Dear Ms. Jordan:

The purpose of this letter is to notify you of the cancellation of the Major Facility Review (Title V) permit for California Oils Corporation in Richmond, California.

(Vice-Chairperson)

This facility was issued a Title V permit on November 28, 2001, because it was a major source of hexane. Due to the removal of all hexane using sources and since the facility does not exceed any other Title V trigger levels, a Title V permit is no longer required.

**MARIN COUNTY**

Harold C. Brown, Jr.

The cancellation of the Title V permit is effective as of the date of this letter.

**NAPA COUNTY**

Brad Wagenknecht

The District will also notify the California Air Resources Board and the facility in writing that the permit has been cancelled.
