2007 Statistical Abstract Added to STAT-USA®/Internet™!

STAT-USA® continues its efforts to provide its customers with timely and relevant business and economic information by adding the U.S. Census Bureau's **Statistical Abstract of the United States** to STAT-USA/Internet. No longer will users need to purchase the CD-ROM for a separate fee. This comprehensive study of the political, social and economic makeup of the United States is now included in your existing subscriptions through the State of the Nation Library.

That's over 1,300 tables of statistical data at **no additional cost!**

What Is The Statistical Abstract?

Published since 1878 by the U.S. Census Bureau, the Statistical Abstract has been a valuable resource for economic studies and demographic information of the United States. Produced annually, the Statistical Abstract is compiled with information from over 80 different federal, private and military organizations, including the judicial, legislative and executive branches of the government. This allows for a wealth of statistics, however minute, to be represented in one user-friendly database. The best part? Each report is readily available in an easy to download .PDF version that's printer friendly!

What's In The Statistical Abstract?

Employee benefits in private industry. Homicide trends in the United States. Crop production reports. Corporate income tax returns. These are just a small handful of the various types of reports and statistics available. From the extremely popular (*The Economic Report of the President*) to the obscure (*Morbidity and Mortality Weekly Report*), the Statistical Abstract is a researcher's dream!

You can immerse yourself in this incredible collection of statistical data via STAT-USA/Internet's **new Statistical Abstract** page at <http://www.stat-usa.gov/hometest.nsf/ref/vwstatab>. Previous editions can be found in the State of the Nation Library at <http://www.stat-usa.gov/online.nsf/vwStatAb>

If you have any questions, please call the STAT-USA helpline at 1-800-STAT-USA (800- 782-8872) or email STAT-USA at statmail@esa.doc.gov
