

## Appendix “C”

### Catastrophic Equine Injury Data From US Regulatory Jurisdictions

**Arizona Department of Racing:**

Detailed information for a five year period on injuries is not available from the Arizona Department of Racing. They did, however, provide some data from October thru December in 2006 and 2007. For this period of time in 2006, there were 6 horses that pulled up in a race and 39 deemed lame at unsaddling. In 2007, there were 10 horses that pulled up and 41 deemed lame at unsaddling. The Arizona Department of Racing did not provide information concerning the number of horses that raced during this time frame to put these numbers in perspective.

**Arkansas Racing Commission:**

No information available about injuries. Vets list information not readily available.

**California Horse Racing Board:**

During the period of time 11/6/2002 thru 5/25/08, there were a total of 749 equine fatalities that occurred during a race. There were an additional 507 fatalities that occurred during training. Other fatalities totaled which can include non race horses, totaled 337 and would reflect deaths associated with accidents, colic, pneumonia, laminitis and other illness.

**Colorado Division of Racing Events:**

During the five year period requested, out of 14,558 horses racing there were 347 total injuries (2.38%), 6 career-ending injuries (0.04%), and 27 catastrophic (fatal) injuries (0.18%).

**Delaware Thoroughbred Commission:**

The Delaware Thoroughbred Commission provided ten years of data from 1998 thru 2007. During this period of time 101,583 horses started in races and 1,881 horses were added to the vets list.

During this ten year period, there were 250 fatalities on the track facility grounds of which 141 were racing related.

**Florida Division of Pari-Mutuel Wagering:**

No catastrophic injury data provided by time of submission.

**Illinois Racing Commission:**

From 2003 thru 2007 there were 173 equine fatalities (0.006%) out of 278,714 horse starts. During this period of time 902 horses were placed on the vets list (0.32%).

**Indiana Racing Commission:**

From 2003 through 2007 Indiana had approximately 130,200 horse starts and 103 equine deaths (0.008%). The commission's regulations require horses deemed unsuitable (lame, sick, etc.) to be precluded from racing.

**Iowa Racing Commission:**

Approximately 40,900 horses started in races in Iowa during the past five years. There were 58 track related breakdowns (0.14%) and 90 overall mortalities (0.22%).

**Kentucky Horse Racing Authority:**

The Kentucky Horse Racing Authority provided data concerning thoroughbred racing for the five year period requested. Out of 114,668 starting horses there were 226 catastrophic injuries of which 208 were race related. During this timeframe there were 522 vets list scratches (0.45%).

**Louisiana Racing Commission:**

The Louisiana Racing Commission submitted summary data concerning fatal breakdowns on a track by track basis for the years in which data was available.

Evageline Downs data covered 2005 thru 2007. Of 32,797 starting horses there were 74 catastrophic breakdowns (0.22%).

Delta Downs data covered 2006 thru 2007. Of 16,213 starting horses there were 24 catastrophic breakdowns (0.15%).

At the Fair Grounds Racetrack data was available for 2003, 2004, 2006 and 2007. Of 27,237 starting horses there were 52 catastrophic breakdowns (0.19%)

**Maryland Racing Commission:**

Over the last 5 years 130 horses were euthanized (0.018%) out of 71,953 starters. 133 horses returned lame after the race (0.018%). During this period there were 70 horses precluded from running and scratched at the gate for lameness (0.09%).

**Massachusetts Racing Commission:**

The Massachusetts Racing Commission does not maintain records of injuries and have provided the following information on equine deaths. Suffolk Downs participates in the injury tracking system project of the Grayson Jockey Club.

2003 – 38 deaths, 18 race related.

2004 – no data available at this time.

2005 – no data available at this time.

2006 – Out of 7131 horses starting, 16 deaths of which 8 were race related.

2007 – Out of 7057 horses starting, 28 deaths of which 12 were race related.

Less than 1% (.0310) of horses racing in Massachusetts suffer a life ending breakdown.

**Michigan:**

No longer has thoroughbred racing and historic records of injuries not readily available.

**Minnesota Racing Commission:**

The Minnesota Racing Commission tracks injuries on the grounds regardless of whether they were track related or not. During this five year period of time, the commission recorded 144 injuries (0.53%) and 42 equine deaths (0.15%). During this time there were 27,090 horses that started to race.

**New Hampshire Pari-Mutuel Commission:**

During the five year period there were six equine fatalities. Five were not racing related. Details are provided.

**New Jersey Racing Commission:**

During the five year period from 2003 thru 2007, there were approximately 38,871 thoroughbred starters. During this period of time 973 were placed on the vets list for a variety of reasons not necessarily injury related (2.5%). There were 75 racing thoroughbred horses euthanized (0.19%). There were 76 non racing horses euthanized during this period of time.

**New Mexico Racing Commission:**

The New Mexico Racing Commission had only 2007 data readily available by the time of submission for the following tracks:

Ruidoso Downs: Of 5,160 starting horses, there were 29 fatal catastrophic injuries (0.56%).

Zia Park: Of 9,168 starting horses, there were 9 euthanized (0.09%).

Sunland Park: Of 8,189 starting horses, there were 13 euthanized (0.16%).

Sunray Park: Of 7,422 starting horses, there were 10 euthanized (0.13%).

**New York State Racing and Wagering Board:**

New York does not maintain a database of the nature and severity of injuries, but only for injuries that result in the death of the horse. Please note that of the 637 deaths occurring in the five year period commencing in 2003, 388 have occurred on track, 60 have occurred while training and 189 are non-racing related deaths that occurred on the backstretch. The 388 deaths that occurred while racing are out of a total of 521,703 starters (0.007%).

**North Dakota Racing Commission:**

Out of 7,280 horses slated to race in North Dakota from 2003 thru 2007 there were 10 equine fatalities (0.13%).

No data was provided concerning the vets list, although one is maintained.

**Ohio Racing Commission:**

Out of approximately 387,000 starters during the past five years there were 289 horses euthanized (0.007%) as a result of catastrophic racing injuries. Injuries are not required to be reported in Ohio and no vet's list information was readily available.

**Oklahoma Horse Racing Commission:**

The State of Oklahoma operates a Veterinary Medical Diagnostic Program at Oklahoma State University which conducts necropsy studies and collects data regarding breakdowns at the four Oklahoma racetracks. The program is directly funded by the Oklahoma Breeding Development Fund administered by the Oklahoma Horse Racing Commission. This program issues detailed reports and we have asked the Oklahoma Commission to submit them under separate cover to the committee for evaluation.

**Oregon Racing Commission:**

During the past five years Oregon Racing Commission vets have put 787 horses (2.42%) on the vets list out of 32,540 starters. There were 61 catastrophic breakdowns (0.18%).

In Oregon horses in the vets list were scratched by the track vet for the trainer for sickness (fever, sore feet, respiratory problems, treated for colic). Commission veterinarians will scratch horses just prior and during racing for lameness, flipping in the paddock, post-parade and gate, jockey feels that the horse is not traveling right, severe hives, unruly behavior or any other reason the horse is unfit for racing. Also horses are put on the Vet's list after racing for lameness.

### **Pennsylvania Thoroughbred Commission:**

Statewide numbers are not readily available, but the Pennsylvania Thoroughbred Commission staff has been studying equine welfare issues and we have included the report "A 10 Year Retrospective Study of Catastrophic Injuries at Penn National Race Track".

### **South Dakota Commission on Gaming:**

In the past five years, there were 3 major injuries on the track in South Dakota:  
a 4 year old thoroughbred fractured its right knee;  
a 2 year old Quarter horse broke its leg at the finish line; and  
a 2 year old Quarter horse broke its back by bracing itself in the starting gate.

South Dakota averages just 17 days of racing each year with about 952 runners. Over a five year period approximately 4,760 horses will have started with a fatal injury rate of 0.006%.

### **Texas Racing Commission:**

The Texas Racing Commission reports injuries by type and the report is attached to this summary. During the five year period from 2003 thru 2007, there were 146,452 starting horses, 1,987 injuries (1.3%) of varying degree of seriousness, and 198 horses (0.13%) euthanized.

### **Virginia Racing Commission:**

In Virginia, 18,057 horses were entered to race in 1,738 races from 2003 to 2007. Of those horses 156 were placed on the "Vet's List" due to illness or injury. There were 28 injuries that required the horse to be removed from the track. Twenty three of those resulted in death. Overall in Virginia, 99% of the horses raced without injury.

### **Washington Racing Commission:**

During the between 2003 thru May 27, 2008, there were 170 equine deaths (0.42%) from 39,806 horses that started in races in this state.

During this period of time there were 308 horses out of 33,054 horses (0.93%) started at the state's commercial track, Emerald Downs, that were placed on the vets list. (Records are not available for the four nonprofit tracks in the state: Sun Downs, Walla Walla, Waitsburg and Dayton.) The Commission's 2007 Equine Health and Safety Report is enclosed.

### **West Virginia Racing Commission**

Did not respond to request for information.

**Fatalities in California Racing**  
**11/6/02 to 5/26/08**

	<b>Racing</b>	<b>Training</b>	<b>Other</b>	<b>Total</b>
<b>11/6/02 to 11/9/03</b>	<b>102</b>	<b>81</b>	<b>46</b>	<b>229</b>
<b>11/10/03 to 11/2/04</b>	<b>115</b>	<b>76</b>	<b>52</b>	<b>243</b>
<b>11/3/04 to 11/6/05</b>	<b>154</b>	<b>99</b>	<b>67</b>	<b>320</b>
<b>11/7/05 to 11/9/06</b>	<b>147</b>	<b>94</b>	<b>76</b>	<b>317</b>
<b>11/10/06 to 11/16/07</b>	<b>147</b>	<b>97</b>	<b>57</b>	<b>301</b>
<b>11/07 to 5/26/08</b>	<b>84</b>	<b>60</b>	<b>40</b>	<b>184</b>

This data is for all breeds throughout the state at all racing inclosures under the jurisdiction of the CHRB. The totals can include non-race horses in some instances within the Other category.

Racing fatalities are fatalities occurring during a race; training fatalities are those occurring during training; other fatalities are those occurring neither while racing nor training. This will include accidents, colic, pneumonia, laminitis, and other illnesses.

## New Hampshire Pari-Mutuel Commission:

### Rockingham Park Data on equine deaths:

2008 - None

2007 - Admiral's Nemo = Trainer - Kelley Case; 05/28/07 ; Neurological disorder - non race related-euthanized at barn by Dr.Matt Levesque non-raced related.

2006 - Manchievous = Trainer - Ron Alexander - 07/08/06 - Colic - treated by Dr. Harnett - died in stall - non race related.

2005 - Rusty's Loophole = Trainer - Phil Edwards; 07/16/05; Possible twisted intestine - non race related - died in stall.

Higher Assests = Trainer - Scott Rollins; 06/07/05; Non race related injury - ran away while jogging on racetrack, ran through 2 X 6 rail at barn, impaled himself. Euthanized by Dr. Albert Anderson.

2004 - Tress L. = Trainer - Serge Nadeau; 08/23/04; Colic - treated by Dr. Matt Levesque - died in stall - non race elated.

Unrapped the Magic = Trainer - Juston Merton; 06/16/04 ; Suspected poor tubing = blood gas - horse was in to race at Plainridge, Mr. Merton had a problem with him being down in the trailer, scratched and removed him before Commission veterinarian could examine him, found dead in his stall.

Equine death	Universal Story	Finger Lakes	bilateral sesamoid fracture with associated sus	legs	racing	5/4/2007
Equine death	Da Gaffney	Aqueduct	compound comminuted fracture	right front P1	racing	5/7/2007
Equine death	Candy Box	Belmont	comminuted fracture	left radius	racing	5/7/2007
Equine death	Gustavo N	Yonkers	fractured left tibia/fibula proximal to the hock	left front leg	racing	5/7/2007
Equine death	The Gin Man	Finger Lakes	severe pulmonary hemorrhage	lungs	racing	5/13/2007
Equine death	Lookin Back At You	Belmont	spiral fracture	left front cannon bone	racing	5/20/2007
Equine death	Name Your Prize	Belmont	sesamoid(s) fracture w/disarticulation	right front both sesamoids	racing	5/20/2007
Equine death	Liberation Day	Finger Lakes	abscess found on lung with severe chronic plurit	respiratory	non-racing	5/22/2007
Equine death	J's Thunder Express	Finger Lakes	septic left tarsocrural joint	tarsocrural joint	non-racing	5/23/2007
Equine death	Mansion of Thought	Belmont	carpal slab fracture w/ comminution	right carpus	racing	5/24/2007
Equine death	Nelson St Swing	Saratoga TB	laminitis secondary to foot abscess	feet	non-racing	5/25/2007
Equine death	Donerales Love	Belmont	cardiovascular collapse	cardiovascular	racing	5/25/2007
Equine death	Impossible	Belmont	carpal slab fracture	right carpus	racing	5/26/2007
Equine death	Crunch the Numbers	Aqueduct	fracture	left front both sesamoids	racing	5/31/2007
Equine death	Raving Fury	Belmont	spiral fracture	right humerus	racing	6/1/2007
Equine death	Wannabourbonome	Belmont	comminuted fracture	left front both sesamoids	racing	6/7/2007
Equine death	Big Daddy Rex	Belmont	comminuted fracture	right hind pastern	racing	6/10/2007
Equine death	Belbottom Johnny	Belmont	cardiovascular collapse	cardiovascular	non-racing	6/26/2007
Equine death	Lislea Galtiero	Monticello Raceway			non-racing	6/27/2007
Equine death	The Yips	Belmont	shaft fracture	left front cannon bone and sesamoid(s)	racing	6/28/2007
Equine death	Call a Taxi	Finger Lakes	latera displaced condylar fracture	right front fetlock	racing	7/2/2007
Equine death	Unnamed colt Fiddle 05	Belmont	compound, comminuted fracture	right radius	racing	7/9/2007
Equine death	Tough to Follow	Finger Lakes	basal sesamoid fecondary laminitis		non-racing	7/10/2007
Equine death	Pelican Cay	Belmont	cardiovascular collapse	cardiovascular	racing	7/10/2007
Equine death	Kims Concern	Belmont	skull fracture	head	non-racing	7/11/2007
Equine death	Showmethewaytoghome	Belmont	carpal slab fracture	right carpus	racing	7/11/2007
Equine death	Birthday Song	Belmont	rupture	left frond sesamoidean ligaments	racing	7/12/2007
Equine death	I Am What I Play	Saratoga TB	protozoal myeloencephalitis	central nervous system	non-racing	7/14/2007

Investigation Type	Horse Name	Race track	Cause of Death	Body Part	Racing?	Occurred
Equine death	Joe's Dancing Angel	Finger Lakes	fracture	fourth tarsal bone	Racing	7/16/2007
Equine death	Satelite Assembly	Finger Lakes	non-specific neurologic disease		non-racing	7/17/2007
Equine death	Mr. Whitestone	Saratoga TB	cardiovascular collapse	cardiovascular	racing	7/21/2007
Equine death	Take a Twirl	Finger Lakes	necropsy suggests leading to small bowel ruptur	intestines	non-racing	7/21/2007
Equine death	E By Gum	Belmont	died while anesthesia	cardiovascular	non-racing	7/22/2007
Equine death	Last Trial	Finger Lakes	fracture	3rd carpal bone	racing	7/24/2007
Equine death	Massoud	Saratoga TB	displaced condylar fracture	right front cannon bone and sesamoid(s)	racing	7/25/2007
Equine death	Celtic Blue	Saratoga TB	comminuted fracture	right hind cannon bone and P1	racing	7/27/2007
Equine death	Defiant Cat	Finger Lakes	respiratory distress	lungs	non-racing	8/1/2007
Equine death	Winter Storm	Finger Lakes	comminuted fracture	both medial and lateral proximal sesamoids to left fro	racing	8/2/2007
Equine death	Cats Lad	Belmont	pneumonia/pleurisy	respiratory	non-racing	8/8/2007
Equine death	Silly Lilly	Monticello Raceway	puncture wound along ribcage		non-racing	8/8/2007
Equine death	Nick On the Box	Aqueduct	carpal slab fracture	right carpus	Training	8/14/2007
Equine death	Jude's Star	Finger Lakes	unknown	unknown	non-racing	8/15/2007
Equine death	Johnny Utah	Saratoga TB	displaced condylar fracture	right front cannon bone	racing	8/20/2007
Equine death	Face the Truth	Finger Lakes	shattered proximal row of carpal bones along w	left carpus	racing	8/20/2007
Equine death	Indian Flare	Saratoga TB	cardiovascular collapse from displaced pelvic fr	pelvis	racing	8/26/2007
Equine death	Just Starting	Saratoga TB	laminitis	feet	non-racing	8/28/2007
Equine death	Class Vantage	Saratoga TB	compound condylar fracture	left front cannon bone and sesamoids	racing	8/30/2007
Equine death	Find the Chestnut	Belmont	compound MC3 / sesamoid fx w/ disarticulatio	right front cannon bone and sesamoid(s)	racing	9/7/2007
Equine death	Polish King	Finger Lakes	breakdown of left front ankle-sesamoid fx, susp	left leg	racing	9/8/2007
Equine death	Luv Adora	Finger Lakes	sisamoid fx w/ suspensory disruption		racing	9/9/2007
Equine death	Unrestricted	Belmont	compound, comminuted MC3 shaft fracture	right front cannon bone	racing	9/13/2007
Equine death	Gruffles	Belmont	compound, comminuted fracture	right radius	racing	9/13/2007
Equine death	Electric Light	Belmont	compound MC3/ sesamoid fx w/ disarticulation	left front cannon bone and sesamoid(s)	racing	9/14/2007
Equine death	Sweet Bonbon	Belmont	comminuted fracture	right front cannon bone	racing	9/16/2007
Equine death	Sweet Concor	Belmont	condylar fracture and disarticulation	right front cannon bone	racing	9/16/2007
Equine death	Mark The Trick	Finger Lakes	right front suspensory apparatus ruptured, med	right front leg	racing	9/17/2007
Equine death	Boundtobedangerous	Finger Lakes	apparent slab fracture palpated w/ subluxation	right knee	racing	9/18/2007
Equine death	Community Leader	Saratoga Raceway	fracture 3rd metatarsal	right rear cannon	racing	9/19/2007

Investigation Type	Horse Name	Race track	Cause of Death	Body Part	Racing?	Occurred
Equine death	There Goes Trouble	Finger Lakes	ruptured small bowel as result of obstruction	intestines	non-racing	9/21/2007
Equine death	Keen Irish	Aqueduct	compound condylar fracture	left front cannon bone and sesamoid(s)	racing	9/23/2007
Equine death	Heck of a Guy	Finger Lakes	fracture of medial sesamoid LF limb & presenc	LF limb	non-racing	9/25/2007
Equine death	Kee Kaw	Belmont	unknown	sudden death -no visible lesions	non-racing	9/27/2007
Equine death	Mad Money Classic	Belmont	comminuted fracture	left hind P1	racing	9/27/2007
Equine death	Indystatspankle	Finger Lakes	slab fracture of the left radial carpal bone	left radial carpal bone	racing	10/1/2007
Equine death	Pangburn	Aqueduct	laminitis	feet	non-racing	10/2/2007
Equine death	Appealing Mystery	Belmont	cardiovascular collapse	cardiovascular	racing	10/4/2007
Equine death	Queens Commander	Belmont	comminuted fracture	left front both sesamoids	racing	10/6/2007
Equine death	Irish Ace	Belmont	compound fracture	right front cannon bone	racing	10/8/2007
Equine death	The Butlerman	Yonkers	circulatory compromise	hind end	non-racing	10/9/2007
Equine death	Count On Pal	Belmont	basilar sesamoid fracture	right front medial sesamoid	racing	10/17/2007
Equine death	Valley Coach	Finger Lakes	ruptured suspensory & compound fractures fo	proximal sesamoid bones	racing	10/19/2007
Equine death	Dutch Law	Aqueduct	sesamoid fracture w/ disarticulation	right front both sesamoids	racing	10/25/2007
Equine death	He's Noshie	Finger Lakes	compound fractures	MCIII, left forelimb	racing	10/26/2007
Equine death	Abstract	Saratoga Raceway	injury	unable to stand	non-racing	10/27/2007
Equine death	Burst of Zip	Finger Lakes	pseudomonas infection	rf leg for 4 weeks severely lame	non-racing	10/28/2007
Equine death	Connectivity	Aqueduct	comminuted fracture	right front both sesamoids	racing	10/29/2007
Equine death	Noah A.	Aqueduct	sesamoid fracture(s) and suspensory rupture	left front sesamoid(s) and suspensory ligament	racing	11/4/2007
Equine death	Breath Buster	Aqueduct	condylar fracture and disarticulation	right front cannon bone	racing	11/5/2007
Equine death	Culture	Finger Lakes	compound fracture	left front MCIII	racing	11/12/2007
Equine death	Duke	Finger Lakes	diminished quality of life	retrobulbone mass	non-racing	11/18/2007
Equine death	Foreverhopelul	Finger Lakes	traumatically ruptured tendons	both SDF & DDF tendons in RH limb	racing	11/18/2007
Equine death	Family Grind	Finger Lakes	comminuted, displaced fracture	right 3rd carpal bone	racing	11/19/2007
Equine death	Bizzy Trick	Aqueduct	fracture	LF biaxial sesamoids	racing	11/23/2007
Equine death	Salisbury Mark	Saratoga Raceway	unknown		racing	11/23/2007
Equine death	B Money	Monticello Raceway	collapse	possible ruptured blood vessel	non-racing	11/26/2007
Equine death	President Palmer	Belmont	condylar fracture and disarticulation	right front cannon bone and P1	racing	11/28/2007
Equine death	Americas Gold	Aqueduct	MC2 and sesamoid(s) fracture	right hind cannon bone and sesamoid(s)	racing	12/1/2007
Equine death	Ms Louisa Quatorse	Belmont	compound comminuted fracture	left front P1	racing	12/2/2007

Investigation Type	Horse Name	Race track	Cause of Death	Body Part	Racing?	Occurred
Equine death	Blowin Bayou	Belmont	laminitis	feet	non-racing	12/8/2007
Equine death	Due Dillie	Belmont	laminitis	feet	non-racing	12/10/2007
Equine death	Front Money	Aqueduct	comminuted fracture	right hind P1	racing	12/15/2007
Equine death	Frisky Dreams	Aqueduct	rupture	right front suspensory ligament	racing	12/15/2007
Equine death	Bondage	Aqueduct	sesamoid(s) fracture w/disarticulation	left front cannon bone and sesamoid(s)	racing	12/15/2007
Equine death	Premier Perfection	Belmont	spiral fracture	right humerus	racing	12/17/2007
Equine death	L Dees Lenny	Yonkers	suspected heart failure	cardiovascular	non-racing	12/18/2007
Equine death	Bonn Rocket N	Yonkers	open comminuted fracture	right hind cannon bone	racing	12/27/2007
Equine death	Five Wonders	Aqueduct	compound, comminuted fracture	left hind cannon bone	racing	12/28/2007
Equine death	No Allegiance	Aqueduct	sesamoid(s) fracture w/disarticulation	right front both sesamoids	racing	12/30/2007
Equine death	Vals Hero	Aqueduct	sesamoid(s) fracture	right front both sesamoids	racing	1/6/2008
Equine death	Turf Only	Aqueduct	compound comminuted fracture	left from cannon bone	racing	1/9/2008
Equine death	Dani Tom Boy	Aqueduct	slab fracture w/ comminution	left carpus	racing	1/13/2008
Equine death	Queens Mandate	Aqueduct	MC3 and sesamoid(s) fracture	left front cannon bone and sesamoid(s)	racing	1/21/2008
Equine death	Steeter Todd	Monticello Raceway	collapse	unknown	racing	1/23/2008
Equine death	Moon Jumper	Aqueduct	condylar fracture and disarticulation	left front cannon bone	racing	1/24/2008
Equine death	Millburn Operative	Yonkers	fracture	left hind leg	racing	1/28/2008
Equine death	Bordeaux Classic	Belmont	compound comminuted fracture	right front P1	racing	1/31/2008
Equine death	Royal Livingston	Aqueduct	comminuted fracture	right front both sesamoids	racing	2/3/2008
Equine death	Crane Bay	Aqueduct	comminuted fracture	right front P1	racing	2/8/2008
Equine death	Phillip X.	Aqueduct	sesamoid(s) fracture w/disarticulation	right front both sesamoids	racing	2/10/2008
Equine death	Close The Bank	Monticello Raceway	severe fracture	left hind cannon bone	racing	2/21/2008
Equine death	Referee	Belmont	compound MC3 / sesamoid fx w/disarticulation	left front cannon bone and sesamoid(s)	racing	2/24/2008
Equine death	No Parole	Belmont	skull fracture	head	non-racing	2/25/2008
Equine death	Mantoloking	Belmont	cardiovascular	cardiovascular	racing	2/28/2008
Equine death	Aforementioned	Aqueduct	compound, comminuted MC3 shaft fracture	right front cannon bone	racing	3/1/2008
Equine death	Bo Beep	Aqueduct	fracture	left tibia	racing	3/2/2008
Equine death	Getsa-06	Belmont	cardiovascular collapse	cardiovascular	non-racing	3/16/2008
Equine death	Jazz Fan(05)	Aqueduct	fracture	left humerus	racing	3/25/2008
Equine death	Fiddlers Token	Aqueduct	carpal slab fracture w/comminution	right carpus	racing	4/19/2008

Investigation Type	Horse Name	Race track	Cause of Death	Body Part	Racing?	Occurred
Equine death	Throw the Bomb	Aqueduct	fracture	left front both sesamoids	racing	4/20/2008
Equine death	New York Met	Aqueduct	laminitis	right front foot	non-racing	4/24/2008
Equine death	Point Breaker	Finger Lakes	broken leg	leg	racing	4/25/2008
Equine death	Royal Attire	Belmont	fracture	left front both sesamoids	racing	4/25/2008
Equine death	Like a Rose	Aqueduct	Infection	left hind leg	non-racing	4/29/2008
Equine death	Aulauga	Finger Lakes	biaxial proximal sesamoid fracture of right front	right front limb		5/9/2008
Equine death	Megalodon	Belmont	MC3 and sesamoid(s) fracture	left front canon bone and sesamoid(s)	racing	5/9/2008
Equine death	Forty Crowns	Belmont	displaced condylar fracture	right front cannon bone	racing	5/11/2008
Equine death	Catmando	Belmont	compound, comminuted fracture	right front cannon bone	racing	5/14/2008

**Total Number of Cases: 637**
