp., pleaded guilty to 1 misdemeanor count of Negligent Endangerment under the Clean Air Act, 42 USC § 7413(c)(4), and Aiding and Abetting, 18 USC § 2.

Mr. Meacham was sentenced to one year probation, ordered to pay a \$22,000 fine, and ordered to complete an 8 Hour Environmental Awareness Training.

On January 18, 2012, Robert Mark Stewart, Environmental Coordinator of Belvan Corp., pleaded guilty to 1 misdemeanor count of Negligent Endangerment under the Clean Air Act, 42 USC § 7413(c)(4), and Aiding and Abetting, 18 USC § 2.

Mr. Stewart was sentenced to one year probation, ordered to pay a \$15,000 fine, and to complete an 8 Hour Environmental Awareness Training.

A joint EPA and TCEQ investigation determined that the Defendants violated the Clean Air Act by allowing the release of hydrogen sulfide, sulfur dioxide, and other air pollutants from the Belvan Midway Lane Gas Processing Plant, from October 15, 2005 to December 12, 2008, and negligently placed people in imminent danger of death or serious bodily injury. The Defendants also negligently failed to notify the appropriate regulatory authorities of the continuing emission event, as required by the Clean Air Act.

The case was prosecuted by the United States Attorney's Office for the Northern District of Texas.

| 10. Case Name | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |

| Allan Doss    | MSW        | 1                    |               | 1                  | 1/20/12                 |

## Appendix 19: Criminal Convictions FY2012

**Case Specifics:** On January 20, 2012, pleaded no contest to one misdemeanor count of Illegal Dumping, Texas Health & Safety Code § 365.012.

Mr. Doss was sentenced to one month deferred adjudication, and ordered to pay a \$500 fine.

And investigation conducted by TPWD and TCEQ determined that Mr. Doss disposed a brush pile and a dead horse in the Colorado River.

The case was prosecuted by the Travis County Attorney's Office.

| 11. Case Name               | Media Type | Number of Defendants          | Felony Counts | Misdemeanor Counts | Date of Case Resolution |

**Case Specifics:** On March 23, 2012, Bencor, LLC pleaded guilty to one felony count of Transportation of Hazardous Waste Without a Manifest, in violation of Texas Water Code § 7.162.

Bencor, LLC was ordered to pay a \$50,000 fine.

On March 23, 2012, Christine Giese pleaded guilty to one misdemeanor count of Violations Relating to Hazardous Waste.

Ms. Giese was sentenced to 1 year deferred adjudication probation and ordered to pay \$15,138.86 in restitution to the TCEQ.

An investigation conducted by TCEQ, TPWD, and EPA determined that Christine Giese and Bencor, LLC caused drums containing hazardous wastes to be transported from the Bencor, LLC facility in Brenham to storage unit on Ponds Springs Road in Austin, Texas. The hazardous wastes were then abandoned in the storage unit.

The case was prosecuted by the Travis County District Attorney's Office.

| 12. Case Name                        | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |

| Curby Ohneiser/ Ohnheiser Properties | AIR        | 1 Corporation        |               | 1                  | 6/11/12                 |

## Appendix 19: Criminal Convictions FY2012

**Case Specifics:** On June 11, 2012, Ohneiser Properties pleaded no contest to 1 misdemeanor count of Tampering with a Governmental Record in violation of Tex. Penal Code § 37.09.

Ohneiser Properties was ordered to pay a \$10,000 fine.

An investigation by the TCEQ Environmental Crimes Unit determined that Curby Ohneiser, owner of Ohneiser Properties, submitted a falsified Request for Reimbursement to the TCEQ TERP program. On July 19, 2010, Ohneiser submitted a Request for Reimbursement for a 2007 John Deere tractor, with supporting documentation which indicated the tractor was purchased from Brazos Valley Equipment Company in Waco, when in fact the tractor was purchased from a private seller.

The case was prosecuted by the Travis County Attorney's Office.

| 13. Case Name | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |
|---------------|------------|----------------------|---------------|--------------------|-------------------------|
| Rodgers       | MSW        | 2 Individuals        | 1             | 1                  | 6/11/12                 |

**Case Specifics:** On June 11, 2012, Gregory Allan Rodgers pleaded guilty to one felony count of illegal dumping in violation of Texas Health & Safety Code § 365.012.

Mr. Rodgers was ordered to pay \$25,038.89 restitution (joint and several liability with co-defendant), sentenced to 5 years probation, and ordered to complete 100 hours of community service and forfeit his TCEQ scrap tire hauler license.

On June 11, 2012, Ruth Rodgers pleaded guilty to one misdemeanor count of Illegal Dumping in violation of Texas Health & Safety Code § 365.012.

Mrs. Rodgers was ordered to pay \$25,038.89 restitution (joint and several liability with co-defendant), sentenced to 2 years probation, and ordered to complete 100 hours of community service and forfeit her TCEQ scrap tire hauler license.

A joint investigation conducted by TCEQ and the Travis County Attorney's Office determined that Mr. and Mrs. Rodgers illegally dumped tires at unpermitted location, 5490 East Highway 290, Giddings, Texas, which was not an approved solid waste disposal site.

The case was prosecuted by the Travis County District Attorney's Office.

| 14. Case Name | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |
|---------------|------------|----------------------|---------------|--------------------|-------------------------|
| Hisle         | WQ         | 1 Individual         |               | 1                  | 6/12/12                 |

## Appendix 19: Criminal Convictions FY2012

**Case Specifics:** On June 12, 2012, James Fredrick Hisle pleaded no contest to the offense of Unauthorized Discharge, in violation of the Tex. Water Code § 7.147.

Mr. Hisle was ordered to pay a fine of \$2,000.00.

An joint investigation conducted by TCEQ and TPWD determined that on or about July 1, 2010, Mr. Hisle allowed the discharge of a waste or a pollutant into water in the state.

The case was prosecuted by the Travis County Attorney's Office.

| 15. Case Name | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |
|---------------|------------|----------------------|---------------|--------------------|-------------------------|
| Jack Kile     | PWS        | 1 Individual         | 1             |                    | 8/6/12                  |

**Case Specifics:** On August 6, 2012, Jack Kile pleaded guilty to one state jail felony count of Tampering with a Governmental Record in violation of Tex. Penal Code § 37.09.

Mr. Kile was sentenced to 3 years deferred adjudication, ordered to pay a \$2500 fine, must and complete a water utility management course.

An investigation by the TCEQ Environmental Crimes Unit determined Mr. Kile knowingly submitted falsified Surface Water Monthly Operating Reports to the Texas TCEQ from June 2009 to January 2010. The falsified reports indicated that the turbidity in drinking water produced by West Cedar Creek MUD was within acceptable limits, when in fact the turbidity was too high.

The case was prosecuted by the Travis County District Attorney's Office.

| 16. Case Name                        | Media Type | Number of Defendants | Felony Counts | Misdemeanor Counts | Date of Case Resolution |

## Appendix 19: Criminal Convictions FY2012

**Case Specifics:** On April 2, 2012, 2012, Ngan Tien Tran pleaded guilty to one felony count of Making a False Statement in violation of Title 18, USC § 1001.

On August 13, 2012, Mr. Tran was sentenced to 12 months and one day imprisonment, and one year probation.

A joint investigation conducted by TCEQ, TX DPS, and EPA-CID investigation determined that Mr. Tran participated in a scheme to falsify vehicle emission tests.

The case was prosecuted by the United States Attorney's Office for the Northern District of Texas.

**Case Specifics:** On October 13, 2010, Alfredo Francisco Corral, the Superintendent of C & C Road Construction Inc. pleaded guilty to one count of illegal dumping in violation of Tex. Health & Safety Code section 365.012.

Mr. Corral was ordered to pay a \$500 fine. C & C Road Construction Inc. also agreed to provide up to \$10,000 of clean-up services to Keep El Paso Beautiful.

The charges resulted from C & C Road Construction Inc. illegally dumping waste generated from the Keep El Paso Beautiful, Mesa Project in El Paso County.

**Case Specifics:** On November 19, 2010, Daniel J. Sloan, owner and President of Emissions Reduction Specialists (ERS), pleaded guilty to two counts of Securing Execution of Document by Deception, a 2<sup>nd</sup> Degree Felony. In addition, the corporation Emission Reduction Specialist, pleaded guilty to four 1<sup>st</sup> Degree Felony counts of Securing Execution of Document by Deception.

Mr. Sloan was sentenced to 10 years of probation and must pay \$90,000 in restitution to the Texas Commission on Environmental Quality TERP program and Emission Reduction Specialist, received a \$10,000 fine.

The investigation conducted by the TCEQ Environmental Crimes Unit found that Sloan included inflated bid quotes in grant applications submitted to TCEQ's Texas Emission Reduction Plan (TERP). Specifically, Mr. Sloan inflated the quotes to include his consultant fees, which Mr. Sloan knew was not allowed by the TERP program.

| <p><b>Case Specifics:</b> On December 2, 2010, Bruce Schibik pleaded guilty to 26 counts of an intentional or knowing unauthorized discharge in violation of Tex. Water Code section 7.145.</p> <p>Mr. Schibik was ordered to pay a \$26,000 fine, to serve five years of probation and to not work as an environmental manager during the term of his probation.</p> <p>The investigation conducted by the TCEQ Environmental Crimes Unit found that Schibik trained and directed certain Bayshore Industrial employees to take grab samples rather than flow weighted composite samples of treated wastewater required by Bayshore Industrial's NPDES permit. Schibik then allowed the samples to be analyzed at an offsite contract laboratory knowing the samples were not collected properly. Once Schibik received the data back from the lab for the samples, he hand wrote the lab results on the DMR form, hand wrote on the DMR that the samples were composite samples, signed the DMR and submitted it to the TCEQ every month for thirty-six (36) months from January 2006 to December 2008. Schibik submitted the DMRs to the TCEQ Austin Office with full knowledge of their falsity and with the intent that the DMRs be accepted by the TCEQ as a genuine and truthful governmental record. Bayshore Industrial discovered what Schibik was doing and, after conducting an internal investigation, fired Schibik on 3/24/09.</p> |                   |                             |                      |                           |                                |

**Case Specifics:** On February 2, 2011, Nelson King pleaded guilty to one count of misdemeanor illegal outdoor burning in violation of the Tex. Water Code 7.177.

Mr. King was sentenced to 8 months probation, fined \$500, and must perform 40 hours of community supervised release.

The charges resulted from an illegal outdoor burning incident which occurred in 2008. Mr. King had been previously informed about the outdoor burning prohibition by Wise County Fire Marshall and a TCEQ investigator, while investigating identical complaints received on Mr. King.

**Case Specifics:** On January 26, 2011, Capitol City Disposal, Incorporated pleaded guilty to 26 counts of felony illegal dumping in violation of Tex. Health & Safety Code section 365.012. On April 14, 2011, Juan Deanda pleaded guilty to 26 counts of felony illegal dumping in violation of Tex. Health & Safety Code section 365.012.

Capitol City Disposal, Incorporated was ordered to pay \$200,000 fine.

Juan Deanda was sentenced to 3 years probation, ordered to pay a \$100,000 fine, and ordered to restore the property where the illegal dumping occurred to its original condition within 60 days.

The investigation conducted jointly with the Travis County Attorney's Office and the Texas Environmental Task Force found that Capitol City Disposal, Inc. was operating an unpermitted landfill in Travis County.

**Case Specifics:** On February 8, 2011, YDIDI I, L.P., d/b/a Chaparral Ice Center pleaded guilty to 1 count of felony intentional or knowing unauthorized discharge in violation of Tex. Water Code section 7.145.

YDIDI I, L.P., d/b/a Chaparral Ice Center was ordered to pay a \$75,000 fine.

The investigation conducted jointly with the Travis County Attorney's Office, Travis County Sheriff's Office and TCEQ found that YDIDI I, L.P., d/b/a Chaparral Ice Center intentionally and knowingly discharged industrial waste. Specifically, waste ice removed from the ice rink, which contained a chemical colorant, was allowed to melt into a storm drain which then flowed into a nearby creek.

**Case Specifics:** On December 5, 2008 Randall McLerran plead guilty to Securing Execution of a Document by Deception.

Mr. McLerran was sentenced to seven (7) years probation and was ordered to pay restitution in the amount of \$27,989.95.

The charges are based on Mr. McLerran’s falsification of a loan application for a truck purchased through the TCEQ’s Texas Emissions Reduction Plan rebate grant program.

**Case Specifics:** On November 27, 2008, a US federal court has convicted General Maritime Management Portugal, a subsidiary of US-based tanker company General Maritime (GenMar) and two of its engineer officers of oil record book offences. The company and the Chief Engineer Antonio Rodrigues and First Engineer Jose Cavadas of the tanker M/T Genmar Defiance were found guilty by a jury in Corpus Christi, Texas, on two (2) counts of violating the Act to Prevent Pollution from Ships and 18 USC 1001.

On February 10, 2009, Mr. Rodrigues was sentenced three months of confinement in a half-way house, assessed a \$500 fine and five (5) years probation. Mr. Cavadas was sentenced six months of confinement in a half-way house, assessed a \$500 fine and five years probation.

On March 13, 2009, GenMar was ordered to pay a \$1,000,000 fine and serve five years probation.

The case came to light because two engine room crew members secretly photographed an alleged illegal, “magic pipe”, bypass of the oily water separator connection and provided the photographs to the Coast Guard during a routine boarding of the vessel in November last year when the vessel called at the Valero refinery, Corpus Christi.

| BP Texas City       | Air               | 1 corporation               | 1                    |                           | 3/12/09                        |

**Case Specifics:** On October 25, 2007, BP Products North America Inc., plead guilty to a felony violation of the Clean Air Act for its conduct that resulted in the fatal explosion on March 23, 2005 at their Texas City Refinery.

On March 12, 2009 BP was ordered to pay a \$50,000,000 fine. In addition to the standard probationary conditions, BP was also ordered to comply with the terms of a compliance order issued by the TCEQ and ordered to comply with Conditions of Compliance issued by OSHA.

The charges were based on the catastrophic explosion that occurred on March 23, 2005 at the Texas City refinery, which resulted in the death of fifteen contract workers and injuries of over 170 others. The explosion was the result of hydrocarbon liquid and vapor being released from a “blow down stack” and igniting during the startup of a unit that is used to increase octane content in unleaded gasoline. The unit had been shut down for nearly a month for maintenance and repairs. BP admitted that from 1999 up until the morning of March 23, 2005, several procedures required by the Clean Air Act for ensuring the mechanical integrity and a safe startup had either not been established or were being ignored.

This is the first prosecution under a section of the Clean Air Act specifically enacted to prevent accidental releases that may result in death or serious injury.

The case was prosecuted by the Environmental Crimes Section of the Department of Justice and the U.S. Attorney’s Office for the Southern District of Texas. The case was investigated by the EPA’s Criminal Investigation Division and the FBI in cooperation with the Texas Commission on Environmental Quality.

**Case Specifics:** On April 9, 2009, Heartland Automotive Services, Inc. plead guilty to three (3) counts of a unauthorized discharge in violation of TWC 7.147.

Heartland Automotive Services, Inc. was ordered to pay a \$300,000 dollar fine and to print a public apology in the Austin American Statesmen.

The charges where based on evidence showing that employee's of Heartland Automotive Services, Inc., a franchisee of Jiffy Lube, routinely and without authorization discharged oil and wastewater into the city's sewer system with the knowledge of regional and district managers.

**Case Specifics:** On August 8 and 12, 2008 Lyle and Kevin Hester owners of Simply Aquatics, Inc. plead guilty to the illegal disposal of hazardous waste.

On May 27, 2009 KEVIN WAYNE HESTER, 34, was sentenced to 20 months in federal prison. His father, LYLE HESTER, 62, was sentenced to 14 months in federal prison. The Hesters were ordered by U.S. District Judge Ron Clark to jointly pay restitution in the amount of \$391,442.57.

The Hesters buried numerous chlorine gas cylinders on the owners' property. The buried gas cylinders were located and excavated and removed from the site by an EPA contractor. A total of 113 gas cylinders were removed from the site. Thirty three of the cylinders were determined to be under high pressure and contained a combined total of 952 pounds of chlorine.

The case was investigated by investigators from the EPA Criminal Investigation Division and the TCEQ Environmental Crimes Unit.

## Appendix 23: Criminal Convictions FY2008

**Case Specifics:** On November 7, 2007, Site Concrete, Inc. plead guilty to one count of violating 18 USC 101, False Statements to the Government.

Site Concrete was sentenced to five years probation and payed a \$30,000 fine. In addition to the standard probationary conditions, site Concrete, Inc. was also ordered to comply with the terms of a compliance Order issued by EPA and ordered to comply with Conditions of Compliance issued by OSHA.

On February 26, 2008, Roman Castillega, former construction foreman for Site Concrete, Inc. plead guilty to one count of violating 18 USC 101, False Statements to the Government.

Roman Castillega, construction foreman, was sentenced on September 9, 2008 to three years probation and ordered to pay a \$5000 fine and a \$100 court assessment. Standard conditions of probation were imposed.

On March 18, 2008, Jose Jesus Lopez, former job superintendent for Site Concrete, Inc. plead guilty to one count of violating 18 USC 101, False Statements to the Government.

Jesse Lopez, for his role as construction superintendent and setting the scheme in place, was sentenced on September 9, 2008 to three years probation and ordered to pay a \$10,000 fine and a \$100 court assessment. Lopez was also ordered to serve 50 hours of community service. Standard conditions of probation were imposed.

On March 25, 2008, Rudolfo Macias, former construction for Site Concrete, Inc. plead guilty to one count of violating 18 USC 101, False Statements to the Government.

Rudolfo Macias, construction foreman, was sentenced on September 9, 2008 to three years probation and ordered to pay a \$4000 fine and a \$100 court assessment. Standard conditions of probation were imposed.

Site Concrete was responsible for constructing new drinking water lines in Fairview, Texas. As part of its construction project, Site Concrete was required to draw water samples from the lines and submit them to the EPA, acting through the Texas Commission for Environmental Quality, for testing for the presence of microbiological contamination. Through its employees and agents, Site Concrete caused false water samples to be submitted in order to conceal the presence of contamination. Site Concrete also admitted to having repeatedly violated Occupational Safety and Health Administration (OSHA) regulations on other construction projects.

**Appendix 23: Criminal Convictions FY2008**

**Case Specifics:** On December 11, 2007, Reginald Dane Parker was found guilty of Felony Evading Arrest. Parker was sentenced to eight years imprisonment.

Parker had previously been convicted in November 2005, for Disposal of Hazardous Waste without a Permit and his disposal activities associated with illegally burning copper wire along the banks of the Colorado River. He received a six year sentence from this conviction and was paroled in June 2006.

Parker was suspected of stealing thousands of dollars worth of copper. GPS tracking led to two sites where copper had been stolen and one site where wire was being stripped and felony commercial dumping was occurring.

On February 15, 2007, during active surveillance, Parker went to the Old State School located on FM 969 in Travis County. He was observed on the roof of a building and in an electrical man hole. While entering his vehicle he was approached by Travis Co. SWAT, escaped, wrecked his vehicle and fled the scene. Parker was arrested later that morning after calling in a bogus 911 call that his vehicle had been stolen. Parker was charged with Aggravated Assault against a Peace Officer, Evading Arrest, Theft, and Felony Commercial Dumping. The Evading Arrest charge was the only charge presented at trial; however, the previous Hazardous Waste felony was presented during the case and used as an enhancement for sentencing.

**Case Specifics:** On February 27, 2008, Willie Leon Thames, plead guilty to one count of a negligent discharge of a pollutant in violation of 33 U.S.C. Sec. 1311(a) and sec. 1319(c)(1)(A).

On March 5, 2008, James Michael Epting negligent discharge of a pollutant and Adding and Abetting in violation of 33 U.S.C. Sec. 1311(a) and sec. 1319(c)(1)(A).

On March 12, 2008, Robert Powledge Potts, plead guilty to one count of a negligent discharge of a pollutant in violation of 33 U.S.C. Sec. 1311(a) and sec. 1319(c)(1)(A).

On March 12, 2008, Store Décor Company Inc. was convicted of one count of transportation of a hazardous waste to an unpermitted facility in violation of 42 U.S.C. Sec. 6928(d)(1).

Sentencing in this case is pending.

The charges are based on Store Décor Company Inc. granting permission to co-defendant employees to remove seven drums of hazardous waste paint to use to burn brush at a relatives property. The property was not an authorized hazardous waste disposal site. The co-defendant employees then dumped the seven drums of hazardous waste into a drainage ditch.
