

In August 2005, Hurricane Katrina slammed into the Gulf coast, causing extensive destruction. Images such as this from the GOES-12 satellite help forecasters predict where these severe storms are heading. Have a Wild Weather Adventure at spaceplace.nasa.gov/en/kids/goes/wwa.

MARCH 2008

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
National Craft Month. Make colorful galaxies from coffee filters.						Peace Corps founded in 1961. Volunteers learn about Earth science and so can you on the Astounding Earth Quiz Show. 1
2 Dr. Seuss born this day in 1904. Like Dr. Seuss stories? You'll like our <i>Professor Starr's Dream Trip</i> storybook.	3	4	5 Voyager 1 spacecraft flew past Jupiter in 1979. Read about Voyager's grand tour of the outer planets.	6	NEW MOON  7	8
9 Daylight Savings Time begins. How can a telescope look back in time?	10	11 Worship of Tools Day. Tools may not be THAT important, but consider them while you write a poem about what makes humans special.	12 Girl Scouts founded this day in 1912. The Space Place can help you earn badges for Girl Scouts or Cub Scouts.	13	FIRST QUARTER  14 Albert Einstein's birthday, 1879. What do his theories say about time travel?	15
16 Robert Hutchings Goddard launched the first liquid-fueled rocket, 1926. Why can't we just fly airplanes into space?	17 St. Patrick's Day	18	19	20 International Earth Day. How do satellites help us take care of Earth? Vernal Equinox (first day of spring)	FULL MOON  21	22 International Good-off Day. Daydream about what you would take on a trip to Mars.
23	24	25	26	27	28	LAST QUARTER  29 A car first broke a speed limit by going 20 mph in 1927. What's the speed limit for a spacecraft in orbit?
30	31 Cesar Chavez Day
