Dear Mr. Haywood:

Thank you for your comments on the reopening of your Title V permit, dated April 14, 2004. This letter responds to those comments as promised in the permit issuance letter of December 16, 2004.

The District made some changes in response to comments. The details are in the final Statement of Basis, finalized on December 16, 2004, and in the attachment to this letter.

This letter also responds to comments that did not result in changes to the permit. The response is organized in the same manner as the comments and uses the numbering system in the comments. The comments are incorporated into the response.

We acknowledge receipt of a second set of comments dated April 14, 2004 that you requested we address during the next reopening.

If you have any questions regarding this letter, please call Pamela Leong, Air Quality Engineer, at (415) 749-5186.

Sincerely yours,

Signed by Jack P. Broadbent
