The Honorable Andrew C. von Eschenbach, M.D.  
Commissioner  
Food and Drug Administration  
Department of Health and Human Services  
5600 Fishers Lane  
Rockville, MD 20857

Dear Dr. von Eschenbach:

Under Rules X and XI of the Rules of the United States House of Representatives, the Committee on Energy and Commerce and the Subcommittee on Oversight and Investigations are investigating the adequacy of the efforts of the Food and Drug Administration (FDA) to protect the safety of the Nation's food supply.

On February 6, 2007, the Committee sent you a written request asking you to provide all records created on or after January 1, 2005, relating to the proposed closure of FDA laboratories. As the investigation into the adequacy of the efforts of FDA to protect the safety of the Nation's food supply is ongoing, we are expanding this record request to include all records relating to the proposed reorganization. Please provide all records created on or after January 1, 2005, relating to the proposed reorganization, which have not already been provided to the Committee. This request includes, but is not limited to, all records created between February 6, 2007, and the current date, and all documents that will be created between the current date and August 1, 2007, relating to the proposed closure of FDA laboratories.

To further assist us in our investigation, please also furnish all records relating to contaminated spinach, lettuce, peanut butter, imported vegetable proteins, and imported seafood created since the requests on January 29, 2007; February 15, 2007; March 30, 2007; and May 25, 2007. Certain of these requests were made by Committee staff under the authority of these Chairman's letters. For example, the peanut butter investigation involves the product produced at the ConAgra plant in Sylvester, GA; hence, this updated request applies only to records related to actions involving that plant or its production—not all peanut butter produced in the United States.

The Honorable Andrew C. von Eschenbach, M.D.

Please note that, for the purpose of responding to the above request, the terms "records" and "relating" should be interpreted in accordance with the attachment to this letter. After review of the records, we may require additional documents and/or staff interviews of or briefings by FDA personnel. Committee staff will make such subsequent requests, if necessary. Please treat requests within the scope of this letter as requests from us.

Please supply all requested documents no later than the close of business two weeks from the date of this letter. If you have any questions relating to this request, please contact us or have your staff contact David Nelson or Kevin Barstow with the Committee on Energy and Commerce staff at (202) 226-2424.

Sincerely,

John D. Dingell  
Chairman

Bart Stupak  
Chairman
