
HOUSE RESOLUTION

URGING ASSOCIATIONS OF APARTMENT OWNERS AND CONDOMINIUM UNIT OWNERS' ASSOCIATIONS IN THE STATE TO DEVELOP EMERGENCY AND EVACUATION PLANS FOR RESIDENTS, INCLUDING PROVISIONS FOR SENIORS AND RESIDENTS WITH SPECIAL HEALTH NEEDS.

1 WHEREAS, Hawaii has an increasing population of seniors and
2 adults, many of whom live independently at home in high-rise and
3 multiple unit residential buildings; and
4

5 WHEREAS, many of the State's seniors have special medical
6 needs, such as the inability to ascend or descend stairs,
7 dependence on oxygen, use of wheelchairs or other assistive
8 devices, special dietary needs, and refrigerated prescription
9 medications; and
10

11 WHEREAS, these special medical needs become even more
12 critical and require attention during an emergency, especially
13 situations that result in the loss of electricity to power
14 building elevators, appliances, and medical devices; and
15

16 WHEREAS, associations of apartment owners, condominium unit
17 owners' associations and first responders to emergencies would
18 benefit from being aware of the special needs of residents, and
19 would be able to establish procedures to ensure that those needs
20 are addressed in an emergency; and
21

22 WHEREAS, apartment owners and condominium unit owners'
23 would benefit from the development of an evacuation plan for
24 residents of those buildings, including residents with special
25 needs, and make all residents aware of procedures and evacuation
26 routes that they should use during an emergency; now, therefore,
27

28 BE IT RESOLVED by the House of Representatives of the
29 Twenty-fourth Legislature of the State of Hawaii, Regular
30 Session of 2008, that associations of apartment owners and
31 condominium unit owners' associations throughout the State are
32 urged to conduct voluntary surveys of the special needs of their
