

Safety and Security Policy

"We will never compromise safety or security for programmatic or operational needs."

We are committed to achieving excellence in environmental, safety, health, and security performance.

To meet the **moral imperative** not to injure people, the environment, or compromise the safety of our nation while accomplishing our mission, and the **business imperative** to meet the environmental, safety, health, and security requirements of the contract between the University of California and the Department of Energy, the employees, contractors, and guests of the Los Alamos National Laboratory will always strive to have:

- **ZERO injuries and illnesses on the job**
- **ZERO safeguards and security incidents**
- **ZERO injuries and illnesses off the job**
- **ZERO environmental incidents**
- **ZERO ethics incidents**
- **ZERO people-mistreatment incidents**
