§ 12a.6

the particular property, and other organizations, as appropriate, concerning suitable properties.

(g) Upon submission of a Report of Excess to GSA, GSA may screen the property for Federal use. In addition, GSA may screen State and local governmental units and eligible nonprofit organizations to determine interest in the property in accordance with current regulations. (See 41 CFR 101-47.203-5, 101-47.204-1 and 101-47.303-2.)

(h) The landholding agency will retain custody and accountability and will protect and maintain any property which is reported excess to GSA as provided in 41 CFR 101–47.402.

§ 12a.6 Suitability criteria.

- (a) All properties, buildings and land will be determined suitable unless a property's characteristics include one or more of the following conditions:
- (1) National security concerns. A property located in an area to which the general public is denied access in the interest of national security (e.g., where a special pass or security clearance is a condition of entry to the property) will be determined unsuitable. Where alternative access can be provided for the public without compromising national security, the property will not be determined unsuitable on this basis.
- (2) Property containing flammable or explosive materials. A property located within 2000 feet of an industrial, commercial or Federal facility handling flammable or explosive material (excluding underground storage) will be determined unsuitable. Above ground containers with a capacity of 100 gallons or less, or larger containers which provide the heating or power source for the property, and which meet local safety, operation, and permitting standards, will not affect whether a particular property is determined suitable or unsuitable. Underground storage, gasoline stations and tank trucks are not included in this category and their presence will not be the basis of an unsuitability determination unless there is evidence of a threat to personal safety as provided in paragraph (a) (5) of this section.
- (3) Runway clear zone and military airfield clear zone. A property located

within an airport runway clear zone or military airfield clear zone will be determined unsuitable.

- (4) Floodway. A property located in the floodway of a 100 year floodplain will be determined unsuitable. If the floodway has been contained or corrected, or if only an incidental portion of the property not affecting the use of the remainder of the property is in the floodway, the property will not be determined unsuitable.
- (5) Documented deficiencies. A property with a documented and extensive condition(s) that represents a clear threat to personal physical safety will be determined unsuitable. Such conditions may include, but are not limited to, contamination, structural damage or extensive deterioration, friable asbestos, PCB's, or natural hazardous substances such as radon, periodic flooding, sinkholes or earth slides.
- (6) *Inaccessible*. A property that is inaccessible will be determined unsuitable. An inaccessible property is one that is not accessible by road (including property on small off-shore islands) or is land locked (e.g., can be reached only by crossing private property and there is no established right or means of entry).

§ 12a.7 Determination of availability.

- (a) Within 45 days after receipt of a letter from HUD pursuant to §12a.4(a), each landholding agency must transmit to HUD a statement of one of the following:
- (1) In the case of unutilized or underutilized property:
- (i) An intention to declare the property excess,
- (ii) An intention to make the property available for use to assist the homeless, or
- (iii) The reasons why the property cannot be declared excess or made available for use to assist the homeless. The reasons given must be different than those listed as suitability criteria in §12a.6.
- (2) In the case of excess property which had previously been reported to GSA:
- (i) A statement that there is no compelling Federal need for the property, and that, therefore, the property will be determined surplus; or

(ii) A statement that there is a further and compelling Federal need for the property (including a full explanation of such need) and that, therefore, the property is not presently available for use to assist the homeless.

§ 12a.8 Public notice of determination.

- (a) No later than 15 days after the last 45 day period has elapsed for receiving responses from the landholding agencies regarding availability, HUD will publish in the FEDERAL REGISTER a list of all properties reviewed, including a description of the property, its address, and classification. The following designations will be made:
- (1) Properties that are suitable and available.
- (2) Properties that are suitable and unavailable.
- (3) Properties that are suitable and to be declared excess.
 - (4) Properties that are unsuitable.
- (b) Information about specific properties can be obtained by contacting HUD at the following toll free number, 1–800–927–7588.
- (c) HUD will transmit to the ICH a copy of the list of all properties published in the FEDERAL REGISTER. The ICH will immediately distribute to all state and regional homeless coordinators area-relevant portions of the list. The ICH will encourage the state and regional homeless coordinators to disseminate this information widely.
- (d) No later than February 15 of each year, HUD shall publish in the FEDERAL REGISTER a list of all properties reported pursuant to §12a.3(b).
- (e) HUD shall publish an annual list of properties determined suitable but which agencies reported unavailable including the reasons such properties are not available.
- (f) Copies of the lists published in the FEDERAL REGISTER will be available for review by the public in the HUD head-quarters building library (room 8141); area-relevant portions of the lists will be available in the HUD regional offices and in major field offices.

§ 12a.9 Application process.

(a) *Holding period*. (1) Properties published as available for application for use to assist the homeless shall not be

- available for any other purpose for a period of 60 days beginning on the date of publication. Any representative of the homeless interested in any underutilized, unutilized, excess or surplus Federal property for use as a facility to assist the homeless must send to HHS a written expression of interest in that property within 60 days after the property has been published in the FEDERAL REGISTER
- (2) If a written expression of interest to apply for suitable property for use to assist the homeless is received by HHS within the 60 day holding period, such property may not be made available for any other purpose until the date HHS or the appropriate landholding agency has completed action on the application submitted pursuant to that expression of interest.
- (3) The expression of interest should identify the specific property, briefly describe the proposed use, include the name of the organization, and indicate whether it is a public body or a private non-profit organization. The expression of interest must be sent to the Division of Health Facilities Planning (DHFP) of the Department of Health and Human Services at the following address:

Director, Division of Health Facilities Planning, Public Health Service, Room 17A-10, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20857.

HHS will notify the landholding agency (for unutilized and underutilized properties) or GSA (for excess and surplus properties) when an expression of interest has been received for a particular property.

- (4) An expression of interest may be sent to HHS any time after the 60 day holding period has expired. In such a case, an application submitted pursuant to this expression of interest may be approved for use by the homeless if:
- (i) No application or written expression of interest has been made under any law for use of the property for any purpose; and
- (ii) In the case of excess or surplus property, GSA has not received a bona fide offer to purchase that property or advertised for the sale of the property by public auction.
