**§§3.9 and 3.46: Amend to incorporate requirements related to seismic events for disposal wells**

**§§3.9 and 3.46: Amend to incorporate requirements related to seismic events for disposal wells**

We should not allow any more hydraulic fracking in Texas. It is destroying our land and water, and it is only delaying the inevitable conversion to sustainable energy sources, while allowing the rape of our land for the enrichment of a very few. The earthquakes we are experiencing are the earth protesting this horrible fate. We should practice the good Christian values our leaders preach and be better stewards of the land God gave us.

Railroad Commission of Texas | (877) 228-5740 | 1701 N. Congress, Austin, Texas 78701
