Thanks. My sympathies to all and you in particular for all the work that went down the drain.

Subject Re: Start revising O3 NFR tonight? 

Lew,

Rosalina told me you were tied into the conference call about the secondary standard being set the same as the primary. Rosalina said that we probably were going to wait until morning to make changes but suggested that I send a message to Karen to be sure of what she wants to do. I will let you know when I hear something further. Thanks.

Dave

Subject Start revising O3 NFR tonight?

Not sure if there will be any more communications tonight so I am assuming that we should start edits on our sections as appropriate based on the secondary decision. Is that right?
