

Subject: Non-Animal Testing

Date: Tuesday, June 5, 2007 12:20 PM

From: Melanie Stopyra

Dear ICCVAM,

Please make the US the leader in non-animal testing alternatives. The International community is currently the champion of validating dozens of non-animal testing alternatives. PLEASE make the cruel and outdated animal testing a thing of the past. Surely your conscience will be your guide and you will agree that it is cruel and inhumane to continue this practice. PLEASE.

thank you for your consideration,
Melanie Stopyra
