

Suppliers of Blind Quality Control (QC) Urine Samples

Date: July 1, 2008

Contact: Donna M. Bush, Ph.D.,
D-ABFT, Drug Testing Team
Leader, Division of Workplace
Programs, CSAP

A list of blind sample suppliers has been compiled by this office, for information purposes only, to facilitate compliance with the U.S. Department of Health and Human Services Mandatory Guidelines for Federal Workplace Drug Testing Programs. It does not constitute an endorsement for any or all of the vendors. It reflects solely the information supplied to this office by those vendors who requested inclusion on the list.

These urine blind samples are DEA registered Exempt Chemical Preparations intended for in vitro diagnostic/forensic usage (21 CFR 1308.24). The purchaser would not be required to hold a DEA license to acquire and use (redistribute) them as part of a workplace drug testing program. However, the purchaser should ensure that the vendor complies with this DEA required exemption.

Any supplier interested in having its name added to the list below should contact Giselle Hersh at 240-276-2600 (phone) or by email:

Giselle.hersh@samhsa.hhs.gov.
