Re: Responses to Additional Questions

Dear Congressman Inslee:

This letter is written in response to the additional questions from you set forth in the letter dated June 21, 2007 from Chairman Dingell with regard to the hearing "Diminished Capacity: Can the FDA Assure the Safety and Security of the Nation's Food Supply?" on April 24, 2007.

The following are the answers to your questions:

1. Does Menu Foods sell "salvaged" and/or "distressed" pet food for use in livestock feed?

Answer: No.

2. Did Menu Foods sell "salvaged" and/or "distressed" pet food from the November 8, 2006 through March 6, 2007 production runs that have been recalled?

Answer: No.

3. If Menu Foods did sell "salvaged" and/or "distressed" pet food from recalled batches, has any effort been made to track down buyers and determine whether this food has crossed into the human food supply?

Answer: Not applicable. See answer to question 2.

We appreciate this opportunity to assist the Subcommittee in its efforts.

Sincerely,

Paul K. Henderson
President & Chief Executive Officer
