

# **Natural Resource Damage Assessment and Restoration Advisory Committee**

## **Final Agenda for Committee Meeting July 26-27, 2006**

The agenda will cover the following principal subjects:

- Discussion of subcommittee reports.
- Formal public input (if any).
- Committee agreement on each subcommittee scope and plan.
- Develop schedule for next Committee meeting.

Each subcommittee report, discussion, and associated public input will take approximately 4 hours. However, the timeframes will remain flexible. If a subcommittee report and discussion requires less than 4 hours, the committee will move directly on to the next topic.

Meeting time: 8:30 a.m. to 5:00 p.m. each day.

Break times, including lunch, will be determined by the Chair during the course of the meeting.
