Mary Ann,

This is a draft briefing for the meeting, which looks like it will be on Wednesday morning. It is meant to be stripped-down and frank, to give Roger my best advice on the pros and cons of options short

of a full grant. John hasn't provided comments yet. Briefing for Martella - possible reasons to deny.ppt

Michael -

Michael -

Thanks for touching base on this. Yes, I do think a meeting with Roger early next week would be good -- probably Tuesday, because I think Monday is a "maybe" day for him (or, at a minimum, a heavily-jet-lagged day). If you could go ahead and set that up with Robin, that'd be great.

And if you're able to share the briefing sooner rather than later, that'd be great. Thanks!

Subject meeting with Roger and briefing package

Mary Ann,

Given that there is a meeting with the Administrator on the GHG waiver on Wednesday, we should probably set up a meeting with Roger for early next week. Do you want me to work with Robin to schedule that, or do you want to do the honors? Also, I have a draft briefing (following Roger's request that it be focused on our options beyond granting). Do you want to see it sooner rather than later? John hasn't reviewed it yet.
