

US Army Corps  
of Engineers®

# ***Vision Statement***

**Be the premier stewards of entrusted  
hydropower resources**

US Army Corps  
of Engineers®

# ***Mission Statement***

**Provide reliable hydroelectric power services at the lowest possible cost, consistent with sound business principles, in partnership with other Federal hydropower generators, the Power Marketing Administrations, and Preference Customers, to benefit the Nation.**

US Army Corps  
of Engineers®

# *Mission Statement*

**Provide *reliable* hydroelectric power services at the lowest possible cost, consistent with sound business principles, in partnership with other Federal hydropower generators, the Power Marketing Administrations, and Preference Customers, to benefit the Nation.**

# ***Key Budget Development Drivers***

- **President's Management Agenda**
  - **PART**
  - **AEI**
- **ASA(CW) Guidance**
- **Civil Works Strategic Plan**
  - **Asset Mgt/Reliability**
- **Program Performance Measures**

US Army Corps  
of Engineers®

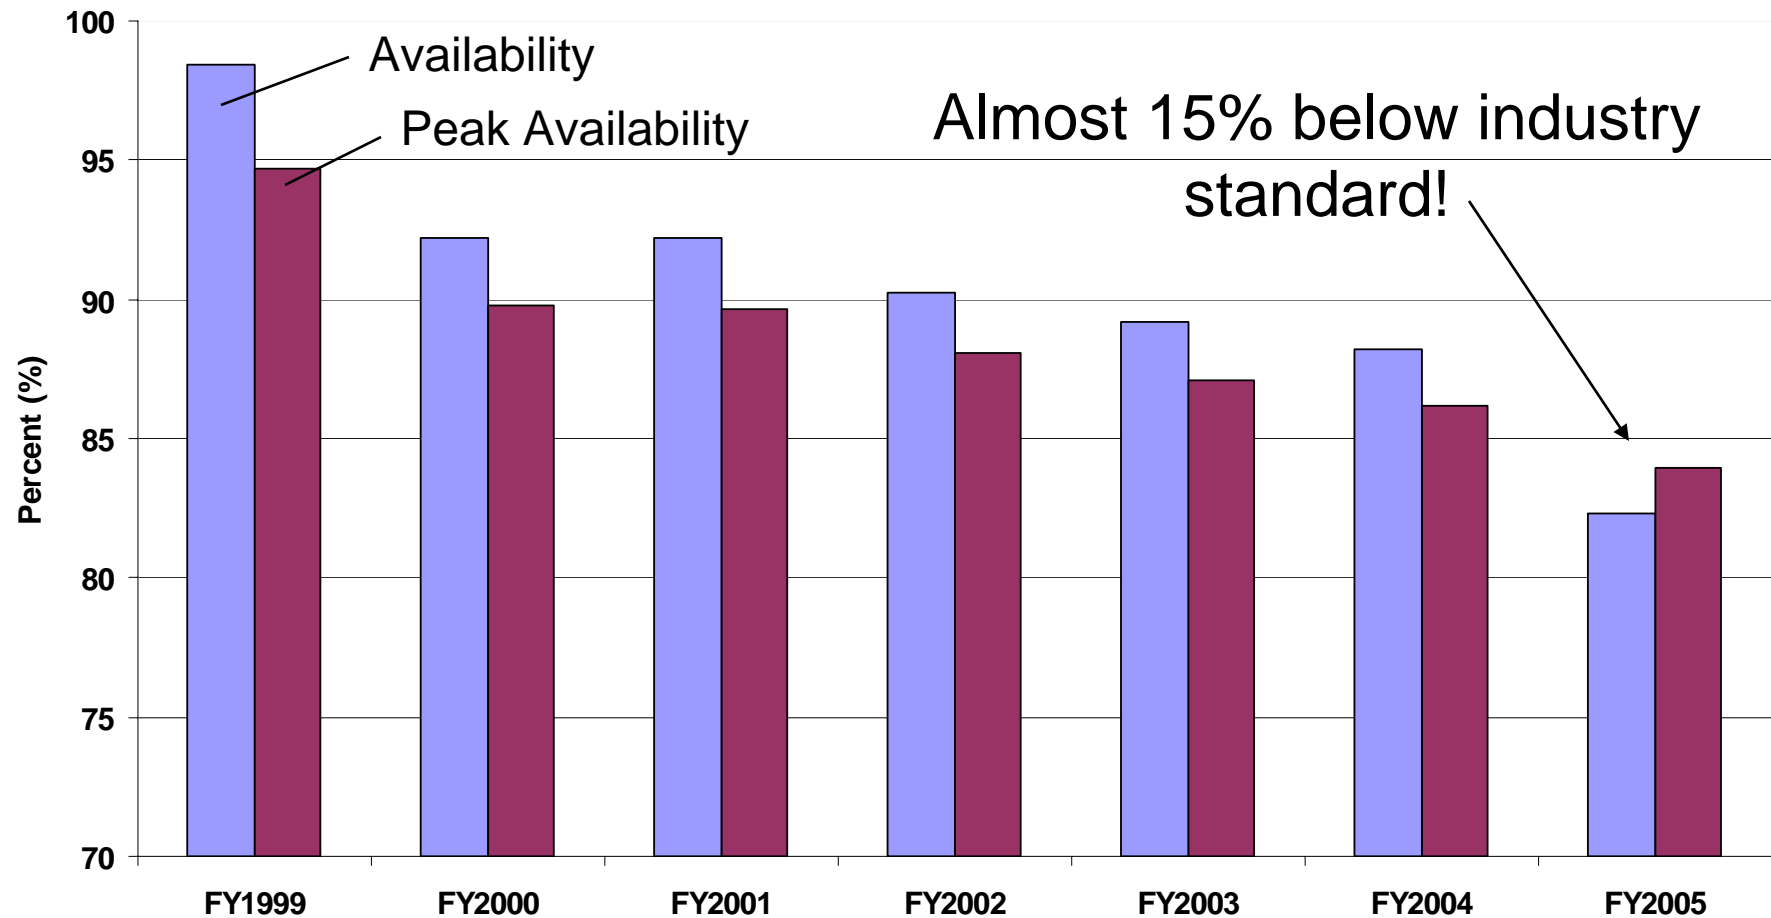

## ***Alignment of Program Objectives, Performance Measures & Budget Ranking Criteria***

<b>Civil Works Strategic Plan</b>		
<b><u>Program Objectives</u></b>	<b><u>Performance Measures</u></b>	<b><u>Ranking Criteria</u></b>
<b>1. Invest in hydropower rehabilitation projects when the benefits exceed the costs.</b>	<b>- Remaining BCR (project specific measure).</b>	<b>- Remaining Benefit to Remaining Cost Ratio. - Annual Net Benefits.</b>
<b>2. Future: Invest in environmentally sustainable hydropower infrastructure improvements where economically justified.</b>	<b>- (To Be Developed)</b>	<b>- Megawatt-Years of Benefit for Generation Improvement.</b>
<b>3. Provide reliable power. 4. Provide peaking power. 5. Maintain capability to provide power efficiently.</b>	<b>- Forced Outage Rate (FOR). - Physical condition/failure risk index.</b>	<b>- MW-Yrs of Benefit Life Extension Remove De-Rates Repair Outages - Improve Asset Condition</b>

US Army Corps  
of Engineers®

## ***Corps' Civil Works Budget Priorities***

**Supports the President's overall budget priorities to:**

- **Continue long-term economic growth**
- **Rebuild and recover the Gulf Coast**
- **Win the Global War on Terrorism**
- **Secure the Homeland**

US Army Corps of Engineers

HQ Provides Budget Guidance ( Mar )

Field Offices Develop Program Requirements ( Apr - May )

HQ Review & Approval ( May - Jun )

OMB – ASA(CW) Provides Budget Guidance ( Jan )

Funding Alloc. To Field Offices ( Oct - Dec )

Budget Presented to Sec. Army ( Jul - Aug )

Budget Submitted to OMB ( Sep )

OMB Passback ( Nov )

Cong. Hearings ( Mar - Apr )

Budget Resolutions

President's Budget to Congress ( Feb )

Appropriations Bills ( Jul - Sep )

President Signs Approp. Bill ( Sep - Oct )

# Civil Works Appropriations

(\$2006)

US Army Corps  
of Engineers®

# *The Way Ahead*

- **Direct Funding**
  - Lining up the political ducks
- **Asset Management**
  - Maintenance Management Systems
  - Condition based actions not time based cycles
- **Performance, Performance, Performance!**
