

**PUBLIC NOTICE**  
**NOTICE INVITING WRITTEN PUBLIC COMMENTS**

**NOTICE** is hereby given that the Bay Area Air Quality Management District is proposing to revise the Major Facility Review Permit for the following Facility:

<b>Application</b>	<b>Facility #</b>	<b>Facility Name</b>	<b>Address, City</b>	<b>Type of Operation</b>
13977	A0901	Valero Benicia Asphalt Plant	3001 Park Road Benicia, CA 94510	Petroleum Refinery/ Asphalt Plant

The facility above received its initial Title V permit on December 1, 2003. The current Revision 1 of the permit was issued December 16, 2004. The permit is being proposed as a significant revision to incorporate minor changes that have been made in response to comments submitted by Valero regarding equipment that has been removed from service, clarifications of regulation citations, and typographical errors. The attached statement of basis clearly indicates the changes that have been made to the permit since it was originally proposed for comment on October 12, 2006. All changes to the permit are clearly shown in "strikeout/underline format" in the proposed permit and have been explained in the statement of basis. The District invites comments on these changes. Comments made on other aspects of the permit will be accepted but may not be addressed at this time. All comments must be received by August 31, 2007. Prior to this closing date, the public may also request a public hearing for this draft revision of the permit.

The proposed revised permit will be simultaneously sent to US EPA for their 45-day review period. The public may petition US EPA, Region IX, Operating Permits Section at 75 Hawthorne Street, San Francisco, CA 94105 to object to the permit within 60 days after the end of US EPA's review. The beginning and end of EPA's review period can be found on EPA Region IX's website at: <http://www.epa.gov/region9/air/permit/epsdata.htm>.

The proposed Major Facility Review permit and permit evaluation/statement of basis are available for public inspection by appointment at the District Headquarters, 939 Ellis Street, San Francisco, CA. For an appointment, please call May Leung at (415) 749-4729. The proposed permit and the Statement of Basis are also available on the District website at the following address: [http://www.baaqmd.gov/pmt/title\\_v/public\\_notices.htm](http://www.baaqmd.gov/pmt/title_v/public_notices.htm). Written comments should be directed to Thu Bui at Bay Area Air Quality Management District, 939 Ellis Street, San Francisco, CA 94109 or by email to [tbui@baaqmd.gov](mailto:tbui@baaqmd.gov). Any request for information or for a public hearing should be directed to Barry Young, Air Quality Engineering Manager, at (415) 749-4721.

**Dated at San Francisco, the 12<sup>th</sup> day of July , 2007.**
