NATIONAL LIBRARY OF MEDICINE
National Institutes of Health

The National Library of Medicine is pleased to offer this booklet listing toll-free telephone numbers for health-related organizations. This revised edition is bilingual and lists the organization names in both English and Spanish. It also indicates if services and/or publications are available in Spanish.

NLM is the world's largest medical library with unparalleled collections in the health sciences. Using the World Wide Web, the Library's resources are now available to health professionals in every part of the United States. The listings in this pamphlet are from our online database, DIRLINE.

Health Hotlines: Toll-free Numbers from DIRLINE

Health Hotlines is a compilation of organizations with toll-free telephone numbers. It is derived from DIRLINE, the National Library of Medicine's Directory of Information Resources Online. This database contains descriptions of more than 8,000 biomedical information resources including organizations, databases, research, resources, etc.

Some of the subject areas included in **Health Hotlines** are AIDS, cancer, maternal and child health, aging, substance abuse, disabilities, and mental health. **Health Hotlines** also lists a variety of groups disseminating information on a number of specific diseases and disorders. Organizations fall into many categories including Federal, State and local government agencies, information and referral centers, professional societies, support groups, and voluntary associations.

Health Hotlines is provided as a community service to assist the public in locating health-related information. The toll-free telephone numbers in **Health Hotlines** were provided by the organizations and verified at the time of printing. The National Library of Medicine has not reviewed or evaluated the services of the organizations listed.

Líneas Telefónicas de Información sobre la Salud: Números Gratuitos de DIRLINE

Líneas Telefónicas de Información sobre la Salud es una recopilación de organizaciones con números para hacer llamadas gratuitas. Esta recopilación se deriva de DIRLINE (Directory of Information Resources Online), Directorio de Medios de Información computarizada de la Biblioteca Nacional de Medicina. Esta base de datos contiene las descripciones de más de 8,000 recursos sobre información biomédica, incluyendo organizaciones, bases de datos y recursos de investigación, además de otra información útil.

Algunos de los temas incluídos en las **Líneas Telefónicas** de Información sobre la Salud son el SIDA, el cáncer, la salud materno-infantil, la vejez, la drogadicción, la discapacidad y la salud mental. Las **Líneas Telefónicas** de Información sobre la Salud también contienen una variedad de números de teléfonos de grupos encargados de distribuir información acerca de enfermedades específicas y trastornos de la salud. Estas organizaciones se agrupan bajo varias categorías incluyendo agencias de los gobiernos locales, estatales y federales, centros de información y referencia, asociaciones de profesionales, grupos de apoyo, y asociaciones de voluntarios.

Las **Líneas Telefónicas** de Información sobre la Salud se provee como un servicio a la comunidad para asistir al público a localizar información relacionada con la salud. Los números de teléfonos gratuitos que aparecen en las **Líneas Telefónicas** de Información sobre la Salud fueron provistos por las organizaciones y verificados al momento de imprimirse. La Biblioteca Nacional de Medicina no ha revisado ni evaluado los servicios prestados por las organizaciones aquí nombradas.

Dear Health Hotline User:

Do you like **Health Hotlines**? If you find this brochure useful, you may also appreciate searching this database on the NLM web site (**<http://healthhotlines.nlm.nih.gov>**). You can search by choosing a term from a subject list describing the major focus of the resource, or by key words you think might appear in the name or description of the organization. You can also search by city, state, or ZIP code.

You may also find **DIRLINE** (Directory of Information Resources Online) even more useful. Toll-free numbers in **Health Hotlines** are taken from this comprehensive database of more than 8,000 records, containing location and descriptive information about a wide variety of information resources in the fields of health and biomedicine.

DIRLINE is available on the NLM Web site at **<http://dirline.nlm.nih.gov>**. Remember, **Health Hotlines** contains only a small percentage of the useful information available in DIRLINE.

Estimado Usuario de Nuestras Líneas Directas de Salud:

Si le gustó nuestro directorio de información sobre la salud, lo más probable es que también encuentre conveniente realizar búsquedas en la base de datos disponible en la NLM (Biblioteca Nacional de Medicina, por su sigla en inglés) a través de la red de Internet localizada en (<http://healthhotlines.nlm.nih.gov/>). Usted puede realizar búsquedas bibliográficas en nuestra base de datos, ya sea mediante el uso de un término que se encuentre en la lista de tópicos y que describa el foco principal de la organización, o ya sea mediante el uso de una palabra clave que usted piense podría aparecer en el nombre o la descripción de la organización. Usted podría realizar su búsqueda también usando la ciudad, estado o código postal, de la fuente que le interese.

Es posible que usted encuentre a **DIRLINE** (Directorio de Recursos de Información Computarizada, por su sigla en inglés) aun mas útil. Los números telefónicos gratuitos que aparecen en este directorio de salud son extraídos de esta vasta base de datos generalizado, que incluye alrededor de 8,000 documentos, los cuales incluyen la dirección e información descriptiva de una considerable lista de fuentes de información sobre salud y biomedicina.

DIRLINE está disponible en el sitio web <http://dirline.nlm.nih.gov>. Recuerde que las líneas Directas de la Salud contiene solo una mínima parte del directorio disponible en DIRLINE.
