

**Subject:** Regarding alternative to animal testing

**Date:** Wednesday, June 6, 2007 11:53 PM

**From:** Megann H

To Whom it May Concern at ICCVAM:

I am in strong support of ICCVAM's immediate acceptance of internationally validated non-animal tests. With this letter, I am urging ICCVAM to help the United States keep pace with (and even surpass!) Europe's great advances in this area.

Thank you in advance for taking the time to read this.

Sincerely,

Megann Gullo
