

UNCLASSIFIED

DISA Forecast to Industry 2008

Test and Evaluation Management Center

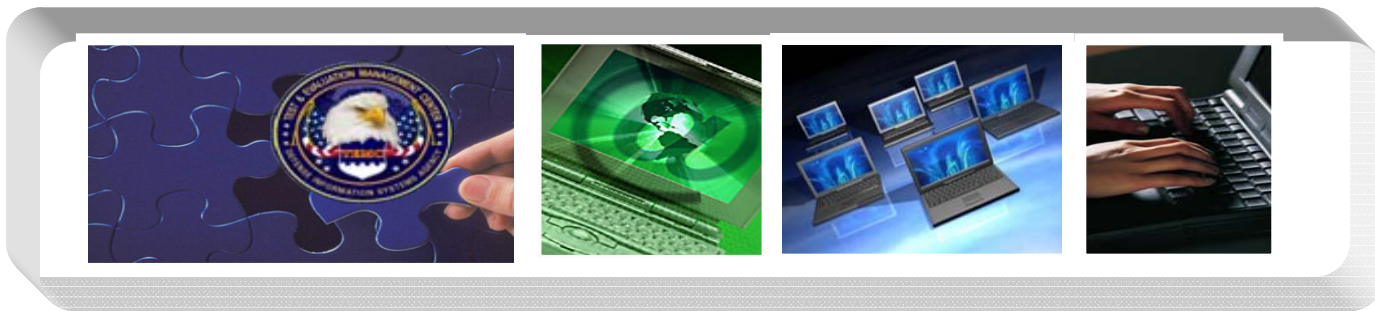

DISA Test and Evaluation Executive – Dr. Steve Hutchison

UNCLASSIFIED

August 2008

What is TEMC?

- TEMC provides Test & Evaluation (T&E) oversight and guidance to DISA Acquisition Programs to ensure consistent application of sound T&E methodologies and processes
- TEMC provides a professional, state-of-the-art information technology facility that supports the development and deployment of IT warfighting capabilities
- TEMC examines T&E strategies both internal and external of DISA and the DoD; designs T&E methodologies; and initiates studies relevant to DISA's acquisition programs

All for One Goal – Capability T&E

One Team, One Test, One Set of Conditions

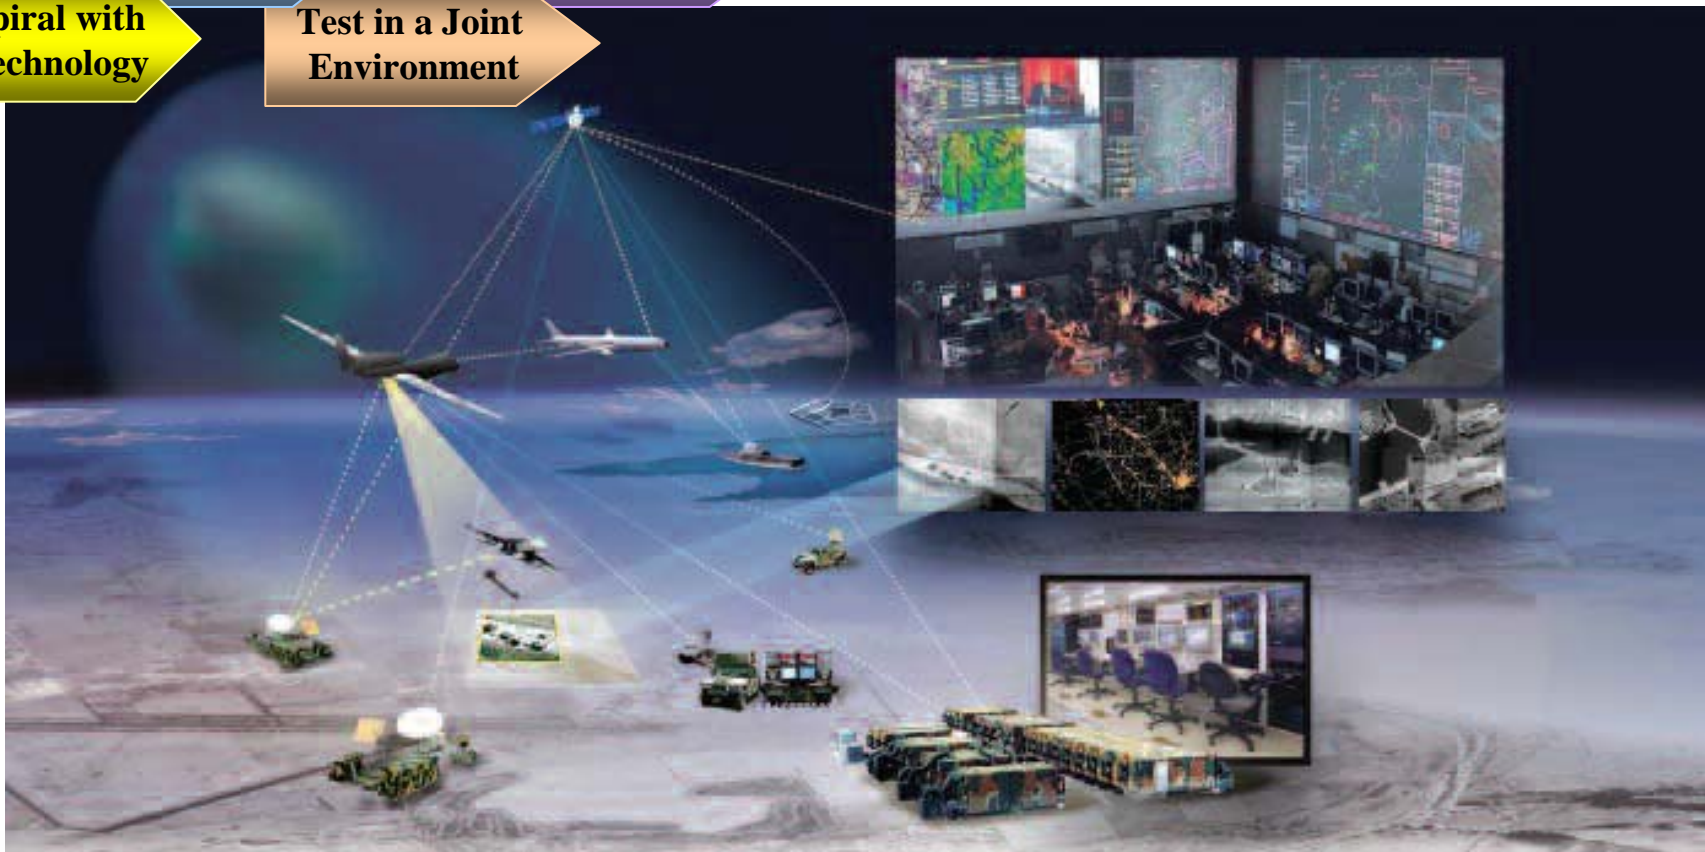

Activity by one, Accepted by All

Develop Jointly

Deploy One Force,
Connected

Spiral with
Technology

Test in a Joint
Environment

Speed delivery of enhanced capabilities to the joint warfighter

TEMC Objectives

- Support DISA programs with professional T&E assets
- Manage DISA's IT lab IAW MRTFB policy
- Leader of Testing in Joint Environment Roadmap
- Align T&E initiatives with DISA Vision

It's all about "Speed"

On the Horizon for TE3
