Subject: Minor Revision to Major Facility Review Permit for Facility # A9013

Dear Ms. Jordan:

This is to advise you that the Bay Area Air Quality Management District is proposing a minor revision to the Major Facility Review Permit for the BFI – The Recyclery and International Disposal Corporation of CA. (Newby Island Landfill), Facility Number A9013, and is submitting the permit to EPA for review.

The purpose of the proposed permit revision application 10688 is to incorporate new source review applications 8121 and 13071 which involved routine physical modifications to the landfill gas collection and control system, and new source review application 11388 to install an additional landfill gas flare. There is no change in the permitted capacity of the landfill.

This revision is minor pursuant to BAAQMD Regulation 2-6-215 and will be effective immediately. The permit will be formally re-issued after EPA review. This revision is not subject to public comment and therefore, requires no public notice.

A copy of the proposed revisions to the Major Facility Review Permit and the Permit Evaluation/Statement of Basis are enclosed for your review. If you have any questions on this matter, please call Dennis Jang, Senior Air Quality Engineer, at (415) 749-4707.

Sincerely,

Jack Broadbent
Executive Officer/Air Pollution Control Officer
