(Vice-Chairperson)

The main purposes of this minor permit revision are to modify permit conditions for the landfill gas flares, to reflect equipment upgrades at the gasoline dispensing facility, and to add a new permit condition for the gasoline dispensing facility. In addition, the District is proposing to make administrative corrections to the permit by deleting obsolete text, correcting applicable requirements, incorporating SIP changes, and updating regulatory amendment dates. None of these actions will result in any emission increases.

MARIN COUNTY
Harold C. Brown, Jr.

This revision is minor pursuant to BAAQMD Regulation 2-6-215 and will be effective immediately. The permit will be formally re-issued after EPA review. This revision is not subject to public comment and therefore, requires no public notice.
