

Noise Complaints:

In addition to the Noise Watch Committee, here is a list of resources that might be helpful to constituents interested in air-craft noise:

This is a link to file a noise complaint to Westchester County Airport. They usually respond in 10 business days from receipt of the complaint. Please remember to provide as much information as possible and to request that the conclusion of their inquiry be sent to you.

www.westchestergov.com/airport/complaint_form.htm

If you would like, you can also call the Westchester County Airport Noise Abatement Office:

Noise Complaint Hotline 914-939-8484

There is also a way to directly email the Federal Aviation Administration regarding noise complaints. The direct email is:

9-AEA-NOISE@faa.gov

After submitting an air-craft noise complaint, be sure to request in that email a follow-up response.

Tracking flights:

There is also an easy way to identify flights that you experience over your residence.

<http://www4.passur.com/hpn.html>

Using this site, you can see flight traffic (with a 5 minute delay) over the Connecticut 4th Congressional District and identify key factors of that flight in an effort to identify and remedy chronic noise related flight instances over your homes.
