Jack P. Broadbent  
**EXECUTIVE  
OFFICER/APCO**

The District proposed a minor permit revision for this facility on February 8, 2006. The primary purpose of the revision is to update the description of the landfill gas collection system for the Kirby Canyon Landfill to include recent modifications performed in accordance with Authority to Construct #11730. The District has also made various other permit revisions to update requirements, add clarity, and standardize text. There is no increase of emissions associated with this revision.

No comments were received from the EPA, ARB, or the facility.

Enclosed is a copy of the final revised permit. If you have any questions regarding this project, please call Dennis T. Jang, Senior Air Quality Engineer, at (415) 749-4707.

Sincerely yours,

---

Jack P. Broadbent  
Executive Officer/Air Pollution Control
