Ms. Deborah Jordan
Director, Air Division
United States Environmental Protection Agency
75 Hawthorne Street
San Francisco, CA 94105

Subject: Minor Revision to Major Facility Review Permit for Facility # A7034

Dear Ms. Jordan:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permit for Pacific Atlantic Terminals, LLC and is submitting the permit to EPA and ARB for review.

The purpose of this minor permit revision is to modify the permit to reflect changes that were approved under District new source review applications 13774 and 15163. These applications include the following modifications:

- Update the name of the facility contact;
- Modify the descriptions of seven existing tanks in Table IIA – Permitted Sources;
- Add ten new gasoline internal floating roof tanks reviewed under District's Application # 13774 and 15163 in Table IIA - Permitted Sources;
- Add Table IV-M, Table IV-N, Table VII-M, and Table VII-N for ten new gasoline internal floating roof tanks;
- Add Condition # 22788 and # 23338 for ten new gasoline internal floating roof tanks;
- Revise Condition # 1253 under Part IB and Schedule A to change the total POC emissions for the whole facility from 71.426 tons per calendar year to 94.811 tons per calendar year.

This revision is minor pursuant to BAAQMD Regulation 2-6-215 and will be effective immediately. The permit will be formally re-issued after the 45-day EPA review period has elapsed. This revision is not subject to public comment and therefore, requires no public notice.

The proposed Major Facility Review Permit and the statement of basis report can be viewed on the BAAQMD website at: http://www.baaqmd.gov/pmt/title_v/public_notices.htm.

We will also send the documents to you via the Electronic Permit Submittal System. If you have any questions on this matter, please call Dennis Jang, Senior Air Quality Engineer, at (415) 749-4707.

Sincerely,

Signed by Jack Broadbent
