MY HUSBAND AND I BOTH LIVE IN FORT WORTH. WE ALSO HAVE A BEAUTIFUL LAKE HOUSE ON EAGLE MOUNTAIN LAKE NEAR AZLE. WE HAVE WORKED AND SAVED FOR FIFTY YEARS TO PURCHASE OUR SECOND HOME. IT HURTS TO SEE IT DAMAGED BY EARTHQUAKES. IT HAS BEEN DAMAGED BY THE EARTHQUAKES IN THE AZLE/RENO AREA.

WE ARE BOTH COLLEGE EDUCATED. PROFESSIONAL PEOPLE WHO HAVE SPENT OUR LIVES AND CAREERS HELPING OTHERS. MY HUSBAND WAS A RESEARCH ENGINEER ON THE APOLLO MOON MISSION SPACE PROGRAM. LATER, HE AND I BOTH TAUGHT CHILDREN IN BOTH THE PRIVATE AND PUBLIC SCHOOL SYSTEMS. WE BELIEVE THERE SHOULD DEFINITELY BE STRONGER LAWS AND RULES AND PERMITS GOVERNING THE GAS INDUSTRY. FROM ANALYZING THE DISPOSAL WELL INFORMATION AND CHARTS WE HAVE RECEIVED, IT IS QUITE POSSIBLE THE XTO WELL IS THE MAIN ONE CAUSING THE EARTHQUAKES. SINCE IT IS THE CLOSEST ONE TO THE EPICENTERS , WOULDNT IT BE WONDERFUL IF XTO WOULD HAVE COME FORWARD AND SAID " WE MADE A MISTAKE AND LET US PAY FOR PEOPLE'S DAMAGES." I BELIEVE THAT IT IS CRIMINAL FOR SOME MEMBERS OF BIG INDUSTRY TO BE ALLOWED TO HURT PEOPLE AND THEIR PROPERTY, AND THERE BE NO CONSEQUENCES.
