DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Randall Relyea, D.O.; Denial of Application

On July 25, 2007, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration, issued an Order to Show Cause to Randall Relyea, D.O. (Respondent), of Price, Utah. The Show Cause Order proposed the revocation of Respondent's DEA Certificate of Registration, BR8899809, as a practitioner, on the ground that Respondent's "continued registration is inconsistent with the public interest." Show Cause Order at 1.

The Show Cause Order specifically alleged that in February 2007, Respondent had engaged in a scheme to have one of his patients obtain narcotic controlled substances for his personal use. Show Cause Order at 1. The Show Cause Order also alleged that during the previous year, Respondent had engaged in "a similar scheme * * * to acquire narcotics," and that Respondent had been charged with multiple felony narcotics offenses under Utah law with respect to both schemes. *Id.*

The Show Cause Order further alleged that in 1999, Respondent had been "charged with felonies [under Missouri law] involving [his] obtaining hydrocodone under a fictitious name." *Id.* The Show Cause Order alleged that while these charges were later reduced to misdemeanors and that Respondent had surrendered his DEA registration, he had "continued to abuse narcotics at levels indicating recurrent or habitual use." *Id.*

The Show Cause Order, which notified Respondent of his right to a hearing or to submit a statement in lieu of a hearing, was served on him by certified mail to his registered location as evidenced by the signed return receipt card.¹ Since that time, neither Respondent nor his counsel has requested a hearing on the allegations of the Show Cause Order. Because more than thirty days have passed since service of the Show Cause Order and

¹ The Return Receipt Card does not indicate the date of delivery. The card does, however, indicate that DEA received the card back on August 13, 2007.

neither Respondent nor his counsel has requested a hearing, I conclude that Respondent has waived his right to a hearing. See 21 CFR 1301.43(d). I therefore issue this Decision and Final Order without a hearing based on relevant material contained in the investigative file and make the following findings.

Findings

Respondent was the holder of DEA Certificate of Registration, #BR8899809, which authorized him to handle controlled substances in schedules II through V as a practitioner. Respondent's registration expired on April 30, 2007, and Respondent did not file a renewal application until May 30, 2007. I thus find that Respondent did not file a timely renewal application as required to maintain his registration and thus does not have a current registration with the Agency. See 5 U.S.C. 558(c). Respondent's renewal application is, however, pending before the Agency.

Respondent previously held another DEA registration. In December 1999, however, Respondent was arrested in Brentwood, Missouri, and charged with fraudulently attempting to obtain Vicodin Tuss, a schedule III controlled substance which contains hydrocodone. Respondent was allowed to plead guilty to the misdemeanor charge of engaging in deceptive business practices and received a suspended sentence. On November 22, 2000, Respondent also surrendered his DEA registration.²

According to the investigative file, at approximately 1 p.m. on February 8, 2007, Respondent contacted one of his patients and asked her to assist him in obtaining a narcotic controlled substance for his wife, who he claimed had torn her anterior cruciate ligament (ACL). Respondent asserted that other area physicians were out to get him and that he therefore needed to write the prescription in the patient's name. Several hours later, Respondent met with the patient at her place of employment (an Albertson's supermarket) and gave her a prescription for 90 pills of oxycodone 30 mg and \$100 to pay for the prescription.

Later that evening, Respondent returned to the supermarket to obtain the prescription. The patient told

² On May 22, 2004, Respondent applied for a new registration. On his application, Respondent disclosed the criminal proceeding, his prior drug abuse, and that he had surrendered his earlier registration. Respondent also stated that he had completed inpatient rehab and a four-year monitoring program. Upon determining that the State of Utah has issued Respondent both a medical license and a controlled substance license, Respondent was granted a new registration.
