Dear Chairman Obey and Ranking Member Lewis,

I am requesting FY 2009 funding to construct a new fire station at Randolph Air Force Base. The entity to receive funding for this project is Randolph Air Force Base, TX.

FY 2009 funding is requested to construct a new fire station to replace the current substandard facility. The existing fire station has limited space and cannot adequately support the fire protection flight mission. Randolph AFB's existing fire station is 1040 square meters short of the space required by regulation. The alarm and communications center is only one-third of the space required for operation. Firefighting apparatus bays are 186 square meters short of requirement, and the training space is at least 40% deficient in size. The living quarters are only one-half of the space required by regulations, and administrative space is one-third short of requirement. FY 2009 funding is requested to construct an adequate facility to house the Randolph AFB Fire Department.

I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the construction of a Security Forces Building aboard Naval Air Station – Joint Reserve Base, Fort Worth, Texas in Fiscal Year 2009. The entity to receive funding for this project is the Air National Guard under Military Construction (MILCON) funding. Funding for this program will accelerate the construction of this facility, which is currently scheduled for 2011, under the Five Year Defense Plan.

The Air Force is currently increasing their number of security personnel. As a result, the 136<sup>th</sup> Airlift Wing (the unit for which this facility will be constructed) is also experiencing growth in the number of its security personnel. The current Security Forces facility is inadequate to house the current and projected security personnel levels. Funding this construction program ahead of schedule is critical for the operational readiness level of the 136<sup>th</sup> Airlift Wing.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Military Construction/Veterans Affairs Appropriations bill, Army National Guard, Military Construction account for the Live Fire Shoot House project at Camp Grayling, Michigan. Earlier this year I submitted a similar certification letter to the Appropriations Committee; however, because of the way the original project was broken down by the Subcommittee another certification letter was required.

The entity to receive funding for this project is Michigan National Guard, located in Lansing, Michigan. It is my understanding that the funding would provide the ability for combat leaders to train and evaluate their unit during live fire practice scenarios. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Washington, D.C. 20515

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Military Construction/Veterans Affairs Appropriations bill, Army National Guard, Military Construction account for the Urban Assault Course project at Camp Grayling, Michigan. Earlier this year I submitted a similar certification letter to the Appropriations Committee; however, because of the way the original project was broken down by the Subcommittee another certification letter was required.

The entity to receive funding for this project is Michigan National Guard, located in Lansing, Michigan. It is my understanding that the funding would provide the ability for combat leaders to train and evaluate their unit during urban assault practice scenarios. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,
