The American Red Cross offers many services, to include:

Reporting & Communication: Verification of emergencies in the United States is provided to commanders to determine leave status. A family member can also request verification of a problem when he/she is unable to contact family at home or when more details are needed. This service is provided for emergencies 24 hours daily, 365 days a year.

Health & Safety Courses: Monthly CPR and First Aid courses are offered to the public. Courses in parenthood preparation, parenting skills, water safety, and baby-sitting are available on an as-needed basis. There is normally a small fee for course materials prior to enrolling in any of these courses.

Volunteer Service: Many community organizations use volunteers to help provide a better service to the Bamberg Military Community. Volunteers are offered job experience, the opportunity to learn new skills, and a chance to help out in our community. Leadership positions are also available for those who are well organized and work well with others. Volunteer orientations are held every month for new volunteers.

***Please ensure that in the event of an emergency, your family back home knows how to reach you. Both the sponsor's and the spouse's family should know the soldier's complete name, rank, social security number, and unit address. This information should be taken to the Red Cross office nearest your family so those messages can be sent to verify any emergencies. We have special forms at the Red Cross office that you can use to send this information to your families. Take the time to do this; you never know when an emergency will occur.

Wrapping paper, tape, pens and scissors are available in the lobby for wrapping your parcels and are provided as a courtesy of the USAG Commander.

Appointments are available on a limited basis prior to regular lobby hours regardless of how many parcels you have to mail.

Valid I.D. cards must be shown and services are limited to those postal patrons that are stationed or live in USAEUR and have a valid USAEUR APO return address.

A few of the services available:

FIRST CLASS/PRIORITY MAIL: These classes are usually the quickest and most economical way to send your letters and packages. Priority packages may not exceed 70 lbs. and 100" in length and girth combined. May take 7 to 10 days. Priority being the fastest of the two services.

EXPRESS MAIL: Takes two or three days depending on destination and does not count the day of mailing. Contents automatically insured up to \$100 for loss or damage. More insurance may be purchased. Same size and weight limitations as priority mail apply.

SPACE AVAILABLE MAIL (SAM): Packages are airlifted to New York on a space available basis then may be trucked or sent surface to destination. Packages may not exceed 70lbs and 130" length and girth combined (packages over 100" up to the limit of 130" are subject to a substantial surcharge!).

MILITARY POSTAL SERVICE (MPS) MAIL: All packages and letters destined for other intra-theater APO addresses and not weighing more than 70lbs or exceed 100" in length and girth may be sent free of charge (with no services, i.e. insurance, registered, certified).

As with all classes of mail, restrictions may apply. We are sorry but we are unable to provide postage price cost estimates over the phone. The only mail guaranteed to arrive at a certain time is express (entry into U.S. Customs negates the guarantee). This express guarantee provides only a cash refund for the postage, not for losses occurred due to the lateness of the materials contained in the express mail.
