

CLIMATE CHANGE SCIENCE PROGRAM PRODUCT DEVELOPMENT ADVISORY COMMITTEE

Eight members of the Climate Change Science Program Product Development Advisory Committee (CPDAC) wrote this Climate Change Science Program Synthesis and Assessment Product at the request of the Department of Energy.

The entire CPDAC has accepted the contents of the product. Recommendations made in this report regarding programmatic and organizational changes, and the adequacy of current budgets, reflect the judgment of the report's authors and the CPDAC and are not necessarily the views of the U.S. Government.

Chair

Robert M. White, The Washington Advisory Group

Designated Federal Officer

Anjuli S. Bamzai, Department of Energy
Office of Biological and Environmental Research

Vice Chair

Soroosh Sorooshian, University of California-Irvine
