					KILLED	HURT	PROPERTY							KILLED	HURT	PROPERTY			
Alabama Gaines County	9 Afternoon	Running	0	0	3	6	Hail, Wind	Arkansas (continued)										JUNE 1948	
		Hail up to 1 1/2" in diameter destroys crops in Goshenville and predominantly cottonseed areas. Holes in Cedar Bluff damaged by hail stones. Power lines down in many areas. All property damage due to wind and crop damage to hail.																	
Scottsboro, Jackson County	10 Evening	Lightning struck Radio tower and set fire to transmitter building which was unoccupied.	5	0	1	Electrical		Conway - Faulkner County	20 10:30 a.	5	3	Lightning							
									21 11:00 a.										
Huntsville, Madison County	11 Afternoon	Wind up to 1 1/2" in diameter reported east of Florence. Three houses damaged by wind and one collapsed a few miles north of Florence. All crop damage due to wind and property damage to wind.	3	0	2	Wind, Wind			22 12:00 noon	10	10	Wind							
North Central Alabama	19 Evening	Severe thunderstorms caused scattered damage to trees, houses, buildings and power lines in many areas: Tuscaloosa, Gadsden, Birmingham, Tallassee and Andalusia. One person injured at FL. 1000. A mobile home destroyed, at Phenix City fallen trees. At Huntsville lightning set fire which destroyed numerous, 75% of damage due to wind and 25% to lightning.	0	2	5	0	Wind, Electrical			23 1:00 p.	15	1 mile	Wind						
									24 1:30 a.										
Jefferson County	19 7:30p 8:00p	Several reports of funnel clouds south of Birmingham. No report of touching ground.				Funnel													
Central Alabama	20 Afternoon	Wind, Electrical, Hail	5	0	1														
		High winds and lightning from scattered thunderstorms caused local damage in many areas. Trees uprooted and power lines down. Near Tuscaloosa extensive damage to driveways, streets, near Lafayette a mobile home demolished; at Opelika wall of building under construction blew down, at Montevallo lightning caused fire which destroyed house. 3/5" hail reported in Lowndes County. Damage from hail negligible. 75% of damage due to wind and 25% to lightning.																	
Conecuh, Escambia County	20 6:00p	Reported by public.				Funnel													
Nobles County	21 12:10 pm	Wind	0	0	5	0	Wind												
		Time 12:10 pm in Southern portion of County destroyed 5 and damaged 7 mobile homes, caused several buildings, uprooted trees and fallen power lines.																	
Gulf Shores, Baldwin County	21 3:30:40 pm	Waterspout	0	0	2	0	Waterspout												
Gulf Shores, Baldwin County	21 9:30 pm	Observed by police. No damage					Waterspout												
Alabama Port, Mobile County	21 9:30 pm	Observed offshore. No damage.					Waterspout												
Washington County	29 1:55 pm	7	7	0	0	3	0	Tornado											
		Lighted by State Trooper on Highway 13 between Sopchoppy and Agarville.																	
Lacey Springs, Tenn. County	30 3:30 pm	Wind	0	1	3	0	Wind												
		Youth injured when wind upset small building. Trailer in area overturned and minor damage to several other buildings in area.																	
Alaska		None reported																	
Arizona		None reported																	
Arkansas Jonestown - Calvert County	3 11:30 p.	Wind	1	1	3	Wind													
		Hail and wife injured when house trailer blown over. Hail later (June 12th) same.																	
Butlers - Calvert County	1 11:30 p.	Wind	2	0	600	Wind, Hail Lightning													
		Damage to cotton, soybeans and vegetables in southern non-till soil county. Some reports of hail up to 2" in diameter. Holes to houses and business buildings damaged in areas.																	
Marion - Bradley County	1 9:30 p.	Wind	6	0	1	Windstorm													
		Homes trailer destroyed with minor injuries to family of six.																	
South-central and southeast Arkansas	19 early morning	Wind	0	0	1	Wind													
		Three separate hail storms struck 0.7 county area from Oakdale to Conway, Arkansas. Hail up to 2" in diameter. Wind and hail struck Marion and Marion with minor damage. Two separate afternoon hail storms, 2:00 and 5:00 P.M., did considerable crop damage in Calcasieu, Bradley and Ashley Counties. Many trees and timber damage occurred at Lake Village and Dermott, Calcasieu Counties.																	
Calcasieu, Bradley and Ashley Counties	19 2:00 p.	Wind	10	0	3	Wind													
		and (as.)																	
		5:00 p.																	
		Hail damaging hail storm was early afternoon in the southern one-half of Bradley County. About 20 percent of a 2-3 million

STORM DATA AND UNUSUAL WEATHER PHENOMENA

15 JUL 1951

PLACE	DATE	TIME LOCAL STANDARD	DURATION OF RAIN PERIOD	NO. OF PERIODS	ESTIMATED DEPTH (INCHES)	CHARACTER OF STORM	PLACE	DATE	TIME LOCAL STANDARD	DURATION OF RAIN PERIOD	NO. OF PERIODS	ESTIMATED DEPTH (INCHES)	CHARACTER OF STORM	
Unusual Phenomena:														
Michigan County	21	1010Z	1	2	Lightning									
			Lightning strikes over land and offshore, two others reported in near Vicksburg National Park.											
Michigan County, and Huron County	22	0700Z	6	3	Heavy Rain									
			Heavy rain caused flash floods in several areas. Roads and bridges were damaged and highways were closed. In Huron, Ohio, roads were closed in areas of apartment buildings and northern shore locations.											
Washington County	22	1100Z	1	2	Cloudy									
			A small low pressure cell moved from west to east across county.											
Ohio County	22	1100Z	1	2	Heavy Thunderstorms									
			Wind gusts, 70-75 mph, were reported at 10:30Z on 22 July 1951 in area of Toledo, Ohio. Several houses were in area. A 100-ft north of Toledo, smaller houses were surrounded and some collapsed. However, heavy rain falls over a 1/2 mile stretch were limited to ground level. Wind speeds estimated at 60 mph during 0100Z on 22 July. Winds were measured by Toledo Fire Department.											
Wayne County	22	1200Z	1	2	Cloudy									
			A small low pressure cell moved through the eastern portion of the county.											
Williams	22	1100Z	1	2	Heavy Rain									
			Heavy rains in the surrounding valley values (near Linton, Ohio) caused mud slides and flooding. A single house in the Bay City section of eastern Williams, several houses were surrounded, and many more houses, even secondary homes, were damaged.											
Washington County	22	1100Z	1	2	Cloudy									
			A small low pressure cell moved northwest at 1000Z.											
Warren County	22	1000Z	1	2	Heavy Rain									
			Severe hill with steep, high, high ridge runoff. High water caused in the Steubenville area. Some residential developments in the area near Steubenville, Ohio, suffered severe flooding, and high water impacted to about 10 feet.											
Connecticut	22	0115Z	1	2	Lightning									
			Thunderstorms associated with intense lightning were confined to the southeastern corner of the state, especially Litchfield and northern New Haven counties. Several power lines were down, causing trees, electrical, and other major problems. Lightning was reported in the western Connecticut area. Some trees were completely cut down. Power lines between the towns, and residence of up to 10 miles in Litchfield County were responsible for major utility damage. At 0115Z, experts had reported 10 inches localized in those areas and one reported 10 inches from the northern parts of CT.											
Hartford	22	0115Z	1	2	Lightning									
			Lightning strikes reported in southern Connecticut. Two people were killed during the storm near Hartford.											
Windsor County	22	0100Z	1	2	Thunderstorms									
			A thunderstorm with lightning strikes reported in the area between Litchfield and New Haven counties. Two people were killed during the storm near Hartford.											
Fairfield and New Haven Counties	22	0100Z	1	2	Lightning									
			Lightning strikes reported near New Haven, Connecticut. Three people were killed during the storm near Hartford.											
Greenwich and Stamford	22	0100Z	1	2	Lightning									
			Lightning strikes reported in Greenwich, Connecticut. Three people were killed during the storm near Hartford.											
Westchester County, New York	22	0100Z	1	2	Lightning									
			Lightning strikes reported in Westchester, New York. Two people were killed during the storm near Hartford.											
Long Island	22	0100Z	1	2	Lightning									
			Lightning strikes reported in Long Island, New York. Two people were killed during the storm near Hartford.											
Florida, Monroe (Miami, FL)	22	1000Z	1	2	Lightning									
			Lightning strikes reported in Miami, Florida. One person was killed during the storm near Hartford.											
Florida, Monroe (Key West, FL)	22	1000Z	1	2	Lightning									
			Lightning strikes reported in Key West, Florida. One person was killed during the storm near Hartford.
